Dear Mr. Melson:

This letter is in follow-up to our telephone conversation regarding the documents filed by the Attorney General earlier today.

It was our intention to file an original Amended Request for Oral Argument on Motion for Reconsideration ("Request") only. This document is five (5) pages, including the certificate of service, with no attachments. Unfortunately, when this document was filed with the Commission, copies of other documents were inadvertently included with it.

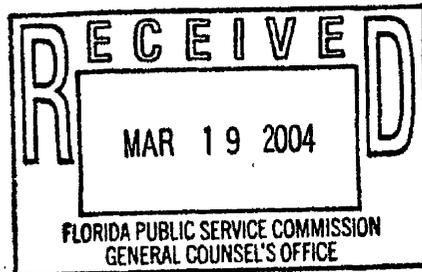

We asked that you detach the extraneous documents to reflect the intended filing, and you explained that the clerk's office policy is to prohibit modification of documents once they have been assigned a document number and posted on the Commission's web site. We respect this position, but ask that you place this letter in the file to reflect that the filing was not intended to include these additional documents.

Thank you for your assistance in this regard.

Very Truly Yours,
