Ms. Blanca Bayo, Director
Division of Commission Clerk and
Administrative Services
Room 110, Easley Building
Florida Public Service Commission
2540 Shumard Oak Blvd.
Tallahassee, Florida 32399-0850

Re: Docket No. 030851-TP-ALLTEL's Confidential Discovery

Responses

Dear Ms. Bayo:

Please find enclosed for filing an original and 15 copies of ALLTEL Communications, Inc.'s Request for Confidential Classification and Motion for Protective Order in connection with ALLTEL's Responses to BellSouth's Discovery Requests filed with the Commission February 4, 2004 by BellSouth. Pursuant to Section 364.183(1), Florida Statutes, ALLTEL claims that the information contains confidential and proprietary business information that should be held exempt from public disclosure.

Please acknowledge receipt of this letter by stamping the extra copy of this letter "filed" and returning the same to me. Thank you for your assistance with this filing.

Sincerely,

Stephen B. Rowell, Senior Vice President

From Federal Communications Commission's Triennial UNE Review: Local Circuit Switching for Mass Market	)	Filed:	February 17, 2004
Customers	) _) ·		

### ALLTEL COMMUNICATIONS, INC.'S REQUEST FOR CONFIDENTIAL CLASSIFICATION AND MOTION FOR PROTECTIVE ORDER

Under Commission Rule 25-22.006, F.A.C., ALLTEL Communications, Inc. ("ALLTEL") seeks confidential classification and a protective order for certain information contained in the Company's responses to BellSouth's Subpoena Request (specifically Nos. 2, 3, 6(a) and (b)) in this proceeding.

All of the information for which ALLTEL seeks confidential treatment falls within Florida Statutes Section 364.183(3), which defines "proprietary confidential business information" as:

Information, regardless of form or characteristics, which is owned or controlled by the person or company, is intended to be and is treated by the person or company as private in that the disclosure of the information would cause harm to the ratepayers or the person's or company's business operations, and has not been disclosed unless disclosed pursuant to a statutory provision, an order of a court or administrative body, or private agreement that provides that the information will not be released to the public.

This is detailed and sensitive customer information, that if made public would afford competitors an unfair advantage regarding ALLTEL's competitive position. In a competitive business, any knowledge obtained about a competitor can be used to the detriment of the entity to which it pertains, often in ways that cannot be fully anticipated. Accordingly, ALLTEL respectfully requests that the Commission classify the identified documents as confidential and enter the appropriate protective order.

Respectfully submitted on February 17, 2004.

Stephen B. Rowell

## ALLTEL Communications, Inc. Responses to Deposition Questions of BellSouth Docket NO. 030851-TP

1. Please provide the 11-digit COMMON LANGUAGE® Location Identifier (CLLITM) of each switch used to provide qualifying service anywhere in the state of Florida that is owned by your company. If you lease, rent or otherwise obtain switching capacity on a switch that you do not own (other than from an incumbent Local Exchange Carrier), provide the same information regarding all such switches.

Response: ALLTEL 5ESS – JCVMFLLRK01

- 2. For every switch identified in response to Question 1, provide the number of DS-0/voice grade equivalent access lines that switch is equipped to provide. If you lease, rent or otherwise obtain capacity on someone else's switch, provide the DS0/voice grade equivalent access lines associated with the capacity you have obtained.
- For every switch identified in response to Question 1, provide the number of DS-0/voice grade equivalent access lines <u>current in use</u> and state the date for which such information is provided.
- 4. State whether each switch identified in response to Question 1 serves residential customers.

Response: Yes.

5. Does this switch serve customer locations with:

a.	1 line only?	Yes
b.	2 or fewer lines?	"
C.	3 or fewer lines?	"
đ.	4 or fewer lines?	"
e.	5 or fewer lines?	"
f.	6 or fewer lines?	"
g.	7 or fewer lines?	"
ĥ.		"
i.	9 or fewer lines?	"

<sup>&</sup>lt;sup>1</sup> A "qualifying service" is a telecommunications service that competes with a telecommunications service that has been traditionally the exclusive or primary domain of incumbent LECs, including, but not limited to, local exchange service, such as plain old telephone service, and access services, such as digital subscriber line services and high-capacity circuits. 47 C.F.R. § 51.5.

# ALLTEL Communications, Inc. Responses to Deposition Questions of BellSouth Docket NO, 030851-TP

- j. 10 or fewer lines?
- 6. For each grouping of customer locations identified in Question 5 (locations with 1 line, locations with 2 or fewer lines, etc.), provide:
  - a. The individual customer locations. Initially, it will be sufficient to provide these locations by wire center service area. If that information is not readily available, then the information should be provided by actual customer address. To explain further, this question asks you to provide, initially by wire center service area, the number of customer locations you serve that have one line, two lines or fewer, three lines or fewer, etc. If you cannot provide the information by wire center service area, then provide this information by actual customer location, i.e. Customer A is located at 1234 Broadway, Miami, Florida, and has one line, and so forth.
  - b. The number of lines at each location that are used to provide voice service, and the number of lines that are used to provide data service, identified separately. If each line is used to provide both voice and data, so indicate.
  - c. If you know that the specific customer location is served by lines provided by another CLEC, or by an ILEC, provide the number of DS0/voice grade equivalent lines provided at each customer location by other CLECs or ILECs.

Response: Not applicable

7. Provide the street address (e.g., 123 Main Street), the city (e.g., Miami), and the state (e.g., FL) where every switch identified in response to Question 1 is located.

Response:

601 Riverside Avenue 3 West Building, Jacksonville,

Florida 32204

8. Do you offer to provide or do you provide switching to other carriers for their use in serving customers? If yes, state: (a) the carriers to whom you provide switching; (b) the types of service, if known, that are provided by the carriers to whom you provide switching; (c) whether you will provide switching to any requesting carrier; (d) identify each wire center district (by eight digit CLLI code) in which wholesale switching is available.

Response:

No

# ALLTEL Communications, Inc. Responses to Deposition Questions of BellSouth Docket NO. 030851-TP

9. State whether you have any plans to terminate your service in any area in Florida that is currently served by the switches identified in response to Question 1. If you do, identify the areas where you intend to terminate service (and by areas we mean geographic areas, not individual customers).

Response: Unknown at this time.
