ORDER SUSPENDING TARIFF

BY THE COMMISSION:

BACKGROUND

Subsection 366.043(8), Florida Statutes (F.S.), requires each public utility to file a tariff that complies with Section 366.043, F.S., no later than October 1, 2026, for our approval. On October 1, 2026, Florida Power & Light Company (FPL or Utility) filed a petition requesting our approval of tariff revisions to address the requirements of Subsection 366.043(7), F.S., concerning foreign entities. The petition additionally requests that we find that FPL's existing Large Load Contract Service (LLCS) tariffs, and the tariffs proposed in the petition, are in compliance with Section 366.043, F.S., as a matter of law. We previously approved FPL's LLCS tariffs and associated service agreement in FPL's 2025 Settlement Agreement.[1]

FPL states that the Utility requires minor tariff revisions in Section 5, Technical Terms and Abbreviations and Section 6, Rules and Regulations to comply with Section 366.043, F.S. In this petition, FPL is not proposing any revisions to its currently approved LLCS tariffs which consist of Rate schedule LLCS-1, Rate Schedule LLCS-2, and the associated LLCS Service Agreement.

Subsection 366.043(3)(a), F.S., requires utilities to ensure that large load customers with an anticipated monthly peak load of 50 megawatts or more bear their own full cost of service and that such costs are not shifted to the general body of ratepayers. Subsection 366.043(4), F.S., requires that customers may not separate electrical load to avoid the designation as a large load

customer. Subsection 366.043(7), F.S., requires that utilities do not provide electric service to a customer that is a foreign entity.

FPL has also requested that we process the petition as a Proposed Agency Action. We have jurisdiction over this matter pursuant to Sections 366.04, 366.043, 366.05, and 366.06 F.S.

Decision

Pursuant to Section 366.06(3), F.S., we may withhold consent to the operation of all or any portion of the new rate schedules, delivering to the Utility requesting such a change, a reason, or written statement of a good cause for doing so within 60 days. After a preliminary review of the pleadings, our staff has concluded that it needs more time to analyze the petition and gather all pertinent information regarding the proposed modifications found in Third Revised Sheet No. 5.010, First Revised Sheet No. 6.011, and Thirteenth Revised Sheet No. 6.020.

We find that staff's request is good cause consistent with the requirements of Section 366.06(3), F.S. Therefore, FPL's proposed tariff revisions shall be suspended to allow our staff adequate time to gather and review relevant information.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that Florida Power & Light Company's proposed Third Revised Sheet No. 5.010, First Revised Sheet No. 6.011, and Thirteenth Revised Sheet No. 6.020, are hereby suspended to allow our staff sufficient time to review the petition and gather all information necessary to present us with an informed recommendation on the proposed tariff modifications. It is further

ORDERED that this docket shall remain open pending our decision on the proposed tariffs.

By ORDER of the Florida Public Service Commission this 20th day of November, 2026.

NOTICE OF FURTHER PROCEEDINGS OR JUDICIAL REVIEW

The Florida Public Service Commission is required by Section 120.569(1), Florida Statutes, to notify parties of any administrative hearing or judicial review of Commission orders that is available under Sections 120.57 or 120.68, Florida Statutes, as well as the procedures and time limits that apply. This notice should not be construed to mean all requests for an administrative hearing or judicial review will be granted or result in the relief sought.

Mediation may be available on a case-by-case basis. If mediation is conducted, it does not affect a substantially interested person's right to a hearing.

Any party adversely affected by this order, which is preliminary, procedural or intermediate in nature, may request: (1) reconsideration within 10 days pursuant to Rule 25-22.0376, Florida Administrative Code; or (2) judicial review by the Florida Supreme Court, in the case of an electric, gas or telephone utility, or the First District Court of Appeal, in the case of a water or wastewater utility. A motion for reconsideration shall be filed with the Office of Commission Clerk, in the form prescribed by Rule 25-22.0376, Florida Administrative Code. Judicial review of a preliminary, procedural or intermediate ruling or order is available if review of the final action will not provide an adequate remedy. Such review may be requested from the appropriate court, as described above, pursuant to Rule 9.100, Florida Rules of Appellate Procedure.
