RE: FPL proposed rate increase - Docket 20250011-E1

Please oppose.

Previous rate hikes by FPL have already placed an undue burden on some individuals by 60% over the past 5 years. This increase is estimated to raise household rates by \$200 annually by 2027 (at a minimum). For FL seniors and single parent families, in particular, this would surely cause tremendous, additional financial hardship. We encourage FPL to continue to invest more deeply in clean energy and energy efficiency programs to reduce bills and to promote a more sustainable future.

Thank you for your help in navigating this matter, Marni LaRose Island Estates Pkwy, Palm Coast FL 32137
