DOCKET NO. 20170266-EC

PETITION TO DETERMINE NEED FOR THE SEMINOLE COMBINED CYCLE FACILITY,
BY SEMINOLE ELECTRIC COOPERATIVE, INC.

ISSUED: December 22, 2017

NOTICE is hereby given pursuant to Rule 25-22.080(3), Florida Administrative Code, that the Florida Public Service Commission has received a petition from Seminole Electric Cooperative, Inc. (Seminole) for a determination of need for the Seminole Combined Cycle Facility. Seminole proposes to construct a 1,050 MW (net-nominal) two-on-one (“2x1”) natural gas-fired combined cycle electric generating unit adjacent to Seminole’s existing power plant in Putman County, Florida. According to Seminole’s petition, the inclusion of the new Seminole Combined Cycle Facility, in conjunction with the removal from service of one of the existing SGS coal-fired units, as well as the addition of another 573 MW (net-nominal) combined cycle facility, is the most-effective way to meet the capacity needs of Seminole and its members. This matter has been assigned Commission Docket No. 20170266-EC.

Copies of the petition and supporting documentation are available for public inspection on the Commission’s website (www.floridapsc.com) and during normal business hours at the following location:

Florida Public Service Commission
Office of Commission Clerk
2540 Shumard Oak Boulevard
Tallahassee, Florida 32399-0850
