Once again we are writing to strongly protest putting in a public sewer on Palm Island. I frankly am surprised that you folks are even considering this after the overwhelming lack of support at the hearings from the majority of residents. It somehow even feels unethical at this point to us if this passes. This sewer can not be controlled by a FOR PROFIT individual.

The last thing this island needs right now is to tear it up and charge everyone astronomically fees when we are all still reeling from 3 hurricanes.

Our power was out this morning for quite a while but our septic worked great. Leave it alone!

This is absolutely unnecessary at this time and we pray you rule against it with the public opinion.

Sincerely,

LeeAnn and Joel Slomkowski
