To whom it may concern:

I live in Grenelefe Country Homes and there is a proposal to raise our water rates from \$45.00 per month to over \$500 per month!

This cannot happen! It will be too much! We are a community of mostly retired people on fixed incomes!

This is excessive and egregious and greedy. It will devalue our properties..who is going to buy in a community that has the highest water rates in the country! Please please vote against this proposal to raise our rates to this degree. It is unreasonable.

Thank you,
Lynn Harris

Further to my email about unreasonable request to raise our water rates....the quality of the water is awful and the service is awful..our water is constantly going out due to breaks in the water lines..at least once a month!

Thank you
