**Conversation:** Form PSC/CMU 43 Columbus Parent Transfer of control for Certificate holder A.Sur Net

Ms. Wellstein,

Your Firm may receive a letter and the \$250 check from the Commission Clerk's office or from Commission's Fiscal office within the next week.

You will not receive anything further from the Florida PSC on this matter, however, this email is meant to further acknowledge that no action is necessary at the parent company level transfer involving A.Sur et at this time.

Please notify your client that the Florida PSC does not require anything further than an informational notification of new owner at the parent level and that the certificated company with operate unchanged.

There is no "pre-approval" necessary from the Florida PSC before the company's parent level acquisition.

I would like to reiterate that the Florida PSC no longer docket parent transfers of control. We acknowledge receipt of the notification of the new licensee parent, but no other approval is now required in this case before the Florida PSC for the A.Sur Net certificate holder. Your client's informational notification of the transfer is more than compliant with Florida's rule's on this type of transaction.

If you have any additional questions, please feel free to contact me.
