In re: Petition by Florida Power & Light
Company for Base Rate Increase

Docket No. 20250011-EI

Date: May 22, 2025

**FLORIDA POWER & LIGHT COMPANY'S REQUEST FOR CONFIDENTIAL
CLASSIFICATION OF INFORMATION PROVIDED IN ITS RESPONSES
TO THE OFFICE OF PUBLIC COUNSEL'S FIRST SET OF
INTERROGATORIES (No. 28) AND FIRST REQUEST FOR
PRODUCTION OF DOCUMENTS (Nos. 30 AND 43)**

Pursuant to Section 366.093, Florida Statutes, and Rule 25-22.006, Florida Administrative Code, Florida Power & Light Company ("FPL") hereby requests confidential classification of certain documents and information provided in its response to the Office of Public Counsel's ("OPC") First Set of Interrogatories (No. 28) and First Request for Production of Documents (Nos. 30 and 43) ("Confidential Information"). In support of its request, FPL states as follows:

1. FPL served a response to OPC's First Set of Interrogatories (No. 28) and First Request for Production of Documents (Nos. 30 and 43) on March 31, 2025. This request is being filed to request confidential classification of certain information contained therein.

2. The following exhibits are attached to and made a part of this Request:

- a. Exhibit A consists of a copy of the confidential documents, on which all information that FPL asserts is confidential has been highlighted or they are confidential in their entirety and are being provided in electronic format on an electronic storage device.
- b. Exhibit B is a redacted version of the confidential documents. For those documents that are confidential in their entirety, FPL is providing insert pages.

- c. Exhibit C is a table that identifies the information for which confidential treatment is being sought and references the specific statutory basis for the claim of confidentiality and identifies the declarants who support the requested classification.
- d. Exhibit D consists of the declaration of Jessica Buttress, Ed De Varona and Scott Bores in support of this Request.

3. FPL submits that the Confidential Information is intended to be and has been treated and maintained by FPL as confidential business information, and its disclosure would cause harm to FPL and its customers. Pursuant to Section 366.093, Florida Statutes, such materials are entitled to confidential treatment and are exempt from the disclosure provisions of the public records law. Thus, once the Commission determines that the information in question is proprietary confidential business information, the Commission is not required to engage in any further analysis or review such as weighing the harm of disclosure against the public interest in access to the information.

4. As described more fully in the declaration included in Exhibit D, the Confidential Information includes information relating to FPL's competitive interests, the disclosure of which impair the competitive business of FPL. Certain of the materials also contain information related to the security measures, systems or procedures of FPL's transmission, substation and distribution facilities. Specifically, the Confidential Information includes information related to employee compensation, which if made public could impact the ability to hire or retain employees on favorable terms for the benefit of its customers. The Confidential Information also includes material non-public information related to the decisions, strategy and planning of the NextEra Energy, Inc. Board of Directors and its committees, as it relates to FPL. Finally, the Confidential Information also includes information that pertains to FPL's non-public transmission system

planning and strategy as well as Critical Energy Infrastructure Information. This information is protected by Sections 366.093(3)(c) and (e), Fla. Stat.

5. Upon a finding by the Commission that the Confidential Information is proprietary and confidential business information, the information should not be declassified for at least eighteen (18) month period and should be returned to FPL as soon as it is no longer necessary for the Commission to conduct its business. *See* Section 366.093(4), Florida Statutes.

WHEREFORE, for the above and foregoing reasons, as more fully set forth in the supporting materials, Florida Power & Light Company respectfully requests that its Request for Confidential Classification be granted.

Respectfully submitted this 22nd day of May, 2025,

By: *s/ Maria Jose Moncada*
