Subject: RE: EU sewer application Doc#20240032

Good morning,

We will be placing your comments below in consumer correspondence in Docket No. 20240032, and forwarding them to the Office of Consumer Assistance and Outreach.

Sincerely,

Brian Schultz
Commission Deputy Clerk II
Florida Public Service Commission
2540 Shumard Oak Boulevard
Tallahassee, Florida 32399
850.413.6770

PLEASE NOTE: Florida has a very broad public records law. Most written communications to or from state officials regarding state business are considered to be public records and will be made available to the public and the media upon request. Therefore, your e-mail message may be subject to public disclosure.

To whom it may concern,

I am a home owner on LGI at HBBC, unit G7 and E12.

It has been brought to our understanding that our property was excluded from the scope of this sewer project and that the waste water transmission line for LGI is going to run through the HBBC property.

My family has been a homeowner at Hideaway Bay since 1992 and we have been through many situations that we have had to endure but nothing as obscure as this one.

We must not allow a pump house to be built on our septic drain field and possibly close our beautiful property down that we have loved and enjoyed for so many years.

We have been denied our due process. Our lawyer's letter was ignored when the PSC staff made their recommendation to approve the application and this is not right!

Please take in consideration all homeowners, including those on Hideaway Bay Beach Club when planning these projects and the negative effects it will have on generations that have enjoyed and have paid for their properties.

Again this is in regards to the docket number 20240032.

Thank You,
Jennifer Bailey and
Michael Lee
