ORDER APPROVING TARIFF TO MOVE EXCHANGE BOUNDARY

BY THE COMMISSION:

Southern Bell Telephone and Telegraph Company (Southern Bell) requested approval of a tariff proposing to incorporate a portion of the Haile Plantation development into the Gainesville exchange. Haile Plantation, a residential development, is located in both the Archer and Gainesville exchanges. Southern Bell wants to move the Archer portion of the development into the Gainesville exchange to enable the entire development to be listed in its Gainesville directory.

Moving the Archer portion of the Haile Plantation development into the Gainesville exchange will provide the development's future residents with a larger local calling area. There are no differences in the monthly basic local exchange service rates because the Archer and Gainesville exchanges are in the same rate group. Additionally, no residents currently live in the Archer portion of the Haile Plantation development. Thus, there will be no impact on customers due to this transfer.

Incorporating the Archer exchange portion of the Haile Plantation development into the Gainesville exchange will provide future residents with an increased calling scope, will not affect monthly basic local exchange service rates, and will not adversely affect customers. Therefore, the Commission finds it appropriate to allow Southern Bell to incorporate the Archer exchange portion of the Haile Plantation development into the Gainesville exchange.
