**Subject:** RE: Docket #20240032-SU

Good Afternoon, Clare Navratil.

We will be placing your comments below in consumer correspondence in Docket No. 20240032, and forwarding them to the Office of Consumer Assistance and Outreach.

Thank you!

**Subject:** Docket #20240032-SU

CAUTION: This email originated from outside your organization. Exercise caution when opening attachments or clicking links, especially from unknown senders.

Dear Commissioners:

As a homeowner on Don Pedro Island, I vehemently oppose the EU's application for a sewer system.

Here are my reasons:

Environmental. In many situations, a septic system can be more environmentally friendly than a sewer system. Also, keeping septic systems will keep the beaches pristine and clear of condos and other progressive builds that will come with sewers.

Cost: The cost is exorbitant. Many islanders have just invested enormous amounts of money to repair their homes and septic systems in the last two years due to the three hurricanes. Many islanders will not be able to afford the price tag of the sewer system. Add the cost of the sewer to the already high taxes, and many will be forced to sell and move away.

Many islanders came and spoke at the public hearings, so you are aware that there is high opposition to this proposed plan.

Please consider the position of the residents of Don Pedro and vote against this proposal.

Thank you for your consideration.

Sincerely,  
Clare Navratil
