Re: Second Data Request Docket No. 150092-WS

Dear Ms. Ortega,

1. After hours charge

The breakdown of after hours charge is as follows; minimum of one hour's time.

Time and of half overtime average	\$37.86
Fuel cost	\$6.00
10 yr. price index cost 19.53%	\$5.86
Total	\$49.72

Also, we would like to delete the request for after hours charge for meter tampering as this will not apply.

2. On the question of how we calculated the average residual bill of \$26.71. We took the total billing from two different months of billing reports, and divided that by the number of customers billed. The average bill for one month was \$28.54 and the other was \$24.88 which adds up to \$53.42 divided by 2 which equals \$26.71.

Thank you,

Tim Thompson, President
