Jeff,

Our practice has been to retain those materials for a period of two years as a resource for sanity checking next year's responses. It is up to Mark and Beth regarding whether they want to change that practice but as far as I know there is no requirement to return the information any sooner than that. It may have been a miscommunication somewhere along the way.

Greg

This is one of the documents from the local competition report and I understood (apparently in error) that we maintained them for a period of time before returning them.

Mark/Greg ... ?
