In re: Petition for determination of need for  
DeLand West-Dona Vista Transmission Line  
in Volusia and Lake Counties, by Duke Energy  
Florida, LLC.

DOCKET NO. 20250078-EI  
ORDER NO. PSC-2025-0260-CFO-EI  
ISSUED: July 8, 2025

ORDER GRANTING DUKE ENERGY FLORIDA, LLC'S  
REQUEST FOR CONFIDENTIAL TREATMENT OF  
DOCUMENT NO. 04436-2025

On June 9, 2025, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Duke Energy Florida, LLC (DEF) filed a Request for Confidential Classification (Request) of information filed by DEF along with its Petition for Determination of Need for DeLand West - Dona Vista Transmission Line (Petition). Namely DEF requests confidential classification of information contained in Appendix A and Exhibits Nos. DR-4 and DR-6 to its Petition. DEF seeks confidential treatment of Document No. 04436-2025.

Request for Confidential Classification

DEF contends that within Appendix A and Exhibit Nos. DR-4 and DR-6 to the Petition is information related to security measures, systems or procedures, the disclosure of which would impair the competitive business of DEF and its affiliates. As such, DEF argues that this information constitutes proprietary confidential business information exempt from disclosure under the Public Records Act pursuant to Section 366.093(1). Further, DEF states that information contained in its Appendix A and Exhibit Nos. DR-4 and DR-6 to the Petition has not been publicly disclosed and that DEF has treated and continues to treat the subject information as confidential.

Ruling

Section 366.093(1), F.S., provides that records that the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private in that disclosure of the information would cause harm to the company's ratepayers or its business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (c) Security measures, systems and procedures.

Specifically, upon review the entirety of Appendix A, as well as Page 2 of Exhibit No. DR-4 (“Load Flow Table”) and Pages 2 through 3 of Exhibit No. DR-6 (“Alternative Projects Load Flow Summary Table”), appear to contain information concerning security measures, systems or procedures. Thus, the subject information in DEF’s Appendix A, Page 2 of Exhibit No. DR-4, and Pages 2 through 3 of Exhibit No. DR-6 satisfies the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. Thus, the information identified in shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Commissioner Art Graham, as Prehearing Officer, that Duke Energy Florida, LLC’s Request for Confidential Classification of Appendix A, Page 2 of Exhibit No. DR-4, and Pages 2 through 3 of Exhibit No. DR-6 of Document No. 04436-2025 is granted. It is further

ORDERED that the information in Document No. 04436-2025, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless Duke Energy Florida, LLC or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

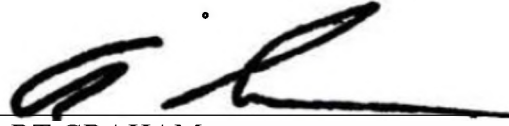

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.
