Re: Docket No. 950387-SU, Application For Increased Wastewater Rates by Florida Cities Water Company - N. Ft. Myers Division in Lee County

Dear Mr. Gatlin:

We have reviewed the minimum filing requirements submitted on May 2, 1995, on behalf of the above mentioned utility. After reviewing this information, we find the minimum filing requirements to be deficient. The specific deficiencies are identified below:

- 1. Schedule A-2. This schedule must show the thirteen month average rate base as required by the instructions in addition to your requested year end rate base.
- 2. Schedules E-4. The utility is requesting a premises visit charge for both business and after hours. As this charge is not a charge pursuant to Staff Advisory Bulletin No. 13, documentation will be required per the schedule instructions.
- 3. Schedules E-10. This schedule indicates that the company is requesting an increase in service availability charges. The documentation in support of the increase was not filed with this docket nor in a separate docket.

Your petition will not be deemed filed until we have received the above mentioned information. These corrections should be submitted no later than June 2, 1995.

Sincerely,

Charles H. Hill  
Director
