Re: Approval of Two Amendments to the Interconnection, Unbundling, Resale and Collocation Agreement between BellSouth Telecommunications, Inc. ("BellSouth") and ACCESS Integrated Networks, Inc.

Dear Mrs. Bayo:

Please find enclosed for filing and approval, the original and two copies of BellSouth Telecommunications, Inc.'s Two Amendments to Interconnection, Unbundling, Resale and Collocation Agreement with ACCESS Integrated Networks, Inc.

If you have any questions, please do not hesitate to call Robyn Holland at (850) 222-9380.

Very truly yours,

Marshall M. Criswell
Regulatory Vice President

**Amendment to the Agreement
Between
ACCESS Integrated Networks, Inc.,
and
BellSouth Telecommunications, Inc.
Dated February 17, 2000**

Pursuant to this Amendment, (the "Amendment"), ACCESS Integrated Networks, Inc., (Access Integrated), and BellSouth Telecommunications, Inc. ("BellSouth"), hereinafter referred to collectively as the "Parties," hereby agree to amend that certain Interconnection Agreement between the Parties dated February 17, 2000 ("Agreement") to be effective thirty (30) calendar days after the date of the last signature executing the Amendment.

WHEREAS, BellSouth and Access Integrated entered into the Agreement on February 17, 2000, and;

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

1. The parties agree to add the following provision to Attachment 2, Section 3.3 and the associated rates as set forth in Exhibit 1 of this Amendment, attached hereto and incorporated herein by this reference.
 - 3.3.1.1 Where Access Integrated utilizes portions of the BellSouth network in originating or terminating traffic, the Tandem Switching rates are applied in call scenarios where the Tandem Switching Network Element has been utilized. Because switch recordings cannot accurately indicate on a per call basis when the Tandem Switching Network Element has been utilized for an interoffice call originating from a UNE port and terminating to a BellSouth, Independent Company or Facility-Based CLEC office, BellSouth has developed, based upon call studies, a melded rate that takes into account the average percentage of calls that utilize Tandem Switching in these scenarios. BellSouth shall apply the melded Tandem Switching rate for every call in these scenarios. BellSouth shall utilize the melded Tandem Switching Rate until BellSouth has the capability to measure actual Tandem Switch usage in each call scenario specifically mentioned above, at which point the rate for the actual Tandem Switch usage shall apply. The UNE Call Flows set forth on BellSouth's website, as amended from time to time and incorporated herein by this reference, illustrate when the full or melded Tandem Switching rates apply for specific scenarios.
2. All of the other provisions of the Agreement, dated February 17, 2000, shall remain in full force and effect.
3. Either or both of the Parties are authorized to submit this Amendment to the respective state regulatory authorities for approval subject to Section 252(e) of the Federal Telecommunications Act of 1996.

IN WITNESS WHEREOF, the Parties have executed this Agreement the day and year written below.

**Amendment to the Agreement
Between
Access Integrated Networks, Inc.
and
BellSouth Telecommunications, Inc.
Dated February 17, 2000**

Pursuant to this Amendment, (the "Amendment"), Access Integrated Networks, Inc. (Access Integrated), and BellSouth Telecommunications, Inc. ("BellSouth"), hereinafter referred to collectively as the "Parties," hereby agree to amend that certain Interconnection Agreement between the Parties dated February 17, 2000 ("Agreement") to be effective upon the date of the last signature executing the Amendment.

WHEREAS, BellSouth and Access Integrated entered into the Agreement on February 17, 2000, and;

WHEREAS, BellSouth and Access Integrated desire to amend the Agreement to add additional rates, terms and conditions;

NOW THEREFORE, in consideration of the mutual provisions contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby covenant and agree as follows:

1. The Parties agree to add to the rates as set forth in Exhibit C of Attachment 2, the rates as set forth in Amendment Exhibit 1 attached hereto and incorporated herein by this reference.
2. The Parties agree to add the following language to Attachment 2 of the Agreement as Section 2.1.13.1:

When a BellSouth technician is required to be dispatched to provision the Loop, BellSouth will tag the Loop with the Circuit ID number and the name of the ordering CLEC. When a dispatch is not required to provision the Loop, BellSouth will tag the Loop on the next required visit to the end user's location. If Access Integrated wants to ensure the Loop is tagged during the provisioning process for Loops that may not require a dispatch (e.g. UVL-SL1, UVL-SL2, UCL-ND, etc.), Access Integrated may order Loop Tagging. Rates for Loop Tagging are as set forth in Exhibit B of this Attachment.

3. All of the other provisions of the Agreement dated February 17, 2000 shall remain unchanged and in full force and effect.
4. Either or both of the Parties are authorized to submit this Amendment to the respective state regulatory authorities for approval subject to Section 252(e) of the Federal Telecommunications Act of 1996.

IN WITNESS WHEREOF, the Parties have caused this Amendment to be executed by their respective duly authorized representatives on the date indicated below.
