Based on the foregoing, we find it appropriate to grant the utility's request for an additional thirty one days, until October 31, 1992, within which to complete the required refund. Within thirty days from the completion of the refund, the utility shall submit copies of cancelled checks, credits applied to monthly bills, or other evidence which verifies that the refunds have been made. In addition, the utility shall identify the amount of any unclaimed refunds along with evidence of its attempts to locate the parties entitled to the unclaimed refunds. Also, after final
