### PUBLIC SERVICE COMMISSION

**FOR THE** 

YEAR ENDED DECEMBER 31, <u>2008</u>

Form PSC/ECR 006-W (Rev. 12/99)

### GENERAL INSTRUCTIONS

- 1. Prepare this report in conformity with the 1996 National Association of Regulatory Utility Commissioners (NARUC) Uniform System of Accounts for Water and Wastewater Utilities as adopted by Rule 25-30.115 (1), Florida Administrative Code.
- 2. Interpret all accounting words and phrases in accordance with the Uniform System of Accounts (USOA), Commission Rules and the definitions on the next page.
- 3. Complete each question fully and accurately, even if it has been answered in a previous annual report. Enter the word "None" where it truly and completely states the fact.
- 4. For any question, section, or page which is not applicable to the respondent, enter the words "Not Applicable." Do not omit any pages.
- 5. Where dates are called for, the month and day should be stated as well as the year.
- 6. All schedules requiring dollar entries should be rounded to the nearest dollar.
- 7. Complete this report by means which result in a permanent record. You may use permanent ink or a typewriter. Do not use a pencil.
- 8. If there is not enough room on any schedule, an additional page or pages may be added provided the format of the added schedule matches the format of the schedule in the report. Additional pages should reference the appropriate schedules, state the name of the utility, and state the year of the report.
- 9. If it is necessary or desirable to insert additional statements for the purpose of further explanation of schedules, such statements should be made at the bottom of the page or on an additional page. Any additional pages should state the name of the utility and the year of the report, and reference the appropriate schedule.
- 10. The utility shall file the original and two copies of the report with the Commission at the address below, and keep a copy for Itself. Pursuant to Rule 25-30.110 (3), Florida Administrative Code, the utility must submit the report by March 31 for the preceding year ending December 31.

Florida Public Service Commission Division of Economic Regulation 2540 Shumard Oak Boulevard Tallahassee, Florida 32399-0850

11. Pursuant to Rule 25-30.110 (7) (a), Florida Administrative Code, any utility that falls to file its annual report or extension on or before March 31, or within the time specified by any extension approved in writing by the Division of Economic Regulation, shall be subject to a penalty. The penalty shall be based on the number of calendar days elapsed from March 31, or from an approved extended filing date, until the date of filing. The date of filing shall be included in the days elapsed.

### **GENERAL DEFINITIONS**

ADVANCES FOR CONSTRUCTION - This account shall include advances by or in behalf of customers for construction which are to be refunded either wholly or in part. (USOA)

ALLOWANCE FOR FUNDS USED DURING CONSTRUCTION (AFUDC) - This account shall include concurrent credits for allowance for funds used during construction based upon the net cost of funds used for construction purposes and a reasonable rate upon other funds when so used. Appropriate regulatory approval shall be obtained for "a reasonable rate". (Rule 25-30.116, Florida Administrative Code)

AMORTIZATION - The gradual extinguishment of an amount in an account by distributing such amount over a fixed period, over the life of the asset or liability to which it applies, or over the period during which it is anticipated the benefit will be realized. (USOA)

CONTRIBUTIONS IN AID OF CONSTRUCTION ( CIAC) - Any amount or item of money, services, or property received by a utility, from any person or governmental agency, any portion of which is provided at no cost to the utility, which represents an addition or transfer to the capital of the utility, and which is utilized to offset the acquisition, improvement, or construction costs of the utility's property, facilities, or equipment used to provide utility services to the public. (Section 367.021 (3), Florida Statutes)

CONSTRUCTION WORK IN PROGRESS ( CWIP ) - This account shall include the cost of water or wastewater plant in process of construction, but not yet ready for services. (USOA)

DEPRECIATION - The loss in service value not restored by current maintenance, incurred in connection with the consumption or prospective retirement of utility plant in the course of service from causes which are known to be in the current operation and against which the utility is not protected by insurance. (Rule 25-30,140 (i), Florida Administrative Code)

EFFLUENT REUSE - The use of wastewater after the treatment process, generally for reuse as Irrigation water or for in plant use. (Section 367.021 (6), Florida Statutes)

EQUIVALENT RESIDENTIAL CONNECTION (ERC) - (WATER) - (Rule 25-30.515 (8), Florida Administrative Code)

- (a) 350 gallons per day:
- (b) The number of gallons a utility demonstrates in the average daily flow for a single family unit; or
- (c) The number of gallons which has been approved by the DEP for a single family residential unit.

EQUIVALENT RESIDENTIAL CONNECTION (ERC) - (WASTEWATER) - Industry standard of 80% of Water ERC or 280 gallons per day for residential use.

GUARANTEED REVENUE CHARGE - A charge designed to cover the utility's costs including, but not limited to the cost of the operation, maintenance, depreciation, and any taxes, and to provide a reasonable return to the utility for facilities, a portion of which may not be used and useful to the utility or its existing customers. (Rule 25-30.515 (9), Florida Administrative Code)

LONG TERM DEBT - All Notes, Conditional Sales Contracts, or other evidences of indebtedness payable more than one year from date of issue. (USOA)

PROPRIETARY CAPITAL (For proprietorships and partnerships only) - The investment of a sole proprietor, or partners, in an unincorporated utility. (USOA)

RETAINED EARNINGS - This account reflects corporate earnings retained in the business. Credits would include net income or accounting adjustments associated with correction of errors attributable to a prior period. Charges to this account would include net losses, accounting adjustments associated with correction of errors attributable to a prior period or dividends. (USOA)

### TBBT Utility LLC

March 31, 2009

Tim Devlin, Director Florida Public Service Commission Division of Economic Regulation 2540 Shumard Oak Boulevard Tallahassee, FL 32399-0850

Re: TBBT Utility LLC - 2008 Class "C" Water and Wastewater Utility Report

Dear Mr. Devlin:

Attached are an original and two copies of an annual report form for TBBT Utility LLC ("TBBT") for the year ended December 31, 2008. Only the first page, general information has been completed, since the Utility had not constructed its systems, and was not operating or providing service as of yearend. We have not yet begun providing service for compensation; therefore, there are no operation results to report as of yearend 2008.

As you know, the Commission issued its Order No. PSC-08-0540-PAA-WS granting TBBT a certificate to operate a water and wastewater utility and establishing initial rates on August 18, 2008. However, the Utility has not yet constructed its treatment, distribution, or collection systems and has not begun to provide service. In other words, the Utility cannot begin providing service for compensation, and has not begun operation as a regulated utility as of December 31, 2008.

If you have any questions, please contact our attorney, F. Marshall Deterding, at (850) 877-6555. Thank you for your consideration.

Very truly yours,

### **GENERAL WATER SYSTEM INFORMATION**

Furn	ish information below for each system. A separate page should be supplied where necessary.
1. F	Present ERC's * the system can efficiently serve.
2. 8	fleximum number of ERCs * which can be served.
3. F	Present system connection capacity (in ERCs *) using existing lines.
4. F	uture connection capacity (in ERCs *) upon service area bulidout.
5. E	Estimated annual increase in ERCs *.
<b>6</b> . I	s the utility required to have fire flow capacity?
7. /	Attach a description of the fire fighting facilities.
8. 1	Describe any plans and estimated completion dates for any enlargements or improvements of this system.
٠ ۵ ١	When did the company last file a capacity analysis report with the DEP?
	If the present system does not meet the requirements of DEP rules, submit the following:
	a. Attach a description of the plant upgrade necessary to meet the DEP rules.
;	b. Have these plans been approved by DEP?
	c. When will construction begin?
	d. Attach plans for funding the required upgrading.
	e. Is this system under any Consent Order with DEP?
11.	Department of Environmental Protection ID#
12.	Water Management District Consumptive Use Permit #
	a. Is the system in compliance with the requirements of the CUP?
	b. If not, what are the utility's plans to gain compliance?
<b></b>	An ERC is determined based on one of the following methods:  (a) If actual flow data are evallable from the preceding 12 months:  Divide the total annual single family residence (SFR) gallons sold by the everage number of SFR customers for the same period and divide the result by 365 days.  (b) If no historical flow data are available use:
	ERC = (Total SFR gallons sold (omit 000)/365 days/350 gallons per day).

### GENERAL WASTEWATER SYSTEM INFORMATION

Furnish information below for each system. A separate page should be supplied where necessary.	
1, Present number of ERCs* now being served.	
2. Maximum number of ERCs" which can be served.	
Present system connection capacity (in ERCs*) using existing lines.	
Future connection capacity (in ERCs*) upon service area buildout.	
5. Estimated annual increase in ERCs*.	
6. Describe any plans and estimated completion dates for any enlargements or improvements of this system	
C. Describe any prant and destribute completion dates for any smargements of improvements of the system.	
<ol> <li>If the utility uses reuse as a means of effluent disposal, provide a list of the reuse end users and the amount rause provided to each, if known.</li> </ol>	t of
8. If the utility does not engage in reuse, has a reuse feesibility study been completed?	~
If so, when?	
9. Has the utility been required by the DEP or water management district to implement reuse?	
If so, what are the utility's plane to comply with this requirement?	
10. When did the company last file a capacity analysis report with the DEP?	
11. If the present system does not meet the requirements of DEP rules, submit the following:	
<ul> <li>a. Attach a description of the plant upgrade necessary to meet the DEP rules.</li> </ul>	
b. Have these plans been approved by DEP?	
c. When will construction begin?	
d. Attach plans for funding the required upgrading. e. Is this system under any Consent Order with DEP?	
12. Department of Environmental Protection ID #	
An ERC is determined based on one of the following methods:	
(a) If actual flow data are available from the preceding 12 months:  Divide the total annual single family residence (SFR) gallons sold by the average	
number of SFR customers for the same period and divide the result by 365 days.	
(b) If no historical flow data are available use:	
ERC = (Total SER gallons sold (omit 000)/365 days/260 gallons per day).

### **CERTIFICATION OF ANNUAL REPORT**

I HEREBY CERTIFY, to the best of my knowledge and belief; The utility is in substantial compliance with the Uniform System of Accounts prescribed by the Florida Public Service Commission in Rule 25-30.115 (1), Florida Administrative Code. The utility is in substantial compliance with all applicable rules and orders of the Florida Public Service Commission. There have been no communications from regulatory agencies concerning noncompliance with, or deficiencies in, financial reporting practices that could have a material effect on the financial statement of the utility. The annual report fairly represents the financial condition and results of operations of the respondent for the period presented and other Information and statements presented in the report as to the business affairs of the respondent are true, correct, and complete for the period for which it represents. **Items Cartifled** (signature of Chief Executive Officer of the utility) Date: (signature of Chief Financial Officer of the utility) Date:

\* Each of the four items must be certified YES or NO. Each item need not be certified by both officers. The items being certified by the officer should be indicated in the appropriate area to the left of the signature.

Notice:

Section 837.06, Florida Statutes, provides that any person who knowingly makes a false statement in writing with the intent to mislead a public servant in the performance of his duty shall be guilty of a misdemeanor of the second degree.
