Cutler Bay, FL 33157
December 2, 2017

Dear Public Service Commission Members,

We are writing this letter to let you know that we believe FPL should be held responsible for ensuring that the Turkey Point canals are working properly.

FPL and its investors should bear all costs and responsibility for the canals and any fines they have received. Any future costs should also be paid by FPL and its investors.

Please do not allow FPL to charge its customers for any costs for its failure to properly maintain the canals and for violating the Clean Water Act.

You are in the position of representing the citizens of Florida and we trust that you will make the decision that is in the citizen's best interests.

Thank you for your time and attention to this matter.

Sincerely,

Kris Gruetzmacher and Joseph Cerione
