RECORDS AND REPORTING

JON DS JDT

Seminole Electric Cooperative, Inc. (Seminole), with the agreement of Calpine Construction Finance, L.P. and Calpine Energy Services, L.P. (Collectively, Calpine), has filed a Request for Specified Confidential Treatment and the entry of a Protective Order for portions of document No. 00277-01. This document is a Power Purchase Agreement executed between Seminole and Calpine (PPA) on December 14, 2000. The PPA was filed in Docket No. 001748-EC, the joint petition by Seminole and Calpine for the determination of need for the Osprey Energy Center. Seminole asserts that part of DN 00277-01 contains proprietary information which, if disclosed, would impair Seminole's and Calpine's competitive interests and ability to negotiate similar terms in future contract negotiations.

Attached is a copy of the redacted pages from DN 00277-01. Also attached is a table containing Seminole's reason for requesting confidentiality for these pages, along with staff's recommendation for each request. Staff concurs, in part, with Seminole's request. Staff recommends that the following text from DN 00277-01 be granted confidential status and remain confidential for a period of eighteen months from the date of the request in accord with Section 366.093(4), Florida Statutes.

- Page 2; redacted information on lines 17, 29, and 37

- Page 48, lines 1-26
- Page 49, redacted information on lines 6-10
- Page 50, redacted information on lines 3-4

Staff recommends that the remainder of Seminoles's request be denied. Specific reasons for denying Seminole's request are included in the attached table. However, in general, staff believes that the bulk of the information is not specific enough in nature to impair the Parties' competitive interests. The remaining information has already been made public. Also, as can be seen from the Table, Seminole provided no specific reasons why each section of text should be considered confidential.

DISTRIBUTION: _____

FROM: Joe Jenkins, Director, Division of Safety and Electric Reliability

RE: Docket No. 001748-EC, Petition for Determination of Need for the Osprey Energy Center by Seminole Electric Cooperative and Calpine Construction Finance Company, L.P. JDJ

Pursuant to APM 11.04(C)(4)(d), I request approval to make copies of part of a confidential document filed by Seminole and Calpine. The document in question is a Power Purchase Agreement, dated December 14, 2000, signed by Seminole and Calpine (Document No. 00277-01). Only Section 9 of the document, contained on pages 25-27, is the subject of my request.

Staff plans to rely on this document as part of the record evidence in this docket. If approved, staff would make a total of ten copies for use during the hearing: one for each Commissioner (five Commissioners on the panel), staff counsel, Seminole's counsel, Calpine's counsel, the witness, and the court reporter.

 for the Osprey Energy Center in Polk County by Seminole
 Electric Cooperative, Inc. and Calpine Construction
 Finance Company, L.P.

DOCUMENT NO. 16974-01
DISTRIBUTION

On January 30, 2001, Seminole Electric Cooperative, Inc. (Seminole) filed a Request for Confidential Classification and Motion for Permanent Protective Order for information contained in Document No. 01316-01. This two-page document is Seminole's Late-Filed Exhibit #1 to the deposition of witness Garl Zimmerman held on January 25, 2001. This document contains the detailed results of Seminole's cost-effectiveness analysis of generating alternatives submitted in response to Seminole's Request for Proposals (RFP). The project proposed by Calpine Construction Finance Company (Calpine) is included in this analysis.

Seminole asserts that Document No. 01316-01 contains proprietary, confidential business information, as defined in Section 366.093(3), Florida Statutes. Bidders responding to Seminole's RFP consider their pricing proposals to be confidential and competitively sensitive. Seminole assured these bidders that their responses would be treated as confidential. Seminole asserts that disclosure of this information will impair its ability to engage in meaningful solicitations in the future.

Staff concurs with Seminole's request to grant confidential status to Document No. 01316-01. However, in accord with Section 366.093(4), Florida Statutes, staff recommends that Document No. 01316-01 remain confidential for a period of eighteen months from the date of the request. Prior to the end of the eighteen month time period, it is anticipated that either Seminole can renew its request for confidential status or the affected document can be returned to Seminole.

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

**In Re: Petition for Determination of)
Need for the Osprey Energy Center in)
Polk County by Seminole Electric)
Cooperative, Inc. and Calpine)
Construction Finance Company, L.P.)**
_____)

DOCKET NO. 001748-EC

FILED: January 30, 2001

**Seminole Electric Cooperative, Inc.'s Request for Confidential Classification
and Motion for Permanent Protective Order**

Seminole Electric Cooperative, Inc. (Seminole), pursuant to section 366.093, Florida Statutes, and rule 25-22.006(4), Florida Administrative Code, files this request for confidential classification and a permanent protective order regarding certain information contained in Late-Filed Exhibit number 1 to the deposition of Garl Zimmerman taken by the Commission Staff on January 25, 2001. As grounds therefor, Seminole states:

1. On December 4, 2000 Seminole and Calpine Construction Finance Company, L.P. (Calpine) filed a Joint Petition to Determine Need for the Osprey Energy Center in Polk County (Joint Petition). Contained within Volume I of the Revised Exhibits to the Amended Joint Petition is certain commercially sensitive, confidential business information which relates to the manner in which Seminole ranked and evaluated responses to its Request for Proposals (RFP) which resulted in the selection of the Calpine proposal. The information is the subject of a Request for Confidential Classification and Motion for Protective Order that Seminole filed on January 10, 2001.

2. On January 25, 2001 the Commission Staff deposed Seminole witness Garl Zimmerman. The Staff asked Mr. Zimmerman to provide as a late-filed exhibit, the back-up data detailing the calculations which resulted in the summary rankings that are included in Volume I of

the Revised Exhibits to the Joint Petition.

3. This more detailed information on the ranking and assessment of RFP responses for which Seminole seeks confidential classification is of the type which is to be protected from public disclosure pursuant to section 366.093, Florida Statutes, and is therefore exempt from section 119.07(1), Florida Statutes.

4. A redacted version of the Late-Filed Exhibit to Mr. Zimmerman's deposition is attached as Exhibit A. One copy of the confidential information subject to this request, highlighted in transparent ink, has been attached as Exhibit B. **Exhibit B has been placed in a separate envelope marked "Confidential" and should be given confidential treatment by the Commission.** There is only one copy of Exhibit B, which is attached to the original filing copy hereof.

The information for which confidential classification is sought is described below.

- The numerical values, shown in spreadsheet form, which comprise the basis for the calculation of the relative costs to Seminole of responses to an RFP. These values underlie the ranking by dollar amount of the top bidders based on savings in present value revenue requirements, shown on Table 11 of Volume I of the Revised Exhibits to the Amended Joint Petition (page 29, lines 4-7).

The justification set forth below applies to the information for which confidential information is sought, described above.

5. The above information is proprietary, confidential business information, as defined in section 366.093(3), Florida Statutes, in that it is controlled by Seminole representatives; is treated by Seminole as private; disclosure would harm Seminole's operations by limiting its ability to engage in meaningful solicitations in the future; and the information has not been disclosed other than on a "need to know" basis within Seminole.

6. The information described above is in the nature of a trade secret, section

366.093(3)(a), because it is secret, of value for use in Seminole's business, of advantage to Seminole over those who do not possess it, and because Seminole takes measures to prevent its disclosure. *See*, section 812.081(c) (definition of "trade secret").

7. Further, such information regarding Seminole's assessment and ranking of competitive bids relates directly to Seminole's competitive interests and its ability to secure the most cost-effective options for its Members in the marketplace. Disclosure of such information would directly impair Seminole's competitive interests both currently and in the future. Section 366.093(3)(e).

8. The bid ranking and assessment information Seminole seeks to protect is competitively and commercially valuable to Seminole. If the information were to be made public, it would provide these bidders and others with valuable insight into Seminole's evaluation and assessment process which could be used in future RFP responses. The information would also disclose the level of bids received, thereby impairing the ability of Seminole to receive the most competitive bid within the ability of a respondent to submit. Thus, disclosure of this information would harm Seminole and such information should not be disclosed to the public.

9. Potential bidders regard their pricing proposals as confidential and competitively sensitive. During the RFP process Seminole committed to the potential respondents that Seminole would safeguard the competitively sensitive aspects of responses as confidential, as permitted by applicable law. The bidders whose information is the subject of the comparisons would be reluctant to respond to an RFP if they did not have confidence that the confidentiality of their commercially sensitive information, such as pricing proposals, would be protected. Such a lack of confidence could result in fewer responses to an RFP and potentially higher costs to Seminole and its Members.

WHEREFORE, Seminole requests that the Commission enter an order classifying the information described here in as confidential and protecting it from disclosure.

Re: Docket No. 001748-EC

Dear Mr. Wright:

This will acknowledge receipt of a petition for determination of need for the Osprey Energy Center in Polk County by Seminole Electric Cooperative and Calpine Construction Finance Company, L.P., which was filed in this office on December 4, 2000 and assigned the above-referenced docket number. Appropriate staff members will be advised.

Mediation may be available to resolve any dispute in this docket. If mediation is conducted, it does not affect a substantially interested person's right to an administrative hearing. For more information, contact the Office of General Counsel at (850) 413-6248 or FAX (850) 413-7180.

Re: Publication of notice of hearing concerning Docket 001748-EC

Dear Ms. Rouse:

Attached is a notice for publication as a quarter-page display ad in the **Sunday, December 17, 2000**, edition of *The Ledger*. As we discussed, the ad should be placed in the local section of the newspaper. Based on the price quoted for the ad you published for us on November 12, I will assume the cost of this ad is also \$1,087.80, unless you advise me otherwise.

The bill for publication of the notice should be sent to our Division of Administration (ATTN: Fiscal Section) at the address printed below. The proof of publication should be sent directly to me.

Please fax a copy of the notice to me for proofing before it is published. My fax number is 850-413-7118.

Thank you for your assistance in this matter.

Sincerely,

A handwritten signature in cursive script that reads "Kay Flynn".

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

**NOTICE OF NEED DETERMINATION HEARING AND PREHEARING CONFERENCE ON
PROPOSED ELECTRICAL POWER PLANT**

TO

SEMINOLE ELECTRIC COOPERATIVE, INC.,

CALPINE CONSTRUCTION FINANCE COMPANY, L.P.

AND

ALL OTHER INTERESTED PERSONS

DOCKET NO. 001748-EC

IN RE: PETITION FOR DETERMINATION OF NEED FOR THE OSPREY ENERGY CENTER IN POLK COUNTY BY SEMINOLE ELECTRIC COOPERATIVE AND CALPINE CONSTRUCTION FINANCE COMPANY, L.P.

ISSUED: December 17, 2000

NOTICE is hereby given that the Florida Public Service Commission will hold a hearing in the above docket at the time and place listed below.

9:30 a.m., Monday, February 12, 2001
4075 Esplanade Way
Room 148 - Betty Easley Conference Center
Tallahassee, Florida

Tuesday, February 13, 2001, has also been reserved for continuation of the hearing, if necessary. All persons who wish to be heard are urged to be present at the beginning of the hearing on February 12, 2001. The starting time of the next day's session will be announced at the conclusion of the prior day. The hearing may be adjourned early if all testimony is concluded.

Any person requiring some accommodation at the hearing or the prehearing conference because of a physical impairment should call the Division of Records and Reporting at (850) 413-6770 at least 48 hours prior to the hearing or prehearing conference. Any person who is hearing or speech impaired should contact the Florida Public Service Commission by using the Florida Relay Service, which can be reached at 1-800-955-8771 (TDD).

PURPOSE AND PROCEDURE

The purpose of this hearing will be for the Commission to take final action to determine the need, pursuant to Sections 403.501-

(1)

.519, Florida Statutes (1990), for the construction of a power plant and related facilities in Polk County, Florida. This proceeding shall allow Seminole Electric Cooperative, Inc. and Calpine Construction Finance Company, L.P. to present evidence and testimony in support of their petition for a determination of need for its proposed plant and related facilities in Polk County, Florida; to permit any intervenors to present testimony and exhibits concerning this matter; to permit members of the public who are not parties to the need determination proceeding the opportunity to present testimony concerning this matter; and for such other purposes as the Commission may deem appropriate. All witnesses shall be subject to cross-examination at the conclusion of their testimony.

The proceedings will be governed by the provisions of Chapter 120, Florida Statutes, Section 403.519, Florida Statutes, and Chapters 25-22 and 25-106, Florida Administrative Code.

Under Section 403.519, the Commission is the sole forum for the determination of need for the electrical power plant and associated facilities. In making its determination, the Commission must take into account the need for electric system reliability and integrity, the need for adequate electricity at a reasonable cost, and whether the proposed plant is the most cost, and whether the proposed plant is the most cost-effective alternative available. The Commission must also expressly consider the conservation measures taken by or reasonably available to the applicants or its members which might mitigate the need for the proposed plant and other matters within the jurisdiction which it deems relevant. The Commission's determination of need for the Polk County facility shall create a presumption of public need and necessity and shall serve as the Commission's report required by Subsection 403.507(2)(a)(2), Florida Statutes. An order entered by the Commission pursuant to this hearing shall constitute final agency action.

Only issues relating to the need for the power plant will be heard at the February 12 and 13, 2001, hearing. Separate public hearings will be held before the Division of Administrative Hearings at a later date to consider environmental and other impacts of the proposed plant and associated facilities.

Members of the public who are not parties to the need determination proceeding will have an opportunity to present testimony regarding the need for the proposed plant and associated facilities. All members of the public who wish to offer testimony should be present at the beginning of the hearing. All witnesses will be sworn in and will be subject to cross-examination at the conclusion of their testimony.

Written comments regarding the need for the proposed plant and associated facilities may be sent to the Commission at the following address:

Blanca S Bayó, Director
Division of Records and Reporting
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, Florida 32399-0870
Re: Docket No. 001748-EC

Anyone wishing to become a party to the need determination proceeding should file an appropriate petition pursuant to Rule 25-22.039, Florida Administrative Code with the Director of the Commission's Division of Records and Reporting at the address listed above. Copies of the petition should be sent by mail to all parties. Those wishing to intervene in these proceedings, unless appearing on their own behalf, must be represented by an attorney or other person who can be determined to be a qualified representative pursuant to Chapter 120, Florida Statutes, and Rule 28-106.106, Florida Administrative Code. Petitions for leave to intervene must be filed at least five (5) days before the final hearing, must conform with Rule 28-106.201(2), Florida Administrative Code, and must include allegations sufficient to demonstrate that the intervenor is entitled to participate in the proceeding as a matter of constitutional or statutory right or pursuant to Commission rule, or that the substantial interests of the intervenor are subject to determination or will be affected through the hearing.

GENERAL LOCATION AND PROJECT DESCRIPTION

The proposed electrical power plant is estimated to produce 529 MW of net generating capacity. The proposed plant is to be located in the City of Auburndale, Polk County, Florida. The Project site is located approximately 1.5 miles southwest of downtown Auburndale and approximately 37 miles east of Tampa Bay. The proposed unit consists of two combustion turbine generators, two matched heat recovery steam generators, and one steam turbine generator. The proposed plant is estimated to commence commercial operation in the second quarter of 2003.

PREHEARING CONFERENCE

The prehearing conference is scheduled for:

1:30 p.m., Tuesday, January 30, 2001
Commission Hearing Room 152
Betty Easley Conference Center
4075 Esplanade Way
Tallahassee, Florida

The purpose of this prehearing conference will be to: (1) simplify the issues; (2) identify the positions of the parties on the issues; (3) consider the possibility of obtaining admissions of fact and of documents which will avoid unnecessary proof; (4) identify exhibits; (5) establish an order of witnesses; and (6) consider such other matters as may aid in the disposition of the action.

JURISDICTION

Jurisdiction over this matter is vested in the Commission by Sections 403.519, Florida Statutes.

APPLICATION

A copy of the Petition for Determination of Need and supporting exhibits is available for public inspection during normal business hours at the following location:

Florida Public Service Commission
Division of Records and Reporting
4075 Esplanade Way
Room 110 - Betty Easley Conference Center
Tallahassee, Florida

By DIRECTION of the Florida Public Service Commission this 17th day of December, 2000.

BLANCA S. BAYÓ, Director
Division of Records and Reporting

**Subject: PSC Hearing Concerning Calpine Corporation Auburndale,
Florida Plant, February 12, 2001 in Tallahassee, Florida. Formal
Notice of Objection.**

February 11, 2001

Dear Sir/Madame:

I am the co-property owner of 2413 Winter Ridge Drive, Auburndale, Florida, located in Sun Acres, a residential subdivision due West of the proposed Calpine power facility. I am a retired Aerospace Engineer by profession.

The Calpine Corporation has been totally remiss in submitting to you, the Polk County Government, and to the Public at large a very important piece of information. This plant is using gas turbines, therefore it must submit a sound profile map or a certified statement that its sound levels do not exceed ambient levels of 75 db (decibels). No where has this been stated nor verified by any company official. They have not generated the proper engineering sound profile map authenticating their plant is not generating unsafe sound levels (in excess of 75 db.). If so, what is their plan to mitigate and control the excess sound levels to prevent problems in the surrounding areas? Noise hazards come under both OSHA and EPA authorities.

I recommend no approval until the proper map is submitted and a plan is drawn-up reviewed and approved. This oversight has completely gotten by the local government. I have reviewed many similar types of these plans for jet aircraft as an Aerospace Engineer. Calpine Corporation knows better.

Judy and Rachael, we are putting in interoffice mail to each of you today a copy of a letter we received on February 12 from David R. Huff, a co-property owner in a residential subdivision due west of the proposed Calpine power facility.

The letter was faxed to CAF on 2/12/01 and brought to us the same day. We held it, as we normally do other faxed documents, to await receipt the original (which we did not receive). However, given that it is a letter from a customer, we will treat it as a customer complaint in a docketed matter and forward copies to assigned staff for response.

I wanted to give you a heads-up because we have had it for about 2 weeks now.

Please let me know if questions.

Kay

Mr. David R. Huff
2413 Winter Ridge Drive
Auburndale, Florida 33823-4847

Re: Notice of Objection to Seminole/Calpine Power Plant Need Determination

Dear Mr. Huff:

Your letter dated February 11, 2001, has been forwarded to me for response.

The concern you raised relating to the requirement for Calpine to submit a sound profile map does not come within the Florida Public Service Commission's (FPSC) jurisdiction. The power plant siting process is a dual-agency effort. The FPSC has jurisdiction over matters listed under Section 403.519, Florida Statutes. The factors considered by the Commission include the need for electric reliability and integrity, the need for adequate electricity at a reasonable cost, cost-effectiveness, and conservation measures. The Florida Department of Environmental Protection (DEP) conducts the corresponding land use and certification proceedings to ensure that the proposed site is in compliance with existing land use plans, zoning ordinances, and other environmental requirements. For inquires at DEP concerning the certification process, contact Hamilton "Buck" Oven at (850) 487-0472.

If you have any further questions, please contact me at (850)413-6218.

Sincerely,

A handwritten signature in cursive script that reads "Rachael Isaac".
