In re: Petition of Tampa) DOCKET NO. 920726-EG
Electric Company to Modify) ORDER NO. PSC-92-1199-FOF-EG
Commercial Indoor Lighting) ISSUED: 10/22/92
Program and Conservation Value)
Program Eligibility Provisions)
_____)

The following Commissioners participated in the disposition of this matter:

THOMAS M. BEARD, Chairman
SUSAN F. CLARK
J. TERRY DEASON
BETTY EASLEY
LUIS LAUREDO

NOTICE OF PROPOSED AGENCY ACTION
ORDER GRANTING PETITION OF TAMPA ELECTRIC COMPANY TO MODIFY
COMMERCIAL INDOOR LIGHTING PROGRAM AND CONSERVATION VALUE PROGRAM
ELIGIBILITY PROVISIONS

BY THE COMMISSION:

NOTICE is hereby given by the Florida Public Service Commission that the action discussed herein is preliminary in nature and will become final unless a person whose interests are adversely affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code.

Tampa Electric Company (TECO) has requested approval of conservation program modifications to the Commercial Indoor Lighting Program and Commercial Conservation Value Program. These conservation programs were approved in Order No. 23736, Docket No. 900104-EG.

Tampa Electric proposes to change the participant standards applicable to the Commercial Indoor Lighting Program to allow the application of the existing rebate of \$.13 per watt reduction to any lighting source retrofitted with more efficient florescent lighting system (ballast and lamps) within conditioned space. The current participating standards limit the retrofit to replacement of existing florescent lighting ballast and lamps. The proposed change would allow removal of all types of lighting fixtures which are subsequently replaced with high efficiency florescent lamping.

We approve the proposed change in participant standards which will have the effect of expanding the types and number of existing lamps which are eligible for retrofit. The proposed substitution

covering any lighting source will allow a broader application of the Commercial Indoor Lighting Program.

The Conservation Value Program is an incentive program available to commercial/industrial customers to recognize and encourage additional investments in substantial demand shifting or demand reduction measures. The customer or their eligible engineering consultants submit their proposals for funding which offer significant energy reduction during weather sensitive peak times.

TECO proposes to lower the Conservation Value Program's minimum demand reduction requirement from the current average minimum requirements of 100 KW for summer demand savings and/or an average minimum winter demand savings of 50 KW to 25 KW for both summer and winter periods. The Company's existing levels of rebates ranging from \$150 to \$250 per KW remain unchanged.

We approve TECO's proposed program modification as this change will increase the number of customers eligible to participate in the Conservation Value Program which may lead to higher market penetrations and greater conservation results.

Based on the foregoing, it is

ORDERED that the Petition of Tampa Electric Company to Modify Commercial Indoor Lighting Program and Conservation Value Program Eligibility Provisions is GRANTED. It is further

ORDERED that this Order shall become final and this docket shall be closed unless an appropriate petition for formal proceeding is received by the Division of Records and Reporting, 101 East Gaines Street, Tallahassee, Florida 32399-0870, by the close of business on the date indicated in the Notice of Further Proceedings or Judicial Review.

By ORDER of the Florida Public Service Commission this 22nd day of October, 1992.

STEVE TRIBBLE, Director
Division of Records and Reporting

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.59(4), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

The action proposed herein is preliminary in nature and will not become effective or final, except as provided by Rule 25-22.029, Florida Administrative Code. Any person whose substantial interests are affected by the action proposed by this order may file a petition for a formal proceeding, as provided by Rule 25-22.029(4), Florida Administrative Code, in the form provided by Rule 25-22.036(7)(a) and (f), Florida Administrative Code. This petition must be received by the Director, Division of Records and Reporting at his office at 101 East Gaines Street, Tallahassee, Florida 32399-0870, by the close of business on November 12, 1992.

In the absence of such a petition, this order shall become effective on the day subsequent to the above date as provided by Rule 25-22.029(6), Florida Administrative Code.

Any objection or protest filed in this docket before the issuance date of this order is considered abandoned unless it satisfies the foregoing conditions and is renewed within the specified protest period.

If this order becomes final and effective on the date described above, any party adversely affected may request judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or by the First District Court of Appeal in the case of a water or sewer utility by filing a notice of appeal with the Director, Division of Records and Reporting and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days of the effective date of this order, pursuant to Rule 9.110, Florida Rules of Appellate Procedure. The notice of appeal must be in the form specified in Rule 9.900(a), Florida Rules of Appellate Procedure.
