

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Application for increase in water and wastewater rates in Charlotte, Highlands, Lake, Lee, Marion, Orange, Pasco, Pinellas, Polk, and Seminole Counties, by Sunshine Water Services Company.

DOCKET NO. 20240068-WS  
ORDER NO. PSC-2025-0198-CFO-WS  
ISSUED: June 10, 2025

ORDER GRANTING SUNSHINE WATER SERVICES COMPANY'S  
REQUEST FOR CONFIDENTIAL CLASSIFICATION  
(DN 00746-2025)

On February 5, 2025, pursuant to Section 367.156, Florida Statutes (F.S.) and Rule 25-22.006, Florida Administrative Code (F.A.C.), Sunshine Water Services Company (Sunshine) filed a request for confidential classification (Request) of certain information pertaining to salary information of Sunshine employees and cost allocation methodology for Corix Infrastructure, Inc. (Corix), which is Sunshine's parent company. (DN 00746-2025). Sunshine filed this request in Docket No. 20240068-WS.

Request for Confidential Classification

Sunshine contends that the salary and cost allocation information constitutes proprietary and confidential business information, and therefore it is entitled to protection under Section 367.156, F.S., and Rule 25-22.006, F.A.C. More specifically, Sunshine is requesting confidential treatment of information in response to Staff's Interrogatory No. 117, which is the salary information of Sunshine employees, as well as information in response to Staff's Interrogatory No. 116 and Staff's Request for Production of Documents No. 24, which requested disclosure of the allocation of costs among the Corix group of companies.

Ruling

Section 367.156(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 367.156(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 367.156(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

(f) Employee personnel information unrelated to compensation, duties, qualifications, or responsibilities.

Upon review, it appears the above-referenced information satisfies the criteria set forth in Section 367.156(3), F.S., for classification as proprietary confidential business information. Historically, the Commission grants confidential treatment for salary information that meets the criteria set forth in Section 367.156(3), F.S. The information described as confidential in Sunshine's request constitutes "information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information," and "employee personnel information unrelated to compensation, duties, qualifications, or responsibilities." Thus, the information identified in Document No. 00746-2025 shall be granted confidential classification

Pursuant to Section 367.156(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Sunshine, or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Commissioner Andrew Giles Fay as Prehearing Officer, that Sunshine Water Services Company's Request for Confidential Classification of Document No. 00746-2025, is granted. It is further

ORDERED that the information in Document No. 00746-2025 for which confidential classification has been granted shall remain protected from disclosure for a period of 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Sunshine Water Services Company or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Andrew Giles Fay, as Prehearing Officer, this 10th day of June, 2025.
