ORDER APPROVING TARIFF FILING

BY THE COMMISSION:

On March 2, 1991, Central Telephone Company of Florida (Centel or the Company) filed tariff revisions to provide a broadcast quality video circuit between the Leon County Jail and the Leon County Courthouse. This is a special assembly tariff which will provide the Leon County Sheriff's Department with the ability to perform first appearances without transporting incarcerated individuals to the courthouse.

Centel states that the special assembly is to be offered in response to a customer request (Leon County). The Company expects the service to provide annual revenues of \$14,124 with an initial nonrecurring revenue of \$1,114. The service will be provided at a DS3 (44.736 Mbps) level.

The tariff transport features are:

- Local Channel - These are loops to the customer locations.
- Optic Terminal - These convert electrical signals to optical signals in the transmit direction and optical to electrical signals in the receive direction. They are located at both the customer premises and at the serving central office.
- Interoffice Facilities - These facilities consist of fiber cable between the central offices and channel terminations at both offices.

The transmission over these facilities will require digital signaling. The customer will provide the digital to analog conversion equipment at each location in the form of a coder plus decoder (CODEC). The CODEC is a device which produces a coded output (digital) from an analog input, and vice versa.

Centel intends to provide only one circuit of this nature. The Company's proposed rates cover the cost which Centel has developed using a fully distributed costing method.

After review, we approve Centel's tariff proposal with an effective date of May 28, 1991.

Based upon the foregoing, it is

ORDERED by the Florida Public Service Commission that the tariff request by Central Telephone Company of Florida to provide a broadcast quality video circuit between the Leon County Jail and the Leon County Courthouse is hereby approved with an effective date of May 28, 1991. It is further

ORDERED that if a timely protest is filed, this tariff shall remain in effect with any increase held subject to refund pending resolution of the protest. If no timely protest is filed, this docket shall be closed.

By ORDER of the Florida Public Service Commission, 6th day of JUNE, 1991.
