

BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION

In re: Petition for approval of a negotiated as-available energy agreement between Duke Energy Florida, LLC and Placid Solar II, LLC.

DOCKET NO. 20250093-EI
ORDER NO. PSC-2025-0322-CFO-EI
ISSUED: August 22, 2025

ORDER GRANTING DUKE ENERGY FLORIDA, LLC'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
(DOCUMENT NO. 05902-2025)

On July 14, 2025, Duke Energy Florida, LLC (DEF) filed a Request for Confidential Classification, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), pertaining to certain information contained in DEF's and Placid Solar II, LLC's executed Large Generator Interconnection Agreement (LGIA). The information can be described as project specifications, pricing, interconnection requests, and project milestones included in the LGIA. (Document No. 05902-2025).

Request for Confidential Classification

DEF contends that the information in Exhibit A of the Request constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. DEF states that it treats this information as confidential and that the information has not been publicly disclosed. DEF asserts that the information at issue relates to: (i) bids or other contractual data, the disclosure of which would impair the efforts of DEF to contract for goods and/or services on favorable terms; and (ii) competitive interests, the disclosure of which could alter contractors' behaviors to the detriment of DEF's competitive business. For those reasons, DEF argues the information is entitled to confidential classification pursuant to Section 366.093(3)(d)–(e), F.S.

Ruling

Section 366.093(1), F.S., provides that records that the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines "proprietary confidential business information" as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information in Document No. 05902-2025 satisfies the criteria set forth in Section 366.093(3)(d) and (e), F.S., for classification as proprietary confidential business information. The information described above and in DEF's Request appears to contain information concerning bids or other contractual data, the disclosure of which would impair the efforts of DEF or its affiliates to contract for goods or services on favorable terms, and information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information. Thus, the information identified in Document No. 05902-2025 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Chairman Mike La Rosa, as Prehearing Officer, that Duke Energy Florida, LLC's Request for Confidential Classification of Document No. 05902-2025 is granted. It is further

ORDERED that the information in Document No. 05902-2025, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), Florida Statutes, unless Duke Energy Florida, LLC or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.
