Re: Approval of an Amendment to the Interconnection Agreement Negotiated by BellSouth Telecommunications, Inc. ("BellSouth") and CRG International, Inc. d/b/a Network One pursuant to Sections 251, 252 and 271 of the Telecommunications Act of 1996

Dear Mrs. Bayo:

Pursuant to section 252(e) of the Telecommunications Act of 1996, BellSouth and CRG International, Inc. d/b/a Network One are submitting to the Florida Public Service Commission an amendment to their negotiated agreement for the interconnection of their networks, the unbundling of specific network elements offered by BellSouth and the resale of BellSouth's telecommunications services to CRG International, Inc. d/b/a Network One. The Commission approved the initial agreement between the companies in Order No. 00-0167-FOF-TP issued January 24, 2000 in Docket 991725-TP.

Pursuant to section 252(e) of the Act, the Commission is charged with approving or rejecting the negotiated agreement between BellSouth and CRG International, Inc. d/b/a Network One within 90 days of its submission. The Act provides that the Commission may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications carrier not a party to the agreement or the implementation of the agreement or any portion of the agreement is not consistent with the public interest, convenience and necessity. Both parties aver that neither of these reasons exist as to the agreement they have negotiated and therefore, are very hopeful that the Commission shall approve their agreement.

Very truly yours,

Marshall M. Criser III

Regulatory Vice President

ATTACHMENT TO TRANSMITTAL LETTER

The Agreement entered into by and between CRG International, Inc. d/b/a Network One and BellSouth Telecommunications, Inc., dated 07/13/2000, for the states of Alabama, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee consists of the following:

ITEM	NO. PAGES
Amendment	3
Exhibit A	6
TOTAL	9

**AMENDMENT
TO THE
AGREEMENT BETWEEN
CRG INTERNATIONAL, INC. d/b/a NETWORK ONE
BELLSOUTH TELECOMMUNICATIONS, INC.
DATED OCTOBER 25, 1999**

Pursuant to this Agreement, (the "Amendment"), CRG International, Inc. d/b/a Network One ("Network One"), and BellSouth Telecommunications, Inc. ("BellSouth"), hereinafter referred to collectively as the "Parties," hereby agree to amend that certain Interconnection Agreement between the Parties dated October 25, 1999 ("Agreement").

WHEREAS, BellSouth and Network One entered into an Interconnection Agreement on October 25, 1999, and;

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

1. Port/Loop Combinations

1.1 At Network One's request, BellSouth shall provide access to combinations of port and loop network elements, as set forth in Section 1.4 below, that are currently combined in BellSouth's network except as specified in Sections 1.1.1 and 1.1.2 below.

1.1.1 BellSouth shall not provide access to combinations of port and loop network elements in locations where, pursuant to FCC rules, BellSouth is not required to provide circuit switching as an unbundled network element.

1.1.2 In accordance with effective and applicable FCC rules, BellSouth shall not provide circuit switching in density Zone 1, as defined in 47 C.F.R. 69.123 as of January 1, 1999, of the Atlanta, Miami, Orlando, Fort Lauderdale, Charlotte, New Orleans, Greensboro and Nashville MSAs to Network One if Network One's customer has 4 or more DS0 equivalent lines.

1.2 Definition

1.2.1 For purposes of this Amendment, references to "Currently Combined" network elements shall mean that such network elements are in fact already combined by BellSouth in the BellSouth network to provide service to a particular end user at a particular location.

1.2.2 Combinations of port and loop network elements provide local exchange service for the origination or termination of calls. Section 1.4 following provides the combinations of port and loop network elements that may be ordered by Network

One when Currently Combined except in those locations where BellSouth is not required to provide circuit switching, as set forth in Section 1.1.2.

- 1.2.3 In Georgia, BellSouth shall provide combinations of port and loop network elements to Network One regardless of whether or not such combinations are Currently Combined except in those locations where BellSouth is not required to provide circuit switching, as set forth in Section 1.1.1 above. In all other states, and subject to Sections 1.1.1 and 1.1.2 above, BellSouth shall provide combinations of port and loop network elements to Network One only to the extent such elements are Currently Combined.

1.3 Rates for Combinations of Loop and Port Network Elements

- 1.3.1 Rates for combinations of loop and port network elements, as set forth in Section 1.4, are provided in Exhibit A, Version 1Q00 – 7/12/00 of this Amendment.

1.3.2 Rates for Circuit Switching

- 1.3.2.1 Rates for circuit switching, where BellSouth is not required, pursuant to Section 1.1.1 and 1.1.2, to provide circuit switching are as set forth in Exhibit A, Version 1Q00 – 7/12/00 of this Amendment.

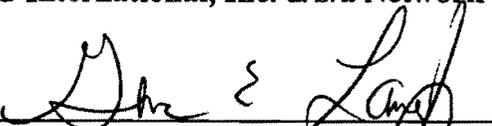

1.4 Combination Offerings

- 1.4.1 2-wire voice grade port, voice grade loop, virtual cross connect, unbundled end office switching, unbundled end office trunk port, common transport per mile per MOU, common transport facilities termination, tandem switching, and tandem trunk port.
- 1.4.2 2-wire voice grade DID port, voice grade loop, virtual cross connect, unbundled end office switching, unbundled end office trunk port, common transport per mile per MOU, common transport facilities termination, tandem switching, and tandem trunk port.
- 1.4.3 2-wire CENTREX port, voice grade loop virtual cross connect, unbundled end office switching, unbundled end office trunk port, common transport per mile per MOU, common transport facilities termination, tandem switching, and tandem trunk port.
- 1.4.4 2-wire ISDN Basic Rate Interface, voice grade loop virtual cross connect, unbundled end office switching, unbundled end office trunk port, common transport per mile per MOU, common transport facilities termination, tandem switching, and tandem trunk port.

- 1.4.5 2-wire ISDN Primary Rate Interface, DS1 loop virtual cross connect, unbundled end office switching, unbundled end office trunk port, common transport per mile per MOU, common transport facilities termination, tandem switching, and tandem trunk port.
- 1.4.6 4-wire DS1 Trunk port, DS1 Loop virtual cross connect, unbundled end office switching, unbundled end office trunk port, common transport per mile per MOU, common transport facilities termination, tandem switching, and tandem trunk port.
- 2. All of the other provisions of the Agreement, dated October 25, 1999, shall remain in full force and effect.
- 3. Either or both of the Parties is authorized to submit this Amendment to the respective state regulatory authorities for approval subject to Section 252(e) of the Federal Telecommunications Act of 1996.

IN WITNESS WHEREOF, the Parties hereto have caused this Amendment to be executed by their respective duly authorized representatives on the date indicated below.

UNBUNDLED LOOP BILLING USOC (REQUIRES ONE PER PORT)	UEPLX	dled Loop when ordering Loop/Port Combination								
LOCAL NUMBER PORTABILITY (REQUIRES ONE PER PORT)	LNPCX	er Portability when ordering Loop/Port Combinations								
NOTES:										
1	Market Rates will apply in those areas where BellSouth is not required to provide circuit switching pursuant to FCC rules.									
2	In Georgia, rates will apply for Currently Combined as well as not Currently Combined loop/port combinations.									
3	In the absence of ordered rates by a State Commission, the recurring rates for Currently Combined combinations of loop/port network elements will be the sum of the recurring rates for the UNEs which make up the combinations, and the nonrecurring rates shall be as set forth in this section.									
4	Usage and Common Transport rates associated with the stand-alone UNE port elements will apply to all combinations of loop/port network elements.									
5	The Extended Area Calling Plans set forth in the stand-alone UNE Port rates section will apply to combinations of the loop/port network elements.									
6	Effective May 1, 2000 statewide rates will be replaced by Deaveraged Loop Rates by Zone where available. Until approximately December 31, 2000 or until such time that BellSouth billing systems have been developed to handle the new zone rate structure, BellSouth will bill at the Zone 1 Deaveraged Loop rate level only. After December 31, 2000 or such time that the billing systems have been developed to handle the new zone rate structure, BellSouth will begin billing pursuant to CLEC-1's interconnection agreement.									
7	In the absence of ordered OSS rates by a state commission, BellSouth will offer regionwide rates
