Re: Sun Communities Finance LLC, d/b/a Water Oak Utility
Docket No. 20250088-WU

I object to Sun Communities' request to increase water charges, especially following a recent rent increase. Most residents are retirees on fixed incomes and cannot afford additional costs.

Residents should not be charged for water used by community facilities such as clubhouses and pools. That water should be separately metered and paid for by Sun Communities. In addition, residents should have properly functioning, accurate water meters so we are billed only for the water we actually use.
