Re: Approval of an Amendment to the Interconnection, Unbundling, Resale and Collocation Agreement Negotiated by BellSouth Telecommunications, Inc. ("BellSouth") and The Other Phone Company d/b/a Access One Communications, Inc. pursuant to Sections 251, 252 and 271 of the Telecommunications Act of 1996

Dear Mrs. Bayo:

Pursuant to section 252(e) of the Telecommunications Act of 1996, BellSouth and The Other Phone Company d/b/a Access One Communications, Inc. are submitting to the Florida Public Service Commission an amendment to their negotiated agreement for the interconnection of their networks, the unbundling of specific network elements offered by BellSouth and the resale of BellSouth's telecommunications services to The Other Phone Company d/b/a Access One Communications, Inc. . The initial agreement between the companies was filed in Docket 000337-TP, and was deemed effective by Order No. PSC-00-0924-FOF-TP on May 9, 2000. This amendment replaces the current Florida rates to include new UNE rates ordered in FPSC Docket No. 990649-TP.

Pursuant to section 252(e) of the Act, the Commission is charged with approving or rejecting this amendment to the negotiated agreement between BellSouth and The Other Phone Company d/b/a Access One Communications, Inc. within 90 days of its submission. The Act provides that the Commission may only reject such an agreement if it finds that the agreement or any portion of the agreement discriminates against a telecommunications carrier not a party to the agreement or the implementation of the agreement or any portion of the agreement is not consistent with the public interest, convenience and necessity. Both parties aver that neither of these reasons exist as to the agreement they have negotiated and therefore, as such this amendment should be deemed effective by operation of law on February 13, 2002.

Very truly yours,

Regulatory Vice President (CA) RECEIVED & FILED
