I am an owner at Hideaway Bay Beach Club on Little Gasparilla Island.

I strongly object to the proposed plan to bring a sewer to LGI. What is most disturbing to me is that Hideaway was specifically excluded from the plan, because we have a well-functioning septic system. Now, the permit seeker wants to build the sewage system on top of our lateral fields - which would require us to pay a half million dollars to decommission the septic system, in addition to the cost of hook up.

The way Hideaway Bay was surreptitiously added into this plan at the last minute, without our knowledge or consent, smacks of a violation of our rights to due process. I and my neighbors stand ready to fight this as hard and as long as it takes.

Thank you for your time. Please oppose this terrible plan.

Bridget Bush
