

It ashamed someone is always trying to make a buck off some else. What are we suppose to do with a 1700.00 well & \$1,000.00 septic, just so you can get more money. We were here before you came so it would be nice if you just stay away.

Dear Commissioners:

I am a landowner in Marion County, Florida. Recently I was informed that Florida Water Services Inc. (WS) has submitted an application to amend its Marion Oaks water and wastewater service area that includes my land.

I have not been contacted by representatives of FWS nor have I requested service from the utility and yet they are attempting to certificate my land. Futhermore, the Marion Oaks system has much higher user rates than other utilities in the County.

My reasons for not wanting to be included in this proposed certification include:

- ACK  ~~Water~~
- AFA  1 ~~expense~~ where were when we had to put out all the expense for water & septic.
- APP  2 We have everything we need, we don't need anything more.
- CAF  3 You people need to take your business else where.
- CMU
- CTR  For these reasons I object to the proposed certification amendment to increase the
- EAG  Marion Oaks water and wastewater service area.
