I am writing today to urge you to require Florida Power & Light to clean up the mess they've created and to do so at their own expense. This is not a bill that should be passed on to customers of this utility company, nor should the residents of Miami-Dade County be placed further in peril due to the degradation of the water supply this mess has caused.

I again urge you to act in service of the public on this matter.

I am outraged to hear that FPL is asking its customers to bear the cost of cleaning up Turkey Point after a record profit year. Please vote to deny FPL's unfair request. Thank you! Sharon S Turnau
