

FLORIDA PUBLIC SERVICE COMMISSION

COMMISSION CONFERENCE AGENDA

CONFERENCE DATE AND TIME: Thursday, April 1, 2021, 9:30 a.m.

LOCATION: Betty Easley Conference Center, Joseph P. Cresse Hearing Room 148

DATE ISSUED: March 19, 2021

NOTICE

Persons affected by Commission action on certain items on this agenda may be allowed to address the Commission, either informally or by oral argument, when those items are taken up for discussion at this conference. These items are designated by double asterisks (**) next to the item number.

Due to COVID-19, all public participation must be telephonic or by written comment. To participate informally, affected persons must either: (1) request the opportunity to address the Commission telephonically on an item listed on the agenda by contacting the Office of General Counsel at (850) 413-6199 by noon on March 31, 2021; or (2) file any written comments for a particular item in the applicable Docket file by noon on March 31, 2021.

Informal participation is not permitted: (1) on dispositive motions and motions for reconsideration; (2) when a recommended order is taken up by the Commission; (3) in a rulemaking proceeding after the record has been closed; or (4) when the Commission considers a post-hearing recommendation on the merits of a case after the close of the record. The Commission allows informal participation at its discretion in certain types of cases (such as declaratory statements and interim rate orders) in which an order is issued based on a given set of facts without hearing. See Florida Administrative Code Rules 25-22.0021 (agenda conference participation) and 25-22.0022 (oral argument). Conference agendas, staff recommendations, vote sheets, and transcripts are available online at <http://www.floridapsc.com>, by selecting *Conferences & Meeting Agendas* and *Commission Conferences of the FPSC*. An official vote of "move staff" denotes that the Item's recommendations were approved.

In accordance with the Americans with Disabilities Act, persons needing a special accommodation to participate at this proceeding should contact the Office of Commission Clerk no later than five days prior to the conference at 2540 Shumard Oak Boulevard, Tallahassee, Florida 32399-0850 or 850-413-6770 (Florida Relay Service, 1-800-955-8770 Voice or 1-800-955-8771 TDD).

The Commission Conference has a live video broadcast the day of the conference, which is available from the FPSC website. Upon completion of the conference, the archived video will be available from the website by selecting *Conferences & Meeting Agendas*, then *Audio and Video Event Coverage*.

EMERGENCY CANCELLATION OF CONFERENCE: If a named storm or some other state of emergency requires cancellation of the Conference, Commission staff will attempt to give timely notice. Notice of cancellation will be provided on the Commission's website (<http://www.floridapsc.com>) under the Hot Topics link on the home page. Cancellation can also be confirmed by calling the Office of Commission Clerk at 850-413-6770. If you have any questions, contact the Office of Commission Clerk at 850-413-6770 or Clerk@psc.state.fl.us.

ITEM NO.

CASE

1**PAA

Docket No. 20210047-TX – Petition for designation as eligible telecommunications carrier (ETC) in the State of Florida, by CenturyLink Communications, LLC.

Critical Date(s): June 7, 2021 for qualification for RDOF auction disbursement

Commissioners Assigned: All Commissioners

Prehearing Officer: La Rosa

Staff: IDM: Yglesias de Ayala, Fogleman, Wendel

GCL: Passidomo

Issue 1: Should the Commission grant CenturyLink Communications, LLC ETC status in Florida to Receive Rural Digital Opportunity Fund Auction (Auction 904) Support for Voice and Broadband Services?

Recommendation: Yes. CenturyLink Communications, LLC is a telecommunications company certificated to provide service in Florida and meets all of the requirements for designation as an ETC under Section 364.10, F.S., and applicable federal law. The Company has acknowledged the requirement to comply with Sections 364.10 and 364.105, F.S., and Rule 25-4.0665, F.A.C., which govern Lifeline service and provide for a transitional discount for those customers no longer eligible for Lifeline.

Issue 2: Should this docket be closed?

Recommendation: Yes. If no person whose substantial interests are affected by the proposed agency action files a protest within 21 days of the issuance of the Proposed Agency Action Order, this docket should be closed upon the issuance of a consummating order.

ITEM NO.

CASE

2**

Docket No. 20210001-EI – Fuel and purchased power cost recovery clause with generating performance incentive factor.

Critical Date(s): None

Commissioners Assigned: All Commissioners

Prehearing Officer: Fay

Staff: AFD: Higgins

ECO: Draper

GCL: Brownless

Issue 1: Should the Commission modify FPL's currently-approved fuel adjustment factors for the purpose of addressing a projected 2021 under-recovery of fuel costs?

Recommendation: Yes. Staff recommends the Commission approve adjustments to FPL's currently-approved fuel factors to incorporate a projected 2021 period ending under-recovery of \$302,560,580.

Issue 2: If approved by the Commission, what is the appropriate effective date for FPL's revised fuel cost recovery factors?

Recommendation: The effective date should be 30 days from the date of the Commission vote, or May 1, 2021.

Issue 3: Should this docket be closed?

Recommendation: No. The 20210001-EI docket is an on-going proceeding and should remain open.

ITEM NO.

CASE

3**PAA

Docket No. 20200220-EI – Petition for approval of electric vehicle charging pilot program, by Tampa Electric Company.

Critical Date(s): None

Commissioners Assigned: All Commissioners

Prehearing Officer: Administrative

Staff: ENG: Doehling

AFD: Mouring

GCL: Stiller, Osborn

Issue 1: Should the Commission approve TECO's proposed EV charging pilot program?

Recommendation: Yes. The Commission should approve TECO's proposed EV Pilot effective the date of the Commission's vote. Capital expenditures should be capped at \$2 million for the life of the program, and operation and maintenance (O&M) costs be limited to \$100,000 annually for years two through four of the Pilot. TECO should file annual reports, with the first report due 12 months from the date the final order is issued approving the Pilot. The annual reports should provide comprehensive data for each market segment, including but not limited to the number of charging sessions, time of use, charger utilization by geographic location, costs to EV drivers, installation costs, load profiles, ongoing O&M expense, and Site Host or driver feedback. Staff recommends that the Pilot commence the date of the commission's vote and terminate four years from the date the final order is issued approving the Pilot, unless TECO files a petition to extend, modify, or permanently implement the Pilot through a tariff revision.

Issue 2: Should this docket be closed?

Recommendation: Yes. If no person whose substantial interests are affected by the proposed agency action files a protest within 21 days of the issuance of the order, this docket should be closed upon the issuance of a consummating order.

ITEM NO.

CASE

4**

Docket No. 20200214-GU – Joint petition of Florida Public Utilities Company, Florida Public Utilities Company-Indiantown Division, Florida Public Utilities Company-Fort Meade, and the Florida Division of Chesapeake Utilities Corporation for approval of consolidation of tariffs, for modifications to retail choice transportation service programs, and to change the MACC for Florida Public Utilities Company.

Critical Date(s): 05/14/21 (8-Month Effective Date)

Commissioners Assigned: All Commissioners
Prehearing Officer: Administrative

Staff: ECO: Hampson, Coston
GCL: Osborn, J. Crawford

(Tariff Filing)

Issue 1: Should the Commission approve the Companies' proposal to consolidate and make modifications to the Companies' tariffs?

Recommendation: Yes. The Commission should approve the Companies' proposal to consolidate and make modifications to the Companies' tariffs. The proposed revisions eliminate inconsistencies across the tariffs, without changing customer rates, and would allow the Companies to operate under a consolidated tariff. Attachment A of staff's memorandum dated March 19, 2021 contains the proposed tariff sheets. Attachment B of staff's memorandum dated March 19, 2021 provides a schedule of the tariff sheets with the proposed implementation dates, which the Companies provided to staff. Staff requests administrative authority to work with the Companies on the implementation dates of the proposed tariffs and to cancel the corresponding current tariffs.

Issue 2: Should the Commission approve the Companies' proposal to recover the cost associated with providing day-to-day swing service through the swing service rider?

Recommendation: Yes. The Commission should approve the proposal to recover expenses incurred by the Companies to provide day-to-day swing service through the swing service rider. These costs are appropriate to be included in the swing service rider as they benefit transportation customers.

Issue 3: Should this docket be closed?

Recommendation: Yes. If Issue 1 and Issue 2 are approved and a protest is filed within 21 days of the issuance of the order, the tariffs should remain in effect, with any revenues held subject to refund, pending resolution of the protest. If no timely protest is filed, this docket should be closed upon the issuance of a consummating order.

ITEM NO.

CASE

5**PAA

Docket No. 20210018-EU – Joint petition for approval of modification to territorial agreement in Sumter, Lake, Marion, Levy, and Citrus Counties, by Sumter Electric Cooperative, Inc. and Duke Energy Florida, LLC.

Critical Date(s): None

Commissioners Assigned: All Commissioners

Prehearing Officer: Graham

Staff: ECO: Guffey

GCL: Trierweiler

Issue 1: Should the Commission approve the proposed First Amendment to the Territorial Agreement between SECO and DEF in Sumter, Lake, Marion, Levy, and Citrus counties?

Recommendation: Yes, the Commission should approve the proposed First Amendment to the Territorial Agreement between SECO and DEF in Sumter, Lake, Marion, Levy, and Citrus counties. The First Amendment to the Territorial Agreement will not cause a detriment to the public interest and will enable SECO and DEF to avoid duplication of facilities and to serve their customers in an efficient manner.

Issue 2: Should this docket be closed?

Recommendation: Yes. If no protest is filed by a person whose substantial interests are affected within 21 days of the issuance of the Order, this docket should be closed upon the issuance of the Consummating Order.

COMMISSIONERS ASSIGNED: All Commissioners

PREHEARING OFFICER: La Rosa

CRITICAL DATES: June 7, 2021 for qualification for RDOF auction disbursement

SPECIAL INSTRUCTIONS: None

Case Background

On February 26, 2021, CenturyLink Communications, LLC (CenturyLink or Company) filed a petition with the Florida Public Service Commission (Commission) seeking designation as an eligible telecommunications carrier (ETC) to receive rural digital opportunity fund (RDOF) support. CenturyLink was granted competitive local exchange carrier certificate No. 5801 in 1999 under the name “Qwest Communications Corporation.”¹ CenturyLink is an indirect, wholly-

¹ Order No. PSC-99-0439-FOF-TX issued on March 3, 1999, in Docket No. 19981873-TX, Application for certificate to provide alternative local exchange telecommunications service by Qwest Communications Corporation. *See also* Order No. PSC-09-0089-FOF-TP, issued on February 10, 2009, in Docket No. 20080648-TP, In re: Request for approval of name change on CLEC Certificate No. 5801 and IXC Registration No. TI215 from Qwest

owned subsidiary of Lumen Technologies, Inc. (CenturyLink/Lumen).² CenturyLink/Lumen provides voice and data services over its IP-based network. CenturyLink and its affiliates offer a variety of services, some of which are regulated telecommunications services and some of which are not.

On December 7, 2020, CenturyLink/Lumen was selected as one of the winning bidders for the Federal Communications Commission's (FCC) RDOF auction. Consistent with FCC rules, CenturyLink/Lumen assigned its winning bid to Embarq Florida, Inc. d/b/a CenturyLink (Embarq FL), one of its subsidiaries operating in Florida. Embarq FL is an incumbent local exchange carrier (ILEC) and has been an ETC in Florida since 1997.³ Most of the RDOF census blocks won by CenturyLink/Lumen fall within Embarq FL's incumbent service area for which it already has an ETC designation. CenturyLink is seeking to obtain ETC designation for the 16 census blocks that fall outside of Embarq FL's existing ETC designation.

The RDOF is a form of high-cost support that is funded through the federal universal service fund (USF). The FCC's RDOF initiative allocates up to \$20.4 billion through a two-phase competitive auction to help connect millions of unserved rural homes and small businesses to high-speed broadband. Phase I of the auction will provide up to \$16 billion to be used over a period of 10 years to service providers that commit to offer voice and broadband services to fixed locations in eligible unserved high-cost census blocks.⁴ In Florida, a total of eleven bidders were selected to receive approximately \$192 million of high-cost support in phase I.⁵ CenturyLink/Lumen will receive \$5 million in phase I to be used in specified census blocks in Florida.⁶

An ETC designation is a requirement for telecommunications carriers to receive USF dollars for the Lifeline and High-Cost programs. The Lifeline program enables low-income households to obtain and maintain basic telephone and broadband services, and offers qualifying households a discount on monthly bills. The High-Cost program helps carriers provide voice and broadband service in remote and underserved communities. Although the FCC did not require RDOF auction

Communications Corporation to Qwest Communications Company, LLC, effective 1/12/09. *See also* Order No. PSC-11-0315-FOF-TX, issued on July 27, 2011 in Docket No. 20110217-TX, In re: Request for approval of name change on CLEC Certificate No. 5801 from Qwest Communications Company, LLC to Qwest Communications Company, LLC d/b/a CenturyLink QCC. *See also* Memorandum filed June 20, 2014, in Docket No. 20140090-TX, In re: Request for approval of name change on Certificate No. 5801 from Qwest Communications Company, LLC d/b/a CenturyLink QCC to CenturyLink Communications, LLC d/b/a Embarq Communications. *See also* Memorandum filed November 13, 2020, in Docket No. 20200235-TX, In re: Request for approval of name change on Certificate of Necessity No. 5801 from CenturyLink Communications, LLC d/b/a Embarq Communications to CenturyLink Communications, LLC d/b/a Embarq Communications d/b/a Lumen d/b/a Lumen Technologies d/b/a Lumen Technologies Group.

² On January 22, 2021 CenturyLink, Inc., the ultimate parent of CenturyLink Communications, LLC, formally changed its name to Lumen Technologies Inc. As a result, CenturyLink, Inc. is now referred to as "Lumen Technologies," or simply "Lumen".

³ Order No. PSC-97-1262-FOF-TP issued on October 14, 1997, in Docket No. 19970644-TP, Establishment of eligible telecommunications carriers pursuant to section 214(e) of the Telecommunications Act of 1996.

⁴ FCC, DA 20-1422, Public Notice, 904 Winning Bidders, <https://docs.fcc.gov/public/attachments/DA-20-1422A1.pdf>, accessed March 4, 2021.

⁵ *Id.*, Attachment B, <https://docs.fcc.gov/public/attachments/DA-20-1422A3.pdf>, accessed March 4, 2021.

⁶ *Id.*, Attachment A (*See* CenturyLink, Inc. which has assigned its winning bid to its affiliate Embarq Florida, Inc. d/b/a CenturyLink) <https://docs.fcc.gov/public/attachments/DA-20-1422A2.pdf>, accessed March 4, 2021.

participants to be designated as an ETC to apply, the FCC did require winning bidders to obtain ETC designation within 180 days of being selected.

47 U.S.C. 214(e)(2) authorizes state commissions to designate common carriers as an ETC as follows:

(2) Designation of eligible telecommunications carriers

A State commission shall upon its own motion or upon request designate a common carrier that meets the requirements of paragraph (1) as an eligible telecommunications carrier for a service area designated by the State commission. Upon request and consistent with the public interest, convenience, and necessity, the State commission may, in the case of an area served by a rural telephone company, and shall, in the case of all other areas, designate more than one common carrier as an eligible telecommunications carrier for a service area designated by the State commission, so long as each additional requesting carrier meets the requirements of paragraph (1). Before designating an additional eligible telecommunications carrier for an area served by a rural telephone company, the State commission shall find that the designation is in the public interest.

47 U.S.C. 214(e)(6) provides that the FCC will make such ETC designations in cases where a state commission lacks jurisdiction over the common carrier as follows:

(6) Common carriers not subject to State commission jurisdiction

In the case of a common carrier providing telephone exchange service and exchange access that is not subject to the jurisdiction of a State commission, the Commission shall upon request designate such a common carrier that meets the requirements of paragraph (1) as an eligible telecommunications carrier for a service area designated by the Commission consistent with applicable Federal and State law. Upon request and consistent with the public interest, convenience and necessity, the Commission may, with respect to an area served by a rural telephone company, and shall, in the case of all other areas, designate more than one common carrier as an eligible telecommunications carrier for a service area designated under this paragraph, so long as each additional requesting carrier meets the requirements of paragraph (1). Before designating an additional eligible telecommunications carrier for an area served by a rural telephone company, the Commission shall find that the designation is in the public interest.

CenturyLink asserts that it meets all applicable federal requirements for designation as an ETC in Florida pursuant to 47 U.S.C. 214(e) and 47 C.F.R. 54.201. The company asserts that it will offer Lifeline to qualifying consumers in the incremental census blocks consistent with the FCC's Lifeline rules. The company will rely upon teams at Embarq FL, who have substantial experience in providing Lifeline.

Docket No. 20210047-TX

Date: March 19, 2021

CenturyLink acknowledges and asserts that, if approved, it will comply with Sections 364.10, and 364.105, F.S., and Rule 25-4.0665, Florida Administrative Code (F.A.C), which govern Lifeline service and provide for a transitional discount for those customers no longer eligible for Lifeline.

In addition to the federal rules and statutes discussion above, the Commission has jurisdiction in this matter pursuant to Section 364.10, F.S.

Discussion of Issues

Issue 1: Should the Commission grant CenturyLink Communications, LLC ETC status in Florida to Receive Rural Digital Opportunity Fund Auction (Auction 904) Support for Voice and Broadband Services?

Recommendation: Yes. CenturyLink Communications, LLC is a telecommunications company certificated to provide service in Florida and meets all of the requirements for designation as an ETC under Section 364.10, F.S., and applicable federal law. The Company has acknowledged the requirement to comply with Sections 364.10 and 364.105, F.S., and Rule 25-4.0665, F.A.C., which govern Lifeline service and provide for a transitional discount for those customers no longer eligible for Lifeline. (Passidomo, Yglesias de Ayala, Fogleman, Wendel)

Staff Analysis: Pursuant to 47 U.S.C. 214(e)(2), and 47 C.F.R. 54.201(b), state commissions have the primary responsibility to designate carriers as ETCs. In instances where a state lacks jurisdiction, the FCC is to make such a designation.⁷ Section 364.10(1)(a), F.S., defines an ETC as “a telecommunications company, as defined by s. 364.02, which is designated as an eligible telecommunications carrier by the commission pursuant to 47 C.F.R. s. 54.201.” A “telecommunications company” is an entity offering “two-way telecommunications service to the public for hire within [Florida] by the use of a telecommunications facility.” Section 364.02(13), F.S. Thus, whether a carrier is offering a telecommunications service is the threshold question for whether the Commission is authorized to grant an ETC designation.⁸ Staff recommends that CenturyLink Communications, LLC is a telecommunications company for purposes of receiving an ETC designation in accordance with Section 364.10, F.S. and is certificated as a competitive local exchange carrier. Although the Commission does not have jurisdiction over VoIP providers,⁹ CenturyLink Communications provides telecommunications services in Florida in addition to nonregulated services. Thus, the regulatory status of VoIP service is not relevant to the Commission’s decision in this docket.

To qualify as an ETC, telecommunications carriers must provide the services identified in 47 C.F.R. 54.101 as follows:

- (a) Services designated for support. Voice telephony services shall be supported by federal universal service support mechanisms. Eligible voice telephony services must provide voice grade access to the public switched network or its functional equivalent; minutes of use for local service provided at no additional charge to end users; access to emergency services provided by local government or other public safety organizations, such as 911 and enhanced 911, to the extent the local government in an eligible carrier's service area has

⁷ 47 U.S.C. 214(e)(6)

⁸ In this context, a “telecommunications facility” includes real estate, easements, apparatus, property, and routes used and operated to provide two-way telecommunications service to the public for hire within [Florida]. 364.02(14), F.S. “Service” is to be construed in its broadest and most inclusive sense;” however, the term “does not include broadband service or voice-over-Internet protocol service for purposes of regulation. *Id.* at (12).

⁹ Section 364.011(3), F.S.

implemented 911 or enhanced 911 systems; and toll limitation services to qualifying low-income consumers as provided in subpart E of this part.¹⁰

(b) An eligible telecommunications carrier must offer voice telephony service as set forth in paragraph (a) of this section in order to receive federal universal service support.

(c) An eligible telecommunications carrier (ETC) subject to a high-cost public interest obligation to offer broadband internet access services and not receiving Phase I frozen high-cost support must offer broadband services within the areas where it receives high-cost support consistent with the obligations set forth in this subpart and subparts D, K, L, and M of this part.¹¹

(d) Any ETC must comply with subpart E of this part.

In addition, ETCs must advertise the availability of such services and the associated charges using media of general distribution.¹²

Staff has reviewed CenturyLink's petition for ETC designation in Florida, as well as additional documents filed with the Commission. Staff has confirmed that CenturyLink meets the above requirements to qualify as an ETC in Florida. In addition, the Company has demonstrated sufficient financial, managerial, and technical capabilities.

Furthermore, staff notes that the FCC awarded CenturyLink/Lumen, the parent company to CenturyLink, as the winning RDOF bidder in the census blocks for which CenturyLink is seeking ETC designation. Pursuant to the procedures developed by the FCC, CenturyLink/Lumen assigned the winning bids to its affiliate, Embarq FL for implementation of the RDOF bids. Embarq FL is an incumbent ILEC and an ETC in Florida. While most of the RDOF census blocks won by CenturyLink/Lumen in Florida fall within its authorized service area, 16 incremental census blocks fall outside of Embarq FL's authorized service area. In its petition, CenturyLink is seeking ETC designation for these incremental census blocks.

47 U.S.C. 214(e)(2) requires state commission to determine if an ETC designation is consistent with the public interest, convenience, and necessity for rural areas. CenturyLink asserts granting its ETC designation will bring voice and broadband Internet access services to consumers in the incremental census blocks, thus advancing the goals of universal service under the FCC's RDOF program. Based on staff's review, along with CenturyLink's commitment to abide by both state

¹⁰ Subpart E addresses Universal Service Support for Low-Income Consumers. *See* 47 C.F.R. §54,400 through §54,422.

¹¹ Subparts D, K, L, and M refer to rules regarding Universal Service Support for High Cost Areas, Interstate Common Line Support Mechanisms for Rate-of-Return Carriers, Mobility Fund and 5G Fund, and High-Cost Loop Support for Rate-of-Return Carriers, respectively.

¹² 47 U.S.C. §314(e)(1)(B).

Date: March 19, 2021

and federal requirements, staff recommends that designating CenturyLink as an ETC meets this requirement.

In conclusion, CenturyLink meets all requirements for designation as an ETC under Section 364.10, F.S., and applicable federal law. Therefore, staff recommends CenturyLink Communications, LLC should be granted ETC designation in the census blocks listed in Attachment A of this recommendation. Staff further recommends that if there is a future change of Company ownership, the new owners should be required to file a petition with the Commission and make a showing of public interest to maintain the Company's ETC designation.

Issue 2: Should this docket be closed?

Recommendation: Yes. If no person whose substantial interests are affected by the proposed agency action files a protest within 21 days of the issuance of the Proposed Agency Action Order, this docket should be closed upon the issuance of a consummating order. (Passidomo)

Staff Analysis: At the conclusion of the protest period, if no protest is filed, this docket should be closed upon the issuance of a consummating order.

AGENDA: 04/01/21 – Regular Agenda – Interested Persons May Participate

COMMISSIONERS ASSIGNED: All Commissioners

PREHEARING OFFICER: Fay

CRITICAL DATES: None

SPECIAL INSTRUCTIONS: None

Case Background

On February 26, 2021, Florida Power & Light Company (FPL or Company) filed for a mid-course correction (MCC Petition) of its 2021 fuel cost recovery factors. FPL's current fuel factors were originally approved on November 3, 2020.¹ Underlying the approval of FPL's 2021 factors was the Florida Public Service Commission's (Commission) review of the Company's projected 2021 fuel and capacity related service costs. These service costs are recovered through the fuel and capacity cost recovery factors that are set/reset annually in this docket. These cost recovery factors are usually effective for a period of 12 months. However, the Commission requires that if an investor-owned electric company's fuel or capacity cost recovery position is projected to exceed a specified range within the standard 12-month timeframe, then a filing and analysis into the continued reasonableness of the prevailing cost recovery factors must be

¹Order No. PSC-2020-0439-FOF-EI, issued November 16, 2020, in Docket No. 20200001-EI, *In re: Fuel and purchased power cost recovery clause with generating performance incentive factor*.

performed. This requirement is codified by Rule 25-6.0424, Florida Administrative Code (F.A.C.), and is commonly referred to as the Commission's "mid-course correction rule." The Commission's mid-course correction rule and its codified procedures are discussed in greater detail below.

Mid-Course Correction

Mid-course corrections are used by the Commission between annual fuel clause hearings whenever costs deviate from revenue by a significant margin. Under Rule 25-6.0424, F.A.C., a utility must notify the Commission whenever it expects to experience an under- or over-recovery greater than 10 percent.

On February 26, 2021, the Company filed its MCC Petition and supporting documentation proposing a mid-course correction of its customer fuel charges.² Specifically, the Commission is being asked to approve an increase in customer fuel charges due to the Company now projecting an under-recovery of fuel costs in 2021 that exceeds the 10 percent threshold. The proposed revisions to FPL's currently-authorized fuel charges are being driven by both actual 2020 and projected 2021 fuel costs being greater than originally projected, as well as other factors that are discussed further in Issue 1.

Effective Date and Noticing Requirement

FPL has requested that the proposed fuel factors and associated tariffs become effective beginning April 2021. Staff refers to this scenario as FPL's "as-filed request." The proposed fuel cost recovery factors are assumed effective through December 2021, or for nine months unless further amended by the Commission.

This matter is scheduled to be voted on at the April 1, 2021 Commission Conference. Typically, effective dates for rate increases are set a minimum of 30 days after a vote modifying charges. This time limit is imposed in order to avoid having new rates applied to energy consumed before the effective date of the Commission's action, i.e., the date of the vote. In this instance, FPL in support of its case as filed, provided notice of its request for a mid-course correction of its fuel charges, subject to Commission approval, with its customer bills mailed at the beginning of March. Staff notes the customer bill it reviewed as part of its analysis into the Company's MCC Petition reflected a March 2, 2021 statement date.³

Alternative Effective Date and Recovery Amounts

Staff discusses and supports its recommendation as to the effective date of revised fuel factors in Issue 2. Alternatively, during the data collection phase of analyzing the Company's MCC Petition, staff sought to develop various recovery options in both recovery amounts and recovery durations. Specifically, with respect to varying the recovery amounts, staff sought to bifurcate the mid-course correction total net true-up of \$302,560,580 into two components: the "final 2020 true-up" of \$72,891,803, and the "estimated 2021 true-up" of \$229,668,778. With respect to varying the recovery durations, both the final 2020 true-up and the estimated 2021 true-up were spread over the remaining nine months of the year, or from April 2021 through December 2021,

²Document No. 02487-2021.

³Document No. 02652-2021, filed March 8, 2021, FPL's Responses to Staff's First Data Request, No. 6 (to include attachments).

Docket No. 20210001-EI

Date: March 19, 2021

as well as over the remaining eight months of the year, or from May 2021 through December 2021. The results of this analysis are discussed further in Issue 1.

The Commission is vested with jurisdiction over the subject matter of this proceeding by the provisions of Chapter 366, Florida Statutes (F.S.), including Sections 366.04, 366.05, and 366.06, F.S.

Discussion of Issues

Issue 1: Should the Commission modify FPL's currently-approved fuel adjustment factors for the purpose of addressing a projected 2021 under-recovery of fuel costs?

Recommendation: Yes. Staff recommends the Commission approve adjustments to FPL's currently-approved fuel factors to incorporate a projected 2021 period ending under-recovery of \$302,560,580. (Higgins, Brownless, Draper)

Staff Analysis: FPL participated in the Commission's most-recent fuel hearing which took place on November 3, 2020. The Fuel Order issued from the 2020 fuel hearing set forth FPL's fuel, purchased power, and capacity-related cost recovery factors effective with the first billing cycle of 2021. However, as discussed further below, the currently-authorized fuel cost recovery factors, i.e., without modification, are now projected to under-recover the Company's 2021 fuel cost by greater than 10 percent. Staff notes the proposed final 2020 fuel true-up is incorporated into the aforementioned under-recovery.

The Company's currently-authorized capacity cost recovery factors remain sufficient in returning the required amount of revenue, therefore no change is being sought through this mid-course correction process. Further, the Company's petition satisfies all filing requirements of Rule 25-6.0424(1)(b), F.A.C.

FPL Mid-Course Correction - As Filed

The Company filed its MCC Petition on February 26, 2021.⁴ Preceding the filing of its MCC Petition and in accordance with the noticing requirement of Rule 25-6.0424(2), F.A.C., FPL filed a letter on November 13, 2020, informing the Commission that based on its latest fuel cost projections, it may be in an under-recovery position of greater than 10 percent for the upcoming 2021 new year.⁵ However, at that time, in analyzing settlement prices for natural gas, the Company determined that while volatile, the general direction of prices were declining. Thus, with an indication of potential improvement in its cost recovery position, FPL stated it would continue to monitor the prevailing settlement prices and defer a decision on filing for a mid-course correction of fuel charges by one month.

On December 11, 2020, the Company provided an update to its initial notice filed a month prior in November.⁶ FPL had reevaluated its fuel cost recovery position and based upon then prevailing settlement prices for natural gas, it was now projecting its fuel cost under-recovery to be below the 10 percent threshold set forth by Rule 25-6.0424 F.A.C. As such, a mid-course correction of fuel charges was not warranted at that time.

However, as conditions changed around its sales, cost, and revenue projections for 2021, the Company determined that filing for a mid-course correction of its customer fuel charges would be required. FPL has proposed to address a newly-projected 2021 fuel cost under-recovery of \$302,560,580 by increasing its cost recovery factors for the remaining nine months of 2021, or

⁴Document No. 02487-2021.

⁵Document No. 11989-2020.

⁶Document No. 13407-2020.

Date: March 19, 2021

from April through December 2021. As discussed in greater detail below, the projected 2021 under-recovery of fuel costs is associated with higher actual and re-projected prices for natural gas than originally assumed. Other factors include variations in both sales and revenue than originally assumed.

2020 Under-Recovery

Accounting for the Company's 2021 mid-course correction essentially begins with its under-recovery of fuel costs in 2020. In 2020, the Company incurred fuel costs greater than last projected. FPL's final (re)projection of 2020 fuel costs filed with the Commission was on July 27, 2020, as part of its *Petition for Approval of Fuel Cost Recovery and Capacity Cost Recovery Actual/Estimated True-Up for the Period January 2020 through December 2020*.⁷ Staff notes the Company's 2020 actual/estimated filing reflects actual data for January through June 2020, and estimated fuel cost and revenue data for July through December 2020. In its actual/estimated filing, the Company projected that the average delivered cost of natural gas for July through December 2020 would be \$3.47 per MMBtu. However, FPL's actual cost of natural gas for July through December 2020 averaged \$3.58 per MMBtu (3.17 percent increase). This and other factors, such as sales and revenue differences, resulted in a final 2020 under-recovery of \$72,891,803.

Projected 2021 Under-Recovery

FPL's original/first 2021 fuel cost projection filed for the purposes of cost recovery was on September 3, 2020, in Docket No. 20200001-EI, as part of the Company's *Petition for Approval of Fuel Cost Recovery and Capacity Cost Recovery Factors for January through December 2021*.⁸ This original projection of 2021 natural gas costs was formulated using forward market data as of July 1, 2020. Using July 1, 2020 data, FPL projected an average natural gas cost of \$4.24 per MMBtu for calendar year 2021. However, as shown in its MCC Petition, FPL now projects based on forward market data as of mid-February 2021 that the average cost of natural gas in 2021 will be \$4.67 per MMBtu. This new projection represents an increase of 10.1 percent over the original projection. Further, the Company now expects fewer sales (0.82 percent decrease) and reduced revenue (1.31 percent decrease) in 2021 over the original projection.

In Table 1-1 below, staff displays the fuel cost and revenue differences between the original and updated 2021 projections, as well as the other primary accounting components for determining the Company's fuel cost recovery position under Rule 25-6.0424, F.A.C.

⁷Document No. 04070-2020.

⁸Document No. 05943-2020.

**Table 1-1
Mid-Course Correction Components**

Category	Original Projection (\$)	Mid-Course Projection (\$)	Difference from Original Projection (%)
Total Retail Fuel & Net Power Transaction Costs	2,594,384,059	2,789,828,527	7.53%
Total Jurisdictional Period-Applicable Fuel Revenues	2,594,384,059	2,560,308,200	(1.31%)
MCC Actual/Estimated 2021 True-Up	-	(229,520,327)	-
Interest Provision	-	(148,450)	-
Final 2020 True-Up	-	(72,891,803)	-
Projected 2021 End of Period Total Net True-Up	-	(302,560,580)	-

Source: FPL MCC Petition, Appendix A, Page 3 of 88.

Following the methodology prescribed in Rule 25-6.0424, F.A.C., the mid-course percentage is equal to the estimated end-of-period total net true-up amount, including interest, divided by the current period's total actual and estimated jurisdictional fuel revenue applicable to period, or (\$302,560,580) / \$2,560,308,200. This calculation results in a mid-course correction level of (11.82) percent.

Fuel Factor

FPL's currently-approved levelized fuel factor for non-time-of-use rates is 2.444 cents per kWh.⁹ The Company is requesting (as-filed) to increase the current levelized fuel factor for non-time-of-use rates to 2.792 cents per kWh, or by 14.24 percent.

Bill Impact – Effective April 1st

In Table 1-2 below, staff displays the bill impact to a typical residential customer using 1,000 kWh of electricity a month under FPL's request as-filed:

⁹Order No. PSC-2020-0439-FOF-EI.

Table 1-2
Monthly Residential Billing Detail at 1,000 kWh

Invoice Component	Currently-Approved Charges for 2021 (\$)	Proposed Charges for April-Dec. 2021 (\$)	Approved to Proposed Difference (\$)	Approved to Proposed Difference (%)
Base Charge	\$69.90	\$69.90	\$0.00	-
Fuel Charge	21.23	24.73	3.50	16.49%
Conservation Charge	1.49	1.49	0.00	-
Capacity Charge	2.04	2.04	0.00	-
Environmental Charge	1.49	1.49	0.00	-
Storm Protection Plan	0.42	0.42	0.00	-
Gross Receipts Tax	<u>2.48</u>	<u>2.57</u>	<u>0.09</u>	3.63%
Total	<u>\$99.05</u>	<u>\$102.64</u>	<u>\$3.59</u>	3.62%

Source: FPL MCC Petition, Schedule E-10.

FPL's current total residential charge for the first 1,000 kWh of usage for January through December 2021 is \$99.05. If the Company's as-filed mid-course correction proposal is approved, then the current total residential charge for the first 1,000 kWh of usage for April through December 2021 will be \$102.64, for an increase of 3.62 percent. Concerning non-residential customers, FPL reported that bill increases based on average levels of usage for commercial customers would range from approximately 3.60 to 4.50 percent, and approximately 7.80 percent for industrial customers.¹⁰ FPL's proposed tariffs are shown on Attachment A to this recommendation. FPL stated that it has provided notice of its request for a mid-course correction, with its March customer bills subject to Commission approval.

Bill Impact – Effective May 1st

In Table 1-3 below, staff displays the bill impact to a residential customer using 1,000 kWh of electricity a month if the cost recovery factors are developed for recovering the entire MCC amount of \$302,560,580 with a May 1, 2021 effective date. The May 1st effective date is discussed further in Issue 2:

¹⁰Document No. 02652-2021, filed March 8, 2021, FPL's Responses to Staff's First Data Request, No. 4.

Table 1-3
Monthly Residential Billing Detail at 1,000 kWh

Invoice Component	Currently- Approved Charges for 2021 (\$)	Revised Charges for May-Dec. 2021 (\$)	Approved to Revised Difference (\$)	Approved to Revised Difference (%)
Base Charge	\$69.90	\$69.90	\$0.00	-
Fuel Charge	21.23	25.10	3.87	18.23%
Conservation Charge	1.49	1.49	0.00	-
Capacity Charge	2.04	2.04	0.00	-
Environmental Charge	1.49	1.49	0.00	-
Storm Protection Plan	0.42	0.42	0.00	-
Gross Receipts Tax	<u>2.48</u>	<u>2.58</u>	<u>0.10</u>	4.03%
Total	<u>\$99.05</u>	<u>\$103.02</u>	<u>\$3.97</u>	4.01%

Source: FPL Responses to Staff's Second Data Request, No. 1, Attachment No. 1, Schedule E-10.

FPL's current total residential charge for the first 1,000 kWh of electricity usage for January through December 2021 is \$99.05. If the Company's mid-course correction of its fuel charges is approved, with an effective date of May 1, 2021 (Issue 2) rather than April 1, then the current total residential charge for the first 1,000 kWh of usage for May through December 2021 would be \$103.02, for an increase of 4.01 percent. FPL's tariffs for this scenario are shown on Attachment B to this recommendation.

Bill Impact – Optional Cost Recovery Amounts and Effective Dates

As mentioned in the Case Background section of this recommendation, staff sought various recovery options to present to the Commission both in recovery amounts and recovery durations. With respect to varying the recovery amounts, staff sought to bifurcate the mid-course correction total net true-up of \$302,560,580 into two components: the "final 2020 true-up" of \$72,891,803, and the "estimated 2021 true-up" of \$229,668,778. However, staff notes that if the mid-course correction total net true-up of \$302,560,580 were split into two components, then neither the final 2020 true-up nor the estimated 2021 true-up alone would exceed the 10 percent over- or under-recovery threshold pursuant to Rule 25-6.0424(1)(a), F.A.C. With respect to varying the recovery durations, both the final 2020 true-up and the estimated 2021 true-up were spread over the remaining nine months of the year, or from April 2021 through December 2021, as well as over the remaining eight months of the year, or from May 2021 through December 2021. Under any scenario, the residual over- or under-recovery of fuel revenue will be trued up and carried forward to calendar year 2022.

In Table 1-4 below, staff displays the bill impact to a residential customer using 1,000 kWh of electricity a month and under the optional scenarios discussed above:

Table 1-4
Certain Fuel Factors Relative to Various Cost Recovery Amounts and Effective Dates

Specific Fuel Factors	Effective Date of April 1 st		Effective Date of May 1 st	
	2020 Final True-Up	2021 MCC A/E True-Up	2020 Final True-up	2021 MCC A/E True Up
Cents per kWh				
Levelized Fuel Cost Recovery Factor	2.528¢	2.708¢	2.537¢	2.736¢
RS-1 Inverted Fuel Factor, First 1,000 kWh	2.208¢	2.389¢	2.217¢	2.417¢
Dollars per 1,000 kWh				
RS-1 Inverted Fuel Charge, First 1,000 kWh	\$22.08	\$23.89	\$22.17	\$24.17
Effective Level of Increase at 1,000 kWh	\$0.85	\$2.66	\$0.94	\$2.94

Source: FPL Response to Staff's Third Data Request, No. 1.

For ease of reference, staff notes that the currently-approved residential (RS-1 Inverted) fuel charge for the first 1,000 kWh of electricity usage is \$21.23.¹¹ The proposed as-filed residential fuel charge for the first 1,000 kWh of electricity usage is \$24.73 (Table 1-2), if the effective date was moved to May 1st, as discussed in Issue 2, the charge would be \$25.10 (Table 1-3). If the Commission approves an alternate recovery option, FPL should file revised tariffs to reflect the Commission's vote for administrative approval by staff.

In summary, staff recommends the Company's fuel cost recovery factors should be adjusted to reflect a projected end-of-year 2021 under-recovery of fuel cost in the amount of \$302,560,580. Staff is of the opinion this treatment is appropriate as it fully comports with Rule 25-6.0424, F.A.C. Further, as discussed in Issue 2, staff recommends the appropriate effective date for revised fuel factors is May 1, 2021. The Commission should approve the tariff as shown in Appendix B.

Conclusion

Staff recommends the Commission approve adjustments to FPL's currently-approved fuel factors to incorporate a projected 2021 period ending under-recovery of \$302,560,580.

¹¹Order No. PSC-2020-0439-FOF-EI.

Date: March 19, 2021

Issue 2: If approved by the Commission, what is the appropriate effective date for FPL's revised fuel cost recovery factors?

Recommendation: The effective date should be 30 days from the date of the Commission vote, or May 1, 2021. (Brownless, Draper)

Staff Analysis: FPL has requested that any newly-revised fuel cost recovery factors become effective on April 1, 2021, the date of the Commission vote. The effective date of rates and charges has been addressed by the Florida Supreme Court in *Gulf Power Company v. Cresse (Gulf Power)*, 410 So. 2d 492 (1982). In *Gulf Power*, the Commission voted on November 3, 1980, to increase Gulf's rates exactly eight months after Gulf filed its petition for a rate increase and associated rate schedules. The Commission further directed Gulf to file revised rate schedules to become effective and applicable to bills rendered for meter readings taken on and after November 10, 1980. Gulf filed its revised rate schedules and began to collect the new rates. On February 9, 1981, the Commission on its own motion revised the effective date to December 3, 1980, thirty days after the date of the vote increasing rates.

On appeal, the Court considered two issues related to the effective date of rates: 1) Is the effective date of Commission action when the official vote is taken or when the written order is issued? and 2) Was the Commission correct in ordering the new rates to become effective thirty days after the effective date?¹² The Court agreed with the Commission that "to permit Gulf to bill at the new rates on the day following the suspension period, which in this case was the effective date of the Commission's approval of the rate increase, would result in the billing of energy consumed before the end of the suspension period and before the effective date of Commission action."¹³ The Court further found that the effective date of Commission action is the date that the official vote is taken.¹⁴ The Court also stated that its decision would not prohibit companies from applying new rates to "all the energy consumed after the effective date of rate changes..."¹⁵

The Court based its decision on the regulatory principle that rates can only be increased prospectively, not applied retroactively. The *Gulf Power* decision did not specifically address the issue of the timing or type of notice of a rate increase that must be given. Additionally, the rates being increased in the *Gulf Power* decision were base rates which could only be changed by future Commission action.

Subsequent to the *Gulf Power* decision, the Commission considered Tampa Electric Company's (TECO) request to increase its fuel cost recovery factors by 3.3 percent and imposed a 30-day notice requirement for the factor increase stating that:

We note that TECO's proposed mid-course correction is based on an effective date beginning with the first billing cycle in June 2000, and, thus, falls short of the normal 30-day notice requirement for rate increases. While we recognize that a

¹²*Gulf Power*, 410 So. 2d at 493.

¹³*Id.*

¹⁴*Gulf Power*, 410 So. 2d at 493-4.

¹⁵*Gulf Power*, 410 So. 2d at 494, Footnote 2.

Date: March 19, 2021

delay in implementation of these new factors will lessen the intended mitigatory effect of the mid-course correction, we find that providing customers with the full 30 days' notice in this instance is appropriate. Accordingly, we find that TECO's new fuel cost recovery factors shall be effective beginning with billings on June 15, 2000, 30 days from the date of our vote on this matter. This delay will allow TECO's customers the opportunity to adjust their usage in light of the new factors and should not significantly lessen the mitigatory effect of this mid-course correction.¹⁶

However, in 2001 the Commission voted to approve FPL's proposed factor increase of 7.5 percent at its March 13 Commission Conference with an effective date of April 2 stating:

FPL has requested that its mid-course correction become effective beginning with FPL's cycle 3 billings for April 2001, which falls on April 2, 2001. Although this effective date would not allow a full 30-day notice to customers, we find FPL's proposal reasonable. Due to the magnitude of the under-recovery, we believe it is important that the new factors be implemented as soon as possible to mitigate the monthly billing impact of the mid-course correction. The April 2, 2001 effective date will also ensure that all customers are billed under the new rates for the same amount of time.¹⁷

The Commission also noted that at its February 6, 2001 Commission Conference it had also increased the purchased gas adjustment significantly for eight natural gas utilities effective for all meter readings taken on or after February 6, 2001, the date of the vote.¹⁸ The Commission based its decision in the gas cases on the fact that there was no indication that natural gas prices would experience any meaningful decrease in the next several months and that ratepayers would suffer no harm because any costs disallowed as imprudent in the final hearing would be credited to them through the docket's true-up mechanism.¹⁹

Over the last 20 years in the Fuel Clause docket, the Commission has balanced the requirement that a 30-day notice between the Commission's vote and rate implementation be given against the rate impacts of delaying implementation and harm to ratepayers if less than a 30-day notice is given. During this period, the Commission has not approved either a fuel cost recovery factor rate increase or decrease effective the date of the Commission's vote. However, the Commission has on many occasions approved fuel cost recovery factor rate decreases effective less than 30 days from the date of the Commission's vote with the range of notice being from 25 to 2 days. The rationale for that action being that it was in the customers' best interests to implement the

¹⁶Order No. PSC-00-1081-PCO-EI, issued June 5, 2000, in Docket No. 20000001-EI *In re: Fuel and purchased power cost recovery clause and generating performance incentive factor*.

¹⁷Order No. PSC-01-0963-PCO-EI, issued April 18, 2001, in Docket No. 20010001-EI, *In re: Fuel and purchased power cost recovery clause and generating performance incentive factor*.

¹⁸Order No. PSC-01-0409-PCO-GU, issued February 19, 2001, in Docket No. 20010003-GU, *In re: Purchased gas adjustment (PGA) true-up*.

¹⁹*Id.*

Date: March 19, 2021

lower rate as soon as possible.²⁰ With regard to fuel cost recovery factor rate increases the Commission has imposed the 30-day notice requirement in the majority of cases but has allowed less than 30-days notice with the range of notice being from 29 to 14 days.²¹ In two of these cases, the Commission noted that the utility had given its customers 30 days notice before the date of the vote that a fuel cost recovery factor increase had been requested and provided the proposed effective date of the higher rates.²²

In the current case, FPL has notified its customers of the proposed increase in fuel cost recovery factors effective the date of the Commission's April 1 vote via bill inserts in its March billing which state that FPL "is asking the Florida Public Service Commission to approve a temporary increase in residential and business customer bills due to rising natural gas prices, which was further compounded by extreme cold weather and increased demand throughout the country." The bill insert goes on to state: "If approved, the changes to customer bills will be effective in April and run through December 2021. According to our estimates, your bill is expected to increase by 4.19%." The bill insert also refers customers to FPL's website which lists the April 2021 proposed residential and business rates.²³

If the proposed rate increase is effective April 1, the residential (RS-1 Inverted, first 1,000 kWh) fuel cost recovery factor is 2.473 cents per kWh. If the proposed rate increase is effective May 1, the fuel cost recovery factor is 2.510 cents per kWh, a difference of 0.037 cents per kWh, or 37 cents for 1,000 kWh usage. Given these amounts an effective date of May 1 will not significantly increase the average residential customer's bill. The Commission has historically favored giving customers 30 days notice of any rate increase. This time limit is imposed in order to avoid having

²³DN 02652-2021, Response to Staff's First Data Request No. 6.

Date: March 19, 2021

new rates applied to energy consumed before the effective date of the Commission's action, i.e., the date of the vote. Here the utility is requesting that the effective date of the increase be the same day as the Commission's vote, giving the customers no opportunity at all to modify their consumption. Additionally, the bulk of FPL's estimated under-recovery for 2021 is due to its revised natural gas price projections for the remainder of 2021. While FPL's price projections appear to be reasonable at this time, natural gas prices are subject to market volatility and may decrease from current projections over the course of 2021. Likewise, this understanding may support a decision to reduce the proposed total level of increase, i.e., the election of an optional cost recovery amount discussed in Issue 1.

Based on the previously-discussed facts, staff concludes that there is no compelling reason to deviate from standard noticing practice and the 2000 TECO decision, Order No. PSC-00-1081-PCO-EI, imposing a 30-day effective date is most applicable and should be followed.

Conclusion

Staff recommends that the effective date should be 30 days from the date of the Commission vote, or May 1, 2021.

Issue 3: Should this docket be closed?

Recommendation: No. The 20210001-EI docket is an on-going proceeding and should remain open. (Brownless)

Staff Analysis: The fuel docket is on-going and should remain open.

RE: Docket No. 20200220-EI – Petition for approval of electric vehicle charging pilot program, by Tampa Electric Company.

AGENDA: 04/01/21 – Regular Agenda – Proposed Agency Action - Interested Persons May Participate

COMMISSIONERS ASSIGNED: All Commissioners

PREHEARING OFFICER: Administrative

CRITICAL DATES: None

SPECIAL INSTRUCTIONS: None

Case Background

On September 25, 2020, Tampa Electric Company (TECO or Utility) filed a petition requesting approval of an electric vehicle (EV) charging pilot program (Pilot). Under this Pilot, TECO will purchase, install, own, and maintain approximately 200 EV charging ports (Ports) within its service territory at commercial/industrial customer locations (Site Hosts).

In support of its petition, TECO claims the Pilot will increase customer confidence in the availability of public charging locations, thereby supporting EV adoption. It will also provide the Utility with valuable experience with public EV charging infrastructure development and EV charging load profile data. In addition, TECO stated the objectives of the Pilot are to support utility system planning, ensure grid reliability, develop TECO's competencies to serve the EV

market, meet customer needs in identified key markets, and inform/develop TECO's long term strategy.

The Commission has approved EV pilot programs for four electric utilities over the past twenty-five years.¹ Each of these programs was independently crafted by the applicant utility with its own unique features. Also, Section 339.287, Florida Statutes (F.S.), enacted in last year's legislative session, recognizes the emerging importance of EV Ports and the important role of utilities in this effort.²

The Commission has jurisdiction over this matter pursuant to Sections 366.03, 366.04, 366.05, and 366.06, F.S.

¹Order No. PSC-95-0853-FOF-EG, issued July 17, 1995, in Docket No. 950517-EG, *In re: Petition for Approval of New Experimental Electric Vehicle Tariff by Tampa Electric Company*; Order No. PSC-17-0178-S-EI, issued May 16, 2017, in Docket No. 160170-EI, *In re: Petition for approval of 2016 depreciation and dismantlement studies, approval of proposed depreciation rates and annual dismantlement accruals and Plant Smith Units 1 and 2 regulatory asset amortization, by Gulf Power Company*; Order No. PSC-2017-0451-AS-EU, issued November 20, 2019, in Docket No. 20170183-EI, *In re: Application for limited proceeding to approve 2017 second revised and restated settlement agreement, including certain rate adjustments, by Duke Energy Florida, LLC*; and Order No. PSC-2020-0512-TRF-EI, issued December 21, 2020, in Docket No. 20200170-EI, *In re: Petition for approval of optional electric vehicle public charging pilot tariffs, by Florida Power & Light Company*.

²Section 339.287, F.S., requires the Florida Department of Transportation to coordinate, develop, and recommend a Master Plan for the development of electric vehicle charging station infrastructure along the State Highway System in consultation with the Florida Department of Environmental Protection, the Florida Public Service Commission, and other state agencies.

Discussion of Issues

Issue 1: Should the Commission approve TECO's proposed EV charging pilot program?

Recommendation: Yes. The Commission should approve TECO's proposed EV Pilot effective the date of the Commission's vote. Capital expenditures should be capped at \$2 million for the life of the program, and operation and maintenance (O&M) costs be limited to \$100,000 annually for years two through four of the Pilot. TECO should file annual reports, with the first report due 12 months from the date the final order is issued approving the Pilot. The annual reports should provide comprehensive data for each market segment, including but not limited to the number of charging sessions, time of use, charger utilization by geographic location, costs to EV drivers, installation costs, load profiles, ongoing O&M expense, and Site Host or driver feedback. Staff recommends that the Pilot commence the date of the commission's vote and terminate four years from the date the final order is issued approving the Pilot, unless TECO files a petition to extend, modify, or permanently implement the Pilot through a tariff revision. (Doehling, Mouring)

Staff Analysis: Within TECO's service territory, there are currently 340 non-utility owned Ports. Of these 340 Ports, 63 of them are Direct Current Fast Charging (DCFC) Ports. Non-utility owned Ports take service from TECO at the applicable retail rate. In addition to the non-utility owned Ports, TECO currently owns and operates 45 Ports, one of which is a DCFC Port. These TECO-owned Ports are not for public use and are unrelated to the proposed Pilot.

Overview of Proposed Pilot

Under the proposed Pilot, TECO will purchase, install, own, and maintain approximately 200 EV Ports within its service territory. Four of the Ports will be DCFC and the rest of the Ports will be Level 2.³ A limited number of Level 2 Ports will also be installed at each DCFC location to provide redundancy.⁴

As displayed in Table 1-1, two hundred Level 2 Ports will be deployed at customer locations across five different market segments: (1) workplaces, (2) public/retail, (3) multi-unit dwellings, (4) income qualified,⁵ and (5) government. TECO will partner with the Site Hosts to coordinate installation, operation, and maintenance of the Ports. TECO asserted the four DCFC Port locations will be carefully selected to help ensure 24/7 accessibility, proximity to local travel corridors frequently used by EV drivers, and the opportunity to serve multiple market segments.

³Level 2 Ports operate at 208 or 240 volts (V) alternating current (AC), and DCFC Ports typically require a 208/480 V AC three phase connection.

⁴TECO intends to install two Level 2 Ports at each of the four DCFC locations.

⁵Income qualified communities are defined per Section 288.9913(3), F.S.

Table 1-1
Level 2 Ports by Market Segment

Market Segment	Ports
Workplace	70
Public/Retail	70
Multi-unit Dwelling	20
Income Qualified	20
Government	20

In its petition, TECO stated it will bill the Site Host for electricity consumed by the Ports at the appropriate tariff rate. Site Hosts will then have the option of two different price structures for billing EV drivers. The first option is providing no-cost access to the Ports. The second option is a per kilowatt-hour (kWh) fee equal to TECO's General Service rate. For the second option, Site Hosts may include any network or transaction fees, as well as any applicable taxes. Staff recommends that TECO require Site Hosts to clearly identify all fees that will be incurred by EV drivers using the Ports.

The proposed length of the Pilot is four years, commencing after all Ports are installed. TECO stated it aspires to have all Ports deployed by December 31, 2021. During the third year of the Pilot, TECO committed that it will provide the Commission a final report of all data collected and document the appropriateness to either extend the Pilot, make charging a permanent tariff, or terminate the Pilot. However, staff recommends that the Pilot commence the date of the commission's vote and terminate four years from the date the final order is issued approving the Pilot, unless TECO files a petition to extend, modify, or permanently implement the Pilot through a tariff revision.

In the event the Pilot is terminated, Site Hosts will have the opportunity to acquire all the Ports at their site for \$1. All ongoing costs for the Ports will then become the responsibility of the Site Host. However, if the Site Host does not wish to acquire the Ports or for any other reason no longer wishes to continue participating in the Pilot, TECO asserted it would work with the Site Host, adjacent businesses, property managers, or any other party in an effort to keep the Ports installed. If the Ports still required removal, TECO stated it would work with the Site Host to return the site to its original condition, at no cost to the Site Host.⁶

Pilot Objectives

TECO lists five goals of the Pilot: (1) support utility system planning, (2) ensure grid reliability, (3) develop TECO's competencies to serve the EV market, (4) meet customer needs in identified key markets, and (5) inform/develop TECO's long-term strategy. TECO also stated the Pilot supports state and local initiatives to prepare for an electrified transportation sector, and will provide TECO with a better understanding of EV interaction with the local grid through the collection of Port and utility electric meter data.

TECO asserts that the Pilot will achieve their proposed goal of supporting utility system planning by collecting a variety of data points. The Utility claims these data points, along with any additional data made available based on capabilities of the hardware and software to be installed,

⁶Document No. 02497-2021, filed March 1, 2021, p. 1.

Date: March 19, 2021

will help it better understand impacts from EV charging on the grid. TECO expects to evaluate these impacts at various levels, including at the meter and transformer. TECO stated that modeling actual data collected in a way that reflects increased utilization of charging infrastructure due to widespread EV adoption, will allow the Utility to understand any potential system planning impacts.

TECO expects that EVs will continue to increase in market share for the foreseeable future. For this reason, TECO asserts that it is crucial to understand what impacts at scale EVs will have on the local grid. The compilation of the data expected to be collected through the Pilot will help TECO in grid reliability planning and developing its long-term strategy.

TECO asserts the Pilot will develop its competencies to serve the EV market in three ways. First, TECO's competencies will be developed through its direct involvement in the design, permitting, construction, and maintenance of the Port. Second, the deployment costs, Port data collection, and maintenance logs will provide information on unknown gaps where additional focus is warranted. Last, a first-hand understanding of how EV drivers interact with the local grid will assist with planning for maintaining grid reliability.

The Utility also expects the Pilot will serve to meet customer needs in identified key markets. TECO anticipates that each market segment identified within the Pilot will have unique challenges and opportunities in how the EV market is served. The Utility believes that by deploying Ports within each of the identified market segments, customers will be exposed to opportunities for installing additional charging stations through visibility of the Ports installed, word of mouth, or direct interaction with TECO representatives regarding the Pilot.

As an alternative to the proposed Pilot, TECO considered the use of pre-existing sources of data.⁷ However, TECO believes the greatest benefit to the Utility, and ultimately the customer, is to not only have first-hand knowledge of the complete installation process but also have Utility specific data to support analysis and planning for the local grid. Consequently, the Utility also stated it did not consider contracting a third party to conduct a study for the purpose of achieving the Pilot's stated objectives.⁸

Pilot Costs

The Utility will pay up to \$5,000 per Level 2 Port towards the cost of installation for workplaces, public/retail, and multi-unit dwellings, and the full cost of installation for income qualified sites and government locations. While TECO is only partially covering the installation cost for workplaces, public/retail, and multi-unit dwellings, TECO will still retain ownership of the Ports. Due to the limited number of DCFC Ports, along with the expected variability of DCFC installation costs, TECO expects to cover the full cost for DCFC locations.

The estimated capital cost for the Pilot is \$2 million. The total capital costs broken out by market segment can be seen in Table 1-2, including program management and contingency costs. This equates to an estimated total cost per port of \$7,143 for workplace and public/retail sites, \$7,500

⁷Document No. 13630-2020, filed December 18, 2020, p. 36.

⁸Document No. 13630-2020, filed December 18, 2020, p. 37.

for multi-unit dwelling sites, \$13,750 for each income qualified site and government location, and \$75,000 for each DCFC site.

For the sites where TECO is contributing a maximum of \$5,000, the estimated Utility contribution to installation costs are 70 percent of the total costs. The remaining 30 percent of the total cost was budgeted for program management and contingency costs. However, TECO was unable to provide the estimated Utility contribution to installation costs for the income qualified, government, or DCFC sites.⁹ Assuming TECO budgeted 70 percent of the total cost for installation for these sites as well, this equates to an estimated Utility installation cost per port of \$9,625 for both income qualified and government sites, and \$52,500 for each DCFC site. Since TECO is unable to provide a more accurate estimate of Utility contribution for installation costs at this time, staff recommends that capital expenditures be capped at \$2 million for the life of the program.

**Table 1-2
Estimated Pilot Costs**

Market Segment	Ports	Total Cost	Total Pilot Cost/Port	Estimated Utility Installation Cost	Estimated Utility Installation Cost/Port
Workplace	70	\$500,000	\$7,143	\$350,000	\$5,000
Public/Retail	70	\$500,000	\$7,143	\$350,000	\$5,000
Multi-unit Dwelling	20	\$150,000	\$7,500	\$100,000	\$5,000
Income Qualified	20	\$275,000	\$13,750	\$192,500*	\$9,625
Government	20	\$275,000	\$13,750	\$192,500*	\$9,625
DCFC**	4	\$300,000	\$75,000	\$210,000*	\$52,500

* Installation costs are assumed to be 70 percent of the total costs.

** The cost per port for DCFC sites includes the supplemental Level 2 Ports.

After year one of the Pilot, O&M costs are estimated at \$100,000 annually. TECO estimated O&M costs as 5 percent of the total capital cost. Final costs will be determined through a combination of future vendor request for proposals and required host site evaluations to determine installation requirements. For this reason, staff recommends that O&M costs be limited to \$100,000 annually for years two through four of the Pilot.

Accounting Treatment

TECO has requested that the capital investment, along with administration and operation and maintenance costs associated with the Pilot, be recorded above-the-line, and be approved for recovery through base rates. As stated above, if the Commission terminates the Pilot, Site Hosts will be given the option to purchase the Ports installed at their sites for a nominal fee of \$1. Under this scenario, the losses generated by selling the Ports below the unrecovered net book value would also be recorded above-the-line in Account 421.2 Loss on Disposition of Property. Under this scenario, any resulting net losses would be recovered through base rates from the general body of customers. TECO has stated that it believes this buyout option provides certainty and transparency of future potential costs to prospective Site Hosts which it believes is crucial to encourage participation in the EV Pilot. The Utility has also noted that the proposed buyout

⁹Document No. 13630-2020, filed December 18, 2020, p. 31.

Date: March 19, 2021

option would help to avoid potential removal costs and ensure that the Ports remain available to drivers in furtherance of Section 339.287, F.S. TECO has estimated total program costs, absent any offsetting incremental revenue attributable to the Pilot or consideration of the recovery of any potential losses from the sale of the Ports at the end of the program, would equate to approximately \$0.03 per 1,000 kWh residential bill.

Reporting Requirements

TECO stated it will provide annual reports until the completion of the Pilot. Staff recommends that during the Pilot period, TECO should file annual reports, with the first report due 12 months from the date the final order is issued approving the Pilot. The annual reports should provide comprehensive data for each market segment, including but not limited to the number of charging sessions, time of use, charger utilization by geographic location, costs to EV drivers, installation costs, load profiles, ongoing O&M expense, and Site Host or driver feedback.

Conclusion

Based on the above, staff recommends that the Commission approve TECO's proposed EV Pilot effective the date of the Commission vote. Capital expenditures should be capped at \$2 million for the life of the program, and O&M costs be limited to \$100,000 annually for years two through four of the Pilot. TECO should file annual reports, with the first report due 12 months from the date the final order is issued approving the Pilot. The annual reports should provide comprehensive data for each market segment, including but not limited to the number of charging sessions, time of use, charger utilization by geographic location, costs to EV drivers, installation costs, load profiles, ongoing O&M expense, and Site Host or driver feedback. Staff recommends that the Pilot terminate four years from the date the final order is issued approving the Pilot, unless TECO files a petition to extend, modify, or permanently implement the Pilot through a tariff revision.

Date: March 19, 2021

Issue 2: Should this docket be closed?

Recommendation: Yes. If no person whose substantial interests are affected by the proposed agency action files a protest within 21 days of the issuance of the order, this docket should be closed upon the issuance of a consummating order. (Stiller)

Staff Analysis: At the conclusion of the protest period, if no protest is filed this docket should be closed upon the issuance of a consummating order.

RE: Docket No. 20200214-GU – Joint petition of Florida Public Utilities Company, Florida Public Utilities Company-Indiantown Division, Florida Public Utilities Company-Fort Meade, and the Florida Division of Chesapeake Utilities Corporation for approval of consolidation of tariffs, for modifications to retail choice transportation service programs, and to change the MACC for Florida Public Utilities Company.

AGENDA: 04/01/21 – Regular Agenda – Tariff Filing – Interested Persons May Participate

COMMISSIONERS ASSIGNED: All Commissioners

PREHEARING OFFICER: Administrative

CRITICAL DATES: 05/14/21 (8-Month Effective Date)

SPECIAL INSTRUCTIONS: None

Case Background

On September 14, 2020, Florida Public Utilities Company (FPUC), Florida Public Utilities - Indiantown Division (Indiantown), Florida Public Utilities Company-Fort Meade (Ft. Meade), and the Florida Division of Chesapeake Utilities Corporation (Chesapeake) (jointly, Companies) filed a joint petition requesting approval to consolidate the Companies' four different Commission-approved tariffs to the extent possible, without modification to any of the four utilities' rates and charges. In addition, the Companies have proposed to implement modifications to the terms and conditions under which the Companies provide transportation service to customers and to revise the swing service rider.

Chesapeake is an operating division of Chesapeake Utilities Corporation and FPUC is a corporate subsidiary of Chesapeake Utilities Corporation, which is headquartered in Dover, Delaware. In 2010, FPUC acquired Indiantown Gas Company and in 2013, FPUC acquired the Fort Meade gas system. The Companies are local distribution companies (LDC) subject to the Commission's regulatory jurisdiction pursuant to Chapter 366, Florida Statutes (F.S.).

The Companies provide natural gas service under four separate Commission-approved tariffs. The Companies state that they have taken steps over the past few years to address inconsistencies between the Companies' tariffs, consolidate programs, and allocate costs, where appropriate, across the four utilities. In 2014, the Commission approved consolidation of the Companies' conservation programs.¹ In 2015, the Commission approved a modified cost allocation methodology and revised Purchased Gas Adjustment (PGA) calculation to enable the Companies to have the ability to better balance the costs of individual projects across its entire system, rather than on a system-by-system basis.² In 2016, the Commission approved a modification to the swing service rider to allow the Companies to allocate costs in a more equitable manner across customer classes (2016 Swing Service Order).³ In 2019, the Commission approved modifications to the transportation imbalance tariffs of FPUC and Ft. Meade to allow the Companies to have consistent tariff provisions across their Florida business units.⁴

By Order No. PSC-2020-0472-PCO-GU, issued November 23, 2020, the Commission suspended the proposed tariffs to allow Commission staff sufficient time to review the petition. During the evaluation of the petition, staff issued one data request to the Companies for which responses were filed on December 28, 2020. In response to staff's data request, the Companies filed revised tariff sheet Nos. 6.580 and 7.602 to address input received from pool managers regarding the proposed tariffs' provision on performance penalties.⁵ No comments have been received from customers or pool managers, as of the filing of this recommendation.

Issue 1 addresses the Companies' proposal to consolidate the tariffs and Issue 2 addresses the Companies' proposal to modify the swing service rider. Attachment A to this Recommendation contains the proposed tariff sheets. Attachment B to this Recommendation is a schedule of the tariff sheets with the proposed implementation dates, which the Companies provided to staff. The Commission has jurisdiction over this matter pursuant to Section 366.06, F.S.

¹ Order No. PSC-14-0655-FOF-GU, issued November 6, 2014, in Docket No. 20140004-GU, *In re: Natural gas conservation cost recovery*.

³ Order No. PSC-16-0422-TRF-GU, issued October 3, 2016, in Docket No. 20160085-GU, *In re: Joint petition for approval of swing service rider, by Florida Public Utilities Company, Florida Public Utilities Company-Indiantown Division, Florida Public Utilities Company-Fort Meade, and Florida Division of Chesapeake Utilities Corporation*.

⁴ Order No. PSC-2019-0153-TRF-GU, issued April 24, 2019, in Docket No. 20190036-GU, *In re: Petition for authority for approval of revised transportation imbalance tariffs, by Florida Public Utilities Company; Florida Public Utilities Company-Ft. Meade*.

⁵ Response No. 7 to staff's first data request, Document No. 13762-2020.

Discussion of Issues

Issue 1: Should the Commission approve the Companies' proposal to consolidate and make modifications to the Companies' tariffs?

Recommendation: Yes. The Commission should approve the Companies' proposal to consolidate and make modifications to the Companies' tariffs. The proposed revisions eliminate inconsistencies across the tariffs, without changing customer rates, and would allow the Companies to operate under a consolidated tariff. Attachment A to this Recommendation contains the proposed tariff sheets. Attachment B to this Recommendation provides a schedule of the tariff sheets with the proposed implementation dates, which the Companies provided to staff. Staff requests administrative authority to work with the Companies on the implementation dates of the proposed tariffs and to cancel the corresponding current tariffs. (Hampson)

Staff Analysis: The Companies currently have in place four utility-specific Commission-approved tariffs. The Companies stated that operating under four separate tariffs has presented a variety of administrative and operational challenges for the utilities and their customers. In this petition, the Companies request consolidation of these tariffs into a new Original Volume 1 Tariff that would apply to all four utilities. The Companies stated that the proposed tariff consolidation is the next step in an ongoing effort to reduce and eliminate business inconsistencies across their Florida platform. While the Companies anticipate requesting consolidated rates in a future filing with the Commission, this petition does not propose any changes to customer rates. Staff believes that if the Commission were to approve the Companies' proposal, there would be more consistency and efficiency across the Companies.

Proposed Consolidated Original Volume 1 Tariff

The Companies have proposed to consolidate tariff sections related to the title page, miscellaneous and general information, and the system maps and communities served, which would result in no modifications other than to update addresses and communities served. Regarding the technical terms and abbreviations section, the Companies have proposed to adopt terms from either one of the four existing Companies' tariffs. Staff agrees that the adopted terms represent the most appropriate and accurate descriptions of terms used in the tariffs.

The Companies stated the proposed consolidated rules and regulations section language most effectively conforms to Commission rules while reflecting industry norms. In addition, the Companies have adopted the proposed language from one or more of the current, individual approved tariffs. The Companies argue that the modifications and consolidations proposed will provide more clarity for customers, as well as provide a more streamlined business process and reduce administrative burden. In a few instances, these modifications include a change for one or more of the utilities. These changes are discussed below.

Maximum Allowable Construction Cost

Rule 25-7.054, Florida Administrative Code (F.A.C.), provides utilities' obligations to provide service extensions to connect a new customer to the distribution system at no charge. Pursuant to the rule, the Maximum Allowable Construction Cost (MACC) is the maximum capital investment made by the utility without cost to the customer. Any investment above the MACC must be borne by the customer benefiting from the service extension. The MACC should be

Date: March 19, 2021

equal to four times the estimated annual gas revenue derived from the facilities, less the cost of gas. Pursuant to Rule 25-7.054(3)(c), F.A.C., the rule does not prohibit utilities from adopting extension policies more favorable to customers, i.e. utilities are allowed to establish a MACC period that is greater than four years. Ft. Meade, Indiantown, and Chesapeake currently have a Commission-approved MACC equal to six times the estimated annual gas revenue, while FPUC's MACC remains at four times the estimated annual gas revenue.

In proposed tariff sheet No. 6.150, the Companies requested to adopt a MACC that equals six times the estimated annual gas revenue from the requested extension. The Companies state that by adopting a consistent MACC calculation for all four utilities, FPUC customers would have greater opportunity to receive natural gas service while still adequately protecting the remaining body of ratepayers from uneconomic system expansion. Staff believes that the Companies' proposed revision to the MACC for FPUC is reasonable and consistent with the MACC calculations previously approved by the Commission for Ft. Meade, Indiantown, and Chesapeake.

Area Extension Program

The Area Extension Program (AEP) is a Commission-approved tariff designed to provide the Companies with an optional method to recover the capital investment necessary to extend natural gas service to new customers in a discrete geographic area. The AEP tariff provides for the determination of a monthly charge applicable to all natural gas customers located in the geographic area over an amortization period of up to 10 years. The AEP charge is applied as a fixed dollar amount for FPUC's and Ft. Meade's AEP customers, while for Chesapeake and Indiantown, the AEP charge is applied on a variable per therm basis. The AEP charge is calculated by a formula based on the amount of investment required and the projected gas sales and resulting revenues collected from customers in the AEP area. The AEP tariff specifies the formula to calculate the charge; the AEP charge itself does not require Commission approval. In addition to the AEP charge, AEP customers pay all other tariffed charges.

Proposed tariff sheet Nos. 6.152 through 6.154 incorporate FPUC's and Ft. Meade's fixed AEP charge for the Companies. The Companies stated that no cross-subsidization would occur between businesses, because the surcharge is calculated for each discrete expansion area. Staff believes that the proposed modification creates a uniform methodology, as well as provides more certainty to collect the cost of the capital investment for Chesapeake and Indiantown because a fixed charge is not dependent on customer usage. Currently, there are no AEP charges applicable to Chesapeake or Indiantown customers.

Quality of Gas Specifications

In the proposed tariff sheet No. 6.20, the Companies have presented modifications to certain gas quality specifications. In this petition, the Companies requested to adjust the lower end of the BTU Heat Value range from 967 to 960 and to increase the allowable oxygen content from 0.1 percent to 0.2 percent. Staff agrees that the proposed specifications are a minor modification and are similar to the gas quality specifications of Florida Gas Transmission and Peoples Gas System. Furthermore, similar to other Commission-approved tariffs, the Companies proposed a

Date: March 19, 2021

provision that reserves their right to waive gas quality specifications on a not-unduly discriminatory basis.⁶ In response to staff's first data request No. 3, the Companies stated that the proposed waiver provision was prompted by the interest in introducing incremental gas supplies delivered by renewable gas suppliers.

Force Majeure Provision

In the proposed tariff sheet No. 6.30, the Companies include a modification to their Force Majeure language to combine the existing language between the four current tariffs and to include government-mandated quarantines associated with epidemics as a qualifying event. In response to staff's first data request No. 5, the Companies stated that the current COVID-19 pandemic prompted the proposed Force Majeure provision. Staff agrees that the proposed provision would further clarify the existing Force Majeure language.

Rate Schedules and Billing Adjustments

The Rate schedules are shown on tariff sheet Nos. 7.000 through 7.449 and the billing adjustments are shown on tariff sheet Nos. 7.900 through 7.920. The Companies have not proposed to modify any rates or charges in this filing and the proposed tariff includes separate rate schedules for each of the four utilities to show the rates and charges applicable to each utility. Staff believes that consolidating rate schedules and billing adjustments would provide more uniformity and greater clarity for customers.

Transportation Service Related Tariffs

The Companies stated that as part of their consolidation of tariffs, the Companies are also proposing to establish consistent transportation service programs across the four utilities. Pursuant to Rule 25-7.0335, F.A.C., FPUC and Ft. Meade provide sales and transportation service while Indiantown and Chesapeake provide transportation service only. For FPUC and Ft. Meade, the sales customers are primarily residential and small commercial customers that purchase natural gas from the utility; transportation customers receive natural gas from pool managers, also known as shippers or third-party marketers. In a transportation service environment, the utility only transports the natural gas commodity delivered by the pool manager across its distribution system to the customers' premises. Transportation customers can be in aggregated customer pools or receive individual transportation service (typically available to large commercial customers).

The Commission does not have jurisdiction over pool managers; the Companies typically issue a Request for Proposal to solicit bids from qualified gas marketing companies interested in becoming a pool manager. Selected pool managers must sign a contract with the Companies that defines the terms and conditions under which the pool manager can provide natural gas sales to transportation customers. The Companies state that they began discussions with pool managers regarding their plans to update and consolidate the transportation programs in 2018 and have been in ongoing discussions with the pool managers since then. In response to staff's first data request, No. 7, the Companies stated that pool managers expressed appreciation for the proposed

⁶ Order No. PSC-2020-0485-FOF-GU, issued December 10, 2020, in Docket No. 20200051-GU, *In re: Petition for rate increase by Peoples Gas System*.

Date: March 19, 2021

tariff consolidation, as it would alleviate the administrative burden of operating under four different utility tariffs.⁷

The Companies state that by establishing uniform transportation service rules and processes for each of the utilities it will be able to provide a more uniform transportation service. Additionally, transportation customers and pool managers will operate under the same tariff provisions across the Companies, resulting in a less cumbersome and inefficient administrative process. In many areas, the Companies have incorporated the language from the existing Chesapeake tariffs for use in the consolidated transportation tariffs. The major changes affecting pool managers are discussed below.

Nominations

The Companies proposed to update the nomination process. Specifically, the Companies stated that the current tariff language has not evolved with the industry standards in relation to the timing of nominations. The request for the receipt and delivery of natural gas quantities is referred to as a nomination. Currently, pool managers provide a daily request for the delivery of natural gas, measured in dekatherms, to the interstate pipelines. The interstate pipelines then inform the Companies of all the pool managers' nominations. The Companies propose to require pool managers to submit their nominations to the Companies simultaneously with any submissions made to the interstate pipelines. This updated nomination process would allow the Companies to receive timely information on all daily scheduled natural gas quantities to be delivered to serve transportation customers. Once a nomination is approved by the pipelines, the natural gas is scheduled for delivery to the Companies.

Capacity Release

The Companies have firm capacity rights on the interstate pipelines and release capacity, on a temporary basis, each month on behalf of transportation customers to pool managers. If a pool manager needs more interstate pipeline capacity, the pool manager is responsible to purchase additional capacity on the secondary capacity market in accordance with Federal Energy Regulatory Commission (FERC) rules. The Companies noted that the current capacity release rates are outdated and vary between utility. For Chesapeake and Indiantown, the Companies release 100 percent of capacity and it is allocated to pool managers based on transportation customers' usage in 2002; and the pool managers must acquire any incremental capacity needed. For FPUC, utility capacity is released to pool managers based on transportation customers' seasonal usage. Since the original capacity release rates were designed, the Companies now manage their pipeline capacity portfolio as a whole.

The Companies propose to update their capacity release methodology and release capacity to pool managers in an equitable manner across the four utilities. Specifically, the Companies propose to release monthly capacity based on the transportation customers' same month prior year billed therm quantities. This will give the pool managers interstate pipeline capacity release rate certainty from year to year. Any natural gas consumed by the transportation customers that

⁷ Document No. 13762-2020.

Date: March 19, 2021

is in excess of the natural gas delivered by the pool managers will be addressed by the Companies through the swing service rider, as discussed in Issue 2.

Transportation Service Enrollment Process

The Companies are also seeking approval to modify the enrollment process for the Companies' transportation service programs to be more consistent across the utilities. Currently, the Companies are administering six different manual enrollments processes, adding to customer confusion. The Companies stated that in certain instances, a customer with multiple locations could have up to three different pool managers, as a result of locations being in different utility service areas. Staff believes that modifying the transportation service enrollment process for consistency will provide a more efficient process for the Companies, pool managers, and customers.

Tariff Implementation

If approved by the Commission, the Companies have requested a phased approach to the consolidation and modification of the Companies' tariffs. The Companies stated that the phased approach is needed to allow the Companies time to implement a new, consolidated gas management system and to give pool managers adequate time to implement changes that impact their operations. For the transportation service tariffs, the Companies stated that it will require approximately twelve to eighteen months to implement the changes after Commission approval.

The Companies requested that the non-transportation-related consolidation and modifications be effective 30 days from the date of the Commission vote. For transportation-related tariff provisions such as customer enrollment and pool management, nominations and confirmations, imbalance settlement, and operational tools, the Companies requested the implementation to be no sooner than September 1, 2021. The Companies further requested that the remaining transportation service tariff modifications become effective no sooner than May 1, 2022. The schedule of tariff effective dates is shown in Attachment B to this Recommendation.

Conclusion

After review of the instant petition, proposed tariff sheets, and responses to staff's data request, staff believes that the Commission should approve the Companies' proposal to consolidate and make modifications to the Companies' tariffs. The proposed revisions eliminate inconsistencies across the tariffs, without changing customer rates, and would allow the Companies to operate under a consolidated tariff. Attachment A to this Recommendation contains the proposed tariff sheets. Attachment B to this Recommendation provides a schedule of the tariff sheets with the proposed implementation dates, which the Companies provided to staff. Staff requests administrative authority to work with the Companies on the implementation dates of the proposed tariffs and to cancel the corresponding current tariffs.

Date: March 19, 2021

Issue 2: Should the Commission approve the Companies' proposal to recover the cost associated with providing day-to-day swing service through the swing service rider?

Recommendation: Yes. The Commission should approve the proposal to recover expenses incurred by the Companies to provide day-to-day swing service through the swing service rider. These costs are appropriate to be included in the swing service rider as they benefit transportation customers. (Hampson)

Staff Analysis: The swing service rider is a Commission-approved tariff that allows the Companies to recover intrastate (i.e., pipelines operating within Florida only) capacity costs and LDC interconnection expenses from transportation customers.⁸ The swing service rider is a cents per therm charge that is included in the monthly gas bills of transportation customers.

The proposed modifications to the swing service rider would allow the Companies to also include expenses incurred to provide day-to-day swing service to transportation customers. The pool managers deliver the monthly gas supply for their customer pool at a constant level every day even though customer usage varies. Therefore, the level of gas delivered daily differs from the quantity actually consumed by the customer pool. To offset this daily difference, the Companies vary, or swing, the level of gas and upstream pipeline capacity nominated for delivery to the Companies' system. The Companies typically contract with a natural gas supplier to purchase natural gas, as needed, on a daily basis to meet the excess demand requirements of the transportation customers. Currently, any cost incurred to manage the daily customer swing is included in the Purchased Gas Adjustment, which is paid by the sales customers.

The Companies file annual petitions for revised swing service rider tariffs in September, for tariffs and associated swing service rider rates effective the following calendar year. If approved, the inclusion of these day-to-day swing service costs would be reflected in the swing service rider beginning with the petition to be filed in September 2021.

Conclusion

In 2015, the Commission approved Peoples Gas System's proposal to include the cost to provide day-to-day swing service in the swing service rider.⁹ The Commission should approve the proposal to recover expenses incurred by the Companies to provide day-to-day swing service through the swing service rider. These costs are appropriate to be included in the swing service rider as they benefit transportation customers.

⁸ Order No. PSC-16-0422-TRF-GU, issued October 3, 2016, in Docket No. 20160085-GU, *In re: Joint petition for approval of swing service rider, by Florida Public Utilities Company, Florida Public Utilities Company-Indiantown Division, Florida Public Utilities Company-Fort Meade, and Florida Division of Chesapeake Utilities Corporation.*

⁹ Order Nos. PSC-15-0570-TRF-GU and PSC-15-1570A-TRF-GU, issued December 17, 2015, in Docket No. 20150220-GU, *In re: Petition for approval of tariff modifications related to the swing service charge, by Peoples Gas System.*

Date: March 19, 2021

Issue 3: Should this docket be closed?

Recommendation: Yes. If Issue 1 and Issue 2 are approved and a protest is filed within 21 days of the issuance of the order, the tariffs should remain in effect, with any revenues held subject to refund, pending resolution of the protest. If no timely protest is filed, this docket should be closed upon the issuance of a consummating order. (Osborn, Crawford)

Staff Analysis: If Issue 1 and Issue 2 are approved and a protest is filed within 21 days of the issuance of the order, the tariffs should remain in effect, with any revenues held subject to refund, pending resolution of the protest. If no timely protest is filed, this docket should be closed upon the issuance of a consummating order.

MISCELLANEOUS AND GENERAL INFORMATION

Company Information:

Florida Public Utilities Company - Indiantown Division, Florida Public Utilities Company - Ft. Meade Division, Florida Public Utilities Company ("FPUC"), and Florida Division of Chesapeake Utilities Corporation, ("Central Florida Gas" or "CFG"), ("Company") are principally engaged in the distribution and sale of natural gas. Its operations are entirely within the State of Florida.

The general office of the Company is located at:

Florida Public Utilities Company
208 Wildlight Avenue
Yulee, Florida 32097

Business offices are located at:

450 South Highway 17-92
DeBary, Florida 32713

780 Amelia Island Parkway
Fernandina Beach, FL 32034

2825 Penn Avenue
Marianna, Florida 32448

TECHNICAL TERMS AND ABBREVIATIONS

When used in Rules and Regulations or the rate schedules contained in this volume, the following terms shall have the meanings defined below.

Agent. A contractually authorized Marketer or Designee of Customer under these Rules and Regulations.

Aggregated Transportation Service. Transportation Service provided by Company to those Customers assigned to the applicable Customer Pool wherein the authorized Pool Manager causes Gas to be delivered to Company for transportation to the Customer Accounts.

Aggregated Transportation Service Agreement. An agreement between the Company and the authorized Pool Manager establishing terms and conditions for the management of a TTS or CI Customer Pool.

Alert Day. Any Gas Day where Company notifies, Customer, Pool Manager, or Shipper's Designee of restrictions on the deliveries of Gas within certain specified tolerances.

Alternate Fuel. Any source of energy other than Gas delivered through Company's distribution facilities.

Application for Service. A request for service made to the Company by a prospective Customer. Applications for residential service may be made by telephone or in writing. An application for any other class of service offered by the Company shall be submitted in writing on Company's Natural Gas Service Agreement.

Atmospheric Pressure. Fourteen and seventy-three hundredths (14.73) pounds to the square inch, irrespective of actual elevation or location of the point of measurement above sea level or variations in Atmospheric Pressure from time to time.

British Thermal Unit (Btu). The quantity of heat required to raise the temperature of one pound (avoirdupois) of pure water from 58.5 degrees Fahrenheit to 59.5 degrees Fahrenheit at a constant pressure of 14.73 pounds per square inch absolute.

Business Day. The weekdays Monday through Friday, exclusive of federal banking holidays, unless notified otherwise.

CI Cycle Read Pool. That group of certain Indiantown, Florida Public Utilities, and Florida Public Utilities – Ft. Meade Non-residential Aggregated Transportation Service Customers who have, (i) executed a Letter of Authorization with a Company-approved Pool Manager to utilize Transportation Service through an aggregated Customer Pool and (ii) who have field meters that are "manually" read by the Company on a scheduled monthly cycle, once per month.

Florida Public Utilities Company and Chesapeake Utilities Corporation

Effective:

Florida Public Utilities Company and Florida Division of Chesapeake Utilities
FPSC Tariff
Original Volume No. 1

Original Sheet No. 5.001

TECHNICAL TERMS AND ABBREVIATIONS - CONTINUED

CI Daily Read Pool. That group of certain Central Florida Gas, Indiantown, Florida Public Utilities, and Florida Public Utilities – Ft. Meade Non-residential Aggregated Transportation Service Customers who have (i) executed a Letter of Authorization with a Company-approved Pool Manager to utilize Transportation Service through an aggregated Customer Pool, and (ii) who have RTU and/or MTU measurement that is downloaded daily by the Company.

Company. Florida Division of Chesapeake Utilities Corporation, a Delaware Corporation, d/b/a Central Florida Gas, Florida Public Utilities Company, Florida Public Utilities Company – Ft. Meade Division, and or Florida Public Utilities Company - Indiantown Division acting through its duly authorized officers or employees within the scope of their respective duties.

Company Delivery Point or Company Point of Delivery.

The point at the interconnection between the facilities of Company and a Customer at which the Gas leaves the outlet side of Company's custody transfer point and enters the Customer's installation.

Company Operating Units. The Company's FPUC Indiantown Division, FPUC Ft. Meade Division, FPUC Company operations areas, and CFG Company operations areas inclusive of those counties and communities served and identified individually in Section 4, Maps and Communities Served in this Tariff.

Company Receipt Point. The point at the connection of the facilities of Transportation Service Provider and Company at which the Gas leaves the outlet side of Transportation Service Provider's custody transfer point and enters the Company's facilities.

Company's Regulated Sales Service Pool. The group of Ft. Meade and FPUC Customers who purchase their Gas supply directly from the Company and pays the Company's Purchased Gas Cost Recovery Factor listed in this Tariff.

Cubic Foot of Gas. For purposes of measurement herein shall be determined as follows:

- a. When Gas is metered at the Standard Delivery Pressure, a Cubic Foot of Gas shall be defined as the specific volume of gas which, and pressure existing in the Meter, occupies one (1) cubic foot.
- b. When Gas is metered at other than the Standard Delivery Pressure, a Cubic Foot of Gas shall be defined as the volume of Gas which, at a Flowing Temperature of sixty degrees Fahrenheit (60°F.), and at an absolute pressure of 14.73 pounds per square inch, occupies one cubic foot.
- c. Where measurement is by means of orifice Meters, volumes shall be computed in

TECHNICAL TERMS AND ABBREVIATIONS - CONTINUED

Cubic Foot of Gas continued

accordance with the joint Bureau of Standards, AGA A.S.M.E. specifications published April, 1955 as Gas Measurement Committee Report No. 3 of the American Gas Association as amended or revised from time to time.

Customer. Any person, business, or other legal entity receiving natural gas distribution service, transportation service, or other service specific in this Tariff.

Customer Installation. Customer owned facilities, located on the outlet side of the Company's Delivery Point, constructed to receive gas service from Company.

Customer Pool. The group of Customers who are collectively served by a Company-authorized Pool Manager(s) in accordance with the applicable provisions of the Company's Aggregated Transportation Service program(s).

Curtailment. The suspension of gas service provided by Company to affected Customers, in accordance with the provisions of the Company's end use Curtailment plan, as amended from time to time, on file with the FPSC.

Daily Capacity (release) Quantity (DCQ). The quantity, in Dekatherms, of Transportation Service Provider pipeline capacity to be released to Customer's Pool Manager and Pool Manager is required to acquire for delivery by Pool Manager to the Company on a daily basis.

Daily Delivered Capacity (release) Variance (DDCV). The quantity of capacity, if any, each Pool Manager must deliver that is in addition to the quantity of firm capacity released by the Company to Pool Manager to meet Pool Manager's Customer Pool's aggregated Daily Demand Requirement i.e., the mathematical difference between each Pool Manager's specific Customer Pool's aggregated Daily Demand Requirement and Pool Manager's aggregated Daily Capacity (release) Quantity.

Daily Demand Requirement (DDR). The total demand requirement for any given day of all Customers participating in a Customer Pool. Calculated by the Company on a Monthly basis, the DDR is the average of the Customer's billed quantity divided by the number of Days in the then applicable billing period and divided by ten.

Dekatherm (Dkt). 1,000,000 Btu's or ten (10) Therms.

FAC. Florida Administrative Code.

TECHNICAL TERMS AND ABBREVIATIONS - CONTINUED

FERC. Federal Energy Regulatory Commission.

Flowing Temperature. The arithmetical average of the temperature of the gas flowing through the Meters as recorded by a recording thermometer installed at the point of measurement. Where such installation is not provided, the Flowing Temperature of the gas shall be assumed to be sixty degrees Fahrenheit (60°) F.

FPSC. Florida Public Service Commission.

Gas. Natural Gas or its equivalent conforming to the standards set forth in the “Quality of Gas” section of this Tariff.

Gas Day. A period of twenty-four (24) consecutive hours beginning and ending at 9:00 a.m. Central Clock Time.

Gas Month. A period beginning 9:00 a.m. Central Clock Time on the first Day of a calendar Month and ending at 9:00 a.m. Central Clock Time on the first Day of the succeeding calendar Month.

Gas Service Facilities. The Service Line, Meter, regulator, and all appurtenances thereto necessary to convey Gas from the Company's Main to the Company's Delivery Point.

Letter of Authorization (“LOA”). An agreement executed by Customer and Customer's selected Pool Manager, and submitted to the Company, which i) authorizes Company to assign Customer to its selected Pool Manager's Customer Pool, ii) affirms Customer acceptance of Company's Tariff provisions, and iii) affirms Pool Manager's acceptance of Company's Tariff provisions.

Main. The pipe and appurtenances installed in an area to convey Gas to other Mains or to gas service Facilities.

Maximum Allowable Construction Cost (MACC). The maximum capital cost to be incurred by the Company for an extension of facilities. The MACC shall equal six (6) times the estimated annual revenue less the cost of gas, taxes, and franchise fees.

Maximum Allowable Operating Pressure (MAOP). The maximum pressure, in pounds per square inch gauge (p.s.i.g.), allowed by applicable code, regulation, or product specification, or the operation of any specific portion of Company's distribution system.

Maximum Daily Transportation Quantity (MDTQ). The maximum quantity of Gas that the Company is obligated to transport and make available for delivery to a Customer or Pool Manager under any applicable Transportation Service Agreement for Transportation Service on any one Day.

Meter. Any device or instrument for measuring and indicating or recording the volume of Gas passing through it.

MMBtu. 1,000,000 Btus, deemed equivalent to one Dekatherm (Dkt).

Month. The period between any two (2) regular readings of Company's Meters at approximately thirty (30) Day intervals.

Monthly Imbalance Quantity. The operational imbalance amount for a billing period for an individual Customer or group of Customers in a Customer Pool.

Nomination. A request by a Customer, Pool Manager, or Shipper's Designee to a Transportation Service Provider and Company for receipt and delivery of a physical quantity of Gas pursuant to Transportation Service Providers' and or Company's Tariff.

Operational Flow Order. Any Gas Day where Company notifies Customer, Pool Manager, or Shipper's Designee of conditions that could threaten the safe operation or system integrity of the Transportation Service Provider and / or Company or where Customer's, Pool Manager's, or Shipper's Designee's Gas deliveries are required to be within certain specified hourly or daily Gas flow quantities.

Pool Manager. An entity, authorized in accordance to the provisions of this FPSC-approved Tariff, that provides gas supply, Transportation Service Provider pipeline capacity management and other related services for those Customers receiving service under the Company's Aggregated Transportation Service program(s).

Primary Delivery Point(s). Delivery Point(s) listed in Customer's Transportation Service Agreement, or Pool Manager's Aggregated Transportation Service Agreement.

Primary Receipt Point(s). Point(s) of Receipt listed in Customer's Transportation Agreement or Pool Manager's Aggregated Transportation Service Agreement.

Receipt Point. The point at the interconnection between the facilities of the Transportation Service Provider(s) and upstream system at which the Gas enters the facilities of the Transportation Service Provider(s).

TECHNICAL TERMS AND ABBREVIATIONS - CONTINUED

Relinquishment. The release of firm capacity right(s) pursuant to the Rules and Regulations in this Natural Gas Tariff and FERC rules.

Request for Gas Sales or Transportation Service. Company's Natural Gas Service Agreement which, when properly executed by a prospective Customer, requests Gas Service from the Company.

Retainage. A percentage of Customer's or Customer's Agent's Gas that Company is allowed to retain for Gas shrinkage at no cost to Company.

Service Line. All piping between the Main tap up to and including the first valve or fitting of the Meter or regulator setting.

Shipper. Customer or Pool Manager who has executed a Transportation Service Agreement or an Aggregated Transportation Service Agreement, and who has acquired capacity with a Transportation Service Provider.

Shipper's Designee. A contractually authorized Marketer or Agent of an Individual Transportation Service Customer or CFG Off-system Delivery Point Operator Service Customer under these Rules and Regulations who is appointed by Customer and approved by Company to perform the obligations of an ITS and CFG OS-DPO Customer or Pool Manager on the Company's system such as invoicing and payment, nominations, monthly imbalance resolution or operator order responsibility.

Standard Delivery Pressure. Gas delivered at Standard Delivery Pressure may vary from three (3) inches to fifteen (15) inches of water column. No adjustment will be made for variation from the normal Atmospheric Pressure at the Customer's Meter.

Sub-metering. The practice of installing additional metering equipment beyond the Company installed utility Meter.

Therm. A unit of heating value equivalent to one hundred thousand (100,000) British Thermal Units.

Total Heating Value. The number of British Thermal Units produced by combustion in a recording calorimeter at a constant pressure of the amount of gas which would occupy a volume of one (1) cubic foot at a temperature of sixty degrees Fahrenheit (60°F.) if saturated with water vapor, and under a pressure equal to that of thirty inches (30") of mercury at thirty-two degrees Fahrenheit (32°F.) and under standard gravitational force (acceleration 980.665 centimeters per second) with air of the same temperature and pressure as the gas, when the products of combustion are cooled to the initial temperature of the gas and air, and when

Total Heating Value continued

the water formed by combustion is condensed to the liquid state.

Company will determine a monthly average heating value of natural gas to be effective as of the first Day of each Month. Said monthly average heating value will be in effect on a calendar Month basis. It will reflect the average monthly heating value of the natural gas delivered to Company during the immediately preceding calendar Month.

Transportation Service. The service provided by Company where Customer-owned Gas is received by Company from a Transportation Service Provider at the Company Receipt Point(s), transported through Company's distribution system, and delivered by Company at the Company's Delivery Points to Customer.

Transportation Service Agreement. The fully executed Transportation Service Agreement or Contract Transportation Service Agreement between Company and Customer.

Transportation Service Provider. Any interstate pipeline, intrastate pipeline, or local distribution company that transports Gas to Company's Receipt Point(s).

Transportation Service Provider Delivery Point(s). The point at the connection of the facilities of Transportation Service Provider, at which the gas leaves the outlet side of the measuring equipment of Transportation Service Provider and enters an off-system facility.

Upstream Pipeline Capacity Costs. Expenses incurred by the Company including but not limited to reservation, demand, usage, commodity, fuel, and applicable fuel charges incurred by the Company as a result of Company's contractual arrangements with Transportation Service Provider(s).

Working Day. Shall have the same meaning as Business Day, previously defined herein.

RULES AND REGULATIONS

A. CLASSIFICATION OF CUSTOMERS, POOL MANAGERS, AND SERVICES

1. Classification of Customers:

a. Residential Customers:

Applies to Customers receiving gas service from the Company for use in a single-family dwelling or building, or in an individual flat, apartment or condominium unit in a multiple family dwelling or building or portion thereof occupied as the home, residence or sleeping place of one or more persons. Also applies to Gas used in commonly owned facilities of condominium associations, cooperative apartments, and homeowner associations subject to the following criteria:

- i. 100% of the Gas is used exclusively for the co-owner's benefit.
- ii. None of the Gas is used in any endeavor that sells or rents a commodity or provides a service for a fee or otherwise engages in a commercial or Industrial enterprise.
- iii. Each Customer premise is separately metered and billed.
- iv. A responsible legal entity is established as the Customer to whom the Company can render its bills for said service.

b. Commercial Customers:

Applies to Customers receiving gas service from the Company engaged in selling, warehousing or distributing a commodity, product or service in some business activity or in a profession, or in some other form of economic or social activity (offices, stores, clubs, hotels, etc.)

c. Industrial Customers:

Applies to Customers receiving gas service from the Company engaged in a process which creates a product or changes raw or unfinished materials into another form of product, or which involves the extraction of a raw material from the earth (factories, mills, distilleries, machine shops, wells, refineries, plants, etc.).

d. Natural Gas Vehicle Customers:

Non-Residential Customers receiving gas service through a separate Meter for compression and delivery (through the use of equipment furnished by Customer) into motor vehicle fuel tanks or other transportation containers.

e. Special Purpose Customers:

Customers receive gas service from the Company that do not meet the definition for any of the above Customer Classifications.

Issued by: Jeffry Householder, Chief Executive Officer
Florida Public Utilities Company and Chesapeake Utilities Corporation

Effective:

Florida Public Utilities Company and Florida Division of Chesapeake Utilities
FPSC Tariff
Original Volume No. 1

Original Sheet No. 6.026

RULES AND REGULATIONS - CONTINUED

f. Alternate Fuel Customers:

Applies to any Commercial or Industrial Customer whose annual metered gas volume exceeds 25,000 Therms, and who has the continuing capability to utilize an Alternate Fuel which displaces natural Gas delivered by the Company. Alternate Fuel Customers shall, by a contract in writing, provide from time to time, sufficient evidence of the Alternate Fuel price to warrant an adjustment in the Company's rate for the Rate Schedule under which the Customer receives gas service. In all cases where continuous operation of a Customer's facility is necessary, the Alternate Fuel Customers shall, continuously maintain the capability to utilize a supply of Alternate Fuel of sufficient quantity to allow the Curtailment of Gas service without adversely impacting Customer's operation.

g. Interruptible Customers:

At the sole option of the Company, a Customer, with or without Alternate Fuel capabilities, whose annual metered Gas Volume exceeds 25,000 Therms, and who, by contract in writing, agrees to periodically interrupt their gas service and discontinue operations to the benefit of other distribution system Customers, may be designated an Interruptible Customer. Such Customers may be deemed eligible to receive service under the Company's Contract Transportation Service or Special Contract provisions. The Company's Interruptible rate schedules are closed at this time.

2. Classification of Pool Managers:

a. TTS Pool Manager:

Any Company-approved Pool Manager that is authorized to deliver Gas to Company's Receipt Point(s), which is subsequently delivered by Company at the Company's Delivery Point(s) to Customers participating in Company's TTS Customer Pools under the Aggregated Transportation Service (ATS) program.

b. CI Pool Manager:

Any Company-approved Pool Manager or Shipper Designee that is authorized to deliver Gas to: i) Company's Receipt Point(s), which is subsequently delivered by Company at the Company Delivery Point(s) to Commercial, Industrial, and/or Special Purpose Customers, or ii) a Transportation Service Provider Delivery Point(s) where Company provided the Off-System Delivery Point Operator Service.

3. Classification of Services:

a. Regulated Sales Service – Ft. Meade and FPUC:

Gas sales made by the Company through Company's Purchased Gas Cost Recovery mechanism. This service is required for all Residential Customers located in Ft. Meade and FPUC service areas and is optional for all Non-Residential Customers in Ft. Meade and FPUC service areas. This service is not available to Customers located in Company's Indiantown and CFG service areas.

b. Transportation Service:

Transportation Service required for all Indiantown and CFG Customers and optional for all Ft. Meade and FPUC Non-Residential Customers. Transportation Services will be provided under Company's Individual Transportation Service or Aggregated Transportation Service Program(s), in accordance with the Rules and Regulations set forth in this Tariff.

i. Individual Transportation Service:

1. Individual Transportation Service is available to Customers who are served under Company's CTS and FGS rate schedules, Special Contract Customers, Indiantown Customers who consume greater than 25,000 Therms, on a calendar year basis, and Indiantown Customers receiving service under the Indiantown's Rate Schedule Transportation Service - NGV. Individual Transportation Service Customers are required to execute a Transportation Service Agreement, or the applicable Contract Transportation Service Agreement or Flexible Gas Service Agreement with the Company.

ii. Aggregated Transportation Service:

1. CI Service

Unless otherwise authorized by Company, all Indiantown Non-Residential Customers and CFG Non-Residential Customers shall utilize a Company-approved Pool Manager to arrange for delivery of Customer-owned Gas to Company at the Company's Receipt Point(s). All Ft. Meade and FPUC Non-Residential Customers shall have the option of utilizing a Company-approved Pool Manager to arrange for delivery of Customer-owned Gas to Company at the Company's Receipt Point(s) or purchasing Gas from Company's Regulated Sales Service Pool.

2. TTS Service

Unless otherwise authorized by Company, all Indiantown and CFG Residential Customers shall utilize a Company-approved Pool Manager to arrange for delivery of Customer-owned Gas to Company at the Company's Receipt Point(s).

c. Contract Transportation Service (CTS):

Transportation Service provided to a Customer that has Alternate Fuel or physical or economical bypass capabilities and that:

- i. Meets the minimum annual threshold of 25,000 Therms of required Gas supply;
- ii. Has executed a CTS Affidavit and Contract Transportation Service Agreement which is accepted by the Company; and
- iii. Company may periodically adjust its Tariff rates for gas service to compete with Customers' Alternative Fuel pricing or bypass alternative as provided in the CTS Rider, the Rules and Regulations set forth in this Tariff, and other approved Rule or Regulations of the Company, as applicable. Billing Adjustments and Taxes and Fees, as set forth in Sheet Nos. 7.900-7.922, may also apply.

d. Special Contract Service (SCS):

Transportation Service provided to a Customer, at the sole option of the Company pursuant to Florida Public Service Commission Rule 25-9.034, FAC, where the rates, terms and conditions for service may be different than those set forth in the Company's approved Tariff. All SCS Customers shall enter into a Special Contract Agreement with the Company, which is subject to the approval of the FPSC.

e. Shipper of Last Resort Service (SOLR):

In the event all TTS Pool Managers are terminated, the Company shall perform all TTS Pool Manager functions as defined in this Tariff. The SOLR service will be provided in accordance with the Rules and Regulations set forth in this Tariff, the term and conditions of the TTS Pool Manager Agreement, and other approved rules or regulations of the Company. Billing Adjustments and Taxes and Fees, as set forth on Sheet Nos. 7.900-7.922, may also apply. The Company shall provide this service to Customers until a replacement TTS Pool Manager is selected.

f. Flexible Gas Service (FGS):

This service is available at the Company's option to Customers meeting the applicability standards which include i) the Customer must demonstrate to the Company that Customer has a viable economic energy alternative including verifiable documentation of Customer's energy alternative; and ii) the Company must demonstrate that this new Customer will not cause any additional costs to, or cross-subsidization by, the Company's other rate classes. The Company is under no obligation to grant service under this Tariff.

g. Off System Sales Service (OSSS-1):

Interruptible Natural Gas delivered by Company to any person not connected to Company's distribution system. Customer and Company shall rely on measurement made by the Transportation Service Provider. Unless curtailed, all Nominations to Customer's Transportation Service Provider Pipeline Delivery Point shall be considered to have been made by the Transportation Service Provider. Off-System Sales include i) intrastate and interstate pipeline capacity releases made by the Company, ii) commodity sales made by the Company, and / or iii) delivered sales made by the Company. Fifty percent (50%) of the net revenues shall be retained by Company. The remaining fifty percent (50%) of the net revenues shall be used to reduce Company's costs recovered through the Company's Purchase Gas Cost Recovery Clause.

h. Pool Manager Services:

i. Shipper Administrative and Billing Service (SABS):

Administrative and billing service provided to a Pool Manager under the SABS rate schedule, in accordance with the Rules and Regulations and Agreements set forth in this Tariff. The Company shall provide the following services to Pool Managers under the SABS: i) reading of Customer's Meters, ii) provision of Customer projected monthly usage information, along with Transportation Service Provider capacity quantity to be released to Pool Manager, iii) provision of Customer usage information to Pool Manager each Month, iv) retention of Customer's historical usage information, v) LOA retention and administration, vi) receipt and administration of Pool Manager's Gas rates for Customer billing, vii) calculation and presentation of Pool Manager's gas billing charges on Company's monthly bill or, at Company's sole option, on a separate bill to Customer, viii) collection and application of Customer payments for Pool Manager's Gas billing charges, ix) remittance of Customer payments for Pool Manager's gas billing charges to Pool Manager, net of Pool Manager's billing charges that are bad debt write-

offs and recovery of said bad debts, the SABS Tariff-approved charges and other applicable charges and adjustments, and x) other services as the Company may determine necessary to administer Gas deliveries by Pool Managers to Customers. This service is required for TTS Pool Managers and is not available to CI Pool Managers. Billing Adjustments and Taxes and Fees, as set forth on Sheet Nos. 7.900-7.922, may also apply.

ii. Shipper Administrative Service (SAS):

Administrative service provided to a Pool Manager under the SAS rate schedule, in accordance with the Rules and Regulations set forth in this Tariff. The Company shall provide the following services to Pool Managers under the SAS; i) reading of Customer's Meters, ii) provision of Customer projected monthly usage information, along with Transportation Service Provider capacity quantity to be released to Pool Manager, iii) provision of Customer usage information to Pool Manager each Month, iv) retention of Customer's historical usage information, v) Letter of Authorization retention and administration, and vi) other service as the company may determine necessary to administer Gas deliveries by Pool Managers to Customers. This service is required for CI Pool Manager or Customers that have executed an FGS or Special Contract Agreement, as may be negotiated by Company, and is not available to TTS Pool Manager. Billing Adjustments and Taxes and Fees, as set forth on Sheet Nos. 7.900-7.922, may also apply.

iii. Delivery Point Operator Service (DPO):

Administrative service provided to a Pool Manager by Company, or Company's agent acting as DPO, in accordance with the Rules and Regulations set forth in this Tariff. Company shall provide the following services to Pool Managers receiving DPO service; i) receipt and administration of scheduled Gas quantities for Pool Manager's Customer Pool, ii) compilation of measured Gas quantities for Pool Manager's Customer Pool, iii) resolution of monthly imbalances with Transportation Service Provided (difference between scheduled Gas quantities for all Pool Managers and measured Gas quantities at the Company's Receipt Points), using approved book-out and/or cash-out processes of Transportation Service Provider(s), iv) resolution of monthly imbalances with Pool Manager (difference between scheduled Gas quantities and measured Gas quantities for Pool Manager's Customer Pool), in

B. SERVICE REQUEST

1. Request for Service:

A prospective Customer may request Service by:

- a. Applications for service may be made by telephone or in writing to the Company.
- b. Applicants for space heating only service shall be required by Company to contribute the cost of providing facilities for such service.

2. Commencement of Service:

Completion of an application or the deposit of any sum of money by the prospective Customer shall not require Company to render Service until the expiration of such time as may be reasonably required by Company to determine if such prospective Customer has fully complied with the provisions of Company's applicable Customer Rules and Regulations and as may reasonably be required by Company to install the required facilities to render Service to such prospective Customer.

3. Withholding of Service:

Company may withhold initiation of service requested by any Customer until such Customer has paid all indebtedness for Service to the Company and such Customer has complied with all applicable Rules and Regulations.

4. Connection and Re-Connection Charge:

Company shall bill the Customer an approved Connection or Re-Connection Charge set forth in the "Miscellaneous Service Charges" section of this Tariff, for initiation or restoration of Service. The Company shall bill the Customer an approved Change of Account Charge for reading the Meter at a premise where there is a change of Customer occupancy.

C. DEPOSITS AND SECURITY

Establishment of Credit:

In lieu of a deposit, the Company may allow a prospective Customer to satisfactorily establish credit prior to the commencement of service by one of the following methods:

Residential:

1. Furnish a satisfactory guarantor to secure payment of bills for service requested; such guarantor must be a Customer of the Company with a satisfactory payment record. A guarantor's liability shall be terminated when a Residential Customer, whose payment of bills is secured by the guarantor, meets the requirements of this Tariff's "Refund of Deposits" section below. Guarantors providing security for payment of Residential Customer's bills shall only be liable for bills contracted at the service address contained in the contract of guaranty; or
2. Furnish an irrevocable letter of credit from a bank equal to two (2) Month's average bills; or
3. Furnish a surety bond equal to two (2) Month's average bills; or
4. Pay a cash deposit.

Non-residential:

1. Furnish a satisfactory guarantor to secure payment of bills for the service requested, such a guarantor need not be a Customer of the Company; or
2. Furnish an irrevocable letter of credit from a bank equal to two (2) Months average bills; or
3. Furnish a surety bond equal to two (2) Month's average bills; or
4. Pay a cash deposit.

Deposit Required:

Unless credit is otherwise established in accordance with this "Deposits and Security" section of the Tariff, the Customer shall make a deposit. The amount of the deposit shall be calculated in conformity with the requirements of Section 366.05(1)(c), Florida Statutes as follows:

- a. For an existing account or premise, the total deposit may not exceed two (2) Months of average actual charges, calculated by adding the monthly charges from the 12-Month period immediately before the date any change in the deposit is sought, dividing this total by 12, and multiplying the result by 2. If the account or premise has less than

Original Sheet No. 6.076

RULES AND REGULATIONS - CONTINUED

Deposit Required Continued

12 Months of actual charges the deposit shall be calculated by adding the available monthly charges, dividing this total by the number of Months available, and multiplying the result by 2.

b. For a new service or premise request, the total deposit may not exceed two (2) Months of projected charges, calculated by the twelve (12) Months of projected charges, dividing this total by twelve (12), and multiplying the result by two (2). Once the new Customer has had continuous service for a twelve (12) Month period, the amount of deposit shall be recalculated using actual data. Any difference between the projected and actual amounts must be resolved by the Customer paying any additional amount that may be billed by the utility or the utility returning any overcharge.

c. A Residential Customer may request the amount of the initial deposit be billed and paid in even installments over a period of two (2) Month's for deposit amounts between \$50 and \$150 and three (3) Month's for deposits amounts over \$150, which may be granted at the Company's discretion.

1. Interest on Deposits:

Company shall pay a minimum interest on deposits of two percent (2%) per annum. Two percent (2%) per annum interest will be credited to a Customer's account annually in accordance with the current effective Rules and Regulations of the Commission. Three percent (3%) per annum will be credited annually on deposits of qualifying Residential Customers when the Company elects not to refund such a deposit after twenty-three (23) Months.

The Company shall credit annually three percent (3%) per annum on deposits of Non-Residential Customers qualifying for refund under until the Commission sets a new interest rate applicable to the Company. No Customer shall be entitled to receive interest on his deposit until and unless a Customer relationship and the deposit have been in existence for a continuous period of six Months, then Customer shall be entitled to receive interest from the day of the commencement of the Customer relationship and the placement of deposit. Deposits shall cease to bear interest upon discontinuance of service.

2. Refund of Deposits:

After a Customer has established a satisfactory payment record and has had continuous service for a period of not less than twenty-three (23) Months, at the Company's option, the Company may refund the Residential Customer's deposit and if Company does not refund Residential Customer's deposit, Company shall pay Customer the higher rate of

D. CUSTOMER'S INSTALLATION

1. General:

Customer's Installation shall be constructed, installed, and maintained in accordance with standard practice as determined by local codes and ordinances, these Rules and Regulations, and other applicable governmental requirements.

2. Inspection of Customer's Installation:

Where governmental inspection of a Customer's Installation is required, Company will not supply service to such installation until the necessary inspections have been made and Company has been authorized to provide service.

Company may also inspect Customer's Installation prior to rendering service, and from time to time thereafter, but assumes no responsibility whatsoever as a result of having made such inspection. Company will not render service to any Customer Installation which Company finds to be hazardous, or in noncompliance with any applicable code, ordinance, regulation, or statute.

Company will withhold or discontinue service to Customer's Gas equipment whenever it finds a hazardous condition or a condition that is in violation of a code, ordinance, regulation or statute governing the installation or use of Gas equipment or Customer's Installation, and service will be rendered or restored only when the hazardous condition or noncompliance has been corrected.

3. Changes in Customer's Installation:

A Customer shall notify Company of any change in Customer's requirements for service and receive authorization from Company prior to making any such change so that Company may be in a position to meet Customer's requirements. Customer will be liable for any damage resulting from violation of this rule.

4. Right of Way:

Customer shall make or procure satisfactory conveyance to Company, of all necessary easements and rights-of-way, including right of convenient access to Company's property, for furnishing adequate and continuous service or the retirement of Company's property upon termination of service.

5. Protection of Company's Property:

Customer shall properly protect Company's property on Customer's premises, and shall permit no one but Company's employees or agents, or persons authorized by law, to have access to Company's piping, Meters, or apparatus. In the event of any loss or damage to Company's property caused by or arising out of carelessness or misuse thereof by

Protection of Company's Property Continued

Customer, Customer shall pay to Company the cost of replacing such loss or repairing such damage. This section does not apply to Customer's check Meter if one is so installed.

6. Operation of Company's Facilities:

No Customer or other person shall, unless authorized by Company to do so, operate or change any of Company's Facilities.

7. Access to Premises:

The Company or its duly authorized agents shall have access at all reasonable hours to the premises of the Customer for the purpose of installing, maintaining, inspecting or removing the Company's property, reading Meters and such other purposes as are incident to rendering or terminating gas service to the Customer. In such performance the Company and its Agents shall not be liable for trespass.

8. Indemnity to Company:

The Customer shall indemnify, hold harmless and defend the Company from and against all liability, proceedings suits, cost or expense for loss, damage or injury to persons or property, in any manner directly or indirectly connected with or growing out of the transmission and use of Gas by the Customer at or on the Customer's side of the Company's Delivery Point.

E. SERVICE CONNECTIONS

1. Company reserves the right to designate the locations and specifications for the Main line taps, Service Lines, curb cocks, Meters, regulators, and appurtenances and to determine the amount of space which must be left unobstructed for the installation and maintenance thereof.
2. Applicant may request an alteration of such a designation but, if consented to by Company, the excess cost of such revised designation over and above the cost of the original Company design shall be borne by Applicant.
3. The Service Lines, curb cocks, Meters and regulators or governors will be installed and maintained by Company and shall remain the property of Company.
4. Company reserves the right to postpone to a more favorable season the extension of Mains and connection of Service Lines during seasons of the year when climatic conditions would cause abnormally high construction costs.

F. FACILITY EXTENSIONS

1. Distribution Facilities Extension Policy:

a. Feasibility Assessment:

Prior to any extension of distribution facilities for the purpose of providing service to one or more Customer premises, the Company shall assess the economic feasibility of its capital investments for each proposed extension of facilities. For the purposes of this policy, distribution facilities shall mean: Mains, Service Lines, land rights, City Gate stations, district regulator stations, Meters, regulators, other materials and appurtenances, including the installation of such facilities.

b. Security for Expansion Projects:

Notwithstanding the provisions in Section C - Deposits and Security of this Tariff and application of security under this Section 1.b. is in lieu of the requirements in Section d.ii. below and upon the execution of a CTS or FGS Service Agreement, or Special Contract between the Company and Customer, Customer shall furnish to Company security acceptable to Company to secure the payment to Company of all costs incurred by Company for the design, engineering, permitting, construction, completion, testing, and placing in service of the expansion project which have not been recovered by Company through the distribution or transportation charges payable by Customer.

c. Maximum Allowable Construction Cost: The maximum capital cost to be incurred by the company for an extension of facilities shall be defined as the Maximum Allowable Construction Cost (MACC). The MACC shall equal the estimated annual service revenues to be derived from the distribution facilities multiplied by six (6).

d. Distribution Facilities Extension Options:

i. Free Extensions:

The Company shall extend its distribution facilities to serve prospective Customer premises at no cost where the capital investment for such extension does not exceed the MACC.

ii. Advance in Aid of Construction:

Where the estimated capital investment for an extension of facilities exceeds the MACC, the Company may require that a prospective Customer(s) or other person, such as a real estate developer, governmental entity, or other authority ("Depositor") deposit an Advance in Aid of Construction (Advance). The amount of the Advance required from the Depositor shall equal the difference

RULES AND REGULATIONS - CONTINUED

Advance in Aid of Construction Continued

between the estimated capital investment and the MACC. The Advance made by the Depositor shall be non-interest bearing. The Company may refund a portion, or all, of the Advance to the Depositor in accordance the following provisions:

1. Company at the option of the Depositor shall:
 - a. At the end of the initial year of service refund to the Depositor or his assigns an amount equal to the excess, if any, by which six times that year's actual gas revenues, less actual cost of gas, exceeds the allowable construction cost used to determine the amount of the advance in aid or construction; or
 - b. At the end of the initial four years of service refund to the Depositor, or his assigns, an amount equal to the excess, if any, by which gas revenues less the actual cost of gas for those four years exceeds the allowable construction cost used to determine the amount of the advance in aid of construction.

Refund option shall be determined by Depositor and so stated on the agreement to be executed at the time contribution is received by Company.
2. For each additional Customer taking service at any point on a Main installed as part of a distribution facilities extension within a period of five (5) years from the in-service date of the extension, the Company shall refund to the Depositor an amount by which the MACC of each additional Customer exceeds the capital investment costs of connecting such Customer, provided that an additional Main extension shall not have been necessary to serve such additional Customer.
3. The aggregate refund to any Depositor made through the above provisions shall not exceed the original Advance of such Depositor.

The distribution facilities extension shall at all times be the property of the Company and any unrefunded portion of the Advance at the end of five (5) years shall be credited to the Company's distribution Main plant account.

RULES AND REGULATIONS - CONTINUED

e. Area Extension Program:

i. Initial AEP Charge:

The Initial AEP Surcharge applicable to each Customer shall be expressed as a fixed monthly dollar amount and shall be calculated by rate schedule classification according to the following formulas:

$$\text{Unitized AEP Recovery Amount} = \text{AEP Recovery Amount} / \text{Total estimated number of Therms subject to surcharge}$$

Calculation of fixed dollar surcharge applicable to rate schedule classifications:

$$\text{Initial AEP Surcharge} = \text{Unitized AEP Recovery Amount multiplied by the average Monthly usage by rate schedule}$$

The Company shall determine a reasonable Amortization Period over which the AEP recovery amount shall be collected from each premise. The Amortization Period shall apply individually to each premise and shall not exceed 120 Billing Months. For the purposes of the AEP cost recovery, Billing Month shall mean a month in which Company renders a billing statement to an active Customer account for a premise serviced by AEP facilities. In the event a premise serviced by AEP facilities becomes inactive, the Amortization Period shall be suspended until the premise is reactivated. The AEP Surcharge shall be billed to each Customer premise activating service within the initial five (5) year period following the in-service date of the AEP facilities.

ii. Recalculated AEP Surcharge:

The Recalculated AEP Surcharge applicable to each Customer shall be expressed as a fixed monthly dollar amount and shall be calculated by rate schedule classification according to the following formulas:

$$\text{Unitized Recalculated AEP Recovery Amount} = \text{Recalculated AEP Recovery Amount divided by Total estimated number of therms subject to surcharge}$$

Calculation of Fixed Dollar Surcharge applicable to rate schedule classifications:

$$\text{Recalculated AEP Surcharge} = \text{Unitized Recalculated AEP Recovery Amount multiplied by the Projected Average Monthly Usage by Rate Schedule.}$$

Original Sheet No. 6.153

RULES AND REGULATIONS - CONTINUED

Recalculated AEP Surcharge Continued

The Recalculated AEP Surcharge shall be billed to each Customer premise that received gas service during the initial five (5) year period following the in-service date of the AEP facilities and shall be applicable to any Customer premise initiation service throughout the Amortization Period remaining for the AEP facilities.

For each Customer premise that received gas service during the five (5) year period following the in-service date of the AEP facilities, the Company shall determine the total AEP Recovery Amount collected from the Initial AEP Surcharge during the Billing Months. Such amount shall be compared to the AEP Recovery Amount that would have been recovered for each premise if the Recalculated AEP Surcharge had been in effect over the respective Billing Months for each premise (the "True-up Amount"). A charge or credit for the True-up Amount shall be rendered by the Company to each premise within sixty (60) days of the end of the five (5) year period following the in-service date of an AEP extension of facilities.

iii. Taxes and Adjustments:

The AEP Surcharge shall be deemed revenue from Gas sales and Transportation Services and as such be subject to all applicable taxes and fees assessed by duly authorized governmental authorities.

iv. Other Terms and Conditions:

Should the AEP facilities be extended to provide service to new or additional Customers, these new or additional Customers will be subject to the effective AEP surcharge(s) and should the cost to install said extension(s) be less than the MACC the excess estimated revenue shall be credited to the applicable AEP Recovery Amount.

The terms and conditions set forth herein shall be in addition to the terms and conditions set forth on the applicable rate schedule(s) under which the Customer(s) receive gas service.

f. Service Extensions from Existing Mains:

The Company shall extend service facilities connecting a Customer premise to an existing Main, where the Company's capital investment to install the service does not exceed the MACC. Where the service extension capital investment exceeds the

RULES AND REGULATIONS - CONTINUED

Service Extensions from Existing Mains Continued

MACC, the Customer shall pay to the Company a non-refundable amount equal to the difference between the MACC and the estimated capital cost of the service extension.

g. Temporary Service:

In the case of temporary service for short-term use, Company may require Customer to pay all costs of making the service connection and removing the material after service has been discontinued, or to pay a fixed amount in advance to cover such expense; provided, however, that Customer shall be credited with reasonable salvage realized by Company when service is terminated.

h. Relocation of Distribution Facilities:

When alterations or additions to structures or improvements on premises to which Company provides service necessitate the relocation of Company's distribution facilities, or when such relocation is requested by Customer for any reason, Customer may be required to reimburse Company for all or any part of the costs incurred by Company in the performance of such relocation.

i. Ownership of Property:

The Company shall own, operate, and maintain all service pipes, regulators, vents, Meters, Meter connections, valves, and other apparatus from Company Mains to the outlet side of the Meter and shall have a perpetual right of ingress and egress thereto.

G. METERING

1. Use of Meters and Measuring Equipment:

- a. The Company shall provide, install, and properly maintain at its own expense such Meter or Meters, recording devices and metering equipment necessary to measure the quantity of Gas used by the Customer. Customer will safeguard Company's equipment and facilities located on Customer's property and will not permit unauthorized persons to operate or alter such Company-owned or controlled equipment or facilities in any manner.
- b. The Customer, upon thirty (30) days-notice to Company, may install, maintain and operate at Customer's expense such check measuring equipment on Customer's Installation as desired provided that such equipment shall be so installed as not to interfere with the safe and efficient operation of Company's equipment. No Gas shall be Sub-metered or further distributed by Customer for purpose of resale unless approved by Company or the FPSC.
- c. Company may furnish and install such regulating and/or flow control equipment and devices as it deems to be in the best interest of the Customer served, or in the best interest and/or function of the Company's distribution system in general.
- d. Only duly authorized agents of the Company or persons authorized by law shall set or remove, turn on or turn off, or in any way handle Company's Meters. Only Company's duly authorized agents shall make connections to the Company's system. Unauthorized connections to, or tampering with, the Company's Meter or metering equipment, or indications or evidence thereof, subjects the Customer to immediate discontinuance of service, prosecution under the laws of the State of Florida, adjustment of prior bills for service furnished, and reimbursement of the Company for all expenses incurred on Customer's account.

2. Location of Meters:

- a. The Customer shall furnish a convenient, accessible, and safe place in which the Meter and/or other such facilities can be installed, operated, and maintained without charge to Company. This location insofar as practical shall be outside the building and free of
- b. excessive temperature variations or potential causes of damage that might affect Meter operation or accuracy.
- c. If changes in conditions on the Customer's premises adversely affect the convenience, accessibility or safety of the Meter location, the Customer shall be responsible for the

Location of Meters Continued

cost of relocating the Meter, its appurtenances, and related piping to a location meeting the above requirements.

3. Meter Accuracy at Installation:

- a. A gas Meter shall be within plus or minus one percent (1%) of accuracy to be installed for Customer use.
- b. Each Meter removed from service when opened for repairs shall be adjusted to be not more than 1 percent (1%) fast or 1 percent (1%) slow before being reset. If not opened for repairs, the Meter may be reset without adjustment if found to be not more than 1 percent (1%) fast or not more than 1 percent (1%) slow provided the Meter is otherwise in good condition.
- c. No Meter may be installed unless it has been tested within the previous 12 Months and found to be within the accuracy limits established herein.

4. Periodic Meter Tests:

- a. Meters installed will be tested periodically at reasonable intervals and in accordance with Commission Rule 25-7.064 FAC.

5. Meter Test by Request:

- a. Upon written request of a Customer, Company shall, without charge, make a test of the accuracy of the Meter in use at Customer's premise, provide, first that the Meter has not been tested by Company or by the FPSC within twelve (12) Months previous to such request.
- b. Should any Customer request a Meter test more frequently than provided above, Company shall require a deposit to defray the cost of testing in accordance with FPSC Rule 25-7.065 FAC.
- c. If the Meter is found to be more than two percent (2%) fast, the deposit shall be refunded, but if below this accuracy limit, the deposit shall be retained by the Company as a service charge for conducting the test.

6. Meter Test – Referee:

- a. In the event of a dispute, upon written application to the FPSC by any Customer, a test of the Company's Meter at Customer's premise shall be made or supervised as soon as practicable by a representative of the FPSC.

H. MEASUREMENT

1. Determination of Volume:
 - a. The volume and Total Heating Value of the Gas shall be determined as follows:
2. Base Conditions:
 - a. A standard cubic foot for measurement purposed shall be the volume of such cubic foot at the temperature of 60 degrees Fahrenheit and an absolute pressure of 14.73 p.s.i.a.
 - b. The Average Atmospheric Pressure shall be assumed to be fourteen and seventy-three hundredths pounds per square inch absolute (14.73 p.s.i.a.) irrespective of actual elevation or location of the point of measurement or of variations in such Atmospheric Pressure from time to time.
3. Unit of Volume:
 - a. Subject to the Technical Terms and Abbreviations of this Tariff, the Standard Delivery Pressure shall be 14.98 p.s.i.a. and the Standard Delivery Temperature shall be 60 degrees Fahrenheit.
 - b. For purposes of billing computations, a Cubic Foot of Gas shall be that quantity which, at a pressure of 14.98 p.s.i.a. and a temperature of 60 degrees Fahrenheit, occupies one cubic foot.
 - c. When deliveries are made at flowing pressures in excess of the Standard Delivery Pressure, metered volumes shall be corrected for such variation through utilization of recorded flowing pressure data, correction devices which are an integral part of the Meter installation, or by correction factors for fixed pressure deliveries.
 - d. With respect to Gas delivered at High Pressure, flowing Gas temperature shall be assumed to average 60 degrees Fahrenheit for all measurement, unless Customer and Company agree otherwise. When an assumed Flowing Temperature of 60 degrees Fahrenheit is not used, the temperature shall be determined as the arithmetic average of Flowing Temperatures as recorded by a temperature recorder, if such a recorder is utilized, or through the use of correcting indices or temperature compensating meters, where recording or compensating devices are not installed, the temperature of the Gas shall be assumed to be the climatological 30-year average monthly temperature as established by the nearest National Oceanic and Atmospheric Administration Weather Bureau, and published by the Department of Commerce.

FPSC Tariff
Original Volume No. 1

Original Sheet No. 6.201

RULES AND REGULATIONS - CONTINUED

Unit of Volume Continued

- e. Unless determined to be otherwise by a gravity balance, the specific gravity of the flowing Gas shall be assumed to be 0.6.
 - f. When sales or transportation volumes are metered at pressures of 10 p.s.i.g. (pounds per square inch gauge) and over, and where such volumes are also corrected for Flowing Temperatures other than assumed 60 degrees Fahrenheit, such volumes shall be corrected for deviations from Boyle's Law by use of the appropriate super compressibility factor.
4. Billing Unit:
- a. The sales and transportation unit of Gas shall be the Therm, being 100,000 Btu's. The number of Therms billed to Customer shall be determined by multiplying the number of Cubic Feet of Gas delivered at 14.98 p.s.i.a. and 60 degrees Fahrenheit, by the Total Heating Value of such Gas and dividing the product by 100,000.
 - b. The Total Heating value of the Gas delivered to Customer shall be determined as that reported periodically by Transportation Service Provider, provided such value is applicable to the Gas delivered to Customer, or such value shall be determined by Company by use of a calorimeter or other instrument suitable for heating value determination. The Total Heating Value shall be corrected to and expressed as that contained in the Unit of Volume addressed on Sheet. No. 30.
5. Pressure:
- a. Where delivery pressure higher than Standard Delivery Pressure is supplied, Company will make reasonable efforts to maintain such higher-delivery pressure. Company does not undertake to deliver Gas at a pressure higher than the Standard Delivery Pressure throughout its service areas. Prospective Industrial and large Commercial Customers who desire to utilize Gas at pressures higher than the Standard Delivery Pressure should inquire of Company to determine the pressure that Company can make available at any given location in its service territory before obtaining any equipment requiring pressures higher than the Standard Delivery Pressure.
6. Quality of Gas:
- a. All Gas which Customer, Pool Manager, or Shipper's Designee cause to be received by Company at Company's Receipt Point(s) for transportation and delivery by Company shall conform to the quality and heating value specifications set forth herein. In addition to any other remedies available to Company, Company shall have the right to refuse to accept at Transportation Service Provider's Delivery Point(s) any Gas which fails to conform to such quality and heating value specifications.

RULES AND REGULATIONS - CONTINUED

Quality of Gas Continued

- b. Gas delivered to the Company's system from an interconnected pipeline shall be in conformance with the quality specifications as provided for in the Terms and Conditions in the Tariff of that pipeline interconnected to the Company's distribution system.
- c. Any gas entering the Company's system at a Company Receipt Point that is not an interconnected pipeline with gas quality specifications set forth in its Tariff, shall be in conformance with the quality specification listed below:

Containment/Property	Unit	Value
Heating Value	BTU/SCF	960-1100
Wobbe Number	BTU/SCF	1250-1400
Carbon Dioxide	CO2 % vol	<2
Oxygen	O2 % vol	<0.2
Nitrogen	N2 % vol	<3
Total inerts	% vol	<4
Hydrogen Sulfide	PPM	<4
Siloxanes	PPM	<1
Total Sulfur	PPM	<78.5
Water	Lbs/MMCF	<7

Gas received at injection receipt points shall be commercially free from hazardous waste, solid or liquid matter, dust, gums, and gum-forming constituents microbiological organisms, or any other substance which might interfere with the merchantability of the gas, or cause injury to or interfere with proper operation of the lines, meters, regulators. The Company reserves the right to waive the quality specifications listed above on a not-unduly discriminatory basis.

I. ASSIGNMENT OF RATE SCHEDULES

Customers:

1. Initial Rate Schedule Assignment:

At the time of Meter activation, Company shall estimate the annual usage of Customer (based upon the connected gas consuming appliances or equipment) and shall assign Customer to the applicable rate schedule. Company shall not be required to make any refunds to Customers if actual annual usage is below the minimum usage level of the rate schedule assigned.

2. Rate Schedule Review

Service under any rate schedule is subject to review by the Company or any time at the Customer's request. If reviewed, the Company will determine the annual usage of each Premise at calendar year end and shall assign each Premise under review to the rate schedule that corresponds to the Premise's respective annual Therm usage. Premises with less than twelve months of billing history will not be re-classified into a different rate schedule. Such rate schedule assignments shall be effective with the first billing cycle in April and not more than one change in rates shall be made within any twelve-month period. The Company shall not be required to make any refunds to Customers if actual annual usage is below the minimum usage level of the rate schedule assigned.

Pool Manager / Shipper / Off System Customers:

1. SABS Rate Schedule:

Upon initiation of service, all TTS Pool Managers shall be assigned to the SABS rate schedule.

2. SAS Rate Schedule:

Upon initiation of service, all CI Pool Managers shall be assigned to the SAS rate schedule

3. OS-DPO Rate Schedule – CFG:

Upon initiation of service, any TTS Pool Manager or CI Pool Manager who has executed an Off-System Delivery Point Operator Agreement with Company shall be assigned to the OS-DPO rate schedule.

J. BILLING AND COLLECTING

1. Billing:

a. Billing Periods:

Each Customer's Meter will be read at regular intervals and bills will be rendered on a monthly basis. Bills will be rendered as soon as practical after determination of their amount and shall be due and payable at the office of Company within twenty (20) days from the date of mailing or delivery by the Company.

When AMR is provided by the Company, the actual date of the AMR reading used for billing purposes for each Customer shall be determined by Company and shall be at monthly intervals, advanced or postponed by no more than five (5) days from the actual read date of the prior calendar Month, and bills for service will be rendered regularly on a monthly basis. Bills will be rendered as soon as practical after determination of their amount and shall be due and payable at the office of the Company in accordance with the Commission Rules and Regulations, and the requirements of this Section.

b. Partial Month:

Upon commencement of service less than fifteen (15) days prior to a regular monthly read date and when the service continues thereafter to the same Customer at the same address where the Customer is receiving service on monthly rate schedules, no bill will be rendered for service covering such period, but the charge for such period will be included in the bill rendered for the next succeeding monthly billing period.

c. Non-Receipt of Bills:

Non-receipt of bills by Customer shall not release or diminish obligation of Customer with respect to payment thereof.

d. Calculation of Bill:

- i. A Meter or Meters at each Company Delivery Point will measure Customer consumption and the Company shall apply appropriate conversion factors (including Btu factor) to determine Customer's usage and the Monthly Rates set forth in the applicable rate schedule shall be applied to determine the amount of Company's bill for service. Each bill regardless of type shall be subject to the applicable taxes and Billing Adjustments identified in this Tariff.

Issued by: Jeffry Householder, Chief Executive Officer
Florida Public Utilities Company and Chesapeake Utilities Corporation

Effective:

Florida Public Utilities Company and Florida Division of Chesapeake Utilities
FPSC Tariff
Original Volume No. 1

Original Sheet No. 6.251

RULES AND REGULATIONS - CONTINUED

Calculation of Bill Continued

- ii. If a Customer transports under more than one rate schedule, the service rendered under each rate schedule shall be separately metered and separate bills shall be calculated. If a Customer transports under a particular rate schedule but receives delivery thereof at more than a single Company Delivery Point, the Company shall consider such deliveries as separate service and will calculate separate bills.
- e. Billing of Pool Manager's Charges:
The Company shall include TTS Pool Manager's charges, separately identified, on its monthly bill to individual Customers. The Company may, at its sole option, include Pool Manager's charges for other services on Company's monthly bill to Customers.
- f. Back Billing:
The Company may back bill Customer for any period of up to twelve (12) Months for any undercharge in billing which is the result of the Company's error. In such instance, the Company shall allow the Customer to pay over the same time period as the time period during which the underbilling occurred or some other mutually agreeable time period.
- g. Delinquent Bills:
Bills are due when rendered and are delinquent in accordance with the rules established by Commission Rule 25-7.090.
- h. Estimated Bills:
When there is good reason for doing so, the Company may estimate the Meter reading for billing purposes. In such circumstances, the word "Estimated" shall prominently appear on the bill.
- i. Adjustment of Bills for Meter Error:
 - i. Fast Meters:
Whenever a Meter is found to have an average error of more than two percent (2%) fast, the Company shall refund to the Customer the amount billed in error for one-half the period since the last test, said one-half period not to exceed twelve (12) Months except that if it can be shown that the error was due to some cause, the date of which can be fixed, the overcharge shall be computed back to, but not beyond, such date, based upon available records. If the Meter has not been tested in accordance with Rule 25-7.064 F.A.C., the period for which it has been in service beyond the regular test period shall be

Original Sheet No. 6.252

RULES AND REGULATIONS - CONTINUED

Fast Meters Continued

added to the twelve (12) Months in computing the refund. The refund shall not include any part of any minimum charge.

ii. Slow Meters:

Except as provided by this sub-section, the Company may back bill in the event that a Meter is found to be slow, non-registering or partially registering. The Company may not back bill for any period greater than twelve (12) Months from the date it removes the Meter of a Customer, which Meter is later found by the Company to be slow, non-registering or partially registering. If it can be ascertained that the Meter was slow, non-registering or partially registering for less than twelve (12) Months prior to removal, then the Company may back bill only for the lesser period of time. In any event, the Customer may extend the payments of the back bill over the same amount of time for which the Company issued the back bill. Nothing in this sub-section shall be construed to limit the application of Subsection vi. below.

iii. Whenever a Meter tested is found to have an average error of more than two percent (2%) slow, the Company may bill the Customer an amount equal to the unbilled error in accordance with this Subsection. If the Company has required a deposit as permitted under Rule 25-7.065(2) F.A.C., the Customer may be billed only for that portion of the unbilled error that is in excess of the deposit retained by the Company.

iv. In the event of a non-registering or a partially registering Meter, unless the provisions of Subsection v. below apply, a Customer may be billed on an estimate based on previous bills for similar usage.

v. It shall be understood that when a Meter is found to be in error in excess of the prescribed limits of two percent (2%) fast or slow, the figure to be used for calculating the amount of refund or charge in Subsection i or ii above shall be that percentage of error as determined by the test.

vi. In the event of unauthorized use, the Customer may be billed on a reasonable estimate of the gas consumed.

vii. In the event of a Meter error, Company shall provide the corrected Meter readings for the applicable period defined above to the Customer, Shipper's Designee, or authorized Pool Manager to facilitate correction of the gas purchase bills provided to the Customer by their supplier.

Original Sheet No. 6.253

RULES AND REGULATIONS - CONTINUED

2. Budget Billing Program (Optional):

- a. Residential Customers may elect to make budgeted monthly payments of amounts due the Company to help stabilize monthly payments. To qualify for the Budget Billing Program, a Customer must be a year-round Customer with twelve (12) Months of consecutive bills and have no past due balance owing when the Customer elects to participate in the Program. The Company will implement Customer's participation in the program on the first day of the Month following the application by Customer.
- b. If a Customer requests to make budgeted monthly payments, the initial budgeted monthly payment amount is based on an average of the previous twelve (12) Months bills due the Company, including all applicable fees and taxes (excluding service charges and additional fees). The Company reserves the right to estimate increases or decreases over historical amounts in rate components (including taxes) to the account, and then apply a factor based upon the above and true-up any variances.

After the Customer's budgeted monthly payment amount has been initially established, the Company may recalculate the budgeted monthly payment from time to time. If the recalculated budgeted monthly payment varies by 10% or more from the budgeted monthly payment amount then in effect, the Company may begin charging the recalculated amount on Customer's next successive bill.

- c. Any current and budget balance will be shown on the Customer's bill. The Customer's budgeted monthly payment will be recalculated on each anniversary of the Customer's initial participation in the program. On such recalculation, any credit and debit deferred balance will be recalculated in the following year's budgeted monthly payment calculation.
- d. An electing Customer's participation in the budgeted payment plan will be continuous unless the Customer requests that participation in the plan be terminated or that gas service be terminated, or the Customer is delinquent in paying the budgeted payment amount and becomes subject to the collection action on the service account. At that time, the Customer's participation in the program will be terminated and the Customer shall settle their account with the Company in full. If a Customer requests to terminate participation in the program, but remains a Customer of the Company, the Customer shall pay any deferred debit balance with their next regular monthly bill, and any deferred credit balance shall be used to reduce the amount due for the next regular monthly bill. An electing

Budget Billing Program (Optional) Continued

Customer may request that participation be terminated at any time, but once terminated by Customer request or due to collection action, will be limited to a six (6) Month waiting a six (6) Month waiting period before Customer may rejoin the Budget Billing program.

3. Payments:

a. Payment Methods:

Customers may elect to pay their bill by cash, check, money order, credit card, debit card, on-line via Company's website, or through Company's direct bank debit program no later than twenty (20) Days from the date of mailing by Company.

- i. Customers electing to pay their bill by telephone shall be required to furnish a valid credit card number to Company for processing.
- ii. Customers electing to participate in Company's direct bank debit program shall execute the Electronic Funds Transfer Form (see Sheet No. 8.108) with Company and agree to the terms and conditions contained thereon.

b. Application of Payments:

Customer payments received by the Company shall be applied to the billed charges as follows:

- i. Aging of Accounts Receivable:
Oldest outstanding billed charges until fully satisfied, following the payment application methodology specified below.
- ii. Proceeding to the next oldest outstanding billed charge until either the entire payment has been applied or until the entire amount owed has been satisfied, following the payment application methodology specified below.

c. Payment Application Methodology:

- i. Separately stated taxes and fees, until fully satisfied; then,
- ii. Pool Manager's charges for the sale of Gas, if any, until fully satisfied; then,
- iii. Company's regulated charges, until fully satisfied; then,

K. OBLIGATIONS OF COMPANY AND CUSTOMER

Obligations of Company:

1. Operation of Company's System:
Company shall use reasonable diligence in operating its system in order to insure a uniform and adequate delivery of Gas to meet Customers' requirements. Company is responsible for the sale of natural gas and transportation of Customer-owned Gas, as applicable, but is not responsible for providing Gas, except in the circumstances when the Company is providing SOLR Service to Customers.
2. Company's Obligation to Provide Transportation Service to Customers:
Notwithstanding all other applicable provisions of this Tariff and any Special Contract provisions to the contrary, Company shall be obligated to provide service to Customers if Customers' designated Pool Manager meets the delivery obligations as defined in Section W12. In the event Customers' designated Pool Manager fails to meet said delivery obligations, the Company shall have no obligation to provide service to said transportation Customers.
3. Temporary Interruptions:
Company may temporarily shut off the Meter to the Customer's premises after reasonable notice for the purpose of making necessary repairs or adjustments to Company's distribution facilities, and will endeavor to make such interruptions, if required, at a time, where possible, which will cause the least inconvenience to the Customer.
4. Curtailments:
Service may be curtailed or fully interrupted without notice in case of emergency at the sole discretion of Company in accordance with the provisions of the Curtailment plan, on file with the Commission. Company assumes no liability for any loss or damage that may be sustained by Customer by reason of any Curtailment or interruption of service rendered hereunder.
5. Information to Customers:
A copy of Company's approved Tariff is available for inspection on the Company's website.

Florida Public Utilities Company and Chesapeake Utilities Corporation

Effective:

Florida Public Utilities Company and Florida Division of Chesapeake Utilities
FPSC Tariff
Original Volume No. 1

Original Sheet No. 6.276

RULES AND REGULATIONS - CONTINUED

Obligations of Customers:

1. Access to Customer's Premises:
Customer shall be obligated to allow Company or its duly authorized agents to enter Customer's premises at all reasonable hours for obtaining Meter readings, for shutting off the flow of Gas when necessary or due to any Customer delinquency or infraction, for inspecting, removing, repairing, or protecting from abuse or fraud any of the property of Company installed on the premises or for all other reasons set forth in other sections of these Rules and Regulations. Access shall be granted at all times for emergency purposes. Any refusal on the part of Customer to permit Company access to premises will be cause for discontinuance of service without liability to the Company.
2. Right of Way:
The Customer shall grant or cause to be granted to Company, without cost to Company, all rights, easements, permits and/or privileges that in Company's opinion are necessary for the rendering of service.
3. Protection of Company's Property:
All property of Company installed in or upon Customer's premises in supplying service is placed there under Customer's protection. All reasonable care shall be exercised to prevent loss of, or damage to, such property and, ordinary wear and tear excepted, Customer will be held liable for any such loss of property, and/or damage thereto and shall pay to Company the cost of necessary repairs or replacements.
4. Interfering or Tampering with Company's Property:
Customer will be held responsible for broken seals, tampering or any interference with Company's Meter or Meters, or other equipment of Company installed on Customer's premises. No one except employees or authorized agents of Company will be allowed to make any repairs or adjustments to any Meter or other piece of apparatus belonging to Company except in cases of emergency.
5. Non-Residential Customer Request to Increase Usage:
Non-Residential Customer at an existing premise shall notify Company of Non-Residential Customer's intent to increase its current annual usage by at least 25% at said premise at least sixty (60) days prior to the expected increase in usage. Company shall respond to Non-Residential Customer's request within thirty (30) days of receipt, indicating Company's acceptance or denial of Non-Residential Customer's request and any limitations of service.

L. FORCE MAJEURE

1. In the event either Company, Customer, Customer's Agent or Pool Manager is unable wholly or in part by Force Majeure to carry out its obligations under this Tariff, or under a Special Contract, other than to make payments due thereunder, it is agreed that on such party giving notice and full particulars of such Force Majeure to the other party as soon as possible after the occurrence of the cause relied on, then the obligations of the party giving such notice, so far as they are affected by such Force Majeure, shall be suspended during the continuance of any inability so caused but for no longer period, and such cause shall as far as possible be remedied with all reasonable dispatch.
2. The term "Force Majeure", as employed herein, shall mean acts of God, strikes, lockouts, or other Industrial disturbances, acts of the public enemy, wars, blockades, insurrections, riots, epidemics, including any government-mandated quarantines associated herewith, landslides, lightning, earthquakes, fires, storms, hurricanes or evacuation orders due to hurricanes, floods, washouts, arrests and restraints of government and people, civil disturbances, explosions, breakage or accidents to machinery or lines of pipe, the necessity for making repairs or alterations to machinery or lines of pipe, freezing of well or lines of pipe, partial or entire failure of source of supply, and any other cause, whether of the kind herein enumerated or otherwise, not within the control of the party claiming suspension and which by the exercise of due diligence such party is unable to prevent or overcome; such term shall likewise include (a) in those instances where either party is required to obtain servitudes, rights of way grants, permits, or licenses to enable such party to fulfill its obligations hereunder, the inability of such party to acquire, or the delays on the part of such party in acquiring, at reasonable cost and after the exercise of reasonable diligence, such servitude, right of way grants, permits, or licenses; and (b) in those instances where either party is required to furnish materials and supplies for the purpose of constructing or maintaining facilities or is required to secure grants or permissions from any governmental agency to enable such party to acquire, or the delays on the part of such party in acquiring, at reasonable cost and after the exercise of reasonable diligence, such materials and supplies, permits and permissions.
3. It is understood and agreed that the settlement of strikes or lockouts shall be entirely within the discretion of the party having the difficulty, and that the above requirement that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes or lockouts by acceding to the demands of an opposing party when such course is inadvisable in the discretion of the party having the difficulty.

M. DISCONTINUANCE OF SERVICE

The Company reserves the right, but assumes no liability for failure to do so, to discontinue service to any Customer for cause as follows:

Without Notice:

1. For Customer's non-compliance with or violation of any State or municipal law or regulation governing gas service.
2. For Customer's failure or refusal of the Customer to correct any deficiencies or defects in Customer's piping or appliances which are reported to Customer by Company.
3. For Customer's failure or refusal to provide adequate space for the Meter and service equipment of Company.
4. In the event of a condition known to Company to be hazardous.
5. In the event of Customer's tampering with regulators, valves, Meters, or other facilities furnished and owned by Company.
6. In the event of Customer's unauthorized or fraudulent use of service. Whenever service is discontinued for fraudulent use of service, Company, before restoring service, may require the Customer to make at Customer's expense all changes in piping or equipment necessary to eliminate illegal use and to pay an amount reasonably estimated as the deficiency in revenue resulting from such fraudulent use.
7. Upon request by Customer, subject to any existing agreement between Customer and Company as to unexpired term of service.

With Notice:

After five (5) Working Days' (any day on which the Company's business office is open and the U.S. Mail is delivered) notice in writing.

1. For Customer non-payment of bills for gas service.
2. When Company had reasonable evidence that Customer has been previously disconnected for nonpayment at present or other location and is receiving service for his own use under a different name in order to avoid past due payments to Company.

RULES AND REGULATIONS - CONTINUED

Discontinuance of Service - With Notice Continued

3. For Customer refusal or failure to make a deposit or increase a deposit, when requested, to assure payment of bills.
4. For violation of these Rules and Regulations which Customer refused or neglects to correct.
5. For Customer's neglect or refusal to provide reasonable access to Company or its agents for the purpose of reading Meters or inspection and maintenance of equipment owned by Company.

Waiver of Discontinuance of Gas Service:

Discontinuance of gas service shall be temporarily waived in specific cases provided that service is medically essential and discontinuance will endanger life or require hospitalization to sustain life. Prior to granting a medical waiver, the Customer shall be required to furnish the Company written notice from a competent physician acceptable to the Company that service is required for life support.

Collection in Lieu of Discontinuance of Gas Service:

A Collection in Lieu of Discontinuance Charge (applicable Section O) shall be added to the Customer's past due bill when payment, inclusive of said charge, is made at a billed address prior to discontinuance of gas service for non-payment of Company's regulated charges.

Reconnection of Service:

When service has been discontinued for any of the reasons set forth in these Rules and Regulations, Company shall not be required to restore service until the following conditions have been met by Customer.

1. **Where Service was Discontinued without Notice:**

- a. The dangerous condition shall be removed and, if the Customer had been warned of the condition a reasonable time before the discontinuance and had failed to remove the dangerous condition, a reconnection fee as indicated and as applicable in Section O of these Rules and Regulations shall be paid.
- b. All bills for service due Company by reason of fraudulent use or tampering shall be paid, a deposit to guarantee the payment of future bills shall be made, and a reconnection fee as indicated and as applicable in Section O of these Rules and Regulations shall be paid.

RULES AND REGULATIONS - CONTINUED

Where Service was Discontinued without Notice Continued

- c. If reconnection is requested on the same premises after discontinuance, a reconnection fee as indicated and as applicable in Section O of these Rules and Regulations shall be paid.
- 2. Where Service was Discontinued with Notice:
 - a. Satisfactory arrangements for the payment of all bills for service then due shall be made and a reconnection fee as indicated and as applicable in Section O of these Rules and Regulations shall be paid.
 - b. Satisfactory arrangement for the payment of all bills then due under a different name shall be made and a reconnection fee as indicated and as applicable in Section O of these Rules and Regulations shall be paid.
 - c. A satisfactory guarantee of payment for all future bills shall be furnished and a reconnection fee as indicated and as applicable in Section O of these Rules and Regulations shall be paid.
 - d. The violation of these Rules and Regulations shall be corrected and a reconnection fee as indicated and as applicable in Section O of these Rules and Regulations shall be paid.

Termination of Service at the Request of Customer:

- 1. Change of Occupancy:

Subject to any existing agreement by Customer and Company, if Customer wishes the gas service to be terminated, the Customer shall give notice to the Company at least three (3) days prior to the time that such termination shall become effective. Customer will be held liable both for any gas that may pass through the Meter and safe custody of the Company's property until three (3) days after such notice shall have been given, provided that the Meter and/or other movable equipment shall not have been removed within that time by the Company.
- 2. Removal of Service:

If Customer wishes Company's property to be removed, Customer shall give notice to the Company at least ten (10) Working Days prior to the time of such requested removal.

5. **INDIANTOWN, FT. MEADE, AND FPUC**

Late Payment Charge

A bill shall be considered past due upon the expiration of twenty (20) days from the date of mailing or other delivery thereof by Company. The balance of all past due charges for services rendered are subject to a Late Payment Charge of 1.5% or \$5.00, whichever is greater, except the accounts of federal, state, and local governmental entities, agencies, and instrumentalities. A Late Payment Charge shall be applied to the accounts of federal, state, and local governmental entities and instrumentalities at a rate no greater than allowed, and in a manner permitted by applicable law.

6. **ALL COMPANIES**

Worthless Check Service Charge

The service charge for each worthless check shall be determined in accordance with Section 68.065, Florida Statutes. Such service charge shall be added to the Customer's bill for gas service for each check dishonored by the bank upon which it is drawn. Termination of service shall not be made for failure to pay the returned check charge.

Company may waive miscellaneous service charges for cause on a not unduly discriminatory basis.

P. MEASURING CUSTOMER SERVICE

All gas sold to Customer shall be measured by commercially acceptable measuring devices owned and maintained by the Company, except where it is impractical to Meter loads, such as street lighting, temporary or special installations, in which case the consumption may be calculated, or billed on a rate or as provided in Company's filed Tariff.

1. Individual gas metering by Company shall be required for each separate occupancy unit of new commercial establishments, residential buildings, condominiums, cooperatives, marinas, and trailer, mobile home and recreational vehicle parks for which construction is commenced after January 1, 1987. This requirement shall apply whether or not the facility is engaged in a time-sharing plan. Individual Meters shall not, however, be required:
 - a. In those portions of a commercial establishment where the floor space dimensions or physical configuration of the units are subject to alteration, as evidenced by non-structural element partition walls, unless Company determines that adequate provisions can be made to modify the metering to accurately reflect such alterations;
 - b. For gas used in central heating, central water heating, ventilating and air conditioning systems, or gas back up service to storage heating and cooling systems;
 - c. For gas used in specialized-use housing accommodations such as hospitals, nursing homes, living facilities located on the same premises as, and operated in conjunction with, a nursing home or other health care facility providing at least the same level and types of services as a nursing home, convalescent homes, facilities certified under Chapter 651, Florida Statutes, college dormitories, convents, sorority houses, fraternity houses, motels, hotels, and similar facilities. For separate, specially designated areas for overnight occupancy at trailer, mobile home and recreational vehicle parks where permanent residency is not established and for marinas where living aboard is prohibited by ordinance, deed restriction, or other permanent means.

In such multiple occupancy units, which would require the provision of individual gas service above the second story, unless specifically requested.

For purposes of this Section P:

1. "Occupancy unit" means that portion of any commercial establishment, single and multi-unit residential building, trailer, mobile home or recreational vehicle park, or marina which is set apart from the rest of such facility by clearly determinable boundaries as described in the rental, lease, or ownership agreement for such unit.

Florida Public Utilities Company and Chesapeake Utilities Corporation

Effective:

Florida Public Utilities Company and Florida Division of Chesapeake Utilities
FPSC Tariff
Original Volume No. 1

Original Sheet No. 6.401

RULES AND REGULATIONS - CONTINUED

2. "Time-sharing plan" means any arrangement, plan, scheme, or similar device, whether by member ship, agreement, tenancy in common, sale, lease, deed, rental agreement, license, or right-to-use agreement or by any other means, whereby a purchaser, in exchange for a consideration received a right to use accommodations or facilities, or both, for a specific period of time less than a full year during any given year, but not necessarily for consecutive years, and which extends for a period of more than three years.

The construction of a new commercial establishment, residential building, marina, or trailer, mobile home or recreational vehicle park shall be deemed to commence on the date when the building structure permit is issued.

The individual metering requirement is waived for any time-sharing facility for which construction was commenced before January 1, 1987 in which separate occupancy units were not metered in accordance with Subsection 1.c. above.

Where individual metering is not required and master metering is used in lieu thereof, Sub-metering may be used by Customer of record/owner of such facility solely for the purpose of allocating the cost of the gas billed by Company. The term "cost" as used herein represents only those charges specifically authorized by Company's Tariff including but not limited to the Customer, energy, Purchased Gas Cost Recovery Factor, and conservation charges made by Company plus applicable taxes and fees to Customer of record responsible for the master Meter payments. The term cannot be construed to include late payment charges, returned check charges, the cost of the distribution system behind the master Meter, the cost for billing, and other such costs.

Q. WARRANTY, CONTROL, AND INDEMNIFICATION

1. Warranty:

Pool Manager warrants that it will have good and merchantable title to, all Gas delivered by Transportation Service Provider to Company for Shipper's account at Transportation Service Provider's Delivery Point(s), and that such Gas will be free and clear of all liens, encumbrances, and claims whatsoever. In the event any adverse claim in respect to said Gas is asserted, or Pool Manager breaches its warranty herein, Company shall not be required to perform its obligations to transport and deliver said Gas to Customer accounts in Pool Manager's Customer Pool or, subject to receipt of any necessary regulatory authorization, to continue service hereunder for Pool Manager until such claim has been finally determined; provided, however, that Pool Manager may receive service if i) in the case of an adverse claim, Pool Manager furnishes a bond to Company, conditioned for the protection of Company with respect to such claim, or ii) in the case of a breach of warranty, Pool Manager promptly furnishes evidence, satisfactory to Company, of Pool Manager's title to said Gas.

2. Control and Possession:

Pool Manager shall be deemed to be in control and possession of Gas prior to delivery to the Company Receipt Point(s) or Transportation Service Provider Delivery Point(s); and Company shall be deemed to be in control and possession of the Gas to be transported by it upon delivery of such Gas by Transportation Service Provider to the Delivery Point(s), and until it shall have been delivered to Company's Point(s) of Delivery. Each party, while deemed to be in control and possession of such Gas, shall be responsible for, and shall indemnify and hold the other harmless from any and all claims, actions, suits, including attorney's fees, arising out of or relating in any way to custody and control of such Gas.

3. Indemnification to Company by Customer:

The Customer shall indemnify, hold harmless, and defend the Company from and against any and all liability, proceedings, suits, cost or expense for loss, damage, or injury to persons or property, in any manner directly or indirectly connected with or growing out of the distribution and/or transportation of Gas by the Customer, as such may be defined in the CI Pool Manager and TTS Pool Manager Agreements.

R. TRANSPORTATION SERVICE

1. Individual Transportation Service:

a. Applicability:

Individual Transportation Service is available to Customers who are served under Company's CTS Rider, FGS rate schedule, Special Contract Customers, and Indiantown Customers who consume greater than 25,000 Therms, on a calendar year basis. Individual Transportation Service Customers are required to execute the applicable Transportation Service Agreement, Contract Transportation Service Agreement, Flexible Gas Service Agreement, or Special Contract (that has been explicitly approved by the FPSC) with the Company.

b. Company-Approved Pool Manager:

Unless otherwise authorized by Company, all ITS Customers shall utilize a Company-approved Pool Manager to arrange for delivery of Customer-owned Gas to Company's Delivery Point(s). Company will require Customer to make the initial designation on the Exhibit A to the Transportation Service Agreement by and between Company and Customer. Customer will not be charged to designate its initial Pool Manager. Ft. Meade and FPUC Customer's will be charged a \$23.00 fee if a Pool Manager is changed after its initial designation. Customer shall have the right to change their Pool Manager designation effective on the first day of any Month. Company will require Customer to provide Company with a Letter of Authorization not less than ten (10) Working Days prior to the effective date of the requested change. Customer is required to obtain Pool Manager's signature on the Company's Letter of Authorization prior to transmission to Company.

c. Service Agreement:

All Customers receiving Individual Transportation Service shall enter into a Transportation Service Agreement with Company. Upon receipt of the Customer's executed Transportation Service Agreement, the Company shall have up to thirty (30) days to initiate service under the Agreement, in addition to any time requirements for the physical extension or improvement to the Company's facilities required to provide such service.

Issued by: Jeffry Householder, Chief Executive Officer
Florida Public Utilities Company and Chesapeake Utilities Corporation

Effective:

Florida Public Utilities Company and Florida Division of Chesapeake Utilities
FPSC Tariff
Original Volume No. 1

Original Sheet No. 6.451

RULES AND REGULATIONS - CONTINUED

- d. Service Initiation:
Transportation Service may begin on the first day of the Month, provided that timely Nominations are submitted in accordance with the Company's Tariff, and such other actions as are required to cause Gas to be delivered to the Company for transportation to the Customer, are undertaken by Customer, or Customer's Agent.
- e. Full Requirements:
All Customers receiving Individual Transportation Service shall transport all of their natural gas quantity requirements through Company's distribution system. Regulated Sales Service shall not be available from the Company. Gas quantities scheduled for delivery to the Company by the Customer, or Customer's Agent that are not in balance with actual metered consumption at the Company's Delivery Point shall be subject to the imbalance resolution provisions of this Tariff.
- f. Electronic Measurement:
All CFG Customers receiving Transportation Service, whose annual consumption of Gas exceeds 25,000 Therms, Indiantown Customers whose annual consumption of Gas exceeds 100,000 Therms, Ft. Meade Customers whose annual consumption of Gas exceeds 50,000 Therms and FPUC Customers whose annual consumption of Gas exceeds 43,800 Therms, shall have electronic metering equipment installed at Customer's expense.
- g. SAS Rate Schedule:
Upon initiation of service, all ITS Shippers shall be assigned to the SAS rate schedule.
- h. Shipper Designee / Shipper Designee:
Marketers, brokers, or other third-party suppliers of Gas that wish to either act as Designees for Individual Transportation Service Customers or CFG Off-System Delivery Point Operator Service Customer, shall be required to execute a Shipper's Designee Form with the Company. Customer's Designee shall warrant clear title, any Gas delivered into Company's system, and Customer's facilities. Designee shall be deemed to be in exclusive control and possession of Gas prior to delivery into Company's system for redelivery to Customer. Customer's Designee shall indemnify, defend, and hold harmless Company from any and all claims, suits or damage actions arising out of deliveries on behalf of a transporting Customer.

Original Sheet No. 6.452

RULES AND REGULATIONS - CONTINUED

- i. Limitation of Transportation Service:
 - i. New Premise:

Company reserves the right, subject to the regulatory authority having jurisdiction, to limit or restrict usage through establishment of an MDTQ or refuse Transportation Service to a new premise that will result in additions to its distribution system that may jeopardize Transportation Service to existing Customers.
 - ii. Existing Premise:

Company may establish a MDTQ for Gas for Non-Residential Customer at an existing account that requests an increase in annual usage, if, in the reasonable opinion of Company, establishment of an MDTQ is necessary to protect system integrity or to ensure other existing premises are not adversely affected by said Non-Residential Customer(s) request. Company shall not be obligated to transport Non-Residential Customer-owned Gas above Non-Residential Customer's MDTQ, if established, but may do so if feasible and without adverse effect to other Customers, in the reasonable opinion of Company.
- 2. Aggregated Transportation Services:
 - a. CI Pools:
 - i. Obligation to Serve:

Company is responsible for the transportation of Customers' Gas. Company is not responsible for providing Gas commodity for Customers. If Customer, or Customer's Agent, if applicable, fails to provide Gas, Company may disconnect service to Customer. In the event, the Company's authorized Pool Manager fails to cause to be delivered on any day at the assigned Company Receipt Point(s) with the Company, any portion of the quantities of Gas for transportation to the Customers in the Customer Pool, the Company may immediately seek the remedies set forth in Section S4, and the applicable provisions of the CI Pool Manager Agreement(s). If such remedies result in the termination of the Pool Manager, the Company shall immediately recall all capacity released to the Pool Manager and implement the Shipper of Last Resort Service for those Customers served in the Indiantown and CFG. Customers who are located in the Company's Ft. Meade and FPUC will be assigned to Company's Regulated Sales Service Pool, until such time as the Customer provides a LOA selecting a new Pool Manager to the Company.

RULES AND REGULATIONS - CONTINUED

ii. Applicability:

Unless otherwise authorized by Company, all Indiantown Non-Residential Customers and CFG Non-Residential Customers shall utilize a Company-approved Pool Manager to arrange for delivery of Customer-owned Gas to Company at the Company's Receipt Point(s). All Ft. Meade and FPUC Non-Residential Customers shall have the option of using Company's Transportation Service and shall utilize a Company-approved Pool Manager to arrange for delivery of Customer-owned Gas to Company at the Company's Receipt Point(s).

iii. Company-Approved Pool Manager:

Unless otherwise authorized by Company, Company will require Indiantown and CFG Non-Residential Customers and those Ft. Meade and FPUC Customers who elect to use Company's Transportation Service to designate a Pool Manager from a List of Approved Pool Managers posted by Company. Customers will not be charged to designate their initial Pool Manager. Ft. Meade and FPUC Customers will be charged a \$23.00 fee if such Customer changes its Pool Manager selection after its initial designation. Customer shall have the right to change their Pool Manager Designation on the first day of any Month. Company will require Customer to provide Company with a Letter of Authorization Form no less than ten (10) Working Days prior to the effective date of the requested change. Customer is required to obtain Pool Manager's signature on a Letter of Authorization prior to transmission to Company.

iv. New Customers:

New Customers in the Indiantown and CFG must request CI Transportation Service by submitting a Request for Gas Transportation Service. New Indiantown and CFG Non-Residential Customers will remain in the TTS Pool until they select a qualified CI Pool Manager and submit a Letter of Authorization. New Customers in the Ft. Meade and FPUC must request CI Transportation Service by submitting a Request for Gas Sales or Transportation Service. New Ft. Meade and FPUC Non-Residential Customers will remain in the Regulated Sales Service Pool until they select a qualified CI Pool Manager and submit a Letter of Authorization.

RULES AND REGULATIONS - CONTINUED

v. Service Initiation:

Upon receipt of Customer's Request for CI Transportation Service, the Company and Pool Manager shall make all reasonable efforts to initiate Transportation Service in accordance with Customer's requested initiation date. Upon receipt of Customer's fully executed Letter of Authorization submitted to Company not later than ten (10) Days prior to the end of a Month for CI Transportation Service, Transportation Service may begin on the first day of the Month following the Month in which Customer's LOA is received and Customer's service has been initiated.

Notwithstanding the above provisions, the Company may extend the time period for the initiation of service to accommodate the physical extension or improvement of the Company's facilities required to provide such service.

vi. SAS Rate Schedule:

Upon initiation of service, all CI Pool Managers shall be assigned to the SAS rate schedule.

vii. Service Limitation:

Customers served under an FGS, CTS, or a Special Contract shall not be eligible to receive Aggregated Transportation Service (either TTS or CI) unless otherwise permitted by Company.

b. TTS Pools – Indiantown and CFG:

i. Obligation to Serve:

Company is responsible for the transportation of Customers' Gas. Company is not responsible for providing Gas commodity for Customer. If Customer, or Customer's Agent, if applicable, fails to provide Gas, Company may disconnect service to Customer. In the event, the Company's authorized Pool Manager fails to cause to be delivered on any day at the assigned Company Receipt Point(s) with the Company, any portion of the quantities of Gas for transportation to the Customers in the Customer Pool, the Company may immediately seek the remedies set forth in Section S4, and the applicable provisions of the Aggregated Transportation Service Agreement(s). If such remedies result in the termination of the Pool Manager, the Company shall immediately recall all capacity released to the Pool Manager and implement the Shipper of Last Resort Service, until such time as the Company can reasonably select a new Pool Manager. TTS Pools – Indiantown and CFG Continued

written consent from the TTS Pool Manager(s).

ii. **Applicability:**

Unless otherwise authorized by Company, all Indiantown and CFG Residential and Non-Residential Customers shall utilize a Company-approved Pool Manager to arrange for delivery of Customer-owned Gas to Company at the Company's Receipt Point(s).

iii. **Company-Designated Pool Manager:**

Company will initially assign the current Indiantown Customer Pool to a new TTS Pool served by the existing Indiantown Pool Manager. Current CFG Residential Customers will be allocated to their current TTS Pool. Indiantown and CFG Residential Customers will not be charged for the assignment of their initial Pool Manager and are permitted to change Pool Managers once annually by contacting Company's Customer Service Department.

Indiantown and CFG Non-Residential Customers may default to or elect to receive TTS Service, subject to acceptance of the Customer by the authorized Pool Manager. Once accepted, Non-Residential Indiantown and CFG Customers must remain with their chosen TTS Pool for a period of not less than twelve consecutive Months. Company will require CI Customers to provide Company with a Letter of Authorization Form not less than ten (10) Working Days prior to the effective date of the requested change. Customer is required to obtain Pool Manager's signature on the Letter of Authorization prior to transmission to Company. All Ft. Meade and FPUC CI Customers who change Pool Managers will be charged a \$23.00 fee if a Pool Manager is changed after its initial designation. The authorized Pool Manager shall cause Gas to be delivered to the Transportation Service Provider's point of delivery with the Company, for redelivery to the Point(s) of Delivery for each Customer in the Customer Pool.

Ft. Meade and FPUC Non-Residential Customers are only eligible to receive Transportation Service through the CI Customer Pools. New Ft. Meade and FPUC Non-Residential Customers must submit a Letter of Authorization confirming these new Non-Residential Customers will

New Indiantown Non-Residential and CFG Non-Residential Customers will remain in the TTS Pool until they select a qualified CI Pool Manager and submit a Letter of Authorization.

v. Service Initiation:

Upon receipt of Customer's Request for TTS Service, the Company and Pool Manager shall make all reasonable efforts to initiate Transportation Service in accordance with Customer's requested initiation date. Upon receipt of Customer's executed Letter of Authorization for CI service, the

Company and Pool Manager shall have up to thirty (30) days to initiate service under the Agreement. Notwithstanding the above provisions, the Company may extend the time period for the initiation of service to accommodate the physical extension or improvement of the Company's facilities required to provide such service.

vi. SABS Rate Schedule:

Upon initiation of service, all Indiantown and CFG TTS Pool Managers shall be assigned to the SABS rate schedule.

vii. Service Limitation:

Customers served under an FGS, CTS or a Special Contract shall not be eligible to receive Aggregated Transportation Service (either TTS or CI) unless otherwise permitted by Company.

S. AUTHORIZED POOL MANAGERS

1. The Company, on behalf of the Customer Accounts in the TTS Customer Pool(s), shall, select qualified Pool Manager(s) to provide Gas supply and transportation management services to the TTS Customer Pool(s). The Company shall issue a Request for Proposal (RFP) from time-to-time, soliciting bids from qualified gas marketing companies interested in becoming a Pool Managers. The RFP shall be disseminated in such a manner as to ensure its reasonable distribution to gas marketing companies active in the Florida retail gas market. Nothing in this Tariff shall preclude the Company from joining with other parties to issue a joint RFP, combining Customer volumes from all parties, for the purpose of obtaining more favorable gas supply and transportation management terms.
2. TTS Pool Manager Minimum Requirements:
 - a. Pool Manager(s) shall be a duly authorized shipper on all Company's Transportation Service Provider's interstate pipeline systems.
 - b. Pool Manager(s) shall demonstrate their capability to meet Company's standards for creditworthiness.
 - c. Pool Manager(s) shall execute either a CI Pool Manager Agreement or a TTS Pool Manager Agreement, as applicable with the Company prior to providing gas supply and transportation management services to the Customer Pool(s).
3. TTS Pool Manager's Obligation to Serve:
 - a. The Pool Manager(s) shall be required to provide natural Gas sales and management services to all of the Company's Indiantown and CFG's Residential Customers and those Non-Residential accounts transferred into the Customer Pool, as well as other accounts that may be added to the Customer Pool during the term of the Contract. Subsequent to the initial transfer of Customers into the Customer Pool as described, above, Customers shall be added to the Customer Pool as follows: (i) Indiantown and CFG Residential Customers receiving a new service connection for the purpose of initiating Transportation Service, (ii) Indiantown and CFG Residential Customers reactivating an existing disconnected service, (iii) Indiantown and CFG Non-Residential Customers, upon request, with the prior approval of the Pool Manager, (iv) Indiantown and CFG Non-Residential Customers unable to receive service from Transportation Service Provider or a gas marketer under the Individual Transportation Service Program, with the stipulations that a) Pool

RULES AND REGULATIONS - CONTINUED

TTS Pool Manager's Obligation to Serve Continued

Manager may establish reasonable deposit or account security requirements prior to initiating gas service and, b) such Customers may select another gas marketer and exit the Customer Pool at the beginning of any Month.

- b. TTS Pool Manager(s) shall accept all Customers assigned to the Customer Pool by Company in accordance with the provisions established in this Tariff and the TTS Pool Manager Agreement and commit to providing gas service on a firm and continuous basis except in situations where the Company discontinues Transportation Service to Customer. Pool Manager shall have the right to discontinue deliveries of Gas for said Customer on the date of the discontinuation of service by Company, such date to be provided to Pool Manager by Company ten (10) Days prior to the discontinuation of service. Pool Manager shall have unrestricted right to discontinue Gas deliveries in the event of fraudulent or unauthorized use of Gas by Customer. Pool Manager shall provide notice to Company within twenty-four (24) hours of any termination of gas deliveries. At such time as all delinquent bills and amounts due Pool Manager are paid in full by Customer, any all damages and costs related to fraudulent or unauthorized use are recovered, Pool Manager shall immediately restore delivery of Gas for the Customer and promptly notify Company of such restoration. Pool Manager shall be governed by the Company policies related to medically critical service.

4. Pool Manager's Non-performance:

- a. The Company shall establish in the TTS Pool Manager and CI Pool Manager Agreements such standards of performance for the Pool Manager as are reasonably required to assure reliable service to the Customer Pool(s), and to ensure appropriate disposition of Operational Balancing Account transactions. At a minimum, all Pool Manager(s) shall be obligated to cause sufficient quantities of Gas to be delivered for the Customer Pool each and every day such that scheduled quantities for the Customer Pool remain in reasonable balance with actual consumption. The Company shall establish appropriate penalties to be enforced should the Pool Manager fail to perform. In the event of substantial non-performance, as defined in the TTS and CI Pool Manager Agreements, the Company shall terminate the Pool Manager, and implement the Shipper of Last Resort Service, until such time as the Company can reasonably select a new Pool Manager.

5. Rate Impact of Aggregation:

Aggregated loads will not result in lower transportation rates for individual Customers.

T. CUSTOMER'S AGENT OR SHIPPER'S DESIGNEE

1. Designee Agreement:

Marketers, brokers, or other third-party suppliers of Gas that wish to either act as Agents for Individual Transportation Service Customers or CFG Off-System Delivery Point Operator Service and, shall be required to execute an ITS and CFG-OS-DPO Shipper Designee Form with the Company (Sheet No. 8.131).

2. Indemnification:

Customer's Agent shall warrant clear title, or right to transport, any Gas delivered into Company's system, and Customer's Agent shall be deemed to be in exclusive control and possession of Gas prior to delivery into Company's system for redelivery to Customer. Customer's Agent agrees to indemnify, defend, and hold harmless Company from any and all claims, suits or damage actions arising out of deliveries on behalf of a transporting Customer.

U. ASSIGNMENT OR SELECTION OF POOL MANAGER

1. Approved Pool Manager:

Unless otherwise authorized by Company, all Indiantown and CFG Customers and Ft. Meade and FPUC Customers who chose to utilize Company's Transportation Service shall utilize a Company-approved Pool Manager to arrange for delivery of Customer-owned Gas to Company at the Company's Receipt Point(s).

2. Residential Customer – Indiantown and CFG:

a. Initial Residential Customer Premise Assignment for TTS Program:

Each CFG Residential Customer premise currently participating in a TTS Pool will remain with one of the two (2) TTS Pool Managers currently serving the Company's CFG TTS Pools and as they have been selected by the Company. Each Indiantown Customer will be assigned to the Pool Manager appointed by Company to manage the Indiantown TTS Pool under terms and conditions contained herein.

b. Assignment of New Residential Customer Premises to TTS Pool Managers:

Subsequent to the initial Residential Customer premise assignment, new Residential Customer premises (including those Residential Customers located in Company's Indiantown) shall be alternately assigned to each of the TTS Pool Managers based on Meter activation date.

c. Reactivation of Existing Residential Customer Premise:

Residential Customers reactivating Transportation Service at an existing premise shall be assigned to the TTS Pool Manager that was serving the previous Residential Customer located at the premise.

d. Transfer of Residential Customer:

When a Residential Customer transfers Transportation Service from an existing premise to another premise, upon request by Customer, said Residential Customers' existing TTS Pool Manager shall transfer with the Customer to the new premise.

3. Non-Residential Customers:

a. Selection of CI or TTS Pool Manager:

i. New Non-Residential Customer Premise:

Non-Residential Customers establishing a new premise on Company's distribution system may select any approved CI Pool Manager. At least ten

RULES AND REGULATIONS - CONTINUED

New Non-Residential Customer Premise Continued

(10) Days prior to the beginning of the Month for which the service change is desired, Non-Residential Customer and its selected CI Pool Manager shall execute and submit to Company a Letter of Authorization (LOA). In the event an Indiantown or CFG Non-Residential Customer fails to submit a LOA selecting a CI Pool Manager, Company shall assign said Non-Residential Customer to a TTS Pool Manager. In the event, a Ft. Meade or FPUC Non-Residential Customer fails to submit a LOA selecting a CI Pool Manager, Company shall, assign said Non-Residential Customer to Company's Regulated Sales Service Pool. All Ft. Meade and FPUC Non-Residential Customers who change Pool Managers will be charged a \$23.00 fee when a Pool Manager is changed after Customer's initial designation.

ii. Existing Non-Residential Customer Premise:

Non-Residential Customer activating Transportation Service at an existing premise on Company's distribution system may select any approved CI Pool Manager. At least ten (10) days prior to beginning of the Month the service change is desired, Non-Residential Customer and its selected CI Pool Manager shall execute and submit to Company a LOA. In the event an Indiantown or CFG Non-Residential Customer fails to submit a LOA selecting a CI Pool Manager, Company shall assign said Non-Residential Customer to a TTS Pool Manager. In the event a Ft. Meade or FPUC Non-Residential Customer fails to submit a LOA selecting a CI Pool Manager, Company shall, assign said Non-Residential Customer to Company's Regulated Sales Service Pool.

iii. Transfer of Non-Residential Customer:

Non-Residential Customers transferring Transportation Service from an existing premise to another premise shall be required to submit a new LOA to Company, no later than ten (10) Days prior to the end of the Month in order to retain its selected Pool Manager at the new premise.

iv. Indiantown and CFG Non-Residential Customers Currently Receiving Service from CI Pool Manager:

Non-Residential Customers receiving service from a CI Pool Manager may select to be assigned to a TTS Customer Pool. Said Non-Residential Customer shall execute a Letter of Authorization specifying the TTS Pool Manager or shall be assigned by Company to a TTS Pool Manager.

RULES AND REGULATIONS - CONTINUED

- v. Ft. Meade and FPUC Non-Residential Customers Currently Receiving Service from CI Pool Manager:
Non-Residential Customers receiving service from a CI Pool Manager may select to be assigned to Company's Regulated Sales Service. Said Non-Residential Customer shall execute a Request to Return to Regulated Sales Service Form. Customer who elects to return to Company's Regulated Sales Service Pool will be required to remain on Regulated Sales Service for a period of not less than twelve (12) Months.
- 4. Termination of Shipper Status:
 - a. CI Pool Manager:
If Company terminates a CI Pool Manager, CI Pool Manager's Indiantown and CFG Customers shall be assigned by Company to a TTS Pool Manager or CI Pool Manager Ft. Meade and FPUC Customers shall be assigned by Company to Company's Regulated Sales Service Pool.
 - b. TTS Pool Manager – Indiantown and CFG:
If Company terminates a TTS Pool Manager, TTS Pool Manager's Customers shall revert to the remaining TTS Pool Manager(s) until a replacement TTS Pool Manager is approved. Upon selection of a replacement TTS Pool Manager, such Customers shall be transferred back to the replacement TTS Pool Manager. If all TTS Pool Managers' rights are terminated, Company shall serve Customers in the TTS program under its SOLR Service, until a replacement TTS Pool Manager is approved or any Non-Residential Customers select a CI Pool Manager in accordance with Section 3a.
- 5. Assignment or Selection of Shipper Pricing Options by Customers:
 - a. Residential Customers – Indiantown and CFG:
Residential Customers assigned to a TTS Pool Manager shall receive the standard pricing option as identified in Company's TTS Pool Manager Agreement with each TTS Pool Manager. Residential Customers transferring service from an existing premise to another premise shall, upon request by Customer, retain the standard pricing option with the same TTS Pool Manager at the original premise. Residential Customers shall, request to change their selection of TTS Pool Manager once within a twelve-Month period. Company does not assume any liability related to the selections made by each Residential Customer and does not warrant that each Residential Customer will select the TTS Pool Manager that is most advantageous.

b. Non-Residential Customers:

i. CI Pool Manager:

Non-Residential Customers selecting an approved CI Pool Manager shall establish price and other terms and conditions of service directly with the selected CI Pool Manager.

1. Selection of CI Pool Manager – Indiantown and CFG:

Non-Residential Customers in a TTS Customer Pool may select any approved CI Pool Manager at any time in accordance with Section 3a.

2. Selection of CI Pool Manager – Ft. Meade and FPUC:

Non-Residential Customers participating in Company's Regulated Sales Service Pool may select any approved CI Pool Manager at any time in accordance with Section 3a.

ii. TTS Pool Manager – Indiantown and CFG:

Non-Residential Customers assigned to a TTS Pool Manager shall receive the standard pricing option as identified in Company's TTS Pool Manager Agreement with each TTS Pool Manager. Non-Residential Customers in the TTS program who transfer service from an existing premise to another premise shall, upon request by Customer, retain the standard pricing option in effect at the original premise.

1. Selection of TTS Pool Manager:

Non-Residential Customers in a TTS Customer Pool may, by submitting a fully executed Letter of Authorization, request to change their TTS Pool Manager once within a twelve-Month period.

V. INITIATION OF TRANSPORTATION SERVICE

Initiation of Pool Manager Service:

Any Company-approved Pool Manager or Shipper Designee that is authorized to deliver Gas to Company's Receipt Point(s), which is subsequently delivered by Company at the Company's Delivery Point(s) under one of the Company's Transportation Service Programs will be required to meet the following provisions before service can be initiated to the Pool Manager.

1. TTS Pool Manager Requirements:

- a. TTS Pool Manager(s) selected by Company shall:
 - i. Execute a TTS Pool Manager Agreement (Sheet Nos. 8.157-8.169);
 - ii. Establish credit sufficient to Company in accordance with these Rules and Regulations; and
 - iii. Agree to receive SABS service.

2. TTS Pool Manager Competitive Bid Process:

- a. Through a competitive Request for Proposal process, the Company shall select one or more TTS Pool Managers to provide gas supply and related services to TTS Customers.

3. Allocation of Customers to TTS Pool Managers (Indiantown and CFG):

Customers shall be initially assigned to the TTS Customer Pools in accordance with the process described in Section U2a above. Residential Customers may request to change their selection of TTS Pool Manager once within a twelve-Month period. Company does not assume any liability related to the selections made by each Residential Customer and does not warrant that each Residential Customer will select the TTS Pool Manager that is most advantageous. Non-Residential CFG and Indiantown Customers can select any approved CI Pool Manager and exit the TTS program in accordance with Section U3.

4. CI Pool Manager Requirements:

- a. An entity is eligible to become a CI Pool Manager shall:
 - i. Execute a CI Pool Manager Agreement (Sheet Nos. 8.153-8.156);
 - ii. Establish credit sufficient to Company in accordance with these Rules and Regulations; and
 - iii. Agree to receive SAS service.

5. Establishment of Credit:

- a. All Pool Managers shall establish credit prior to commencing deliveries of Gas and shall maintain such credit during the term hereof. The amount of credit established by each Pool Manager will be equal to the greater of \$10,000 or an amount equal to Pool Manager's highest two (2) months aggregated Daily Demand Requirement for the most recent 24-month period multiplied by the applicable Transportation Service Provider's applicable rate schedule(s). Credit will be established by one of the following methods:
 - i. Payment of a cash deposit with Company;
 - ii. Furnishing an irrevocable letter of credit from a bank;
 - iii. Furnishing a surety bond issued by an entity acceptable to the Company;
 - iv. Possessing and maintaining a Standard & Poor's Long-Term Debt Rating of A- or better, a Moody's rating of A3 or better, or a comparable rating by another nationally recognized rating organization acceptable to Company; or
 - v. Providing an acceptable parental or corporate guarantee.

If the Pool Manager seeks to establish credit pursuant to paragraph 5v above, Pool Manager shall furnish to Company Pool Manager's audited financial statements (accompanied by the opinion of and independent certified public accountants or chartered accountants of a recognized national or regional standing) for at least the two most recently completed fiscal years.

All Pool Manager deposits will be subject to an annual review by Company and will be adjusted and billed accordingly. The minimum deposit maintained by each Pool Manager will be \$10,000.

RULES AND REGULATIONS - CONTINUED

W. CAPACITY ASSIGNMENT AND RECALL

1. Intent of Capacity Release:
Company, through its Service Agreements with Transportation Service Providers, has contracted for firm capacity rights on the Transportation Service Providers' pipeline systems. Company will temporarily relinquish capacity to Customer or Pool Manager, as applicable, each Month, utilizing the methodology described below, on Transportation Service Provider's systems for Customers and Pool Managers' use in transporting Gas to Company's Individual Transportation Service, CI, and TTS Customer Pool(s). Company will retain enough capacity to serve Company's Regulated Sales Service Customer Pool each Month.
2. Capacity Release Methodology:
The Company shall retain, adequate quantities of capacity on Transportation Service Providers' systems to serve Company's Regulated Sales Service Customer Pool prior to the allocation of capacity to Individual Transportation Service Customers who have executed a capacity release agreement with the Company, and Pool Manager Customer Pools. The Company shall temporarily relinquish quantities of Transportation Service Provider Capacity to i) individual Customers who have executed Capacity Release Agreements with the Company, ii) TTS Pool Managers, and iii) CI Pool Managers each Month.
3. Daily Demand Requirement Calculation and Quantity of Capacity for Release:
Each Month after adequate capacity is allocated to Company's Regulated Sales Service Pool, Company shall determine the aggregated DDR to be relinquished to each Aggregated Transportation Service Pool Manager using the following methodology:
 - a. For each existing and new Aggregated Transportation Service Customer (both CI Daily and Cycle Read Pools and TTS Pool(s)), the aggregated DDR shall be determined by using the prior year's applicable Month Gas consumption for each Customer in the Customer Pool (adjusted for Customer additions and losses from the succeeding eleven-Month period) and dividing by the number of days in the applicable Month, then dividing the result of this calculation (Therms per Gas Day) by 10 (to convert Therms to Dekatherms); and then rounding up to the next whole Dekatherm. In the case of the CI Daily Read Pool(s) and only for the purposes of calculating the Pool Manager's aggregated Daily Capacity (release) Quantity ("DCQ"), the aggregated DDR calculated above will be multiplied by 0.50. CI Daily Read Pool Managers may request up to no greater than one hundred percent (100%) of a Customer's total historical DDR. Each Month, the Company shall determine the total aggregated DDR for each Customer Pool, in accordance with the methodology described herein. Adjustments to Pool

Original Sheet No. 6.576

RULES AND REGULATIONS - CONTINUED

Quantity of Capacity for Release Continued

Manager's aggregated DDR will occur from time to time to reflect changes in the Company's weighted average cost of capacity and Pool Manager's Customer Pool, resulting from the submission of LOAs to the Company from Customers.

- b. For each existing and new Individual Transportation Service Customer, Company will relinquish capacity based on Customer MDTQ as provided in the Capacity Release Agreement (if any) between Customer and Company. Customer must elect a MDTQ of sufficient quantity to satisfy the Customer's Monthly natural gas requirements. Company will provide Customer a twelve-Month consumption history to assist in making its initial election.
- c. Remaining capacity, if any, may be allocated to the Company's Regulated Sales Service Pool and TTS Pool(s) on a pro-rata basis based on the prior Month's actual throughput for each of the Regulated Sales Service and TTS Pool(s).

4. Scope of Capacity Release:

- a. Pool Manager Service Agreements with Transportation Service Providers:
Pool Manager shall enter into all required agreements with each Transportation Service Provider so that Pool Manager has all necessary rights to accept and acquire the relinquished capacity from Company hereunder. Capacity releases shall be made on a temporary basis, in accordance with applicable FERC rules and regulations, as they may change from time to time. Pool Manager shall have sole responsibility for complying with all provisions of such agreements and all applicable provisions of Transportation Service Providers' FERC Tariffs.
- b. Relinquishment Notices:
Each Month, Company shall provide to Transportation Service Providers the notice of capacity release required under the rules and regulations of the respective Transportation Service Provider's FERC Tariff. Such notices shall offer to relinquish, on a temporary basis that portion of the Pool Manager's aggregated DCQ to be relinquished by Company by Customer Pool. Company shall diligently and in a time sufficient for Pool Manager to commence use of the released capacity, take all other actions required under the rules and regulations of the respective Transportation Service Provider's FERC Tariff to relinquish capacity to Pool Manager. Capacity releases will be released to Customers, Pool Managers, and Shipper's Designee(s) pursuant to Company's state-approved retail choice programs as set forth in Section A.3 of this Tariff.

Issued by: Jeffery Householder, Chief Executive Officer
Florida Public Utilities Company and Chesapeake Utilities Corporation

Effective:

Florida Public Utilities Company and Florida Division of Chesapeake Utilities
FPSC Tariff
Original Volume No. 1

Original Sheet No. 6.577

RULES AND REGULATIONS - CONTINUED

- c. Acceptance of Capacity Release:
Pool Manager shall diligently and in a timely manner take all actions necessary under the rules and regulations of Transportation Service Provider's FERC Tariffs to acquire and accept the capacity relinquished by Company. Company has no obligation to relinquish capacity to Pool Manager in quantities greater than the aggregated DCQ. If after five (5) days, Pool Manager does not acquire requisite capacity, Pool Manager may be terminated.
5. Capacity Exceeding Released Quantities:
If Pool Manager's Customer Pool's aggregated DDR is greater than Pool Manager's Customer Pool's aggregated DCQ, Pool Manager shall be responsible for taking such actions as are required to obtain sufficient Transportation Service Provider capacity to meet its Customer Pool requirements (aggregated DDR), such additional quantities shall be defined as Pool Manager's Customer Pool's Daily Delivery Capacity Variance ("DDCV"). Pool Manager may acquire such Transportation Service Provider capacity quantities from any source.
6. Capacity Charges:
Pool Manager shall pay to Transportation Service Provider the rate listed in Company's relinquishment notice. Such rate will be based on Company's annualized weighted average cost of capacity excluding releases to ITS Customers, Customers receiving service under Rate Schedules FGS and Rider CTS, those Customers served by the Company pursuant to a Special Contract, those Customers who utilize upstream capacity released by the Company pursuant to an asset management agreement, and capacity released by Company pursuant to a long term capacity release i.e., a period a longer than one (1) year) or the negotiated rate for the capacity relinquished by the Company. Pool Manager shall indemnify Company and hold it harmless from any and all rates and charges assessed by Transportation Service Provider to Company for the relinquished capacity.
7. Capacity Payments:
Pool Manager shall make all payments to Transportation Service Provider(s) for the relinquished capacity in accordance with Transportation Service Provider's FERC Tariffs, and by any applicable FERC rule or order. If Pool Manager fails to make such payments, Company may make such payments on behalf of Pool Manager (in a manner which preserves any rights which Pool Manager may have to dispute the nature or amount of the charges). Pool Manager shall reimburse Company for such payments inclusive of interest, at the highest interest rate allowed by law, from the date such payments are made by Company to Transportation Service Provider.

Florida Public Utilities Company and Chesapeake Utilities Corporation

Effective:

Florida Public Utilities Company and Florida Division of Chesapeake Utilities
FPSC Tariff
Original Volume No. 1

Original Sheet No. 6.578

RULES AND REGULATIONS - CONTINUED

8. Recall Rights to Released Capacity:

- a. All capacity relinquished to Pool Manager by Company, may be recalled by Company from time to time to facilitate the redistribution of capacity among Pool Managers to accommodate Customer migration, or to change the rate of the release regardless of the term of a specific capacity release by Company to Pool Manager.
- b. Company shall have the right to recall temporarily or permanently a portion or all of the capacity relinquished hereunder, subject to the applicable notice requirements in Transportation Service Providers' FERC Tariffs, in the event that Pool Manager breaches its contractual obligations of payment to Transportation Service Provider for the released capacity; or (ii) Pool Manager otherwise breaches the terms and conditions of this Tariff. In the event Company temporarily recalls a portion of the relinquished capacity, Company shall re-release such capacity to Pool Manager within ten (10) days after Pool Manager has provided assurance satisfactory to Company, in Company's reasonable discretion, that the cause which gave rise to Company's recall right has been removed.
- c. Capacity is required to serve Company's high priority Customers.

9. Retained Right of First Refusal:

Company shall retain the sole right to affirmatively exercise, at the time specified in the Service Agreement, Transportation Service Provider's FERC Tariffs, or any FERC rule or order, any right of first refusal mechanism (however denominated), including the option to extinguish such right, applicable to the relinquished capacity; provided, however, that Company may not exercise any such right in a manner which would impair Pool Manager's right to use the relinquished capacity during the term of any release.

10. Periodic Open Seasons:

Company will hold an open season for incremental capacity releases not less than once per year. The open season will be held from April 1st through April 15th of each calendar year or other such period that Company may elect. Primary firm capacity from the Company's interstate capacity portfolio will be made available to on-system Customers and Pool Managers on an as-available basis.

Releases by the Company will be for a period of not less than one year. Incremental quantities when aggregated with existing capacity release quantities made by Company to a Customer or Pool Manager will be not greater than the monthly historical demand quantity of the Customer or Customer Pool.

Florida Public Utilities Company and Chesapeake Utilities Corporation

Effective:

Florida Public Utilities Company and Florida Division of Chesapeake Utilities
FPSC Tariff
Original Volume No. 1

Original Sheet No. 6.579

RULES AND REGULATIONS - CONTINUED

Periodic Open Seasons Continued

Releases requested during the applicable open season period will be awarded on a pro-rata basis and the awarded releases will be implemented not later than June 1st of the same calendar year or the first calendar Day of the month following the first full month after capacity has been awarded to the acquiring Customer or Pool Manager. Capacity awarded, if available, will be made on a not unduly discriminatory basis by the Company.

11. Firm Delivery Requirements:

a. Customer Pools:

Company shall provide to Pool Managers each Month, at least four (4) days prior to Transportation Service Provider's deadline for posting capacity releases for the first day of the following Month, (i) a list of the accounts comprising Pool Manager's Customer Pool and the associated Non-Residential Customer DDRs, (ii) the estimated total Gas requirements to meet the needs of each of Pool Manager's Customer Pools for such following Month i.e., Pool Manager's aggregated DDR and, (iii) the aggregated DCQ that Company proposes to relinquish to Pool Manager for each Customer Pool. Pool Manager shall confirm the accuracy of the list of accounts comprising Pool Manager's Customer Pool with Company within one (1) Business Day after delivery of the Customer list to Pool Manager. If Pool Manager fails to confirm the accuracy of said list, Company shall proceed with the release to Pool Manager based on the information provided.

b. Maximum Daily Transportation Quantity (MDTQ):

Company may establish a MDTQ for Gas for one or more Customer(s) or Pool Manager(s) if, in the reasonable opinion of the Company, it is necessary to protect system integrity or to ensure existing Customers are not adversely affected by Customer(s) and or Pool Manager(s) requiring an MDTQ. Company shall not be obligated to transport Gas above the Customer's or Pool Manager's MDTQ, if established, but may do so if feasible and without adverse effect to other Customers, in the reasonable opinion of the Company.

12. Pool Manager's Delivery Obligations:

- a. Unless excused by Force Majeure, Pool Manager shall cause Transportation Service Providers to deliver on each Gas Day to Company Primary Receipt Points where Company is the DPO a quantity of Gas sufficient to reliably serve the requirements of its Customer Pool and off-system Customers. Pool Manager shall

Pool Manager's Delivery Obligation Continued

have no obligation to deliver Gas to Company on behalf of Customers whose service is terminated, either upon request of the Customer or for cause. Company shall promptly notify the Pool Manager of any known change in Customer account status that will affect Gas quantity deliveries.

- b. If any act or omission of Pool Manager causes Company, as the DPO, to incur any Transportation Service Provider penalties, other expenses or liabilities of any kind, Pool Manager will indemnify and reimburse Company for all said penalties, other expenses, or liabilities. Nothing herein shall be deemed to foreclose Company from employing other remedies, including cessation of deliveries for the unauthorized usage of Gas.

13. Non-Performance Penalty:

The Company shall assess the Pool Manager a per MMBtu charge equal to the higher of \$15.00 or 200% of the highest weekly Alert Day Price as posted by Florida Gas Transmission Company for each day when delivery to Company by Pool Manager differs from Pool Manager's Pool(s) aggregated DDR. This charge will serve as the final resolution between Company and Customer for such variances. The Company may waive this charge from time-to-time on a non-discriminatory basis.

X. NOMINATIONS AND SCHEDULING

Nominations and Scheduling:

All TTS Pool Managers and CI Daily and Cycle Read Pool Managers, shall submit to the Company all Nomination and scheduling information affecting Company's Delivery Points simultaneous to any submission to Transportation Service Provider(s). In addition, each Customer, Pool Manager, or Shipper Designee shall submit to Company each day Nominated quantities for each Individual Transportation Service Customer that is required to have and has electronic telemetering equipment installed, ("Telemetered Customer").

CI Cycle Read Pools will be permitted one Nomination change within the Month. Such Nomination must be delivered to Company no later than the fifteenth (15th) of the applicable Month.

TTS Pool(s) and CI Daily Read Pool(s) will be permitted to change Nominations throughout the applicable Month.

Such Nomination shall include the following information:

1. The Customer, Shipper's Designee or Pool Manager's account number under which service is being nominated;
2. The Receipt Point location including applicable POI and upstream pipeline name, upstream package ID, including Customer's or Pool Manager's Company account number, and quantity in Therms of Gas to be tendered at each Company Receipt Point;
3. The downstream deliver facility name, and quantity in Therms of Gas to be delivered for each Company Customer account or Pool;
4. A beginning and ending date for each Nomination;
5. The upstream contract identifier.

Only Nominations with clearly matching identifiers will be scheduled and subsequently delivered by Company.

Unassigned Gas

"Unassigned Gas" shall mean any quantity of gas received at a Company Receipt Point for which there is no transportation nomination that can be readily identified by Company and assigned by Company to the appropriate Customer(s), Shipper's Designee(s), and Pool Manager(s).

RULES AND REGULATIONS - CONTINUED

Unassigned Gas Continued

Company shall post on its website the quantity, production month received on the Company's system, and the point of receipt associated with any Unassigned Gas ("Notice"). Company shall continue to post the Notice for a period of not less than one Business Day.

In order to be a valid claim for purposes hereof, a claim must:

1. Be provided to the Company in writing;
2. Identify the specific Unassigned Gas delivered;
3. Provide independent evidence of ownership of Unassigned Gas claimed; and
4. Agree to indemnify Company fully with respect to any adverse claims to ownership of the Gas or to the proceeds resulting from the sale thereof.

If a valid claim is received, such quantities will be subject to purchase by the Company at seventy-five percent (75%) of the Gas Daily index for Gas delivered at the Florida City Gate.

If a valid claim is not received, such quantities of Gas will be credited to the Company's Regulated Sales Service fuel clause.

Y. OPERATIONAL CONTROLS

1. Operational Controls Applicability:
Operational Controls shall be applicable to all Customers, Customer Pools, Pool Managers, and Shipper Designees with the exception of Company's TTS and CI Cycle Read Pool(s).
2. Contact Persons:
Any Customer taking delivery of Gas from Company or any Pool Manager or Shipper Designees causing Gas to be delivered to Company, shall cooperate fully with Company in maintaining the integrity of its system. All Customers, Pool Managers, and Shipper's Designees shall name an appropriate contact person(s) available to receive communication from Company on operating matters at any time, on a 24-hour a day, 365-day a year basis. For all Residential Customers, the contact person shall be that individual listed in the Company's records as the applicant for service or the account holder of record. If Company is unable after reasonable efforts to contact any Customer or Customer's contact person, such Customer shall be solely responsible for any consequences arising from such failure of communication.
3. Maintaining Proper System Pressure:
In the event that Company determines in its sole discretion, reasonably exercised, that action is required to avoid an operating condition in which system pressure is not maintained, in which system pressure is maintained at an operationally unacceptably high level, and/or Transportation Service Provider has issued an operational directive under Transportation Service Provider's Tariff, Company may issue the following Operational Controls to Customers, Shipper Designees, and/or Pool Managers.
4. Operational Flow Orders (OFO) Notices:
The Company may issue an OFO notice and shall promptly notify via electronic means (electronic bulletin board, e-mail or telephone) all affected Customers, Customer's Designees and Pool Managers causing Gas to be delivered to the Company's Receipt Point(s), that such OFO has been issued.
 - a. Operational Flow Orders – Action Required:
Such Operational Flow Orders may require Customers, Customer's Designees and Pool Managers to undertake any of the following:
 - i. Company may issue an Operational Flow Order to individual Customer, Shipper's Designees, and Pool Managers, specific geographic regions, or at one or a group of specific Company Receipt Points.

RULES AND REGULATIONS - CONTINUED

Operational Flow Orders – Action Required Continued

- ii. To commence or increase supply inputs by a specific quantity.
- iii. To cease or reduce supply inputs by a specified quantity.
- iv. To commence or increase takes of Gas from the system by a specified volume.
- v. To reduce takes of Gas from the system by specified volumes.
- vi. In the event the action(s) set forth in (a)-(e) are not operationally feasible, the Operational Flow Order may require Customers, Customer's Designees and Pool Managers, to take other such action within Customers, Customer's Designees and Pool Managers control which would tend to alleviate the operating condition to be addressed.

b. **Failure to Comply with Operational Flow Orders:**

If the Customers, Customer's Designees, or Pool Managers violates the terms of the OFO (i.e. is outside the established percentage usage tolerances of the notice), the Company shall charge the responsible Customers, Customer's Designees and Pool Managers two (2) times the applicable Transportation Service Provider's FERC approved Tariff OFO penalty. Company may waive OFO penalties on a nondiscriminatory basis.

5. **Alert Day Notices:**

The Company may issue an Alert Day notice and shall promptly notify via electronic means (electronic bulletin board, e-mail or telephone) all affected Customers, Customer's Designees and Pool Managers causing Gas to be delivered to the Company's Receipt Point(s), that such Alert Day notice has been issued.

a. **Alert Day Notice – Action Required:**

Such Alert Day Notices may require Customers, Customer's Designees, and Pool Managers to undertake any of the following:

- i. Company may issue an Alert Day to individual Customers, Customer's Designees and Pool Managers, specific geographic regions, or at one or a group of specific Company Receipt Points.
- ii. To commence or increase supply inputs by a specific quantity.
- iii. To cease or reduce supply inputs by a specified quantity.
- iv. To commence or increase takes of Gas from the system by a specified volume.
- v. To reduce withdrawals of Gas from the system by specified volumes.

Alert Day Notice – Action Required Continued

- vi. In the event the action(s) set forth in (a)-(e) are not operationally feasible, the Alert Day notice may require Customers, Shipper's Designees, and Pool Managers, to take other such action within Customer's, Shipper's Designee's, or Pool Manager's control which would tend to alleviate the operating condition to be addressed.
- b. Failure to Comply with Alert Day Notice:
If the Customers, Customer's Designees, or Pool Managers violates the terms of the Alert Day notice (i.e. is outside the established percentage usage tolerances of the notice), the Company shall charge the responsible Customers, Customer's Designees and Pool Managers two (2) times the Transportation Service Provider's FERC approved Tariff Alert Day penalty. Company may waive Alert Day penalties on a nondiscriminatory basis.
- 6. Pipeline Balancing Charges:
As the DPO, the Company shall comply with any operational balancing tools order issued by Transportation Service Provider(s), and as applicable, the Company, shall issue penalty charges directly to the responsible Customer(s), Customer's Designees and Pool Managers(s), to the extent such charges are able to be directly assigned. The remaining balance of such charges, if any, shall be allocated on a pro-rata basis to Company's Operational Balancing Account and/or Purchased Gas Cost Recovery Clause, if applicable.
- 7. Disposition of Penalties:
All penalties, net of payments to third parties, collected by the Company related to the operational control of the system, shall be issued directly to the responsible Customer(s), Shipper Designees and/or Pool Managers(s), to the extent such charges are able to be directly assigned. The remaining balance of such charges, if any, shall be allocated on a pro-rata basis to Company's Operational Balancing Account and/or Purchased Gas Cost Recovery Clause, if applicable. The Company shall not, under any circumstances, retain any of the penalties collected from Customers, Customer's Designees, or the authorized Pool Manager, nor absorb any costs related to complying with valid Transportation Service Provider Operational Tool orders.

YY. IMBALANCE RESOLUTION

The balancing of the quantity of Gas scheduled and nominated for each Customer or Customer Pool at all Company Receipt Points for which Company, or Company's agent, is the DPO, and the actual usage by the sum of all Individual Transportation Service Customers and Customer Pools served by each Customer, Shipper Designee, or Pool Manager shall be calculated on a Monthly basis. Long or short Monthly Imbalance Quantities for each individual Customer Pool will be netted against Customer Pools administered by the same Pool Manager provided however, Customer Pools with an Imbalance Level (long or short) greater than 20% will not be eligible to be netted. The Company and Customer, Shipper's Designee or Pool Manager shall resolve all remaining Monthly Imbalance Quantities at the end of each Month, as follows:

1. If the Monthly Imbalance Quantity is long (amount of Gas scheduled is greater than aggregated actual usage by Customer Pool(s)), the Company shall purchase from Customer or Pool Manager such Monthly Imbalance Quantity at a price per Therm (the "Unit Price") calculated by taking: (i) the lowest weekly average (weeks where Friday is within the calendar Month) of the "Daily price survey" for Gas under the "Midpoint" column for "Florida Gas, zone 1", "Florida Gas, zone 2" or "Florida Gas, zone 3", as reported in *Platt's Gas Daily*, for the Month in which the positive (long) Monthly Imbalance Quantity was incurred, multiplied by the applicable factor set forth below:

<u>Imbalance Level</u>	<u>Factor</u>
0% to 5%	1.00
Greater than 5% to 20%	0.90
Greater than 20%	0.80

The total amount due Customer, Shipper Designee, or Pool Manager shall be the product of the Unit Price and the positive (long) monthly imbalance.

2. If the Monthly Imbalance Quantity is short (amount of Gas scheduled is less than aggregated actual usage by Customer Pool(s)), the Company shall sell to Customer or Pool Manager such Monthly Imbalance Quantity at a price per Therm (the "Unit Price") calculated by taking the sum of (i) the highest weekly average (weeks where Friday is within the calendar Month) of the "Daily price survey" for Gas posted under the "Midpoint" column for "Florida Gas, zone 1", "Florida Gas, zone 2" or "Florida Gas, zone 3", as reported in *Platts Gas Daily*, for the Month in which the negative (short) Monthly Imbalance Quantity was incurred, multiplied by the applicable factor set forth below:

RULES AND REGULATIONS - CONTINUED

Z. MUTUALLY BENEFICIAL TRANSACTIONS

Pool Manager and Customer recognize that Company maintains the operation and integrity of Company distribution system on a daily basis. Pool Manager and Customer also recognizes that as DPO for the Transportation Service Provider's pipeline interconnects, Company or its agent is subject to the rules and regulations of the Transportation Service Provider(s) with regard to operational flow rates, pressures, and penalties. As such, Company may need Pool Manager or Customer to vary its daily delivery from the nominated delivery quantities. On those occasions, Company may request, at its sole discretion, and Pool Manager and Customer may agree to, a change to Customer's or Pool Manager's nominated Gas supply quantities and Transportation Service Provider(s) pipeline capacity. Terms and conditions of such transactions shall be agreed upon at the time of the transaction and shall be recorded and confirmed in writing within two Business Days after the transaction.

Disposition of Net Revenues:

Net revenues shall mean the revenues received by Company for Natural Gas above the cost of Natural Gas to the Company and revenues received by Company for pipeline demand charges above the prevailing rates for like period(s) as negotiated by Transportation Service Provider Customers via the Transportation Service Provider's Relinquishment program on its Electronic Bulletin Board system. Disposition of net revenues received by Company during each Month that this service is provided shall be as follows:

Fifty percent (50%) of the net revenues shall be retained by Company. The remaining fifty percent (50%) of the net revenues shall be used to reduce Company's cost of Natural Gas recovered through the Purchased Gas Cost Recovery Clause.

RULES AND REGULATIONS - CONTINUED

ZZ. TERMINATION OF POOL MANAGER STATUS

Termination of Shipper Status:

Unless excused by Force Majeure, Company may terminate the Pool Manager's rights for the following:

1. Pool Manager fails to satisfy in full the terms and conditions of this Tariff;
2. Pool Manager voluntarily suspends the transaction of business where there is an attachment, execution, or other judicial seizure of any portion of their respective assets;
3. Pool Manager becomes insolvent or unable to pay its debts as they mature or makes an assignment for the benefit of creditors;
4. Pool Manager files, or there is filed against it, a petition to have it adjudged bankrupt or for an arrangement under any law relating to bankruptcy;
5. Pool Manager applies for or consents to the appointment of a receiver, trustee, or conservator for any portion of its properties or such appointment is made without its consent; or,
6. Pool Manager engages in slamming or other unlawful activities.

CI Pool Manager:

If Company terminates a CI Pool Manager, CI Pool Manager's Indiantown and CFG Customers shall be assigned by Company to a TTS Pool Manager or CI Pool Manager's Ft. Meade and FPUC Customers shall be assigned by Company to Company's Regulated Sales Service Pool.

TTS Pool Manager – Indiantown and CFG:

If Company terminates a TTS Pool Manager, TTS Pool Manager's Non-Residential Customers shall revert to the remaining TTS Pool Manager(s) until a replacement TTS Pool Manager is approved. Upon selection of a replacement TTS Pool Manager, Non-Residential Customers shall be transferred to the replacement TTS Pool Manager.

Minimum Bill:

The minimum monthly bill shall be the Customer Charge plus the minimum daily contact quantity, (if such minimum quantity is established in the Transportation Service Agreement) multiplied by the transportation charge and applicable adjustments, multiplied by the number of days in the billing cycle. In the event the Company is unable to deliver the minimum daily quantity specified in the Transportation Service Agreement on any day or days within a billing cycle, the minimum monthly bill for such billing cycle shall be determined based upon the amount of gas actually delivered to the Customer on such day or days.

TRANSPORTATION SERVICE – 4 - (TS-4) - CONTINUED

Terms of Payment:

Bills are rendered net and are due and payable within twenty (20) days from date of mailing or delivery by the Company.

Billing Adjustments:

The rates set forth above shall be subject to the applicable Billing Adjustments set forth on Sheet Nos. 7.900-7.922.

Terms and Conditions:

Service under this rate schedule is subject to the Company's Rules and Regulations applicable to Gas Transportation Service.

Determination of Demand Charge MDTQ:

The MDTQ for a respective Customer shall be established based on the Customer's maximum daily Therm requirements. The MDTQ shall be based on the greater of i) the MDTQ established in the Customer's Transportation Service Agreement or ii) the highest daily actual Therm consumption recorded by a Company approved AMR measurement device at Customer's premises over a rolling twenty-four-Month period. The MDTQ for Customers with less than twelve months actual consumption history shall be reasonably estimated by the Company based on a determination of the Customer's maximum daily Therm requirements consistent with the demand ratings and expected usage of the gas equipment at Customer's premise.

The initial MDTQs shall be established for all Customers with active service at the effective date of this Tariff. Subsequent to establishing the initial MDTQ's, the Company shall, on an annual basis each January, review the Therm consumption history for each Customer over the previous twenty-four-month period. Customer's MDTQ shall be adjusted to reflect the maximum daily usage recorded during such period, except that i) the Company shall not adjust the actual recorded MDTQ to a level below the MDTQ established by contract with the Customer and ii) the Company shall not increase a Customer's existing MDTQ unless Customer's recorded maximum daily usage exceeds Customer's existing MDTQ on no less than three (3) occurrences within the twelve-month period preceding the Company's annual review each January.

TRANSPORTATION SERVICE - NGV – (TS-NGV)

Availability:

Throughout the Indiantown service areas of the Company.

Applicability:

Applicable to any Non-Residential Customer through a separate Meter for compression and delivery (through the use of equipment furnished by the Customer) into a motor vehicle fuel tank or other transportation containers and whose annual metered transportation volume is greater than 100,000 Therms, and who enters into a Transportation Service Agreement with the Company.

Character of Service:

Individual or Aggregated Transportation Service of Customer-purchased natural gas from Company's City Gate(s) to Customer's service address. Aggregated Transportation Service may be available to Customers in this service classification at the sole option of the authorized Pool Manager.

Electronic Measurement Equipment:

A Customer whose consumption is or will be greater than or equal to 100,000 Therms per year is required to have Company-provided electronic measurement equipment installed by Company. Customer is responsible for all costs associated with the purchase, installation, and maintenance of electronic measurement equipment.

Monthly Rate:

GENERAL TRANSPORTATION SERVICE – 2 – (GTS-2) - CONTINUED

Minimum Bill:

The minimum monthly bill shall consist of the above Customer Charge plus the above Transportation Charge for 250 Therms, but not less than an amount equal to the bill for 50% of the monthly Therm requirement set forth in the contract for service, and the Transportation Administration Charge.

Terms of Payment:

Bills are rendered net and are due and payable within twenty (20) days from date of mailing or delivery by the Company.

Billing Adjustments:

The rates set forth above shall be subject to the applicable Billing Adjustments set forth on Sheet Nos. 7.900-7.922.

Terms and Conditions:

Service under this rate schedule is subject to the Company's Rules and Regulations applicable to Transportation Service.

Determination of Demand Charge MDTQ:

Not applicable.

Miscellaneous:

In the event the Company agrees to provide natural Gas conversion equipment and installation, an agreement as to terms and conditions governing recovery of such conversion costs from the Customer may be entered into and the initial term of Transportation Service shall at a minimum be the same as the period of recovery stated in the agreement. Further, the rates established in the monthly rate section may be adjusted to provide for recovery by the Company of the costs incurred including carrying cost at the Company's overall cost of capital, in providing such natural Gas conversion equipment and installation. When the Company has recovered its costs of providing the natural Gas conversion, Bills rendered under this rate schedule shall return to the rates stated herein.

GAS LIGHTING SERVICE – (GLS)

Availability:

Available within the FPUC service areas of the Company.

Applicability:

Applicable to any Customer solely for providing gas service for Gas lighting provided Customer has Gas light fixture(s) approved by the Company, which can be discontinued without affecting other gas service provided by Company, and Customer agrees to be billed for the applicable rates and billing adjustments as part of this service.

Character of Service:

Natural gas or its equivalent conforming to the standards set forth in the “Quality of Gas” section of this Tariff. This service is of lower priority than Company’s other firm services and is subject to interruption in whole or in part at the sole discretion of the Company upon two hours’ notice by telephone or otherwise except in force majeure conditions. This service shall be provided based on the rated hourly usage of each fixture. Company will bill Customer for usage based on the monthly computed usage of the Gas light fixture(s). Customer shall permit Company to place a device onto Customer’s Gas light fixture(s) for tracking purposes. In the event Customer is planning to add, remove, or alter a Gas light fixture, Customer shall notify Company so that Company may adjust its records. Failure to notify Company of any additions or alterations in a Gas light fixture(s) shall result in Customer being charged for Unauthorized Use of Gas. Further, Customer shall give timely notice to Company in the event of a Gas light malfunction.

In the event the Company agrees to provide natural Gas conversion equipment and installation, an agreement as to terms and conditions governing recovery of such conversion costs from the Customer may be entered into and the initial term of Transportation Service shall at a minimum be the same as the period of recovery stated in the agreement. Further, the rates established in the monthly rate section may be adjusted to provide for recovery by the Company of the costs incurred, including carrying cost at the Company's overall cost of capital, in providing such natural Gas conversion equipment and installation. When the Company has recovered its costs of providing the natural Gas conversion, bills rendered under this rate schedule shall return to the rates stated herein.

Terms and Conditions:

Service under this rate schedule is subject to the Company's Rules and Regulations applicable to Transportation Service.

Determination of Demand Charge MDTQ:

Not applicable.

Miscellaneous:

In the event the Company agrees to provide natural Gas conversion equipment and installation, an agreement as to terms and conditions governing recovery of such conversion costs from the Customer may be entered into and the initial term of Transportation Service shall at a minimum be the same as the period of recovery stated in the agreement. Further, the rates established in the monthly rate section may be adjusted to provide for recovery by the Company of the costs incurred, including carrying cost at the Company's overall cost of capital, in providing such natural Gas conversion equipment and installation. When the Company has recovered its costs of providing the natural Gas conversion, bills rendered under this rate schedule shall return to the rates stated herein.

Original Sheet No. 7.500

All Companies
FLEXIBLE GAS SERVICE – (FGS)

Objective:

The objective of this service classification is to enable the Company the opportunity to compete in markets where natural gas service is not a monopoly service.

This Tariff provides the Company with both the opportunity and risk to compete in these markets. It is designed to increase load by working with Customers with regard to the specific terms and conditions of service.

This Tariff places the Company's shareholders at risk, not the general body of ratepayers (see rate-making treatment).

Applicability:

This service is available at the Company's option to Customer(s) meeting the applicability standards, which include (1) the Customer must provide the Company with a viable economic energy alternative including verifiable documentation of Customer alternative and (2) the Company must demonstrate that this new Customer will not cause any additional cost to the Company's other rate classes. The Company is under no obligation to grant service under this Tariff. Absent a service agreement with the Company under this rate schedule, Customers are under no obligation to accept service under this rate schedule and may elect to receive service under other applicable Tariff rate schedules.

Terms of service under this rate schedule, including pressure, capital repayment, operating conditions and length of service are separately set forth in individual agreements between the Company and the Customers.

Monthly Rate:

The rate will be developed based on economic market conditions at the time gas service is requested. The rate shall not be set lower than the incremental cost the Company incurs to serve the Customer.

Confidentiality:

The Company and Customer each regard the terms and conditions of the negotiated service agreement as confidential, proprietary business information.

The Company and Customer agree to utilize all reasonable and available measures to guard the confidentiality of said information, subject to requirements of courts and agencies having jurisdiction hereof.

In the event either party is asked to provide the information by such a court or agency, it will promptly inform the other of the request, and will cooperate in defending and maintaining the

FLEXIBLE GAS SERVICE – (FGS) - CONTINUED

Confidentiality Continued

confidentiality of the information.

This provision shall not prohibit or restrict the FPSC from reviewing the service agreement in the performance of its duties, but the FPSC shall treat the service agreement as a confidential document. Within 30 days after a service agreement has been executed under this rate schedule, the Company shall file the service agreement and related documents with the Commission of Records and Reporting for review by the Commission Staff who shall treat them as confidential documents.

Rate-Making Treatment:

To the extent that the Company enters into Flexible Gas Service agreements with Customers, the Company is at risk for the capital investment necessary to serve the Flexible Gas Service Tariff Customers, not the general body of ratepayers.

Rate Base:

In the case of providing service to a new Customer under this Tariff, the Company will identify the incremental capital costs, including construction work-in-progress, required to provide service to the Customer. In this instance, the Company will separately account for all such costs, excluding them from rate base.

Where the Customer is served from the Company's existing distribution system, a portion of the net book value of common distribution facilities, including Mains and measuring and regulating stations, reflecting the Customer's distance from the nearest point on an Interstate Gas Pipeline and the size of pipe required to serve that Customer's peak demand for Gas shall be removed from rate base.

In the case of transferring an existing Customer to this Tariff, in addition to excluding all incremental capital costs and common distribution facilities from rate base, the net book value of Mains, Service Lines, and metering equipment that were specifically installed to serve the particular Customer shall be removed from rate base.

Operating, Maintenance and Administrative Expenses:

The Company will specifically identify all incremental costs, if any, associated with the Flexible Gas Service Tariff Customer. These expenses will primarily be related to the incremental capital required to serve the Customer. In addition, the Company will allocate embedded costs including general distribution and maintenance, Meter reading, Customer billing and accounting, sales, and administrative expenses.

FLEXIBLE GAS SERVICE – (FGS) - CONTINUED

Operating, Maintenance, and Administrative Expenses Continued

In future rate cases and earnings surveillance reports, the Company will exclude all operating, maintenance, and administrative costs related to this Tariff as determined by this methodology.

Depreciation and Amortization Expenses:

The Company will exclude all depreciation and amortization expenses related to this Tariff in future rate cases and in its earnings surveillance report. Depreciation and amortization expenses may be incremental and/or allocated and will be determined based on the rate base allocated to each Customer under this Tariff as defined above.

Revenue and Related Taxes:

Revenues related to this Tariff will be excluded from regulated revenues. In filing earnings surveillance reports, the Company will remove actual revenues related to this Tariff, as well as revenue related taxes and income taxes from its calculation of FPSC adjusted rate of return.

All cost allocation related to this Tariff shall remain subject to FPSC audit.

OFF SYSTEM SALES SERVICE – 1 – (OSSS-1)

Availability:

Available within areas served by the Company, and within the area served by an interstate or intrastate natural Gas pipeline also serving the Company.

Applicability:

Interruptible Natural Gas, interstate or intrastate pipeline capacity releases, or delivered natural Gas capacity and supply combine, released or delivered by Company through the facilities of a Transportation Service Provider, using Company's transportation capacity rights on such Transportation Service Provider's pipeline, to any person not connected to Company's distribution system.

This rate schedule is applicable to both bundled and unbundled gas service, i.e., interstate or intrastate pipeline capacity only that is released by Company pursuant to Transportation Service Provider's FERC gas Tariff as well as interstate or intrastate pipeline capacity that is bundled with natural gas supply and is subsequently delivered by the Company to Customer.

Limitation of Service:

Company may notify Customer at any time to reduce or cease using Natural Gas. Company will endeavor to give as much notice as possible to Customer.

Any Gas taken in excess of the volume allocated to Customer during an interruption or Curtailment order shall be considered to be unauthorized overrun Gas. Company may bill and Customer shall pay for such unauthorized overrun Gas, in addition to other charges payable hereunder, at the greater of \$1.50 per Therm or the rate per Therm imposed on Company by the delivering Pipeline.

For each day on which Customer desires to receive service pursuant to this rate schedule, Customer shall provide a Nomination to Company specifying the quantity of Natural Gas it desires to receive at the specified point of delivery pursuant to this Agreement. Following receipt of a timely and complete Nomination from Customer, Company will confirm the quantities of Natural Gas to be made available for delivery to Customer at such point of delivery. Quantities confirmed by Florida Public Utilities Company for delivery shall be "Scheduled Quantities".

Except as nominated by Customer and scheduled by Company, neither Customer nor Company shall have any obligation to the other for any specific minimum quantity of Natural Gas or pipeline capacity on any day or during any Month. Deliveries pursuant to this rate schedule shall be subject to Curtailment or interruption at any time in the sole discretion of Company.

The point of delivery for all-natural Gas sold pursuant to this rate schedule shall be the Delivery Point of the delivering Pipeline specified by Customer. The Delivery Point operator shall be

solely responsible for all balancing with the Pipeline, financially and physically.

Customer and Company shall rely on measurement made by the Pipeline. Unless curtailed, all Nominations to Customer's Transportation Service Provider's Delivery Point shall be considered to have been made by the Transportation Service Provider.

Character of Service:

Natural Gas or its equivalent, with an approximate average heating value of in the range of one thousand one hundred (1,000) to one thousand one hundred (1,100) British Thermal Units per standard cubic foot.

Monthly Rate:

Customer Charge: None

Energy Charge Non-Fuel:

For all Scheduled Quantities, an amount not less than \$.000 per Therm, which Non-Fuel Energy Charge shall be established by agreement between Company and Customer prior to each transaction pursuant to this rate schedule.

The Non-Fuel Energy Charge for service pursuant to this rate schedule shall be determined by Company based upon Company's evaluation of competitive conditions. Company may from time to time increase or reduce the Non-Fuel Energy Charge as it deems necessary or appropriate to remain competitive, but shall have no obligation to do so; provided, however, that the Non-Fuel Energy Charge shall at all times remain within the limits set forth above.

The bill for Therms billed at the above rates shall be increased by the agreed upon price per Therm of the Natural Gas delivered to Customer pursuant to this rate schedule, including all costs incurred by Company associated with Transportation Service Provider transportation.

This rate schedule shall not be adjusted by the Company's Purchased Gas Cost Recovery Clause.

Transportation

Administration Charge: Not applicable

Minimum Bill: Not applicable

All other Billing Adjustments: Sheet Nos. 7.900-7.922

Term of Service:

As mutually agreed, to between Company and Customer.

Terms and Conditions:

Service under this rate schedule is subject to the Company's Rules and Regulations applicable to gas service.

Disposition of Net Revenues:

For purposes of this rate schedule "net revenues" shall mean the total Non-Fuel Energy Charges received by Company for service pursuant to this rate schedule, revenues received by Company for Natural Gas above the cost of Natural Gas to the Company and revenues received by Company for pipeline demand charges above the prevailing rates for like period(s) as negotiated by Pipeline Customers via the Transportation Service Provider's Relinquishment program on its Electronic Bulletin Board system. Disposition of net revenues received by Company during each Month that service is provided pursuant to this rate schedule shall be as follows:

Fifty percent (50%) of the net revenues shall be retained by Company. The remaining fifty percent (50%) of the net revenues shall be used to reduce Company's cost of Natural Gas recovered through the Purchased Gas Cost Recovery Factor Clause.

POOL MANAGER RATE SCHEDULES

All Companies

POOL MANAGER SERVICE – (PMS)

Applicability:

The provisions of this Rate Schedule shall apply to each broker, marketer or other third-party supplier (collectively “Pool Manager”) of natural Gas that wishes to act as Agents for the purpose of purchasing and scheduling natural Gas for Customers electing Transportation Services. Pool Managers desiring to provide service to Customers will be required to sign a Pool Manager Agreement in which they will agree to be bound by the terms and conditions of the Company’s FPSC Gas Tariff.

Term of Contract:

The term of the Pool Manager Agreement shall be at least one (1) year and from month to Month thereafter unless terminated upon sixty (60) days written notice.

Creditworthiness:

1. All Pool Managers shall establish credit prior to commencing deliveries of Gas and shall maintain such credit during the term hereof. The amount of credit established by each Pool Manager will be equal to the lesser of \$10,000 or an amount equal to Pool Manager’s highest two months aggregated DDR for the most recent 24-month period multiplied by the applicable Transportation Service Provider’s applicable rate schedule(s). Credit will be established by one of the following methods:
 - a. Payment of a cash deposit with Company;
 - b. Furnishing an irrevocable letter of credit from a bank;
 - c. Furnishing a surety bond issued by an entity acceptable to the Company;
 - d. Possessing and maintaining a Standard & Poor’s Long-Term Debt Rating of A- or better, a Moody’s rating of A3 or better, or a comparable rating by another nationally recognized rating organization acceptable to Company; or
 - e. Providing an acceptable parental or corporate guarantee.

If the Pool Manager seeks to establish credit pursuant to paragraph 1e above, Pool Manager shall furnish to Company Pool Manager’s audited financial statements (accompanied by the opinion of and independent certified public accountants or chartered accountants of a recognized national or regional standing) for at least the two most recently completed fiscal years.

All Pool Manager deposits will be subject to an annual review by Company and will be adjusted and billed accordingly. The minimum deposit maintained by each Pool Manager will be \$10,000.

POOL MANAGER SERVICE – (PMS) - CONTINUED

Creditworthiness Continued

Upon meeting Company's standards for creditworthiness, Company will include Pool Manager on Company's list of Approved Pool Managers. Company shall not be required to permit any Pool Manager who fails to provide the above referenced documentation to sell natural Gas on Company's distribution system.

In the event that Pool Manager defaults in its payment obligation to Transportation Service Provider for capacity relinquished as defined below, Company upon receiving notification from Transportation Service Provider of such default shall immediately terminate Pool Manager Agreement with Pool Manager. Company will not be required to permit any Pool Manager who defaults in its payment obligation to Transportation Service Provider to sell natural Gas on Company's distribution system.

Capacity Relinquishment:

Pool Manager will be required to accept a Capacity Relinquishment as required in this Tariff. Failure to accept Capacity Relinquishment by Pool Manager may result in Curtailment of service to Customers being served by Pool Manager or termination of Pool Manager.

Supplying Gas for Delivery:

Pool Manager shall be responsible for purchasing the natural Gas to be delivered for Customers served by the Pool Manager and for causing the same to be delivered to the Company's City Gate(s). Pool Manager shall diligently and in a timely manner take all actions required under the General Terms and Conditions of Transportation Service Provider's FERC Tariff to effectuate such delivery of natural Gas.

Force Majeure:

Except for making payments due, neither the Company nor the Pool Manager shall be liable in damage to the other for any act, omission or circumstances occasioned by or in consequence of any acts of God, strikes, lockouts, acts of the public enemy, wars, blockades, insurrections, riots, epidemics, including any government-mandated quarantines associated therewith, landslides, lightning, earthquakes, fires, storms, floods, unforeseeable or unusual weather conditions, washouts, arrests and restraint of rulers and peoples, civil disturbances, explosions, breakage or accident to machinery or lines of pipe, line freeze ups, temporary failure of Gas supply, the binding order of any court or governmental authority which has been resisted in good faith by all reasonable legal means, and any other cause, whether of the kind herein enumerated, or otherwise, and whether caused or occasioned by or happening on account of the act or omission of Company or Customer or any other person or concern not reasonably within the control of the party claiming suspension and which by the exercise of due diligence such party is unable to prevent or overcome. A failure to settle or present any strike or other controversy with employees or with anyone purporting or seeking to represent employees shall not be considered

to be a matter within the control of the party claiming suspension.

Neither party will be entitled to the benefit of the force majeure provision hereof under either or both of the following circumstances: i) to the extent that the failure was caused by the party claiming suspension having failed to remedy the condition by taking all reasonable acts, short of litigation, if such remedy requires litigation, and having failed to resume performance of such commitments or obligations with reasonable dispatch; or ii) if the failure was caused by lack of funds, or with respect to the payment of any amount or amounts then due hereunder.

Aggregated Daily Demand Requirement:

Company will calculate the Pool Manager's aggregated Daily Demand Requirement by summing Pool Manager's Daily Demand Requirements, plus applicable Shrinkage, for each Customer being served by Pool Manager and rounding the total to the next greatest dekatherm. The Company will inform Pool Manager via e-mail of Pool Manager's aggregated Daily Demand Requirement by City Gate for the upcoming Month upon expiration of Company's enrollment deadline.

The Company shall assess the Pool Manager a per MMBtu charge equal to the maximum of \$15.00 or 200% of the highest weekly Alert Day Price as posted by Florida Gas Transmission Company for each day when delivery to Company by Pool Manager differs from Pool Manager's Pool(s) aggregated DDR. This charge will serve as the final resolution between Company and Customer for such variances. The Company may waive this charge from time-to-time on a non-discriminatory basis.

Pool Manager Nominations

Each Pool Manager shall submit to Company first of the month scheduling and nomination information simultaneously with its submission to Transportation Service Provider(s). In addition, no later than the fifteenth (15th) of each month, Pool Manager may submit a mid-month nomination change for each Customer Pool. Pool Manager shall submit to Company, this scheduling and nomination information simultaneously with its submission to Transportation Service Provider(s).

Such Nomination shall include the following information:

1. The Customer, Shipper's Designee or Pool Manager's account number under which service is being nominated;
2. The Company Receipt Point locations including applicable POI and upstream pipeline
3. name, upstream package ID, including Customer's or Pool Manager's account number,
4. and quantity in Therms of Gas to be tendered at each Company Receipt Point.

Pool Manager Nominations Continued

5. the downstream delivery facility name, and quantity in Therms of Gas to be delivered for each Company Customer account or Pool;
6. A beginning and ending date for each Nomination;
7. The upstream contract identifier.

Only Nominations with clearly matching identifiers will be scheduled and subsequently delivered by Company.

Capacity Exceeding Released Quantities:

If Pool Manager's Customer Pool's aggregated DDR is greater than Pool Manager's Customer Pool's aggregated DCQ, Pool Manager shall be responsible for taking such actions as are required to obtain sufficient Transportation Service Provider capacity to meet its Customer Pool requirements, such additional quantities shall be equal to Pool Manager's Customer Pool's DDCV. Pool Manager may acquire such Transportation Service Provider capacity quantities from any source.

Pool Manager Warranty:

Each Pool Manager warrants that it will have at the time it delivers or causes the delivery of natural Gas into the Company's distribution system good title to deliver the Gas. Each Pool Manager warrants that the natural Gas it delivers or causes to be delivered shall be free and clear of all liens, encumbrances, and claims whatsoever; that it will indemnify the Company and hold it harmless from all suits, actions, debts, losses and expenses arising from any adverse claims of any person to the natural Gas; and that it will indemnify the Company and hold it harmless from all taxes or assessments which may be levied and assessed upon such delivery and which are by law payable by the party making delivery.

Responsibility for Natural Gas:

The Company and the Pool Manager shall be jointly and severally liable for the natural Gas while it is in the Company's distribution system between Company's City Gate(s) and the point of delivery to the Customer. The Pool Manager shall be solely liable for the natural Gas until it is delivered to Company's City Gate(s). The party or parties thus responsible for the natural Gas shall bear liability for all injury or damage caused thereby. Notwithstanding anything to the contrary stated herein, a Pool Manager shall indemnify the Company for all injury, damage, loss, or liability of the Company caused by Pool Manager's delivery of natural Gas not complying with the Natural Gas Quality section below.

Natural Gas Quality:

All-natural Gas delivered, or caused to be delivered, into Company's distribution system by or on behalf of a Pool Manager will be merchantable and shall conform to the natural Gas quality specifications set forth in the "Quality of Gas" section of this Tariff.

POOL MANAGER SERVICE – (PMS) - CONTINUED

Billing:

The Company shall render to a Pool Manager on or before the 20th calendar day of each Month a bill for Pool Manager's monthly Customer Charge and for all imbalance charges as defined in Billing Adjustments during the preceding Month.

Payment:

Pool Manager shall pay the Company the amount due under any bill from the Company within ten (10) days after receipt by the Pool Manager of the bill from the Company. The Company may at its option require the Pool Manager to make payment of any bill by electronic transfer within such ten (10) day period. Any bill not paid within such ten (10) day period shall bear interest at the rate of one and one-half percent (1.5%) per Month.

Billing Disputes:

Pool Manager may dispute the amount of any bill by notifying the Company within sixty (60) days of receipt by the Pool Manager of the bill from the Company. If a Pool Manager in good faith disputes the amount of any bill, the Pool Manager shall nevertheless pay to the Company the amount of such bill. Company shall have thirty (30) days to resolve such disputes with Pool Manager and will refund to Pool Manager any amount resolved in favor of Pool Manager within ten (10) days of such resolution.

Termination of Service:

Pool Manager will be responsible for providing Company with a duly executed CI Pool Manager Customer Termination Notice (See Sheet No. 8.133) not less than thirty (30) Working Days prior to the Pool Manager's desired date for termination of service to Customer.

CONTRACT TRANSPORTATION SERVICE – RIDER – (CTS - RIDER)

Availability:

Throughout the service areas of the Company.

Applicability:

Customers with Alternate Fuel capabilities who execute a CTS Affidavit (Sheet Nos. 8.114-8.115) and a Contract Transportation Service Agreement (Sheet Nos. 8.116-8.123), which is accepted by Company, for a minimum term of one year, and who transport over 50,000 Therms annually.

Monthly Rate:

Customer may at any time request a reduction in the applicable rate schedule Monthly Rate by completing, and submitting to the Company, CTS Affidavit. Determination of Customer's cost of Alternate Fuel shall be based on information set forth in Company's CTS Affidavit. Customer shall certify that its cost of Alternate Fuel is less than the delivered cost of Gas transported by Company. Once a Customer has submitted and Company has accepted CTS Affidavit, the Customer shall resubmit such form, with then current information, on or before the first day of each Month thereafter, and at any time there is any change in any information contained in a form previously submitted. The Monthly Rate for a Customer, who does not submit a properly completed CTS Affidavit as required hereunder, or if Company does not accept the completed form, shall be the currently applicable Tariff rate for the Customer.

The Monthly Rate to Customer shall be determined by Company based upon Company's evaluation of competitive conditions. Such conditions may include but are not necessarily limited to the cost of Gas which is available to serve Customer; the delivered price of Customer's designated Alternate Fuel; the availability of such Alternate Fuel; and the nature of Customer's operations. Company may from time to time increase or reduce the Monthly Rate as it deems necessary or appropriate to compete with Alternate Fuel but shall have no obligation to do so.

Company will notify Customer immediately by telephone or electronic communication to be followed by written notification within 24 hours of any change in the Monthly Rate. The noticed change in the Monthly Rate shall specify that the new Monthly Rate shall be effective beginning either the subsequent Gas Month or the subsequent Gas Day, as specified in the notice.

In instances where the Customer is able to demonstrate the ability and intent to bypass the Company's distribution system, the distribution charge shall, in the discretion of the Company, be the rate per Therm necessary to retain the Customer on the Company's distribution system, provided that such rate is demonstrated to be in the long-term best interests of both the Company and its rate payers.

CONTRACT TRANSPORTATION SERVICE – RIDER – (CTS - RIDER) - CONTINUED

Terms and Conditions of Service:

1. The above rates shall be subject to the applicable Billing Adjustments set forth on Sheet Nos. 7.900-7.922.
2. Service under this Rate Schedule is subject to the Terms and Conditions for Transportation Service as provided in this Tariff.
3. In the event the Company agrees to provide the necessary natural Gas conversion equipment and installation, an agreement as to terms and conditions governing recovery of such conversion costs from the Customer may be entered into and the initial term of Transportation Service shall at a minimum be the same as the period of recovery stated in the agreement. Further, the rates established in the monthly rate section may be adjusted to provide for recovery by the Company of the costs incurred including carrying cost at the Company's overall cost of capital, in providing such natural Gas conversion equipment and installation. At such time as the Company has recovered its cost of providing the natural Gas conversion, bills rendered under this rate schedule shall return to the rates stated herein.
4. Service under this schedule shall be subject to the terms and conditions of the Transportation Service Agreement between the Company and the Customer and, unless otherwise indicated herein or in the Transportation Service Agreement, to the Terms and Conditions for Transportation Service set forth in this Tariff.
5. **Alternate Fuel or Bypass Certification:**
The new or existing Customer shall certify that its cost of Alternate Fuel or bypass is less than the delivered cost of Gas received under Company's Transportation Service. Determination of Customer's cost of Alternate Fuel shall be based on information set forth in an affidavit acceptable to the Company. Once a Customer has submitted such form, and the same has been accepted by the Company, the Customer shall resubmit such form, with then current information, on the first day of each Month thereafter, and at any time there is any change in any information contained in a form previously submitted.

The monthly rate for a Customer who submits no affidavit to Company, or who fails to submit such form (properly completed) as required hereunder, or who's completed form if not accepted by Company, shall be the currently applicable non-adjusted rate.

BILLING ADJUSTMENTS
All Companies
COMPETITIVE RATE ADJUSTMENT

Applicability:

Indiantown, Ft. Meade and FPUC. To the Monthly Rate provision in each of the Company's Rate Schedules, except those receiving service under the Contract Transportation Service (CTS) Rider or a Special Contract, shall be adjusted as determined in a subsequent filing made by the Company.

CFG. To the Monthly Rate provision in each of the Company's CFG Customer rate schedules FTS-A, FTS-B, FTS-1, FTS-2, FTS-2.1, FTS-3, FTS-3.1, FTS-4, FTS-5, FTS-6, FTS-7, FTS-8, FTS-9, FTS-10, FTS-11, and FTS-12.

The distribution and transportation charges for Gas and Transportation Service is subject to adjustment in accordance with the following provisions for shortfalls or surpluses in the Company's revenues resulting from Regulated Gas Sales Service and Transportation Service under the CTS rider.

1. For the purposes of this clause, the following definitions shall apply:
 - a. "Actual revenue" means Company's actual revenue derived from service provided to Alternate Fuel Customers at rates prescribed, under the rates section of the CTS Rider, during a determination period.
 - b. "Base revenue" means the revenue which Company would have derived had all Gas transported at rates prescribed, under the "currently applicable base rate," during a determination period, been billed at the base transportation charge.
 - c. "Currently Applicable Base Rate" means the Regulated Gas Sales Service or Transportation Service Rate Schedule for which the Customer would otherwise qualify for service.
 - d. "Surplus" means the amount, if any, by which Company's actual revenue exceeds its base revenue for a determination period.
 - e. "Shortfall" means the amount, if any, by which the Company's base revenue exceeds its actual revenue for a determination period.

Issued by: Jeffry Householder, Chief Executive Officer
Florida Public Utilities Company and Chesapeake Utilities Corporation

Effective

Florida Public Utilities Company and Florida Division of Chesapeake Utilities
FPSC Tariff
Original Volume No. 1

Original Sheet No. 7.901

All Companies
COMPETITIVE RATE ADJUSTMENT – CONTINUED

- f. The existence of a shortfall or surplus shall be determined by comparing Company's actual revenue with its base revenue. This determination shall be made each year for the twelve-Months ending December ("Determination Period").
 - g. Adjustments to rates pursuant to this clause shall be implemented during an "Adjustment Period," which shall be the twelve Months immediately following the Determination Period in the event of a surplus. In the event of a shortfall, any twelve successive Months ending on a December 30 within five years following the Determination Period may be an Adjustment Period.
2. In the event of a Surplus, Company shall reduce rates to Customers to credit them with revenues equal to one-half the surplus. In the event of a shortfall, Company may increase rates to Customers to recover an amount not to exceed one-half the Short fall. The amount of any credit or recovery is governed by the following:

$$\begin{aligned}\text{Surplus} &= (\text{Actual revenue} - \text{Base revenue}) \times 0.5 \\ \text{Short fall recovery} &= (\text{Base Revenue} - \text{Actual revenue}) \times 0.5\end{aligned}$$

A Surplus credit or Short fall recovery shall be implemented during an adjustment period by reducing or increasing the transportation charges prescribed in each applicable rate schedule. The adjustment factor computed for each rate schedule shall conform to the methodology approved by the FPSC for use in determining cost recovery factors by rate schedule in the Company's Energy Conservation Cost Recovery Adjustment.

Any variation between the actual credit to Customers and the amount calculated pursuant to the preceding paragraph, or between the Actual Shortfall calculated amount which the Company elected to recover in an adjustment period, shall be "trued-up" during the succeeding twelve Months pursuant to methodology approved by the FPSC.

Company may defer all or a portion of a shortfall recovery to a subsequent adjustment period or portion thereof.

All adjustment factors computed on a per Therm basis shall be rounded to the nearest 0.001 cent per Therm.

COMPETITIVE RATE ADJUSTMENT - FIXED

Applicability:

All CFG Customers, receiving Transportation Service from the Company and are assigned to or have selected Rate Schedules FTS-A (Fixed), FTS-B (Fixed), FTS-1 (Fixed), FTS-2 (Fixed), FTS-2.1 (Fixed), FTS-3 (Fixed), and FTS-3.1 (Fixed).

The Monthly Rate is subject to adjustment in accordance with the following provisions for prior Shortfalls or Surpluses in the Company's revenues resulting from service provided under the CTS Rider.

1. For the purposes of this clause, the following definitions shall apply:
 - a. "Actual revenue" means Company's Monthly Rate derived from service provided to CFTS Customers during a Determination Period.
 - b. "Tariff Revenue" means the Monthly Rate revenue which Company would have derived had all Gas transported to Customers, during the Determination Period, been billed at the applicable Transportation Service rate schedule.
 - c. "Surplus" means the amount, if any, by which Company's Actual Revenue exceeds its Tariff Revenue for a Determination Period.
 - d. "Shortfall" means the amount, if any, by which the Company's Tariff Revenue exceeds its Actual Revenue for a Determination Period.
2. The existence of a shortfall or surplus shall be determined by comparing Company's Actual Revenue with its Tariff Revenue. The determination shall be made each year for the twelve Months ending December 31 ("Determination Period").

Adjustments to rates pursuant to this clause shall be implemented during an "Adjustment Period," which shall be the twelve Months immediately following the Determination Period in the event of a Surplus. In the event of a shortfall, any twelve successive Months ending on a December 31 within five years following the Determination Period may be an Adjustment Period.

program-eligible infrastructure. Costs incurred to remove the existing eligible distribution Mains and Service Lines are not recoverable under the GRIP Program.

The Eligible Infrastructure Replacement includes the following:

1. Company plant investment that
 - a. Does not increase revenues by directly connecting new Customer to the plant asset,
 - b. is in service and used and useful in providing utility service, and
 - c. was not included in the Company's rate base for purposed of determining the Company's base rates in its most recent general base rate proceeding.
2. Mains and Service Lines, as replacements for existing cast iron, wrought iron, and bare steel facilities, and regulation station and other pipeline system components, the installation of which is required as a consequence of the replacement of the aforesaid facilities.

The Company is recovering its revenue requirement on the actual investment amounts. The revenue requirements are inclusive of:

1. Return on investment as calculated using the allowable equity and debt components of the Company's weighted cost of capital,
2. Depreciation expense (respectively calculated using the currently approved depreciation rates),
3. Customer and general public notification expenses associated with GRIP for:
 - a. All Customers regarding the implementation of the GRIP Program and the approved surcharge factors:
 - b. The immediately affected Customers where the eligible infrastructure is being replaced, and
 - c. The general public through publications (newspapers) covering the geographic areas of the eligible infrastructure replacement activities.
4. Ad valorem taxes, grossed-up for federal and state income taxes.

TRANSPORTATION COST RECOVERY ADJUSTMENT

Applicability:

All TTS Pool Managers.

Company is authorized to recover certain non-recurring, incremental expenses incurred, or projected to be incurred, in the implementation of the Company's consolidated Transportation Service programs. A Transportation Cost Recovery (TCR) Billing Adjustment shall be charged to all TTS Pool Managers. Under the provisions of the Company's TTS Pool Manager Agreement, the charges levied under this TCR adjustment may be passed through to Customers in the TTS Pool Manager's monthly Gas supply billing charge.

Each Month during the twelve (12) Month TCR period, the Company shall adjust the Shipper Administration Charge in the Shipper Administration and Billing Service (SABS) rate schedule by the TCR Billing Adjustment.

The TCR Billing Adjustment shall be determined as follows:

The TCR amount authorized by the Commission, including applicable interest and regulatory assessment fees, shall be divided into twelve (12) approximately equal monthly amounts (the Monthly TCR Amount). Each Month the Company shall determine the number of Customers assigned to each ITS Shipper's respective Customer Pool. The Company shall prorate each Monthly TCR Amount between TTS Pool Manager's based on the relative number of Customers in each ITS Shipper's Customer Pool. In the final Month of the recovery period (Month twelve), the Company may adjust the Monthly TCR Amount (increase or decrease) to ensure that the actual total TCR amount recovered is equal to the Company's actual TCR expenses. For each TTS Pool Manager, the respective Shipper Administration Charge shall be increased by the Monthly TCR Amount.

OPERATIONAL BALANCING ACCOUNT

Authorization for Recovery or Refund:

It is the intent of this Tariff that the Company shall be authorized to recover or refund any and all charges and credits, related to the provision of Transportation Service, as have historically been recovered from or allocated pursuant to the Commission's ongoing Purchased Gas Cost Recovery Factor cost recovery proceedings.

Charges or Credits:

The OBA provides the mechanism by which the Company accumulates and allocates the following charges or credits, which include but are not limited to:

1. Charges or credits associated with balancing, the measured Gas quantities at the Company's Delivery Points with Transportation Service Providers scheduled quantities of Gas on Transportation Service Providers' system(s).
2. Charges or credits associated with the balancing between Pool Manager, Shipper's Designees, and Customers on the Company's distribution systems, less Retainage for transportation shrinkage, to actual daily deliveries of Gas by Company to Customers.
3. Charges or credits associated with the "Operational Controls" section Y.7 of this Tariff. Such charges or credits associated with the Operational Controls shall be recorded in a separate sub-account of the Operational Balancing Account ("OBA").
4. Charges or credits associated with any unreleased Transportation Service Provider capacity that has not otherwise been assigned or allocated.
5. Charges or credits resulting from the over and under collection of Company's interstate pipeline capacity costs calculated monthly using Company's projected weighted average pipeline capacity expenses and released on an annualized basis and as described herein.
 - a. Company shall calculate the Weighted Average Capacity Cost ("WACC") annually (on a calendar year basis) as follows:

The Company's Weighted Average Cost of Capacity ("WACC") shall equal the projected annualized weighted average cost of capacity excluding releases to ITS Customers, Customers receiving service under Company's Rate Schedules FGS and Rider CTS, Customers served by the Company pursuant to a Special Contract, Customers who utilize upstream capacity released by the Company pursuant to an asset management agreement, and capacity released by Company pursuant to a long-term capacity release i.e., a period longer than one year.

Florida Public Utilities Company and Chesapeake Utilities Corporation

Effective

Florida Public Utilities Company and Florida Division of Chesapeake Utilities
FPSC Tariff
Original Volume No. 1

Original Sheet No. 7.916

All Companies
OPERATIONAL BALANCING ACCOUNT – CONTINUED

Company shall include a load factor adjustment to Company's WACC based on Company's Residential and Non-residential Customer(s) daily demand and load factor(s) and on-going Company interstate pipeline capacity acquisition, turn-back, or long-term releases.

Company may re-project Company's WACC throughout the calendar year and if the re-projected expenses for the remaining period exceed projected recovery for the twelve (12) month period, the Company may re-project the WACC and recall and rerelease capacity to the applicable Pool Manager at the recalculated WACC.

Any over-recovery or under-recovery of Company's interstate capacity costs included in the WACC by the Company shall be "trued-up". The "trued up" WACC amount shall be applied prospectively, to the succeeding calendar year's projected WACC.

Company shall maintain a separate sub-account in this OBA to track interstate pipeline capacity expenses included in Company's OBA.

6. Charges and credits associated with providing Temporary Back-Up Service in the event of the non-performance of Customer, Shipper's Designee, or Pool Manager.
7. Other charges or credits related to the provision of Transportation Service that have historically been recovered or allocated through the Commission's ongoing Purchased Gas Cost Recovery Factor cost recovery proceedings.
8. This mechanism should not be considered to preclude the Company from recovering other penalties and charges from its Customers as otherwise defined in this Tariff.

Disposition of OBA Balance:

A Customer or Pool Manager may request that its OBA balance be billed and paid on a regular monthly basis or at the end of each calendar quarter, which may be granted at the Company's discretion. Where the OBA is not billed regularly on a monthly or quarterly basis, the Company shall, within 30 days after calendar quarter end, dispose of any OBA balance with Customers and Pool Managers if such balance is at least \$100,000 (debit or credit balance). If the OBA balance at calendar quarter end is below \$100,000 (debit or credit balance), then the Company shall not dispose of the OBA balance until such time that the OBA balance is at least \$100,000 (debit or credit balance) at any subsequent calendar quarter. The Company shall, within 45 days after calendar year end, dispose of the OBA balance, regardless of balance amount, with Customers and Pool Managers. Each Customer's or Pool Manager's refund or charge shall be based upon

Ft. Meade and FPUC
PURCHASED GAS COST RECOVERY FACTOR

The energy charge of the Monthly Rate for Regulated Gas Sales Service supplied in any billing period shall be adjusted by the Company's expected weighted average costs of Gas (WACOG). The WACOG may not exceed the Commission-approved purchased Gas cost recovery factor based on estimated Gas purchases for the 12-Month periods of January through December, in accordance with the methodology adopted by the Commission on May 19, 1991, in Order No. PSC-98-0691-FOF-PU, or as such methodology may be amended from time to time by further order of the Commission. The factors determined as set forth above were grossed up by 1.00503 for regulatory fees (1.00000 for Customers using the Gas supply solely for the generation of electricity), and rounded to the nearest \$.00001 per Therm, to be applied to the total number of Therms consumed by the Customer during the billing period.

The purchased Gas cost recovery factor approved by the Commission for the billing Months of January 2020 through December 2020 is 100.946 cents per Therm.

The purchased Gas cost recovery factor shall serve as a cap or maximum recovery factor. If re-projected expenses for the remaining period exceed projected recoveries by at least 10% for the twelve-Month period, a mid-course correction may formally be requested by the Company. For changes in market conditions and costs, the Company, upon one day's notice to the Commission, shall have the option of flexing downward (reducing the WACOGs) or upward (increasing the WACOGs) to the extent that the increase does not exceed the authorized cap. The current Month's WACOGs may be adjusted for prior Months' differences between projected and actual costs of Gas purchased but may not exceed the approved cap for the period.

Any over recovery or under recovery of purchased Gas costs by the Company shall be "trued-up" (refunded to Customer or collected by Company), with interest, during the next twelve Month period, in accordance with the methodology adopted by the FPSC on May 19, 1998 in Order No. PSC-98-0691-FOF-PU, or as such methodology may be amended from time to time by further order to the FPSC.

All Customers in a TTS Customer Pool, only when the Company, upon default of all TTS Pool Managers, is providing the Shipper of Last Resort Service.

The Monthly Rate shall contain an additional component (the “SOLR Fuel Charge”) for Gas supplied in any billing period. The SOLR Fuel Charge shall be Company’s weighted average cost of Gas (WACOG). The WACOG shall be derived from such charges (Gas supply costs, interstate pipeline capacity charges, monthly imbalance charges, Operational Order charges, SABS Charges, etc.) that comprise the total cost of Gas to the Company. The WACOG shall be determined in accordance with the methodology adopted by the Commission on May 2, 1991, in Order No. 24463, Docket No. 910003-GU, or as such methodology may be amended from time to time by further order of the Commission. The WACOG determined as set forth above shall be grossed up by 1.00503 for regulatory fees and rounded to the nearest \$0.00001 per Therm, to be applied to the total number of Therms consumed by the Customer during each billing period.

During the time the Company is providing SOLR Service, all over- or under-recovery of the cost of Gas supplied by the Company shall be “trued up”, with interest, during succeeding billing periods as an adjustment to the WACOG. Upon selection and activation of a new TTS Pool Manager(s), Company shall, on a pro-rata basis, credit or bill the new TTS Pool Manager(s) the remaining over- or under-recovery of the cost of Gas supplied.

A. NATURAL GAS SERVICE AGREEMENT (BACK)

Natural Gas Service Terms and Conditions

The appliance names on the front page hereof identified as ("Customer") agrees to buy gas from Florida Public Utilities ("Company"), and Company agrees to sell gas to Customer under the rate classification indicated on the first page hereof and under the terms and conditions of this contract and pursuant to the applicable provisions of Company's tariff approved by the Florida Public Service Commission.

Customer and owner agree to permit the Company to install its facilities on the property listed on the first page hereof and to provide Company with egress and ingress to install, maintain or remove its gas line and equipment and to periodically read meter. Customer and owner further agree that all facilities installed by the Company, up to and including the outlet of the gas meter, shall forever remain the property of the Company. Customer, if other than owner of property on which installation is to be made, shall provide Company with either written documentation of property's owner consent for the installation of a natural gas service on the property or have the property owner complete a Property Owner's Consent Form (FPUC Form No. POCF).

Customer agrees to pay Company for all service rendered hereunder at the designated rate as it now or may subsequently be lawfully amended or superseded. If Customer fails or refuses to take gas service from the Company, Customer shall pay to the Company the actual cost incurred by the Company in constructing the facilities to have been used in providing service to the Customer. Any deposits currently held by the Company shall be forfeited by Customer in payment or partial payment of these costs.

No agent or employee of Company has any power to amend or waive any of the provisions of this contract or to make any promise or representation contrary to, or inconsistent with, the provisions hereof. This instrument constitutes the entire contract between the parties.

Customer agrees to accept and be bound by all rules and regulations of Company in connection with the service hereby covered, which are now or may hereafter be filed with, issued and promulgated by the Florida Public Service Commission or other Governmental bodies having jurisdiction thereof.

Company and Customer do respectively assume full responsibility and liability for the maintenance and operation of the facilities owned or operated by each and each shall indemnify and save harmless the other from any and all loss or damage sustained, and from any and all liability including injury to persons and property incurred, arising from any act or accident in connection with the installation, presence, maintenance and operation of facilities operated by the indemnifying party unless the same shall be due to the sole negligence of the other party, its agents, employees, contractors, guests or invitees.

B. EXTENSION OF FACILITIES AGREEMENT

FLORIDA PUBLIC UTILITIES

Extension of Facilities Agreement

This agreement, executed in duplicate as of the _____ day of _____, by and between Florida Public Utilities Company, a Florida Corporation, hereinafter referred to as the "Utility", party of the First part, and _____, hereinafter referred to as the "Consumer", party of the Second part witnesseth:

Whereas, the Consumer is desirous of securing an extension or increase of the facilities of the Utility as hereinafter described; and whereas, the Utility is willing to make such an extension or increase;

Now, therefore, in consideration of the respective and mutual covenants and agreements contained herein and hereinafter set forth, the parties hereto agree with each other as follows:

1. The Utility will extend or increase its facilities as follows:

The Utility will commence the extension or increase of its existing facilities forthwith after the execution of this agreement and use its best efforts to complete the extension or increase of its facilities as soon as reasonably possible provided, however, that the parties expressly agree that the Utility shall not be liable or responsible for any delay caused by or resulting from shortages or unavailability of material or labor, or for any other hindrance or delay beyond the control of the Utility.

2. To compensate the Utility for the cost and expense of the aforesaid extension or increase of its facilities in accordance with the Utility's with the Utility's Rules and Regulations for extensions, the Consumer simultaneously with the execution of this agreement has paid to the Utility the sum of _____ the receipt of which hereby is acknowledged by the Utility. The parties agree that said sum was paid by the Consumer to and received by the Utility in accordance with the Utility's Rules and Regulations for service requiring extension of facilities within the service area of the Utility in _____ The Utility's Rules and Regulations as filed with and approved by the Florida Public Service Commission are made a part of this Agreement.
3. The parties agree that the refund provision as set forth in the Utility's approved Rules and Regulations, shall be exercised according to option (a) at the end of the initial year of service or (b) at the end of the initial four years of service. The estimated annual gas revenue less cost of gas used to determine the amount paid in item (2) above is _____. Consumer agrees that option B is to be used.
4. The parties agree that the utility shall at all times have title to and keep ownership and control in and over the aforesaid extended or increased facilities, including but not limited to all new materials and equipment installed therein; and the parties agree further that the Utility shall have the sole and exclusive right to use the extended or increased facilities for the purpose of serving other Consumers of the Utility.
5. After the extension or increase of the facilities described above, the Utility agrees that subject to all applicable terms, provisions, rights, duties and penalties the Consumer will in the usual manner and at the usual times pay for the utilities and services delivered to the Consumer by means of the extended or increased facilities in accordance with the Company's tariffs filed with and approved by the Florida Public Service Commission.
6. The parties agree that no representation, warranty, condition, or agreement of any kind or nature whatsoever shall be binding upon either of the parties hereto unless incorporated in this agreement; and the parties agree further that this agreement covers and includes the entire agreement between the parties. The parties agree that all covenants and agreements contained herein shall extend to, be obligatory upon and inure to the benefit of the parties hereto and their respective heirs, legal representatives, successors and assigns; provided, however, that the Consumer may not transfer or assign all or any part of this Agreement or any right which he may obtain hereunder without first obtaining the written consent of the Utility.

In witness whereof, the parties hereto have executed this Agreement as of the day and year hereinbefore first written.

C. IMPROVEMENT OR RELOCATION OF FACILITIES AGREEMENT

FLORIDA PUBLIC UTILITIES	
Improvement or Relocation of Facilities Agreement	
This agreement, executed in duplicate as of the _____ day of _____, by and between Florida Public Utilities Company, a Florida Corporation, hereinafter referred to as the "Utility", party of the First part, and _____, hereinafter referred to as the "Consumer", party of the Second part witnesseth:	
Whereas, the Consumer is desirous of securing an improvement or relocation of existing facilities of the Utility as hereinafter described; and whereas, the Utility is willing to make such an improvement or relocation:	
Now, therefore, in consideration of the respective and mutual covenants and agreements contained herein and hereinafter set forth, the parties hereto agree with each other as follows:	
1. The Utility will improve or relocate existing facilities as follows:	
The Utility will commence the improvement or relocation of its existing facilities forthwith after the execution of this agreement and use its best efforts to complete the improvements or relocation of its facilities as soon as reasonably possible; provided however that the parties expressly agree that the Utility shall not be liable or responsible for any delay caused by or resulting from shortages or unavailability of material or labor, or for any other hindrance or delay beyond the control of the Utility.	
2. To compensate the Utility for the cost and expense of the aforesaid improvement or relocation of its facilities, the Consumer simultaneously with the execution of this agreement has paid to the Utility the sum of _____ the receipt of which hereby is acknowledged by the Utility. The parties agree that said sum was paid by the Consumer to and received by the Utility without the right of any rebate, credit, reduction or adjustment in favor of either party.	
3. The parties agree that the utility shall at all times have title to and keep ownership and control in and over the aforesaid improved or relocated facilities, including but not limited to all new materials and equipment installed therein; and the parties agree further that the Utility shall have the sole and exclusive right to use the improved or relocated facilities for the purpose of serving other customers of the utility.	
4. After the improvement or relocation of the facilities described above, the Consumer agrees that subject to all applicable terms, provisions, rights, duties and penalties the Consumer will in the usual manner and at the usual times pay for the utilities and services delivered to the Consumer by means of the improved or relocated facilities in accordance with the Company's tariffs filed with and approved by the Florida Public Service Commission.	
5. The parties agree that no representation, warranty, condition, or agreement of any kind or nature whatsoever shall be binding upon either of the parties hereto unless incorporated in this agreement; and the parties agree further that this agreement covers and includes the entire agreement between the parties. The parties agree that all covenants and agreements contained herein shall extend to, be obligatory upon and inure to the benefit of the parties hereto and their respective heirs, legal representatives, successors and assigns; provided, however, that the Consumer may not transfer or assign all or any part of this agreement or any right which he may obtain hereunder without first obtaining the written consent of the Utility.	
In witness whereof, the parties hereto have executed this Agreement as of the day and year hereinbefore first written.

For service at:

Disconnect Date: 8/15/2019

Account Number

Dear

We understand it can sometimes be a challenge to pay bills on time, but it only becomes more difficult the longer you wait. We're sending you this important notice because you're important to us—and we need to receive your immediate payment. Your account has a past due balance of: \$1685.20. Please pay this TOTAL AMOUNT in our office before the disconnect date to avoid disconnection of your service and losing any budget plan. The Disconnect Date above does not cancel any earlier notice if charges still remain past due. Any check payments returned by your bank as unpaid will result in disconnection without any further notice. If your service unfortunately gets disconnected, reconnection will only be scheduled once payment of your "TOTAL PAST DUE" balance and "RECONNECT CHARGE" is received by our office. Reconnecting service may require access to your meter/appliances, per Florida State Statutes. By remitting payments before the due date on future bills, you can avoid Past Due Notices, deposit increases, late fees, loss of services and reconnection charges. We hope this reminder helps you take necessary action and we look forward to servicing you well into the future. Don't hesitate to call our local Customer Care Department with any questions. Short on time? Go to the Quick Pay web site (shown on the back of your bill) or call Telepay at 1-866-957-2948 for a small fee. Add leading zeroes to the account number above to total eight digits.

I (We) hereby authorize Florida Public Utilities (FPU) to automatically initiate debit entries (charges) to my bank account (and for my bank to accept and post such debit entries) indicated below for the payment of all bills rendered to me by FPU.

I (We) understand that FPU will continue to send a bill each month at least 7-10 days before my bank account is to be charged. The message area of the bill will state that this is for notification purposes only and that FPU will draft statement amount from my bank account. FPU may impose a fee in the event my bank does not pay a debit entry.

This authority will remain in effect until FPU receives written notification for termination. Termination will occur within 30 days of receipt of such notification. Any incorrect charge will be corrected upon notification to FPU by a credit or debit to my FPU Utility account.

IMPORTANT: Please pay your current utility bill. Enclose a voided check from the bank account you designated.

K. GAS METER NOTICE

The image shows the front and back of a "GAS METER NOTICE" card. The front (left) is dark blue with a white circle at the top. Below the circle, it says "GAS METER NOTICE" and "AVISO DEL METRO DEL GAS". There is a white bird logo. Below that, it says "For Assistance, Please Contact FPU:" and lists "Office Location" (1641 Worthington, Suite 220, West Palm Beach, FL 33409, 950-441-8500, 950-441-8502 FAX) and "Customer Call Center" (Atención al Cliente, Monday-Friday 7:00 AM - 7:00 PM, Phone: 800-437-7702, FPU.com). Below this, there is a paragraph in English and Spanish explaining that the meter has been read and the bill is being provided. There are four small circular diagrams showing meter dials. Below these are fields for "Account #", "Address", "Meter #", and "Date". At the bottom, it says "FLORIDA PUBLIC UTILITIES". The back (right) is also dark blue with a white circle at the top. Below the circle, it says "GAS METER NOTICE" and "AVISO DEL METRO DEL GAS". There is a white bird logo. Below that, it says "Meter Reader:" and "Date:". At the bottom, there is a "BUSINESS REPLY MAIL" label with the address "FLORIDA PUBLIC UTILITIES, ATTN: BACK OFFICE, 1641 WORTHINGTON RD STE 220, WEST PALM BEACH FL 33409-6988" and a barcode.

O. CONTRACT TRANSPORTATION SERVICE AGREEMENT

**[INSERT APPLICABLE COMPANY NAME]
CONTRACT TRANSPORTATION SERVICE AGREEMENT**

This Agreement entered into this _____ day of _____,
20_____, by and between [INSERT APPLICABLE COMPANY NAME], herein after
referred to as "Company" and:

Company Name: _____
Account Number: _____
Contact Person & Title: _____
Mailing Address: _____
Telephone Number: _____
E-mail Address: _____

Herein referred to as "Customer."

WITNESSETH:

Subject to the terms and conditions contained herein, Company agrees to sell or deliver and
Customer agrees to purchase or pay for services required by Customer under Company's
Contract Transportation Service ("CTS") Rider.

[WHEREAS Customer has demonstrated Customer's Alternative Fuel or bypass capabilities and
has provided Company with a fully executed CTS Affidavit Form (Sheet Nos. 8.114-8.115) from
Company's Tariff.]

Term of Agreement

Service under this Agreement shall commence on the _____ day of _____, 20____, or
on the first day following the date the Company completes the installation of necessary Mains,
Meters, and other essential equipment to service the Customer, whichever is later. This
Agreement will remain in effect for an initial term of _____ year(s) beginning with the
commencement of service by the Company, and thereafter from year to year. At any time after
the initial term, either party may terminate this contract by giving written notice of termination
(specifying a termination date at the end of such contract year or any contract yearly period
thereafter) upon at least sixty (60) days prior notice.

Duly Constituted Authorities

The terms, and conditions of this Agreement are subject to change as may be lawfully required
or permitted by the Florida Public Service Commission ("FPSC"). The applicable rates of this
Agreement are described herein. If the Company's FPSC Tariff and provisions within this
Agreement conflict, the provisions in this Agreement will prevail.

Original Sheet No. 8.117

O. CONTRACT TRANSPORTATION SERVICE AGREEMENT - CONTINUED

All terms and conditions set forth in Company's FPSC Tariff are incorporated herein by reference.

All services are subject to the Rules and Regulations of Company's FPSC Tariff and more specifically by the conditions contained in the Company's CTS Rate Schedule. Copies of Company's FPSC Tariff are available for public reference during normal business hours at each of the Company's natural Gas offices.

Type of Service

The service contemplated hereunder is of an Industrial or commercial character and Company does not guarantee it to be free from interruption or that the chemical composition or specific gravity of the Gas delivered may not vary from time to time. The Customer agrees to provide and maintain suitable safety and control equipment on Customer's facilities and equipment and to use only equipment of a character to ensure safe utilization of Gas sold or delivered hereunder. In the event that the supply of Gas is interrupted by any cause, Company shall not be held liable for damages on account of such interruption or any consequences resulting there from or from the restoration of service thereafter.

Full Requirements [and Security if applicable]

Customer agrees Customer shall transport all of their natural gas quantity requirements through Company's distribution system.

Upon the execution of an expansion agreement between the Company and Customer, Customer shall furnish to Company security acceptable to Company to secure the payment to Company of all costs incurred by Company for the design, engineering, permitting, construction, completion, testing, and placing in service of the expansion project which have not been recovered by Company through the transportation charges payable by Customer pursuant to this Agreement. In the event Customer elects not to use the Transportation Service contemplated by this Agreement, Company shall have the right, without notice to Customer, to make claim on the Security for the amount of all costs incurred by Company for the design, engineering, permitting, construction, completion, testing, and placing in service of the expansion project which have not, as of the time of such claim, been recovered by Company through the transportation charges payable by Customer pursuant to the Transportation and Other Charges Section of this Agreement. Security shall be provided as follows:

Provided Customer is not in default of its obligations under this Agreement, Customer's obligation to provide the Security as hereinabove provided shall terminate at the end of the Contract Year.

Responsibility and Liability

The Company and Customer do respectively assume full liability for the maintenance and

operation of facilities operated by each party. Each party shall indemnify and save harmless the other from any and all loss or damage sustained, and from any and all liability including injury to persons and property insured, arising from any act or accident in connection with the installation, presence, maintenance and operation of facilities operated by the indemnifying party unless the same shall be due to the sole negligence of the other party, its agents, employees, contractors, guests or invitees.

Notices

All correspondence and notices required under this Agreement, except notice of Gas supply interruption or restoration of service are to be addressed at the above listed address or e-mail address and to Company at Florida Public Utilities Company, Energy Logistics Department PO Box 960, Winter Haven, Florida 33882. Notices with respect to interruption or restoration of deliveries of Gas shall be sufficient if given by Company, at the Company's option, in writing or orally in person or by telephone to the person or one of the persons designated from time to time by Customer as authorized to receive such notice. If Customer shall not have made such designation or, if made, Company is unsuccessful in its effort promptly to establish communication with the person or one of the persons so designated then in any such event, said notice shall be sufficient if given by Company to any person or persons who are on said premises or who answer Customer's telephone.

Customer Designation of Pool Manager

Customer shall designate a Pool Manager from Company's List of Approved Pool Managers on Company's website. Customer shall cause Pool Manager to deliver a Letter of Authorization with a duly authorized signature acknowledging such election to the Company.

Point of Receipt and Point of Delivery

CTS Customers or Customer's Designee will cause Customer's natural Gas to be delivered to Company's Receipt Point as specified in Exhibit A. Customer has requested and Company agrees to receive and transport Customer's natural Gas from the Company's Receipt Point to the Company's Delivery Point as specified in Exhibit A.

Election of Service Level

CTS Customers will elect a Daily Demand Requirement ("DDR") by Month in Exhibit A. Customer's Pool Manager will be required to accept a capacity Relinquishment in a quantity equal to the maximum Daily Demand Requirement elected by Customer.

Monthly Minimum Bill Quantity

Customers who are served under Company's CTS Rider requiring minimum monthly billing

quantities agree to purchase or receive from Company and Company agrees to sell or deliver to Customer the monthly minimum bill quantity of natural Gas at the Point of Delivery as listed in Exhibit A.

Transportation and Other Charges

Customer shall pay Company each Month for Transportation Service in accordance with Company's CTS Rider. [The charge per Therm billed by Company to Customer is \$_____ per Therm and/or \$_____ per Month.]

Balancing Provisions

[INSERT BALANCING PROVISIONS]

Miscellaneous Provisions

(A) No agent or employee of Company has any power to amend or waive any of the provisions of this Agreement or to make any promise or representation contrary to, or inconsistent with, the provisions hereof. (B) This Agreement with portions included by reference constitutes the entire contract between the parties. (C) This Agreement shall not be binding upon Company until approved and accepted on its behalf by one of its executive officers in the space provided below, and thereafter shall bind and benefit the parties hereto, their successors and assigns.

Delivery Pressure

The Company shall endeavor to deliver Gas to Customer at the Point of Delivery at a pressure of not less than _____ p.s.i.g.

Bills for Service

Bills and payments shall be rendered in accordance with the Rules and Regulations section of the Company's currently effective FPSC Tariff.

Assignment

Customer shall not assign this Agreement or any portion hereof, or any of its rights and obligations under this Agreement without the express written permission of the other party.

Headings and Captions

The headings and captions in this Agreement are for convenience and shall not constitute a part of the Agreement or be considered interpretive of the Agreement.

Performance

The failure of either Party to insist upon strict performance of any provision of this Agreement shall not constitute a waiver of or estoppel against asserting the right to require such performance in the future, nor shall a waiver or estoppel in any one instance constitute a waiver or estoppel with respect to a later breach of a similar nature or otherwise.

Governmental Agencies

Governmental agencies that are Customers under this Agreement may attach a Rider detailing matters that are required to be included by such agencies pursuant to Florida Law. The Rider is to be prepared at Customer's expense and submitted in duplicate as an attachment to this Agreement.

Interpretation

This Agreement shall be interpreted, construed, and governed by the laws of the State of Florida, without regard to principles of conflict of law.

Settlement of Disputes

The parties desire to resolve disputes arising out of this Agreement without litigation. Accordingly, except for any 1) dispute which is subject to the exclusive jurisdiction of the Florida Public Service Commission, 2) action seeking a restraining order or an injunction related to the purposes of the Agreement, and 3) suit to compel compliance with this dispute resolution process, the parties agree to use the following dispute resolution procedure as their sole remedy with respect to any controversy or claim arising out of or relating to this Agreement or its breach.

At the written request of a party, each party will appoint a knowledgeable, responsible representative to meet and negotiate in good faith to resolve any dispute arising under this Agreement. The parties intend that these negotiations be conducted by non-lawyer, business representatives. The location, format, frequency, duration, and conclusion of these discussions shall be left to the discretion of the representatives. Upon agreement, the representatives may utilize other alternative dispute resolution procedures such as mediation to assist in the negotiations. Discussions and correspondence among the representatives for purposes of these negotiations shall be treated as confidential information developed for the purposes of settlement, exempt from discovery and production, which shall not be admissible in the arbitration described below or in any lawsuit without the concurrence of all parties. Documents identified in or provided with such communications, which are not prepared for purposes of the negotiations, are not so exempted and may, if otherwise admissible, be admitted in evidence in the arbitration or lawsuit.

Florida Public Utilities Company and Chesapeake Utilities Corporation

Effective

Florida Public Utilities Company and Florida Division of Chesapeake Utilities
FPSC Tariff

Original Volume No. 1

Original Sheet No. 8.121

O. CONTRACT TRANSPORTATION SERVICE AGREEMENT - CONTINUED

If the negotiations do not resolve the dispute within sixty (60) days of the initial written request, the dispute shall be submitted to binding arbitration by a single arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association. A party may demand such arbitration in accordance with the procedures set out in those rules. Discovery shall be controlled by the arbitrator and shall be permitted to the extent set out in this section. Each party may submit in writing to a party, and that party shall so respond to, a maximum of thirty-five (35) (none of which may have subparts) of the following: interrogatories, demands to produce documents, or requests for admission. Each party is also entitled to take the oral deposition of one individual of another party. Additional discovery may be permitted upon mutual agreement of the parties. The arbitration hearing shall be commenced within sixty (60) days of the demand for arbitration. The arbitration shall be held in West Palm Beach, Florida for West Palm Beach Customers and in Debary, Florida for Mid-Florida Customers. The arbitrator shall control the scheduling so as to process the matter expeditiously. The parties may submit written briefs. The arbitrator shall rule on the dispute by issuing a written opinion within thirty (30) days after the close of hearings. The times specified in this section may be extended upon mutual agreement of the parties or by the arbitrator upon a showing of good cause. Judgement upon the award rendered by the arbitrator may be entered in any court having jurisdiction.

Each party shall bear its own costs of these procedures. A party seeking discovery shall reimburse the responding party the costs of production of documents (including search time and reproduction costs). The parties shall equally split the fees of the arbitration and the arbitrator.

The venue for any action at law or in equity, commenced by either party against the other and arising out of or in connection with this Agreement, shall be in Palm Beach County, Florida.

IN WITNESS WHEREOF the parties hereto have caused this Agreement to be duly executed the day and year first written above.

Company's website. Customer shall cause Pool Manager to deliver a Letter of Authorization with a duly authorized signature acknowledging such election to the Company.

Point of Receipt and Point of Delivery

ITS Customers or Customer's Designee will cause Customer's natural Gas to be delivered to Company's Point of Receipt as specified in Exhibit A. Customer has requested and Company agrees to receive and transport Customer's natural Gas from the Company's Point of Receipt to the Customer's Point of Delivery as specified in Exhibit A.

Election of Service Level

ITS Customers will elect a Daily Demand Requirement ("DDR") by Month in Exhibit A. Customer's Pool Manager will be required to accept a capacity Relinquishment in a quantity equal to the maximum Daily Demand Requirement elected by Customer.

Monthly Minimum Bill Quantity (Applicable Rate Schedules)

Customers who are served under certain specific rate schedules requiring minimum monthly billing quantities and ITS Customers agree to purchase or receive from Company and Company agrees to sell or deliver to Customer the monthly minimum bill quantity of natural Gas at the Point of Delivery as listed in Exhibit A.

Miscellaneous Provisions

(A) No agent or employee of Company has any power to amend or waive any of the provisions of this Agreement or to make any promise or representation contrary to, or inconsistent with, the provisions hereof. (B) This Agreement with portions included by reference constitutes the entire contract between the parties. (C) This Agreement shall not be binding upon Company until approved and accepted on its behalf by one of its executive officers in the space provided below, and thereafter shall bind and benefit the parties hereto, their successors and assigns.

Delivery Pressure

The Company shall endeavor to deliver Gas to Customer at the Point of Delivery at a pressure of not less than _____ p.s.i.g.

Bills for Service

Bills and payments shall be rendered in accordance with the Rules and Regulations section of the Company's currently effective FPSC Tariff.

P. TRANSPORTATION SERVICE AGREEMENT - CONTINUED

Customer shall not assign this Agreement or any portion hereof, or any of its rights and obligations under this Agreement without the express written permission of the other party.

Headings and Captions

The headings and captions in this Agreement are for convenience and shall not constitute a part of the Agreement or be considered interpretive of the Agreement.

Performance

The failure of either Party to insist upon strict performance of any provision of this Agreement shall not constitute a waiver of or estoppel against asserting the right to require such performance in the future, nor shall a waiver or estoppel in any one instance constitute a waiver or estoppel with respect to a later breach of a similar nature or otherwise.

Governmental Agencies

Governmental agencies that are Customers under this Agreement may attach a Rider detailing matters that are required to be included by such agencies pursuant to Florida Law. The Rider is to be prepared at Customer's expense and submitted in duplicate as an attachment to this Agreement.

Interpretation

This Agreement shall be interpreted, construed, and governed by the laws of the State of Florida, without regard to principles of conflict of law.

Settlement of Disputes

The parties desire to resolve disputes arising out of this Agreement without litigation. Accordingly, except for any 1) dispute which is subject to the exclusive jurisdiction of the Florida Public Service Commission, 2) action seeking a restraining order or an injunction related to the purposes of the Agreement, and 3) suit to compel compliance with this dispute resolution process, the parties agree to use the following dispute resolution procedure as their sole remedy with respect to any controversy or claim arising out of or relating to this Agreement or its breach.

At the written request of a party, each party will appoint a knowledgeable, responsible representative to meet and negotiate in good faith to resolve any dispute arising under this Agreement. The parties intend that these negotiations be conducted by non-lawyer, business representatives. The location, format, frequency, duration, and conclusion of these discussions shall be left to the discretion of the representatives. Upon agreement, the representatives may utilize other alternative dispute resolution procedures such as mediation to assist in the

negotiations. Discussions and correspondence among the representatives for purposes of these negotiations shall be treated as confidential information developed for the purposes of settlement, exempt from discovery and production, which shall not be admissible in the arbitration described below or in any lawsuit without the concurrence of all parties. Documents identified in or provided with such communications, which are not prepared for purposes of the negotiations, are not so exempted and may, if otherwise admissible, be admitted in evidence in the arbitration or lawsuit.

If the negotiations do not resolve the dispute within sixty (60) days of the initial written request, the dispute shall be submitted to binding arbitration by a single arbitrator pursuant to the Commercial Arbitration Rules of the American Arbitration Association. A party may demand such arbitration in accordance with the procedures set out in those rules. Discovery shall be controlled by the arbitrator and shall be permitted to the extent set out in this section. Each party may submit in writing to a party, and that party shall so respond to, a maximum of thirty-five (35) (none of which may have subparts) of the following: interrogatories, demands to produce documents, or requests for admission. Each party is also entitled to take the oral deposition of one individual of another party. Additional discovery may be permitted upon mutual agreement of the parties. The arbitration hearing shall be commenced within sixty (60) days of the demand for arbitration. The arbitration shall be held in West Palm Beach, Florida for West Palm Beach Customers and in Debary, Florida for Mid-Florida Customers. The arbitrator shall control the scheduling so as to process the matter expeditiously. The parties may submit written briefs. The arbitrator shall rule on the dispute by issuing a written opinion within thirty (30) days after the close of hearings. The times specified in this section may be extended upon mutual agreement of the parties or by the arbitrator upon a showing of good cause. Judgement upon the award rendered by the arbitrator may be entered in any court having jurisdiction.

Each party shall bear its own costs of these procedures. A party seeking discovery shall reimburse the responding party the costs of production of documents (including search time and reproduction costs). The parties shall equally split the fees of the arbitration and the arbitrator.

The venue for any action at law or in equity, commenced by either party against the other and arising out of or in connection with this Agreement, shall be in Palm Beach County, Florida.

Original Sheet No. 8.135

S. LETTER OF AUTHORIZATION - CONTINUED

- Customer has entered, or intends to enter, into one or more agreement(s) with Pool Manager providing for Pool Manager's delivery of the Gas purchased by Customer from or through Pool Manager to Company. Delivery of the Gas takes place pursuant to a separate CI or TTS Pool Manager Agreement between Company and Pool Manager (the "Pool Manager Agreement").
- Provided the Pool Manager Agreement is in effect at the time Gas is tendered to Company by or on behalf of Pool Manager for Customer's account(s) listed above, Company will transport Gas delivered for such account(s) pursuant to the applicable provisions of Company's Tariff.
- Subject to the terms of this agreement, this service shall continue until the Customer, Pool Manager or Company gives written notice to the others of termination of this agreement. If this agreement is terminated for any reason as it applies to Gas to be delivered for Customer's account(s), and Customer has not executed a service contract with another Pool Manager, Company has the right to immediately reassign Customer to FPUC's regulated sales service or CFG's Transitional Transportation Service (TTS) Customer Pool, as applicable.
- In the event the Pool Manager terminates its agreement with the Customer, the Customer may select a new Pool Manager without incurring an administrative fee. CFG Customer understands that it may select a new Pool Manager or terminate participation in the Florida Choice Program and enter the TTS Customer Pool by providing a thirty-day written notice to Company. The first Ft. Meade or FPUC Customer requested change of Pool Manager will be made at no charge. Subsequent changes requested by a Ft. Meade or FPUC Customer within a twelve-Month period will incur a \$23 administrative fee.
- CI Customer understands that it is responsible for the payment of all bills rendered to Customer by Pool Manager, and that each Pool Manager's bill for Gas purchased by Customer will be rendered separately from Company's CI Customer's bill(s) for Transportation Service. It is the Customer's obligation to make payments to the Company (or to an Authorized Payment Agent of the Company) of all bills rendered. Payment by a Customer to a third-party (including a third-party Gas supplier) which has not been designated by Company as an Authorized Payment Agent will not satisfy the Customer's obligation to make payment of Company's bill for Transportation service.
- The undersigned Pool Manager agrees that it will keep confidential, and not use or disclose to any person not named herein, information released pursuant to the above authorization, or information received from the above Customer, except to the extent necessary to deliver Gas to Company for transportation to the above Customer account(s), or as may be required by law (in which case Pool Manager will provide notice to Company prior to making such disclosure).

U. OFF SYSTEM DELIVERY POINT OPERATOR AGREEMENT

OFF SYSTEM DELIVERY POINT OPERATOR AGREEMENT

This OFF SYSTEM DELIVERY POINT OPERATOR AGREEMENT ("Agreement") is made and entered into on _____, to be effective on the first day of the Month of _____ (the "Effective Date"), by Florida Division of Chesapeake Utilities and hereinafter referred to as "Company", and _____ a _____ corporation hereinafter referred to as "Shipper".

WITNESSETH:

WHEREAS, Company serves as Delivery Point Operator for several Delivery Points on Florida Gas Transmission Company and Gulfstream Natural Gas System, L.L.C., (collectively referred to herein as "Transportation Service Provider") interstate pipeline systems, as provided by the General Terms and Conditions of Transportation Service Provider's Federal Energy Regulatory Commission ("FERC") Tariff; and

WHEREAS, Shipper desires to designate Company as Delivery Point Operator for the Delivery Point and Company wishes to serve as such and Transportation Service Provider has accepted Company as the designated Delivery Point Operator,

NOW, THEREFORE, in consideration of the premises and the mutual covenants and agreements herein contained; the parties agree as follows:

ARTICLE I - Definitions

Unless another definition is expressly stated within this Agreement, the following terms and abbreviations, when used in this Agreement and in all exhibits, recitals, and appendices contained or attached to this agreement, are intended to and will mean as follows:

1.1 "Delivery Point"

means the point at the connection of the facilities of Transportation Service Provider and Shipper's facility, at which the Gas leaves the outlet side of the measuring equipment of Transportation Service Provider and enters Shipper's facility, such facility designated as _____ by Transportation Service Provider.

1.2 "Receipt or Delivery Imbalance"

means scheduled receipts or deliveries that exceed or are below the actual receipts or deliveries at the Delivery Point, as defined by the Company Florida FPSC Tariff provisions.

Issued by: Jeffry Householder, Chief Executive Officer
Florida Public Utilities Company and Chesapeake Utilities Corporation

Effective

Florida Public Utilities Company and Florida Division of Chesapeake Utilities
FPSC Tariff

Original Volume No. 1

Original Sheet No. 8.140

U. OFF SYSTEM DELIVERY POINT OPERATOR AGREEMENT - CONTINUED

1.3 "Month"

means a period beginning at 9:00 a.m. CCT on the first day of a calendar Month and ending at 9:00 a.m. CCT on the first day of the next succeeding calendar Month; provided that, in the event of a change in the definition ' of the corresponding term in Company's FPSC Tariff, this definition shall be deemed to be amended automatically so that it is identical at all times to the definition of the corresponding term in said Tariff.

1.4 "Operational Order"

means an Alert Day Notice, Operational Flow Order, Pack or Draft Notice, Curtailment Order or Other Operational Control Order or any other notice or order requiring action on the part of Shipper relative to scheduled or delivered Gas quantities, in accordance with Transportation Service Provider's FERC Tariff and/or Company's FPSC Tariff.

ARTICLE II - Scope of Service

2.1 Company, as Delivery Point Operator designee for the Delivery Point, shall execute such documents as are required by the Transportation Service Provider's FERC Gas Tariff to assume the obligations of Delivery Point Operator for the Delivery Point.

2.2 Company shall administer the Delivery Point in accordance with the provisions of the Transportation Service Provider's FERC Tariff, the Company Tariff, as applicable. Resolution of Monthly Receipt or Delivery Imbalances at the Delivery Point shall be in accordance with Company's FPSC Tariff. Each Month, as provided by Tariff, Company shall provide to Shipper a statement of any Receipt or Delivery imbalance credits or charges and any Operational Order credits or charges for the preceding Month. Company shall provide timely notice to Shipper of any Operational Orders issued by Transportation Service Provider or Company that affect the Delivery Point in accordance with the Operator Order notice provisions of Company's FPSC Tariff.

2.3 It is expressly understood that Company shall provide Delivery Point Operator services as an administrative convenience for Shipper and to facilitate Monthly imbalance resolution and Operational Order compliance. For Receipt or Delivery Imbalance resolution and Operator Order purposes, Company shall, to the extent authorized by Company's FPSC Tariff, consider Gas quantities scheduled and delivered at the Delivery Point to be part of Shipper's aggregate Gas quantities scheduled and delivered to Company Delivery Points. Shipper shall be solely responsible for resolving Receipt or Delivery Imbalances, and responding to any Transportation Service Provider Operational Orders, such response to include but not be limited to increasing or decreasing scheduled or delivered Gas quantities at the Delivery Point as may be required by Transportation Service Provider and/or Company notice. Company shall include any charges and credits for Receipt or Delivery Imbalance resolution and Operator Orders related to the Delivery Point in Shipper's aggregated Monthly Operational Balancing Statement. Company shall render such statement to Shipper within fifteen (15) days of the end of a Month. Shipper shall remit

payment to Company within ten (10) days of the Company bill statement date.

ARTICLE III -Indemnification

3.1 For value received and to induce Company to enter into this Agreement, Shipper agrees to protect, defend (at Shipper's expense and by counsel satisfactory to Company), indemnify, and save and hold harmless Company, its officers, directors, shareholders, employees, agents, successors and assigns, from and against all direct or indirect costs, expenses, damages, losses, obligations, lawsuits, appeals, claims, or liabilities of any kind or nature (whether or not such claim is ultimately defeated), including in each instance, but not limited to, all costs and expenses of investigating and defending any claim at any time arising and any final judgments, compromises, settlements, and court costs and attorney's fees, whether foreseen or unforeseen (including all such expenses, court costs, and attorney's fees in the enforcement of Company's rights hereunder) incurred by Company in connection with or arising out of or resulting from or relating to or incident to:

1. any breach of any of the representations, warranties, or covenants of Shipper contained in this Agreement or in any Exhibit, Schedule, or other document attached hereto and made a part hereof or provided pursuant hereto, specifically including but not limited to:

A. any Transportation Service Provider penalties or other expenses or liabilities for unauthorized overrun or underrun Gas, for imbalances on a pipeline system, for failure to comply with Transportation Service Provider's FERC Tariff, or for failure to comply with Transportation Service Provider's FERC Tariff, or for failure to comply with a Curtailment notice or to take deliveries as scheduled; and

B. any claim by a Gas-supplier of other party contesting Shipper's warranty of title to Gas and related obligations;

2. any claim by a creditor of Shipper as a result of any transaction pursuant to or contemplated by this Agreement;

3. any claim against Company relating to any obligation or liability of Shipper, or its affiliates, or any of them of any kind or nature;

4. Any taxed of any federal, state, or local jurisdiction related to Gas supply and/or Transportation Service Provider capacity upstream of Company's distribution systems

In the event that any claim or demand for which Shipper would be liable to Company hereunder is asserted against or sought to be collected from Company by a third party, Company shall promptly notify Shipper of such claim or demand, specifying the nature of such claim or demand

and the amount or the estimated amount thereof, if determination of an estimate is then feasible (which estimate shall not be conclusive of the final amount of such claim or demand) (the "Claim Notice"). Shipper shall have twenty (20) days, or such shorter period as the circumstances may require if litigation is involved, from the personal delivery or mailing of the Claim Notice (the "Notice Period") to notify Company:

In the event the Shipper notifies Company within the Notice Period that it desires to defend Company against such claim or demand and except as hereinafter provided, Shipper shall have the right to defend Company by appropriate proceedings, which proceedings shall be promptly settled or prosecuted by Shipper to a final conclusion in any manner as to avoid any risk of Company becoming subject to any liability for such claim or demand or for any other matter. If Company desires to participate in, but not control, any defense or settlement, it may do so at its sole cost and expense. If Shipper elects not to defend Company against such claim or demand, whether by not giving Company timely notice as provided above or otherwise, then the amount of any such claim or demand, or, if the same is contested by Shipper or by Company (Company having no obligation to contest any such claim or demand), then that portion thereof as to which such defense is unsuccessful, shall be conclusively deemed to be a liability of Shipper and subject to indemnification as provided hereinabove.

3.2 For value received and to induce Shipper to enter into this Agreement, Company agrees to protect, defend (at Company's expense and by counsel satisfactory to Shipper), Indemnify, and save and hold harmless Shipper, its officers, directors, shareholders, employees, agents, successors and assigns, from and against all direct or indirect costs, expenses, damages, losses, obligations, lawsuits, appeals, claims, or liabilities of any kind or nature (whether or not such claim is ultimately defeated), including in each instance, but not limited to, all costs and expenses of investigating and defending any claim at any time arising and any final judgments, compromises, settlements, and court costs and attorney's fees, whether foreseen or unforeseen (including all such expenses, court costs, and attorney's fees in the enforcement of Shipper's rights hereunder) incurred by Shipper in connection with or arising out of or resulting from or relating to or incident to:

1. any breach of any of the representations, warranties, or covenants of Company contained in this Agreement or in and Exhibit, Schedule, or other document attached hereto and made a part hereof or provided pursuant hereto;
2. any claim by a creditor of Company as a result of any transaction pursuant to or contemplated by this Agreement;
3. any claim against Shipper relating to any obligation or liability of Company, or its affiliates, or any of them of any kind or nature; and,

U. OFF SYSTEM DELIVERY POINT OPERATOR AGREEMENT - CONTINUED

In the event that any claim or demand for which Company would be liable to Shipper hereunder is asserted against or sought to be collected from Shipper by a third party, Shipper shall promptly notify Company of such claim or demand, specifying the nature of such claim or demand and the amount or the estimated amount thereof, if determination of an estimate is then feasible (which estimate shall not be conclusive of the final amount of such claim or demand) (the "Claim Notice"). Company shall have twenty (20) days, or such shorter period as the circumstances may require if litigation is involved, from the personal delivery or mailing of the Claim Notice (the "Notice Period") to notify Shipper:

1. whether or not it disputes its liability to Shipper, hereunder with respect to such claim or demand; and,
2. whether or not it desires, at its sole cost and expense, to defend Shipper against such claim or demand.

In the event that Company notifies Shipper within the Notice Period that it desires to defend Shipper against such claim or demand and except as hereinafter provided, Company shall have the right to defend Shipper by appropriate proceedings, which proceedings shall be promptly settled or prosecuted by Company to a final conclusion in any manner as to avoid any risk of Shipper becoming subject to any liability for such claim or demand or for any other matter. If Shipper desires to participate in, but not control, any defense or settlement, it may do so at its sole cost and expense. If Company elects not to defend Shipper against such claim or demand, whether by not giving Shipper timely notice as provided above or otherwise, then the amount of any such claim or demand, or, if the same is contested by Company or by Shipper (Shipper having no obligation to contest any such claim or demand), then that portion thereof as to which such defense is unsuccessful, shall be conclusively deemed to be a liability of Company and subject to indemnification as provided herein above.

3.3 The foregoing indemnification and hold harmless agreement shall benefit both parties from the date hereof and shall survive the termination of this Agreement.

ARTICLE IV - Failure to Perform: Default and Remedies

4.1 The following shall constitute an event of default:

1. Either party fails to satisfy in full the terms and conditions of this Agreement;
2. Either party voluntarily suspends the transaction of business where there is an attachment, execution or other judicial seizure of any portion of their respective assets;

3. Either party becomes insolvent or unable to pay its debts as they mature or makes and assignment of the benefit of creditors;

4. Either party files, or there is filed against it, a petition to have it adjudged bankrupt or for an arrangement under any law relating to bankruptcy;

5. Either party applies for or consents to the appointment of a receiver, trustee or conservator for any portion of its properties or such appointment is made without its consent; or

6. Either party engages in unlawful activities.

4.2 If either party fails to perform its obligations under this Agreement, the non-defaulting party shall notify the defaulting party in writing (the "Default Notice") within three (3) days after the day that the non-defaulting party obtained knowledge of such failure to perform. Each such Default Notice shall describe in detail the act or event constituting the non-performance by the defaulting party. The defaulting party shall have five (5) days after its receipt of the Default Notice to cure any such failure to perform, unless such cure cannot be accomplished using reasonable efforts within said five (5) day period, in which case the defaulting party shall have such additional time as may be necessary, using reasonable efforts, to cure such non-performance (the "Default Cure Period"). Notwithstanding anything herein to the contrary, the Default Cure Period for any default for the non-payment of money shall not exceed five (5) days and for any event of default set forth in Section 4.1 (a) - (I), no cure period shall apply.

4.3 In the event of a default that is not cured within the Default Cure Period, the non-defaulting party may, at its option, exercise any, some or all of the following remedies, concurrently or consecutively:

1. any remedy specifically provided for in this Agreement, and/or,
2. terminate the Agreement upon written notice to the defaulting party; and/or,
3. any remedy existing at law or in equity.

ARTICLE V – Term

5.1 This Agreement shall be in effect for a period of twelve (12) Months beginning on the Effective Date, such period defined herein as the "Annual Period", and thereafter be extended for additional "Annual Periods"; unless either party gives written notice of termination to the other party, *not* less than sixty (60) days prior to the expiration of any "Annual Period". This Agreement may be terminated earlier by either party, with at least sixty (60) days written notice to the other party.

U. OFF SYSTEM DELIVERY POINT OPERATOR AGREEMENT - CONTINUED

6.1 Commencing on the Effective Date of this Agreement, and continuing until this Agreement is terminated or expires, Shipper shall pay to Company an Off-System Delivery Point Operator Charge, as provided in Company's approved FPSC Tariff. The DPO Service Charge shall be billed in addition to any Receipt or Delivery Imbalance resolution or Operational Order credits or charges.

ARTICLE VII – Notices

.1 Except as otherwise provided herein, any notice, request, demand, statement or report pertaining to this Agreement shall be in writing and shall be considered as effective on the receipt date, when delivered by certified or registered mail, an acknowledged electronic mail delivery or express mail service.

7.2 All communications with respect to this Agreement shall be sent to the following addresses:

To Florida Public Utilities Company:

PO Box 960
Winter Haven, Florida 33882
Contact Person:
Telephone:

To Shipper:

Company name _____
Address _____
City, State Zip code _____
Contact Person: _____
Telephone: _____

ARTICLE VIII - Tariff Revision

8.1 Nothing contained in this Agreement shall prevent Company from proposing to, and filing with, the FPSC: (i) revisions to any effective rate schedule, (ii) superseding rate schedules, or (iii) any other modifications to its Tariff for the purpose of changing the rates, charges and general terms and conditions applicable to services provided under the provisions of the Company FPSC Tariff, including the terms and conditions of this Agreement. Nothing contained in this Agreement shall prevent Shipper from opposing any changes, revisions or modifications contained in any proposal or filing made by Company to or with the FPSC that affect the charges or other provisions applicable to service provided under this Agreement, or from pursuing any other available legal remedy with respect to such changes, revisions or modifications.

ARTICLE IX - Mutually Beneficial Transactions

9.1 Shipper recognizes that as Delivery Point Operator for the Delivery Point, Company is subject to the rules and regulations of Transportation Service Providers with regard to operational flow rates, pressures and penalties. As such, Company may need the Shipper to vary

its daily deliveries from the scheduled delivery quantities. On those occasions, Company may request, at its sole discretion, and the Shipper may agree to a change to the Shipper's nominated Gas supply quantities and either Transportation Service Provider's pipeline capacity. Terms and conditions of such transactions shall be agreed upon at the time of the transaction and shall be recorded and confirmed in writing within two Business Days after the transaction.

ARTICLE X – Miscellaneous

10.1 Entire Agreement: This Agreement, including the exhibits attached hereto, sets forth the full and complete understanding of the parties as of the date of its execution by both parties, and it supersedes any and all prior negotiations, agreements and understandings with respect to the subject matter hereof. No party shall be bound by any other obligations, conditions or representations with respect to the subject matter of this Agreement.

10.2 Governing Law, Rules and Regulations: This Agreement shall be construed in accordance with the laws of the State of Florida, without regard to its choice of law rules; and, the terms and conditions of the Company FPSC approved Tariff, and Transportation Service Provider's FERC Tariff, as amended from time to time.

10.3 Amendments: Neither this Agreement nor any of the terms hereof may be terminated, amended, supplemented, waived or modified except by an instrument in writing signed by the party against which enforcement of the termination, amendment, supplement, waiver or modification shall be sought, such amendments subject to the approval of the FPSC. A change in (a) the place to which notices pursuant to this Agreement must be sent or (b) the individual designated as the Contact Person pursuant to Section 7.2 shall not be deemed nor require an amendment of this Agreement-provided such change is communicated in accordance with Section 7.1 of this Agreement.

10.4 Legal Fees: In the event of litigation between the parties hereto arising out of or in connection with this Agreement, then the reasonable attorneys' fees and costs of the party prevailing in such litigation shall be paid by the other party.

10.5 Independent Parties: Company and Shipper shall perform hereunder as independent parties and neither Company nor Shipper is in any way or for any purpose, by virtue of this Agreement or otherwise, a partner, joint venture, agent, employer or employee of the other. Nothing in this Agreement shall be for the benefit of any third person for any purpose, including, without limitation, the establishing of any type of duty, standard of care or liability with respect to any third person.

10.6 Assignment and Transfer: No assignment of this Agreement by either party may be made without the prior written approval of the other party (which approval shall not be

V. OFF SYSTEM SALES LETTER AGREEMENT

OFF SYSTEM SALES LETTER AGREEMENT

Date ____ / ____ / ____

Name: _____

Title: _____

City, State, Zip Code _____

Dear _____,

As was verbally requested by _____ on ____
20____, _____ (“Customer”) desires to purchase up to
_____ MMBtu per day of natural Gas, pipeline capacity and / or delivered natural Gas
from [INSERT APPLICABLE COMPANY NAME] (“Company”) for the term beginning
_____, 20____ and ending _____, 20____. Company is will and
able to deliver such quantity of natural Gas directly to Customer for the specified term pursuant
to Company’s Rate Schedule OSSS-1 a copy of which is attached here to and becomes part
hereof and under the terms and conditions of this agreement. Company will purchase all
necessary quantities of Gas supply and nominate the necessary volume of transportation capacity
at Receipt and Delivery Points on the interstate pipeline system of _____
in order to effectuate this transaction. This Letter Agreement expresses the mutual
understanding of Company and Customer with respect to the terms to apply to such deliveries of
natural as. Please contract me if you should have any questions with regard to this letter
agreement.

In consideration of the mutual benefits set forth herein, this Letter Agreement is being made and
entered into this ____ day of _____, 20____, between Company and Customer, in accordance
with the following terms and conditions:

1. Daily Delivery Quantity: Customer shall make a reasonable effort to nominate supplies
evenly throughout the term of this Agreement, subject to the requirements of Transportation
Service Provider’s Tariff, including but not limited to Nomination changes for monthly
balancing, “Alert Days”, and plant operations. The Daily Delivery Quantity may be changed by
mutual agreement of the parties.

2. Term: Company shall arrange for the delivery of the Daily Delivery Quantity of natural
Gas purchased by Customer under this Letter Agreements during the above referenced term;
after which this Letter Agreement shall continue in force thereafter subject to termination by

either party on fifteen (15) days' notice.

2. Term: Company shall arrange for the delivery of the Daily Delivery Quantity of natural Gas purchased by Customer under this Letter Agreements during the above referenced term; after which this Letter Agreement shall continue in force thereafter subject to termination by either party on fifteen (15) days' notice.

3. Delivery Point: Company shall deliver all-natural Gas under this letter Agreement directly to Customer's Delivery Point number(s) _____ on the _____ pipeline system.

4. Authorization to Make Direct Deliveries: The natural Gas purchased by Customer pursuant to this Letter Agreement will be transported by _____ under Company's firm Transportation Service Agreement. In accordance with the Transportation Service Provider's currently effective Federal Energy Regulatory Commission ("FERC") Tariff. Company will exercise its alternate Delivery Point rights so that, upon Transportation Service Provider approval, Transportation Service Provider will deliver the natural Gas directly to Customer at the Delivery Point(s) set forth above. Customer shall be responsible for any applicable reporting or filings to be made with Federal or State governmental authorities associated with this transaction. Company retains the right to recall these volumes upon two (2) hours prior notice to Customer. This supply is fully Interruptible and will be made on a best efforts basis. Interruption and may be due to, but not limited to, the necessity of Company to use said Gas supply and/or capacity to service Customers behind its City Gate(s), loss of supply, unfavorable pipeline conditions, etc.

5. Billing and Payment: Company and Customer agree that the charge for the gas services provided under this Letter Agreement shall be as follows:

Item	Description	MMBtu/Day	Charge
1.	Commodity Cost of Gas	See below	See following text
2.	Reservation Charge	DDQ	\$ _____ per MMBtu
3.	Usage Charge	DDQ	\$ _____ per MMBtu
4.	Company Administration Charge	See below	\$ _____ per MMBtu
TOTAL CHARGE _____		Sum of items 1 through 4	

NOTE: As nominated for delivery to Transportation Service Provider as indicated on Exhibit A.

The commodity cost of Gas for supplies nominated (if applicable) to be delivered starting with

V. OFF SYSTEM SALES LETTER AGREEMENT - CONTINUED

the first day of each Month shall be priced using the price posted per MMBtu in _____ plus \$ _____ per MMBtu until the first interruption of flowing Gas.

Thereafter, Gas supplies which start flowing after the first of each Month shall be priced using the _____ plus \$ _____ per MMBtu. The commodity cost of Gas shall be determined in accordance with _____.

The "Total Charge" set forth above includes the amount to be charged by Company to Customer for the natural Gas commodity, the applicable reservation and usage charges under the applicable Transportation Service Provider's FERC Gas Tariff, as well as all applicable surcharges under Transportation Service Provider's FERC Gas Tariff.

In addition to the "Total Charge" set forth above, Customer shall remit to Company any incremental charges that Company may incur as a result of the services provided under this Letter Agreement, to include, but not be limited to, any charge imposed by Transportation Service Provider directly related to this transaction, such as for imbalances and fuel reimbursement, reporting or filing fees associated with this transaction, and such other charges, fees, or assessments, including Federal and State taxes, authorized by governmental authorities.

Customer shall pay the "Total Charge", incidental charges, and any other obligations that arise as a result of this Letter Agreement, regardless of whether Customer has actually used the Daily Delivery Quantity, so long as Company has arranged for the delivery to Customer of the Daily Delivery Quantity as indicated in Exhibit A.

Customer shall remit payment to Company for the "Total Charge," any incidental charges, and any other obligation that arises as a result of this Letter Agreement within ten (10) calendar days of receipt of invoice from Company at the address set forth below in the "Execution" section of this Letter Agreement. Customer shall be deemed in receipt of Company's invoice upon delivery in person the third Business Day after mailing by registered or certified mail, postage prepaid; the next Business Day after timely delivery to a common carrier service, service fee payable by sending party, for next-day delivery. If Customer fails to pay any amount when due hereunder, Customer shall pay interest on the overdue amount at an annual rate of interest of eighteen (18) percent, calculated from the date that payment is due until the date of remittance hereunder.

6. Warranty of Title: Company warrants that it will have title to the natural Gas sold hereunder from the time it is received at a Receipt Point until delivery to Customer at the Company Receipt Point(s) specified above, at which point(s) title shall pass to Customer.

7. Limitation of Liability and Force Majeure: Force Majeure: The obligations of Company and Customer under this Letter Agreement, and the performance thereof, other than a failure or

delay in the payment of money due hereunder, shall be excused during periods of Force Majeure. Force Majeure shall mean acts of God, strikes, lock-outs, or other Industrial disturbances, acts of the public enemy, wars, blockades, insurrections, riots, epidemics, including any government mandated quarantines associated therewith, landslides, sinkholes, earthquakes, fires, storms, floods, washouts, arrests and restraints of governments and people, civil disturbances, explosions, breakage or accident to machinery, generating equipment, or lines of pipe, the necessity for maintenance of or making repairs or alterations to machinery, generating equipment, or lines of pipe, freezing of wells or lines of pipe, failure or depletion of wells, loss or interruption of supply, Curtailment of transportation capacity on the applicable Transportation Service Provider's pipeline system, interruption or unavailability of transportation due to an event constituting Force Majeure under Company's Transportation Service agreement(s) with the applicable Transportation Service Provider, and any other causes, whether of the kind herein enumerated or otherwise, not within the control of the party claiming suspension and which in each of the above cases, by the exercise of due diligence such party is unable to prevent or overcome. The party whose performance is excused by an event of Force Majeure shall promptly notify the other party of such occurrence and its estimated time of duration and shall use all reasonable efforts to remedy such Force Majeure and resume such performance.

8. Limitation on Liability: Neither Customer nor Company shall be liable to the other or to any other party claiming through the other for special, indirect or consequential damages relating to any matter covered by this Letter Agreement.

9. Entire Agreement: This Letter Agreement constitutes the entire agreement between the parties with respect to the sale of natural Gas hereunder to Customer and supersedes all prior agreements and understandings between the parties.

10. Execution of Letter Agreement: WHEREFORE, in consideration of the foregoing terms and conditions of this Letter Agreement and the mutual benefits to be obtained therefore, the parties hereto have caused this Letter Agreement to be duly executed by their respective authorized officials.

Agreed to this _____ day of _____, 20__.

W. CI POOL MANAGER AGREEMENT

CI POOL MANAGER AGREEMENT

This CI POOL MANAGER AGREEMENT is made and entered into by and between [INSERT APPLICABLE COMPANY NAME] hereinafter referred to as "Company" and _____, a _____ corporation hereinafter referred to as "CI Pool Manager".

WITNESSETH:

WHEREAS, Pool Manager desires to operate as a CI Pool Manager on Company's Gas distribution system, and is requesting service as provided in Company's FPSC Tariff,

WHEREAS, Company offers such services under the applicable Rate Schedules and Rules and Regulations of its FPSC Tariff, and

WHEREAS, Company is a party to Service Agreements with Transportation Service Providers;

WHEREAS, CI Pool Manager is an authorized shipper on Transportation Service Providers' interstate Gas transmission system(s), and wishes to ship certain quantities of Gas, on a firm basis, using Company's relinquished Transportation Service Provider Capacity to Company's respective Primary Delivery Points to Company's distribution system, for delivery by Company to the Customer Accounts comprising the Customer Pool (as hereinafter defined); and

WHEREAS, Company wishes to temporarily release to CI Pool Manager, and CI Pool Manager wishes to acquire, a portion of Company's Firm Capacity Rights under the Service Agreements, pursuant to the capacity relinquishment provisions of the General Terms and Conditions of Transportation Service Providers' Federal Energy Regulatory Commission ("FERC") Tariffs, the Rules and Regulations of Company's FPSC Tariff, and the terms and conditions of this Agreement, to enable CI Pool Manager to ship Gas hereunder; and

WHEREAS, Company, or its designee, has certain operational and administrative obligations, as the Delivery Point Operator ("DPO") under the Transportation Service Providers FERC Tariffs, the Company FPSC Tariff and this Agreement.

NOW THEREFORE, in consideration of the premises and the mutual covenants and agreements herein contained, the parties agree as follows:

This Agreement shall be effective on the date authorized by the FPSC for the implementation of Company's Transportation Service Programs and shall continue in effect for a period two (2) years, and shall thereafter be extended for additional annual periods; unless either party gives written notice of termination to the other party, not less than ninety (90) days prior to the

W. CI POOL MANAGER AGREEMENT - CONTINUED

expiration of the initial term. This Agreement may be terminated earlier: i) at the Company's option in accordance with the provisions of its FPSC Tariff, or ii) otherwise in accordance with the provisions of this Agreement and the Parties' respective rights under applicable law.

Should any amendment or modification to Company's authority to provide service under the CI Program and Company's FPSC Tariff cause the terms and conditions hereof to change such that performance hereunder would be unreasonably burdensome for either party, then such burdened party may, by providing no less than thirty (30) days written notice to the other party, terminate this Agreement, without penalty, effective no earlier than on the first day of the Month subsequent to said thirty (30) day notice period.

2. CI Pool Manager agrees to comply with and be subjected to all the provisions of Company's FPSC Tariff applicable to the service provided to CI Pool Managers by Company.

3. CI Pool Manager understands that Company's Shipper Administrative Services (SAS) is mandatory for all CI Pool Managers. The SAS provides the administrative services related to Gas transportation deliveries. CI Pool Manager shall be billed for services in accordance with Company's SAS rate schedule.

4. Company shall temporarily relinquish to CI Pool Manager, and CI Pool Manager shall acquire, each Month a portion of the Firm Capacity Rights that Company is entitled to relinquish under its Transportation Service Provider Service Agreements, as provided by Company's FPSC Tariff. All capacity relinquishments shall be executed in accordance with the provisions of the respective Transportation Service Provider's FERC Tariff.

5. Except for Force Majeure events or Mutually Beneficial Transactions, as provide by Company's FPSC Tariff, CI Pool Manager shall have a firm obligation to deliver each day to the Company's distribution system, Gas quantities sufficient to meet the requirements of Pool Manager's CI Customer Pool. Pool Manager shall be obligated to cause sufficient quantities of Gas to be delivered for the Customer Pool each and every day such that scheduled quantities for the Customer Pool remain in reasonable balance with actual consumption. Delivery of all such Gas shall be at the Primary Delivery Point(s), and pathed along the Transportation Service Provider(s) pipeline, as established by the relinquishment notice describing the pipeline capacity release to the Pool Manager and released under the applicable FERC and Transportation Service Provider rules and regulations. The Company shall establish appropriate penalties to be enforced should the Pool Manager fail to perform under Rate Schedule PM. In the event of substantial non-performance, as defined in the Company's Tariff, the Company shall terminate the Pool Manager.

6. If any act or omission of Pool Manager causes Company to incur penalties or other

expenses or liabilities for unauthorized overrun Gas, for imbalances on a pipeline system, for a failure to comply with Transportation Service Provider's Tariff, or for a failure to comply with a curtailment notice or to take deliveries as scheduled, Pool Manager will indemnify and reimburse Company for all such amounts which the acts or omissions of Pool Manager or its supplier have caused Company to incur. Nothing herein shall be deemed to foreclose Company from employing other remedies including cessation of deliveries, and Company reserves the right to do so, for the unauthorized consumption of Gas.

7. CI Pool Manager will participate in Company's:

CI Cycle Read Pool _____ Released capacity equal to 100% historical monthly quantities

CI Daily Read Pool _____ Released capacity equal to 50% of historical monthly quantities

8. Notices or communications to CI Pool Manager shall be given to:

X. TRANSITIONAL TRANSPORTATION SERVICE POOL MANAGER AGREEMENT

TRANSITIONAL TRANSPORTATION SERVICE POOL MANAGER AGREEMENT

This TRANSITIONAL TRANSPORTATION SERVICE POOL MANAGER AGREEMENT ("Agreement") is made and entered into by and between [INSERT APPLICABLE COMPANY NAME] and hereinafter referred to as "Company", and _____, a

corporation hereinafter referred to as "TTS Pool Manager".

WITNESSETH:

WHEREAS, Company operates a natural Gas distribution system in the state of Florida; and

WHEREAS, the FPSC has authorized Company to implement Transitional Transportation Service (TTS) Program to certain Customers as provided by Company's FPSC-approved Tariff (the "FPSC Tariff"); and

WHEREAS, Company is thereby authorized to select, through a Request for Proposal process, TTS Pool Managers to provide natural Gas sales service to Customers receiving gas service under the TTS Program; and

WHEREAS, Company is a party to Service Agreements Transportation Service Providers; and

WHEREAS, TTS Pool Manager is an authorized shipper on Transportation Service Provider(s) interstate Gas transmission systems, and wishes to ship certain quantities of Gas, on a firm basis, using Company's relinquished Transportation Service Provider Capacity to Company's respective Primary Delivery Points to Company's distribution system, for delivery by Company to the Customer Accounts comprising the Customer Pool (as hereinafter defined); and

WHEREAS, Company wishes to temporarily release to TTS Pool Manager from time to time, and TTS Pool Manager wishes to acquire from time to time, a portion of Company's Firm Capacity Rights under the Service Agreements, pursuant to the capacity Relinquishment provisions of the General Terms and Conditions of Transportation Service Providers' Federal Energy Regulatory Commission ("FERC") Tariffs, the Rules and Regulations of Company's FPSC Tariff, and the terms and conditions of this Agreement, to enable TTS Pool Manager to ship Gas hereunder; and

WHEREAS, Company, or its designee, has certain operational and administrative obligations, as the Delivery Point Operator ("DPO") under the Transportation Service Providers FERC Natural Gas Tariffs, the Company FPSC Tariff and this Agreement.

NOW, THEREFORE, in consideration of the premises and the mutual covenants and agreements herein contained, the parties agree as follows:

ARTICLE I- DEFINITIONS

Unless another definition is expressly stated within this Agreement, the following terms and abbreviations, when used in this Agreement and in all exhibits, recitals, and appendices contained or attached to this Agreement, are intended to and will mean as follows:

1.0 "Customer Account": means an individual natural Gas Customer included in the Customer Pool.

1.1 "Customer Pool": means, the group of Customers who are collectively served by the authorized Pool Manager(s) in accordance with the applicable provisions of the Company's TTS Transportation Service program.

1.2 "Gas": means natural Gas or its equivalent conforming to the standards set forth in the "Quality of Gas" section of Company's FPSC approved Tariff.

1.3 "Month": means a period beginning at 9:00 a.m. CCT on the first day of a calendar Month and ending at 9:00 a.m. CCT on the first day of the next succeeding calendar Month; provided that, in the event of a change in the definition of the corresponding term in Transportation Service Providers' FERC Tariffs, this definition shall be deemed to be amended automatically so that it is identical at all times to the definition of the corresponding term in said Tariffs.

1.4 "Service Agreement": means the agreement for firm Transportation Service between Company and a Transportation Service Provider(s).

1.5 "Therm": means a unit of heating value equivalent to one hundred thousand (100,000) British Thermal Units.

ARTICLE II - Company's Tariff Provisions

2.1 TTS Pool Manager agrees to comply with and be subject to all the provisions of Company's FPSC Tariff applicable to the service provided to TTS Pool Manager by Company, including any amendments thereto approved by the FPSC during the term of this Agreement. In the event of any conflict between said provisions of the FPSC Tariff and specific provisions of this Agreement, the latter shall prevail, in the absence of an FPSC Order to the contrary.

ARTICLE III - TTS Customer Pool

3.1 The TTS Pool Manager shall provide natural Gas sales and management services, in accordance with this Agreement and the FPSC Tariff, to all Residential Customers assigned by Company to the TTS Pool Manager's Customer Pool, and those Residential Customers electing to receive service from the TTS Pool Manager. The TTS Pool Manager shall also provide

service to those Non-Residential Customers assigned to the TTS Pool Manager's Customer Pool as provided by Company's FPSC Tariff. The TTS Pool Manager may accept other Non-Residential Customers into the TTS Customer Pool upon the request of the Customer. TTS Customers shall have the option, once within a twelve-Month period, as provided by Tariff, to discontinue service with TTS Pool Manager and select any other approved TTS Pool Manager.

ARTICLE IV - Capacity Relinquishment

4.1 Company shall temporarily relinquish to TTS Pool Manager, and TTS Pool Manager shall accept, each Month a portion of the Firm Capacity Rights that Company is entitled to relinquish under its Transportation Service Provider Service Agreements, as provided by Company's FPSC Tariff. All Capacity Relinquishments shall be executed in accordance with the provisions of the respective Transportation Service Provider's FERC Tariff.

ARTICLE V - Firm Service

5.1 Except for Force Majeure events or Mutually Beneficial Transactions, as provide by Company's FPSC Tariff, TTS Pool Manager shall have a firm obligation to delivery each day to the Company distribution system, Gas quantities sufficient to meet the requirements of the TTS Customer Pool. Delivery of all such Gas shall be at the Primary Delivery Point(s), and pathed along the Transportation Service Provider(s) pipeline, as established by the relinquishment notice describing the pipeline capacity release to the Pool Manager and released under the applicable FERC and Transportation Service Provider rules and regulations. The Company shall establish appropriate penalties to be enforced should the Pool Manager fail to perform under Rate Schedule PM. In the event of substantial non-performance, as defined in the Company's Tariff, the Company shall terminate the Pool Manager.

ARTICLE VI - Delivery Point Operator Service

6.1 Company shall provide Delivery Point Operator Service (DPOS) to TTS Pool Manager in accordance with the provisions of Company's FPSC Tariff. DPOS shall include those activities related to Nominations, scheduling, imbalance resolution, operator order disposition and other administrative and operational activities as are assigned to the Delivery Point Operator by the respective Transportation Service Provider's FERC Tariff and/or Company's FPSC Tariff, as each may be revised from time to time.

ARTICLE VII – Indemnification

7.1 For value received and to induce Company to enter into this Agreement, TTS Pool Manager agrees to protect, defend (at TTS Pool Manager's expense and by counsel satisfactory to Company), indemnify, and save and hold harmless Company, its officers, directors,

shareholders, employees, agents, successors and assigns, from and against all direct or indirect costs, expenses, damages, losses, obligations, lawsuits, appeals, claims, or liabilities of any kind or nature (whether or not such claim is ultimately defeated), including in each instance, but not limited to, all costs and expenses of investigating and defending any claim at any time arising and any final judgments, compromises, settlements, and court costs and attorney's fees, whether foreseen or unforeseen (including all such expenses, court costs, and attorney's fees in the enforcement of Company's rights hereunder) incurred by Company in connection with or arising out of or resulting from or relating to or incident to:

1. any breach of any of the representations, warranties, or covenants of TTS Pool Manager contained in this Agreement or in any Exhibit, Schedule, or other document attached hereto and made a part hereof or provided pursuant hereto, specifically including but not limited to:
 - a. any Transportation Service Provider penalties or other expenses or liabilities for unauthorized overrun Gas, for imbalances on a pipeline system, for failure of TTS Pool Manager to comply with a Transportation Service Provider's FERC Tariff, or for failure to comply with a Curtailment notice or to take deliveries as scheduled, pursuant to Company's FPSC Tariff; and
 - b. any breach by TTS Pool Manager of warranty of title to Gas and related obligations, pursuant to Company's FPSC Tariff;
2. any claim by a creditor of TTS Pool Manager as a result of any transaction pursuant to or contemplated by this Agreement;
3. any claim against Company relating to any obligation or liability of TTS Pool Manager, or its affiliates, or any of them of any kind or nature;
4. any and all rates and charges assessed by Transportation Service Provider(s) to Company for the relinquished capacity during the period that this Agreement remains in effect, pursuant to Company's FPSC Tariff; and
5. any taxes of any federal, state or local jurisdiction related to Gas supply and/or Transportation Service Provider's capacity upstream of Company's Delivery Points, pursuant to Section 11.1 of this Agreement.

In the event that any claim or demand for which TTS Pool Manager would be liable to Company hereunder is asserted against or sought to be collected from Company by a third party, Company shall promptly notify TTS Pool Manager of such claim or demand, specifying the nature of such claim or demand and the amount or the estimated amount thereof, if determination of an estimate is then feasible (which estimate shall not be conclusive of the final amount of such claim or

demand) (the "Claim Notice"). TTS Pool Manager shall have twenty (20) days, or such shorter period as the circumstances may require if litigation is involved, from the personal delivery or mailing of the Claim Notice (the "Notice Period") to notify Company:

1. whether or not it disputes its liability to Company hereunder with respect to such claim or demand; and,
2. whether or not it desires, at its sole cost and expense, to defend Company against such claim or demand.

In the event that TTS Pool Manager notifies Company within the Notice Period that it desires to defend Company against such claim or demand and except as hereinafter provided, TTS Pool Manager shall have the right to defend Company by appropriate proceedings, which proceedings shall be promptly settled or prosecuted by TTS Pool Manager to a final conclusion in any manner as to avoid any risk of Company becoming subject to any liability for such claim or demand or for any other matter. If Company desires to participate in, but not control, any defense or settlement, it may do so at its sole cost and expense. If TTS Pool Manager elects not to defend Company against such claim or demand, whether by not giving Company timely notice as provided above or otherwise, then the amount of any such claim or demand, or, if the same is contested by TTS Pool Manager or by Company (Company having no obligation to contest any such claim or demand), then that portion thereof as to which such defense is unsuccessful, shall be conclusively deemed to be a liability of TTS Pool Manager and subject to indemnification as provided hereinabove.

1. For value received and to induce TTS Pool Manager to enter into this Agreement, Company agrees to protect, defend (at Company's expense and by counsel satisfactory to TTS Pool Manager), indemnify, and save and hold harmless TTS Pool Manager, its officers, directors, shareholders, employees, agents, successors and assigns, from and against all direct or indirect costs, expenses, damages, losses, obligations, lawsuits, appeals, claims, or liabilities of any kind or nature (whether or not such claim is ultimately defeated), including in each instance, but not limited to, all costs and expenses of investigating and defending any claim at any time arising and any final judgments, compromises, settlements, and court costs and attorney's fees, whether foreseen or unforeseen (including all such expenses, court costs, and attorney's fees in the enforcement of TTS Pool Manager's rights hereunder) incurred by TTS Pool Manager in connection with or arising out of or resulting from or relating to or incident to:
 - a. any breach of any of the representations, warranties, or covenants of Company contained in this Agreement or in any Exhibit, Schedule, or other document attached hereto and made a part hereof or provided pursuant hereto, specifically including but not limited to:

- i. Company's responsibility to pay Transportation Service Provider(s) for recalled capacity, during the period of recall, pursuant to Company's FPSC Tariff; and
 - ii. any breach by Company of warranty of title to Gas and related obligations, pursuant to Company's FPSC Tariff;
- b. any claim by a creditor of Company as a result of any transaction pursuant to or contemplated by this Agreement;
- c. any claim against TTS Pool Manager relating to any obligation or liability of Company, or its affiliates, or any of them of any kind or nature; and,
- d. any and all rates and charges assessed by Transportation Service Provider(s) to TTS Pool Manager for any recalled capacity during the period that such recall remains in effect.

In the event that any claim or demand for which Company would be liable to TTS Pool Manager hereunder is asserted against or sought to be collected from TTS Pool Manager by a third party, TTS Pool Manager shall promptly notify Company of such claim or demand, specifying the nature of such claim or demand and the amount or the estimated amount thereof, if determination of an estimate is then feasible (which estimate shall not be conclusive of the final amount of such claim or demand) (the "Claim Notice"). Company shall have twenty (20) days, or such shorter period as the circumstances may require if litigation is involved, from the personal delivery or mailing of the Claim Notice (the "Notice Period") to notify TTS Pool Manager:

1. whether or not it disputes its liability to TTS Pool Manager hereunder with respect to such claim or demand; and,
2. whether or not it desires, at its sole cost and expense, to defend TTS Pool Manager against such claim or demand.

In the event that Company notifies TTS Pool Manager within the Notice Period that it desires to defend TTS Pool Manager against such claim or demand and except as hereinafter provided, Company shall have the right to defend TTS Pool Manager by appropriate proceedings, which proceedings shall be promptly settled or prosecuted by Company to a final conclusion in any manner as to avoid any risk of TTS Pool Manager becoming subject to any liability for such claim or demand or for any other matter. If TTS Pool Manager desires to participate in, but not control, any defense or settlement, it may do so at its sole cost and expense. If Company elects not to defend TTS Pool Manager against such claim or demand, whether by not giving TTS

Pool Manager timely notice as provided above or otherwise, then the amount of any such claim or demand, or, if the same is contested by Company or by TTS Pool Manager (TTS Pool

Manager having no obligation to contest any such claim or demand), then that portion thereof as to which such defense is unsuccessful, shall be conclusively deemed to be a liability of Company and subject to indemnification as provided hereinabove.

The foregoing indemnification and hold harmless agreement shall benefit both parties from the date hereof and shall survive the termination of this Agreement.

ARTICLE VIII - Customer Pricing

8.1 Standard Price Option- FGT Zone 3 Commodity Index Price: As required by Company's FPSC Tariff, all Residential Customers initially entering the TTS Customer Pool shall be billed for services received from the TTS Pool Manager each Month at the Standard Price Option billing rate. Such Customers once within a twelve-Month period, shall request in writing a change of TTS Pool Manager but will remain on the Standard Price Option Billing Rate. For the purposes of this Agreement, the Standard Price Option billing rate shall include a commodity price index equal to the commodity price published in the publication "Inside FERC's Gas Market Report," in the table, Prices of Spot Gas Delivered to Pipelines, Florida Gas Transmission, for Zone 3 delivery on the first day of each Month for the respective Month of delivery. If, during the effective period of this Agreement, the specified index ceases to be published or is not published for any period, the Parties will mutually agree upon a new Gas index. The Standard Price Option shall establish a billing rate for Customers that includes the above Gas commodity price index and all other price components allowable under this Agreement or Company's FPSC Tariff, required to provide a Monthly billing rate to TTS Customers. The TTS Pool Manager shall provide the Standard Price Option billing rate to TTS Customers each Month during the entire term of this Agreement.

8.2 Standard Price Option- TTS Pool Manager Margin: The TTS Pool Manager shall include a margin of \$_____ per Therm in the Standard Price Option billing rate provided in Section 8.1.

8.3 Other Charges and Credits: The TTS Pool Manager may pass through to Customers in the Customer Pool those charges related to the acquisition and utilization of interstate pipeline capacity directly assigned or allocated to the TTS Pool Manager by Company, and such additional quantities of capacity provided by TTS Pool Manager pursuant to Company's Tariff, including applicable Transportation Service Provider surcharges and fuel retention costs. TTS Pool Manager may pass through to Customers in the Customer Pool those charges assessed to TTS Pool Manager by Company under the provision of its FPSC Tariff DPOS and Shipper Administrative and Billing Service (SASS). TTS Pool Manager may pass through to Customers in the Customer Pool all tax obligations related to service to TTS Customers, TTS Pool Managers margin, and any other applicable charge as provided in this Agreement or the Company Tariff. TTS Pool Manager shall pass through to Customers in the Customer Pool those credits assessed to TTS Pool Manager by Company under the provision of its FPSC Tariff DPOS.

ARTICLE IX - Customer Account Billing and Payment

9.1 Customer Billing: On a monthly basis, the TTS Pool Manager shall provide to Company the current Month's billing rate(s), in dollars per Therm, for the Commodity Index Price, Fixed Price(s), if any, and Other Pricing Option(s), if any, as provided in Article VIII. The TTS Pool Manager billing rate(s) shall include all billing components, i.e. commodity, capacity, margin, taxes, other charges or credits. Company shall bill the Customers in the TTS Pool Manager's Customer Pool the applicable billing rate, as a single line item charge on Company's monthly billing statements. The Company billing statement shall identify the charges as the cost of Gas provided by the TTS Pool Manager. Company shall bill each Customer based on the measured Gas quantities at each Customer premise.

9.2 Shipper Administrative and Billing Service: During the term of this Agreement, Company shall provide billing, payment remittance, and administrative services to the TTS Pool Manager for the Customers in the Customer Pool, in accordance with the Shipper Administrative and Billing Service (SABS) as provided by Company's FPSC Tariff. Company shall be responsible for monitoring Customer Account non-payment and partial payment amounts and administering the Customer Account notices and service disconnect procedures, as allowed by FPSC Rules and its FPSC Tariff. Company shall reconcile all Customer payments received through its customary payment remittance and collection efforts, and, subject to Section 9.3, remit to the TTS Pool Manager those funds related to the total cost of Gas. Company shall allow TTS Pool Manager reasonable access to Meter readings, consumption data, account payment information and other such information as may be required to conduct an independent audit of the payment remittance services. Each Month the TTS Pool Manager shall pay to Company an amount equal to that provided by the SABS Rate Schedule in the Company FPSC Tariff.

9.3 Payment to TTS Pool Manager: By the fifteenth day of each Month, Company shall remit to the TTS Pool Manager, an amount equal to the metered volume of Gas recorded during the preceding Company billing Month for each Customer Account, multiplied by the applicable billing rate for the respective Customer Accounts, less an amount deducted for non-payments or partial payments for the preceding Month's Customer Account billings, plus an amount for payments received for outstanding non-payment or partial payment amounts recorded during a prior billing period, and less SABS charges, and other fees, if any, to which the Parties may mutually agree. Any charges or credits resulting from the DPOS and/or the disposition of the Operational Balancing Account shall be separately billed in accordance with Company's FPSC Tariff. Nothing in this Agreement shall be construed as a guarantee by Company of payment to the TTS Pool Manager of any TTS Pool Manager charges included on any billing statement produced by Company for which payments are not received from Customers. In the event of partial payments by Customers, Company shall first apply the funds received from the partial payment to any tax amounts for which Company is responsible for collecting from the Customer Account. Any remaining balance from the partial payment shall next be applied against the TTS Pool Manager's cost of Gas charges, completely

satisfying such charges before applying any remaining funds to Company charges. Partial payments by Customers that result in non-payment of Company's regulated transportation charges shall be subject to disconnect under Company's service disconnect procedures, pursuant to the FPSC Tariff.

ARTICLE X - Customer Bad Debt

10.1 Company shall diligently execute the service discontinuation provisions of its FPSC Tariff. The TTS Pool Manager may take such reasonable actions as are necessary to recover any monetary loss due to non-payment of Customer bills and/or to collect debts resulting from the non-payment of Customer bills, including recovery of such debts through a surcharge to the Customer Pool billing rate. Any such bad debt collections through surcharge shall be subject to audit by Company.

ARTICLE XI -Taxes Billed to Customers

11.1 As provided in Section 8.3 and Section 9.1, the TTS Pool Manager may include all taxes related to providing Gas supply service to TTS Customers in its monthly billing rates. Company shall have no responsibility for the collection of any TTS Pool Manager tax obligation, other than to the extent such taxes are included in the TTS Pool Manager's monthly billing rates. Company shall not be responsible for the remittance of any taxes to any jurisdiction on behalf of the TTS Pool Manager. The TTS Pool Manager shall be responsible for remittance of all taxes related to Gas supply and Transportation Service Provider capacity upstream of the Company Delivery Point with the Customer Accounts in the Customer Pool. Company shall be responsible for collection and remittance of all taxes related to the transportation of Gas on its distribution system, including Florida State Gross Receipts Taxes.

ARTICLE XII - Program Revisions

12.1 Nothing contained in this Agreement shall prevent Company from proposing to, and filing with, the FPSC: (i) revisions to any effective rate schedule, (ii) superseding rate schedules, or (iii) any other modifications to its Tariff for the purpose of changing the rates, charges and general terms and conditions applicable to the service provided under the TTS provisions of the Company Tariff, including the terms and conditions of this Agreement. Nothing contained in this Agreement shall prevent TTS Pool Manager from opposing any changes, revisions or modifications contained in any proposal or filing made by Company to or with the FPSC that affect the charges or other provisions applicable to service provided under this Agreement, or from pursuing any other available legal remedy with respect to such changes, revisions or modifications.

ARTICLE XIII- Term and Termination

13.1 Term: This Agreement shall be effective on the date authorized by the FPSC for the implementation of Phase Two of Company's TTS Program and shall continue in effect for a period of two (2) years, and shall thereafter be extended for additional annual periods; unless either party gives written notice of termination to the other party, not less than ninety (90) days prior to the expiration of the initial term. This Agreement may be terminated earlier: (a) at Company's option in accordance with the provisions of its FPSC Tariff, or (b) otherwise in accordance with the provisions of this Agreement and the Parties' respective rights under applicable law.

13.2 Termination Due to Program Amendment or Modification: Should any amendment or modification to Company's authority to provide service under the TTS Program and Company's FPSC Tariff cause the terms and conditions hereof to change such that performance hereunder would be unreasonably burdensome for either party, then such burdened party may, by providing no less than thirty (30) days written notice to the other party, terminate this Agreement, without penalty, effective no earlier than on the first day of the Month subsequent to said thirty (30) day notice period.

ARTICLE XIV- Assignment and Transfer

14.1 No assignment of this Agreement by either party may be made without the prior written approval of the other party (which approval shall not be unreasonably withheld) and unless the assigning or transferring party's assignee or transferee shall expressly assume, in writing, the duties and obligations under this Agreement of the assigning or transferring party, and upon such assignment or transfer and assumption of the duties and obligations, the assigning or transferring party shall furnish or cause to be furnished to the other party a true and correct copy of such assignment or transfer and assumption of duties and obligations.

ARTICLE XV – Governmental Authorizations; Compliance with Law

15.1 Compliance with Law: This Agreement shall be subject to all valid applicable state, local, and federal laws, orders, directives, rules and regulations of any governmental body, agency or official having jurisdiction over this Agreement. The parties shall comply at all times with all applicable Federal, state, municipal, and other laws, ordinances and regulations. The parties shall furnish any information or execute any documents required by any duly constituted Federal or state regulatory authority in connection with the performance of this Agreement. In the event this Agreement or any provisions herein shall be found contrary to or in conflict with any such law, order, directive, rule or regulation, the latter shall be deemed to control, but nothing in this Agreement shall prevent either party from contesting the validity of any such law, order, directive, rule or regulation, nor shall anything in this Agreements be construed to require either party to waive its respective rights to assert the lack of jurisdiction of the FPSC or the FERC

over this Agreement or any part thereof. In the event any law, order, directive, rule, or regulation shall prevent either party from performing hereunder, then neither party shall have any obligation to the other during the period that performance is precluded.

15.2 Applicable Law and Venue: This Agreement and any dispute arising hereunder shall be governed by and interpreted in accordance with the laws of the State of Florida. Unless otherwise agreed in writing by the parties, venue for any legal action hereunder shall be in either Alachua or Polk County, Florida.

15.3 Revisions to Taxes: If, during the term of this Agreement, the Federal Government, or any State, municipality or subdivision of such Government, should increase any present tax or levy any additional tax, relating to the service provided by Company under this Agreement, any such additional tax required by law to be paid by Company shall, in Company's discretion, insofar as such discretion is provided for under applicable law, be either separately stated on the total amount of the bill or computed on a cents per Therm basis and added to the then effective rate for Company's services hereunder.

If, during the term of this Agreement, the Federal Government, or any State, municipality or subdivision of such Government, should decrease or eliminate any tax relating to the service provided by Company under this Agreement, the reduction in such tax required to be paid by Company shall, in Company's discretion, insofar as such discretion is provided for under applicable law, be either separately stated as a deduction to the total amount of the bill or computed on a cents per Therm basis and subtracted from the then effective rate hereunder.

ARTICLE XVI – Notices

Except as otherwise provided herein, any notice, request, demand, statement or report pertaining to this Agreement shall be in writing and shall be considered as effective on the receipt date, when mailed by certified or registered mail, or on the date sent by express mail service.

ARTICLE XVI – Miscellaneous

16.1 Headings: All article headings, section headings and subheadings in this Agreement are inserted only for the convenience of the parties in identification of the provisions hereof and shall not affect any construction or interpretation of this Agreement.

16.2 Entire Agreement: This Agreement, including the exhibits attached hereto, sets forth the full and complete understanding of the parties as of the date of its execution by both parties, and it supersedes any and all prior negotiations, agreements and understandings with respect to the subject matter hereof. No party shall be bound by any other obligations, conditions or representations with respect to the subject matter of this Agreement.

16.3 Amendments: Neither this Agreement nor any of the terms hereof may be terminated, amended, supplemented, waived or modified except by an instrument in writing signed by the party against which enforcement of the termination, amendment, supplement, waiver or modification shall be sought. A change in (a) the place to which notices pursuant to this Agreement must be sent or (b) the individual designated as the contact person pursuant to Section 18.2 shall not be deemed nor require an amendment of this Agreement provided such change is communicated in accordance with Section 18.1 of this Agreement. Further, the parties expressly acknowledge that the limitations on amendments to this Agreement set forth in this section shall not apply to or otherwise limit the effectiveness of amendments which are necessary to comply with the requirements of, or are otherwise approved by, FERC, the FPSC, or their successor agencies or authorities.

16.4 Severability: If any provision of this Agreement becomes or is declared by a court of competent jurisdiction to be illegal, unenforceable or void, this Agreement shall continue in full force and effect without said provision; provided however that if such severability materially changes the economic benefits of this Agreement to either party, the parties shall negotiate an equitable adjustment in the provisions of this Agreement in good faith.

16.5 Waiver: No waiver of any of the provisions of this Agreement shall be deemed to be, nor shall it constitute, a waiver of any other provision whether similar or not. No single waiver shall constitute a continuing waiver. No waiver shall be binding unless executed in writing by the party making the waiver.

16.6 Attorney's Fees and Costs: In the event of any litigation between the parties arising out of or relating to this Agreement, the prevailing party shall be entitled to recover all costs incurred and reasonable attorney's fees, including attorney's fees in all investigations, trials, bankruptcies, and appeals.

16.7 Independent Parties: Company and TTS Pool Manager shall perform hereunder as independent parties and neither Company or TTS Pool Manager are in any way or for any purpose, by virtue of this Agreement or otherwise, a partner, joint venturer, agent, employer or employee of the other. Nothing in this Agreement shall be for the benefit of any third person for any purpose, including, without limitation, the establishing of any type of duty, standard of care or liability with respect to any third person.

16.8 Counterparts: This Agreement may be executed in counterparts, all of which taken together shall constitute one and the same instrument and each of which shall be deemed an original instrument as against any party who has signed it.

ARTICLE XVII- Other Services

IN WITNESS WHEREOF, the parties have duly executed this Agreement, in multiple originals, effective as of the date of execution by both parties.

RE: Docket No. 20210018-EU – Joint petition for approval of modification to territorial agreement in Sumter, Lake, Marion, Levy, and Citrus Counties, by Sumter Electric Cooperative, Inc. and Duke Energy Florida, LLC.

AGENDA: 04/01/21 – Regular Agenda – Proposed Agency Action – Interested Persons May Participate

COMMISSIONERS ASSIGNED: All Commissioners

PREHEARING OFFICER: Graham

CRITICAL DATES: None

SPECIAL INSTRUCTIONS: None

Case Background

On January 19, 2021, Sumter Electric Cooperative, Inc. (SECO) and Duke Energy Florida, LLC (DEF), collectively the joint petitioners, filed a petition seeking Commission approval of an amendment to their Territorial Agreement (Agreement) delineating their respective service boundaries in Sumter, Lake, Marion, Levy, and Citrus counties. The proposed amendment is the First Amendment to the Agreement, applicable to the petitioners' service boundary in Lake County. The First Amendment to the Agreement and composite maps depicting the proposed boundary modifications in Lake County are shown in Attachment A to this recommendation.

In Order No. PSC-2020-0252-PAA-EU the Commission approved the currently effective Agreement dated March 27, 2020.¹ The current Agreement includes the transfer of 546 DEF customers (including 379 customers in a mixed-use apartment complex in Lake County) to SECO and 49 SECO customers to DEF. The purpose of the transfers was to prevent duplication of facilities, correct encroachments, and have one service provider in residential developments when feasible.

In the instant petition, the joint petitioners seek to modify the current Agreement to redefine a specific service area boundary in Lake County, which would alleviate the need to transfer 379 DEF customers to SECO as approved by Order No. PSC-2020-0252-PAA-EU. Staff issued a data request to the joint petitioners for which the responses were received on February 12, 2021. The Commission has jurisdiction over this matter pursuant to Section 366.04, Florida Statutes (F.S.).

¹ Order No. PSC-2020-0252-PAA-EU, issued July 23, 2020, in Docket No. 20200106-EU, *In re: Joint petition to approve territorial agreement in Sumter, Lake, Marion, Levy, and Citrus Counties, by Sumter Electric Cooperative, Inc. and Duke Energy Florida, LLC.*

Discussion of Issues

Issue 1: Should the Commission approve the proposed First Amendment to the Territorial Agreement between SECO and DEF in Sumter, Lake, Marion, Levy, and Citrus counties?

Recommendation: Yes, the Commission should approve the proposed First Amendment to the Territorial Agreement between SECO and DEF in Sumter, Lake, Marion, Levy, and Citrus counties. The First Amendment to the Territorial Agreement will not cause a detriment to the public interest and will enable SECO and DEF to avoid duplication of facilities and to serve their customers in an efficient manner. (Guffey)

Staff Analysis: Pursuant to Section 366.04(2)(d), F.S., and Rule 25-6.0440, Florida Administrative Code (F.A.C.), the Commission has the jurisdiction to approve territorial agreements between and among rural electric cooperatives, municipal electric utilities, and other electric utilities. Unless the Commission determines that the agreement will cause a detriment to the public interest, the agreement should be approved.²

Proposed First Amendment to the Territorial Agreement

The joint petitioners are parties to the currently effective territorial agreement approved in Order No. PSC-2020-0252-PAA-EU, issued July 23, 2020. Per the order, DEF would transfer 379 customers (339 residential and 40 commercial) located in the Quarters Apartments complex to SECO. The customers have not been transferred to SECO yet and are still being served by DEF.

The joint petitioners explained that about the same time as the Commission Order was issued approving the current Agreement, the commissioners of the Town of Lady Lake unanimously approved a new development called Lady Lake Square Apartments which is in close proximity to the Quarters Apartments. The planned Lady Lake Square Apartments are currently within DEF's service territory and would serve approximately 288 customers. Since the two apartment complexes are similar in size, SECO and DEF agreed to modify the currently approved territorial boundaries to allow DEF to continue serving the Quarters Apartments and for SECO to serve the planned Lady Lake Square Apartments. The joint petitioners stated that this would avoid the need to build duplicate facilities and eliminate the transfer of 379 DEF customers in the Quarters Apartments to SECO. As contemplated in the currently effective Agreement, the remaining customer transfers will be completed within 36 months.

The intent of the proposed First Amendment to the current Agreement is to redefine the specific service area boundaries in Lake County regarding the Quarters and Lady Lake Square Apartments. Specifically, Section 2.5 Reallocation of Areas of the amended Agreement seeks to redraw the Quarters Apartments to DEF's service territory and redraw the planned Lady Lakes Square Apartments to SECO's service territory. The terms and conditions of the currently effective Agreement will remain unchanged. The joint petitioners state that the proposed boundary modifications to the current Agreement will eliminate uneconomic duplication of facilities required for SECO to acquire the customers in the Quarters Apartments, will eliminate potential undue hardship on the existing customers subject to transfer, is in the public interest,

² Utilities Commission of the City of New Smyrna Beach v. Florida Public Service Commission, 469 So. 2d 731 (Fla. 1985).

Date: March 19, 2021

and will not decrease the reliability of electric service to existing or future customers of either party. In response to staff's data request, the joint petitioners stated that the 379 DEF customers will be notified by letter that they will no longer be transferred to SECO, as ordered in Order No. PSC-2020-0252-PAA-EU.

The effective date of the First Amendment to the Agreement would be the date on which the Commission issues its final order granting approval of this proposed Amendment in its entirety and it is no longer subject to judicial review.

Conclusion

The joint petitioners state that they have worked collaboratively to structure the proposed First Amendment to their current Agreement and that it furthers the goals of avoiding duplication of service and enables each to achieve operational efficiency. After review of the joint petition, the proposed First Amendment to the Territorial Agreement, and responses to staff's data request, staff believes the First Amendment to the Territorial Agreement will not cause a detriment to the public interest, will eliminate any potential uneconomic duplication of facilities and will not cause a decrease in reliability of electric service to the present or future customers of SECO or DEF. Therefore, staff recommends that the Commission should approve the proposed First Amendment to the Territorial Agreement between SECO and DEF in Sumter, Lake, Marion, Levy, and Citrus counties.

Date: March 19, 2021

Issue 2: Should this docket be closed?

Recommendation: Yes. If no protest is filed by a person whose substantial interests are affected within 21 days of the issuance of the Order, this docket should be closed upon the issuance of the Consummating Order. (Trierweiler)

Staff Analysis: If no protest is filed by a person whose substantial interests are affected within 21 days of the issuance of the Order, this docket should be closed upon the issuance of the Consummating Order.

**FIRST AMENDMENT TO THE
TERRITORIAL AGREEMENT**

BETWEEN

SUMTER ELECTRIC COOPERATIVE, INC.

AND

DUKE ENERGY FLORIDA, LLC

**FIRST AMENDMENT TO THE TERRITORIAL AGREEMENT
BETWEEN
SUMTER ELECTRIC COOPERATIVE, INC. AND
DUKE ENERGY FLORIDA, LLC**

THIS FIRST AMENDMENT TO THE TERRITORIAL AGREEMENT ("First Amendment"), by and between Sumter Electric Cooperative, Inc. (SECO) and Duke Energy Florida, LLC (DEF) (collectively, "Parties," or individually a "Party"), is subject to the approval of the Florida Public Service Commission (the "Commission").

WHEREAS, SECO and DEF are Parties to an existing territorial agreement ("Current Agreement") delineating their respective service territories in Sumter, Lake, Marion, Levy, and Citrus Counties approved by the Commission in Order No. PSC- 2020-0279-CO-EU, issued August 17, 2020, in Docket No. 20200106-EU.

WHEREAS, the Parties desire, pursuant to Article II, Retail Electric Service, and specifically, pursuant to Section 2.5 Reallocation of Areas, to modify the territorial boundaries in Lake county.

NOW THEREFORE, the Parties agree as follows:

1. The territorial boundary modification is set forth in Attachment 1.
2. In the Current Agreement, there are 379 customers (339 residential and 40 commercial) located in an area known as the Quarters Apartments that are currently served by DEF and subject to transfer to SECO.
3. There is another planned development, known as the Lady Lakes Square Apartment Complex, which is in close proximity to the Quarters apartments, within DEF territory. This planned developed is similar in acreage and customer accounts (approximately 288 accounts expected).
4. In this boundary modification, the Quarters Apartments would be redrawn into the service territory of DEF and the Lady Lakes Square Apartment Complex would be redrawn into the service territory of SECO.
5. The Parties agree, based on sound economic considerations, this boundary modification will eliminate the uneconomic duplication of facilities required for SECO to acquire the customers in the Quarters Apartments, and will not cause a

decrease in reliability of electrical service to existing or future customers of either Party. Additionally, the redraw of these service territories will eliminate potential undue hardship on the existing customers otherwise currently subject to transfer from DEF to SECO, by ending their need to be transferred.

6. The map page in Attachment 1 shall replace Lake County map page 27 (Agreement page 102 of 533).
7. Upon approval the Commission, this First Amendment to the Territorial Agreement, shall be amended herein and otherwise in full effect coterminous with the term of the Current Agreement, and shall remain in effect until and unless either Party provides written notice of termination.

IN WITNESS WHEREOF, each Party hereto has executed this First Amendment by their duly authorized representative on this 13th day of January, 2021.
