RE: Application to Amend Water and Wastewater Certificate Nos. 279-W and 226-S

Dear Sir:

Pursuant to Section 367.045, Florida Statutes, the City of Oviedo is objecting to a portion of the application for Florida Water Services Corporation to amend it Water and Wastewater Certificate Nos. 279-W and 226-S to add territory in Seminole County as follows:

Parcel 11A within Section 20, Township 21 South, Range 32 East (shown on the attachment) lies within the City Limits of the City of Oviedo. Potable water services should be provided by the City of Oviedo.

It is requested that this parcel not be included in the added territory.

It is understood that this parcel had previously been assigned by the Florida Public Service Commission to Alafaya Utilities, Inc. for wastewater.

If you have any questions concerning the above objection, please contact Charles K. Smith, Public Works Director/City Engineer for the City of Oviedo at (407) 977-6029.
