RE: DOCKET NO. 970647-EU - Request for amendment of Rule 25-6.049, F.A.C., Measuring Customer Service, by 38 tenants of record at Dunedin Beach Campground.

Issue 1: Should the Commission waive application of the requirements of Rule 25-6.049(5), Florida Administrative Code, as to the residents at the 38 individually-metered sites at Dunedin Beach Campground, allowing those sites to be converted to receive service through a master meter and individual submeters?

Primary Recommendation: Yes. The Commission should grant a waiver of Rule 25-6.049(5), Florida Administrative Code, as applied to the petitioners. Application of the rule creates a substantial hardship for the petitioners, and the purpose of the underlying statute may be achieved by using individual submeters at the petitioners' RV sites.
