

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for approval of 2025 nuclear decommissioning study, by Florida Power & Light Company.

DOCKET NO. 20250143-EI
ORDER NO. PSC-2026-0145-CFO-EI
ISSUED: May 11, 2026

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 01055-2026)

On February 11, 2026, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed a Request for Confidential Classification (Request) of information contained in its Responses to the Florida Public Service Commission Staff's First Data Request (Nos. 1-20), specifically Data Request Nos. 19 and 20 (Document No. 01055-2026). This request was filed in Docket No. 20250143-EI.

Request for Confidential Classification

FPL contends that the information contained in Document No. 01055-2026, constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPL asserts that this information is intended to be and is treated by FPL as private and has not been publicly disclosed.

FPL claims the information for which confidentiality is sought relates to competitive interest, the disclosure of which would impair the competitive business of FPL. Specifically, the information concerns November and December 2025 U.S. Inflation forecasts that were provided by a third-party vendor to FPL. This information is proprietary to the third party vendor and was only available to FPL by subscription. FPL argues that such information is entitled to confidential classification pursuant to Section 366.093(3)(e), F.S.

Ruling

Section 366.093(1), F.S., provides that records that the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the November and December 2025 U.S. Inflation forecasts satisfy the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above and in FPL's Request appears to contain information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 01055-2026 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Bobby Payne, as Prehearing Officer, that Florida Power & Light Company's Request for Confidential Classification of Document No. 01055-2026 is granted. It is further

ORDERED that the information in Document No. 01055-2026, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Florida Power & Light Company or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Bobby Payne, as Prehearing Officer, this 11th day of May, 2026.

This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility.
