ORDER APPROVING TARIFF

BY THE COMMISSION:

Southern Bell Telephone and Telegraph Company (Southern Bell or Company) filed proposed revisions to its General Subscriber Service Tariff on May 29, 1992. The purpose of this filing was to increase the call path allowances (a feature upgrade) for all Call Forwarding Multiple Simultaneous Calls features at no additional charge to the customer.

Upon review, we find the tariff filing to be appropriate. The impact to the Company will be minimal, and the upgrade will provide customers with a better service. For these reasons, we approve the tariff as filed.

Therefore, based upon the forgoing, it is

ORDERED by the Florida Public Service Commission that the proposed tariff to increase the call path allowances for all Call Forwarding Multiple Simultaneous Calls features by Southern Bell Telephone and Telegraph Company is hereby approved. It is further

ORDERED that the tariff shall become effective on 07/28/92. If a timely protest is filed this tariff shall remain in effect with any increase held subject to refund pending resolution of the protest. If no timely protest is filed, this docket shall be closed.
